

Patterns in online banking in Canada, 2022

When it comes to Internet use and online banking, Canadians fall into **one of three groups**:

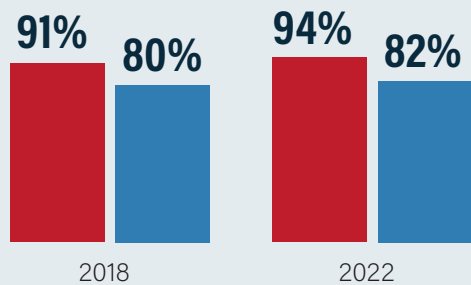

Internet users in Quebec and Alberta were most likely to bank online

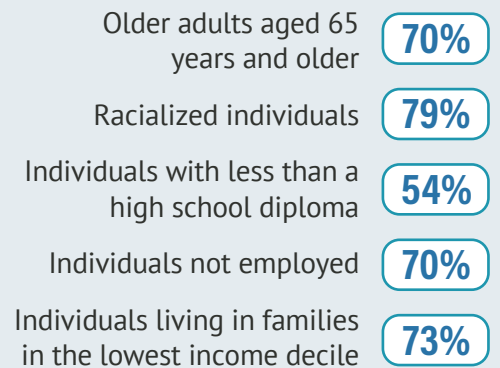

Both Internet use and online banking are increasing

■ Internet use
■ Online banking

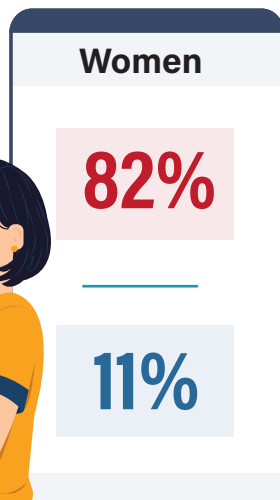

The growth in online banking was driven by those aged **65 and older**, though seniors are still the least likely of any age group to bank online.

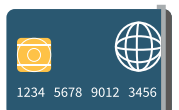

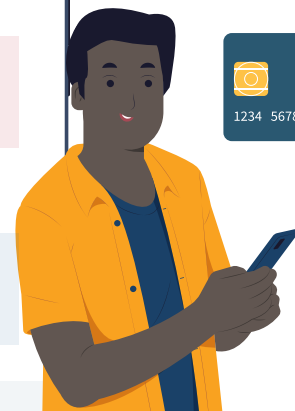

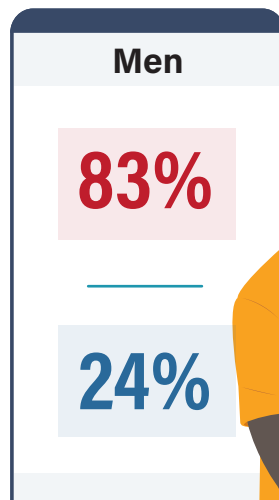

Among Internet users in 2022, those least likely to bank online were...

Men and women are equally likely to bank online, but men are more likely to invest online

Online banking
Online investing
