Minister's message

I am pleased to present Fisheries and Oceans Canada's report on fees for 2024-25.

The Department provides a wide variety of products and services ranging from recreational fishing licenses to berthage at our small craft harbours. The fees we charge for those products and services are set under the authority of a variety of acts, regulations and fee orders, notably the *Fisheries Act* and the *Oceans Act*.

Similar to last year, the report provides details on each fee, such as the type and rate of adjustment, the service standard, and performance result. As the Department is in the process of modernizing its information system, a breakdown of revenue collected for all fees will be forthcoming in the near future.

This year's report does not include fees where the authority to collect has been delegated to provincial and territorial governments. As the report is still evolving in its processes, we will continue to work with the Governments of Quebec, the Yukon, the Northwest Territories and Nunavut to incorporate their revenue and expenditure information. The information provides context for each fee, in the spirit of open and transparent fee management.

I welcome the increased transparency and oversight that the *Service Fees Act*'s reporting regime embodies. My Department and I will continue working hard to ensure we are fully aligned with its modern framework.

The Honourable Joanne Thompson, P.C., M.P.
Minister of Fisheries

About this report

This report, which is tabled under section 20 of the *Service Fees Act*, the *Low-Materiality Fees Regulations*, and subsection 4.2.9 of the Treasury Board *Directive on Charging and Special Financial Authorities*, contains information about the fees Fisheries and Oceans Canada (DFO) had the authority to charge in fiscal year 2024–25.

The report covers fees that are subject to the *Service Fees Act* and exempted from the *Service Fees Act*.

For reporting purposes, fees are categorized by fee-setting mechanism. There are three mechanisms:

1. Act, regulation or fees notice
The authority to set these fees is delegated to a department, minister or Governor in Council pursuant to an act of Parliament.
2. Contract
Ministers have the inherent authority to enter into contracts, which are usually negotiated between the minister and an individual or organization, and which cover fees and other terms and conditions. In some cases, that authority may also be provided by an act of Parliament.
3. Market rate or auction
The authority to set these fees comes from an act of Parliament or a regulation, and the minister, department or Governor in Council has no control in determining the fee amount.

For fees set by act, regulation or fees notice, the report provides totals for fee groupings, as well as detailed information for each fee. For fees set by contract and fees set by market rate or auction, the report provides totals only.

Fees charged by DFO under the *Access to Information Act* are not subject to the *Service Fees Act* and are not included in this report. Information on DFO's access to information fees can be found in our annual report to Parliament on the administration of the *Access to Information Act*.

Remissions

In 2024-25, DFO was subject to the requirements to issue remissions under section 7 of the *Service Fees Act* and subsection 4.2.4 of the Treasury Board *Directive on Charging and Special Financial Authorities* to remit a fee, in whole or in part, to a fee payer when a service standard was not met. DFO’s remission policy and procedures, pursuant to the *Service Fees Act*, are on the following web page: [Fisheries and Oceans Canada – Policy on Remissions](#).

The other sections of this report provide detailed amounts for DFO’s remissions for 2024-25.

Overall totals, by fee-setting mechanism

The following table presents the total revenue, cost and remissions for all fees DFO had the authority to charge in 2024-25, by fee-setting mechanism.

Overall totals for 2024-25, by fee-setting mechanism

Fee-setting mechanism	Revenue (\$)	Cost (\$)	Remissions (\$)
Fees set by contract	1,047,865	2,129,159	Remissions do not apply to fees set by contract.
Fees set by market rate or auction	0	0	0
Fees set by act, regulation or fees notice	87,536,935	867,907,378	968
Total	88,584,800	870,036,537	968

Totals, by fee grouping, for fees set by act, regulation or fees notice

A fee grouping is a set of fees relating to a single business line, directorate or program that a department had the authority to charge for those activities.

This section presents, for each fee grouping, the total revenue, cost and remissions for all fees DFO had the authority to charge in 2024–25 that are set by the following:

- act
- regulation
- fees notice

Fisheries management-Licensing Fee: totals for 2024-25

Revenue (\$)	Cost (\$)	Remissions (\$)

¹ The Fisheries Management grouping includes fees where the authority to collect has been delegated to provincial and territorial governments. The revenue collected by the Yukon, the Northwest Territories, Nunavut and the province of Quebec are not collected to the Federal Consolidated Revenue Fund, but rather remain with the territories and province. The provincial and territorial governments were unable to provide revenue figures in time to be included in this year's report.

² The Fisheries Management grouping includes fees where the authority to collect has been delegated to provincial and territorial governments. The expenditures included reflect those of Fisheries and Oceans Canada, as well as those of the Yukon, the Northwest Territories and Nunavut. There is no transfer of funds to cover these expenditures. The provincial and territorial governments were unable to provide expenditure figures in time to be included in this year's report.
