Trademarks Journal

2025-08-27 — Vol. 72 No. 3696

Trademarks Journal

Vol. 72 No. 3696

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Class 09

(1) Eyeglasses; sunglasses; anti-glare glasses; goggles for sports; swimming goggles; eyeglass and sunglass cases; eyeglass and sunglass lenses; eyeglass and sunglass frames; eyeglass and sunglass chains; eyeglass and sunglass cords; pince-nez; pince-nez cases; pince-nez chains; pince-nez cords; pince-nez mountings; correcting lenses, being optics; magnifying glasses, being optics; video game software for playing video games, namely, video game software for playing hand-held games with liquid crystal displays; electronic game software for handheld electronic devices, namely, computer games and video games; electronic game software for cellular phones, namely, computer games and video games; computer game programs, namely, computer programs for playing video games, computer software for creating computer games; video game software for playing electronic games; video games cartridges for use with electronic games apparatus, namely, video game consoles, video output game machines, hand-held electronic game units; computer game cartridges; video game cartridges; video game discs; joystick chargers; memory cards for video game machines; simulators for the steering and control of vehicles; sports training simulators, namely, vehicle drive training simulators; steering wheels for PCs with double gear-shifting systems; earphones used for connecting to hand-held games; personal computers; laptop computers; recorded computer software, namely, recorded computer game programs for playing electronic video games, recorded computer game software for playing electronic video games in automatic and coin operated machines, namely, arcade game machines, gaming machines, slot machines; computer programs, being downloadable software, namely computer screen savers software, downloadable images of magazines, books, newspapers, maps, pictures and drawings, downloadable music; downloadable pre-recorded video tapes featuring car races, high-performance cars, automobiles and the history of automobile manufacturers; downloadable electronic publications, namely, magazines, books, newsletters; bags and cases adapted or shaped to contain computers; cases for laptops; bags adapted for laptops; laptop carrying cases; mouse pads; mobile telephones; mobile phone covers; mobile

phone holders; bags and cases adapted or shaped to contain mobile phones; lanyards especially adapted for holding cellular phones, MP3 players, cameras, video cameras, eyeglasses, sunglasses, magnetic encoded cards, namely, magnetic encoded phone cards, magnetic encoded credit cards, magnetic encoded hotel room key cards; decorative magnets; computer mouse; safety helmets for motorists, motorcyclists and cyclists; protective helmets for children, namely, bicycle helmets and sports helmets; protective helmets for sports; fireproof automobile racing suits for safety purposes; face- shields for protection against accidents, irradiation and fire; gloves for protection against accidents; balaclavas for protection against accidents, irradiation and fire; shoes for protection against accidents, irradiation and fire; boots for protection against accidents, irradiation and fire; jackets for protection against accidents, irradiation and fire; vests for protection against accidents, irradiation and fire; trousers for protection against accidents, irradiation and fire; CD-ROMs featuring car races and the history of automobile manufacturers; DVDs featuring car races and the history of automobile manufacturers; CD-ROMs featuring high-performance cars and automobiles; DVDs featuring high-performance cars and automobiles; downloadable image files featuring car races, high-performance cars and automobiles; downloadable videos featuring car races and the history of automobile manufacturers; downloadable electronic publications, namely, brochures, newsletters, periodicals, magazines, electronic books, manuals and directories featuring high-performance cars and automobiles; speedometers for vehicles; automatic steering gears and steering wheels apparatus, automatic, for vehicles; automatic indicators of low pressure in vehicle tyres; voltage regulators for vehicles; milage recorders for vehicles; hands free kits for cellular phones; electronic keys for automobiles; electronic control systems for motor vehicle locking systems; navigation apparatus for vehicles, being on-board computers; electronic accumulators for vehicles; electric batteries for vehicles; kilometer recorders for vehicles; vehicle radios; remote control vehicle starters; starter cables for motors; thermostats for vehicles; vehicle breakdown warning triangles; airbag deactivation switches for automobiles; smartwatches; wearable digital electronic devices, namely, electronic wristwatches, electronic wristbands, and electronic pendants for the sensing, recording, storing, sending and receiving of data, namely, text messages, audio books, podcasts, voice messages, photographic images and video files in the nature of movies, clips of movies, trailers, television programs, and video messages, via communications networks, namely, wireless internet networks, for communicating with internet services and personal electronic devices, namely, cellular phones, smartphones, computers, laptops, tablet computers, personal digital assistants, computer peripheral devices, namely, smart printers, and sound recording and sound reproducing apparatus, namely, microphones, audio speakers, earphone, and headphones; computer software and electronic apparatus related to the foregoing, namely for monitoring, processing, displaying, storing and transmitting data relating to a user's physical activity, compliance with health and fitness programs, geolocation, direction, distance, altitude, speed, steps taken, activity level, calories burned, navigational information, weather information and biometric data; and computer software for accessing and searching databases related to any of the foregoing; battery chargers for smartwatches; battery chargers for smartwatches for use in vehicles.

Class 12

(2) Automobiles; cars; racing cars; motor cars; sports cars; electric cars; hybrid cars; bodies for vehicles; vehicle chassis; hoods for vehicles; vehicle bumpers; motors, electric, for land vehicles; motors for land vehicles; driving motors for land vehicles; engines for land vehicles; mudguards; rearview mirrors; steering wheels for vehicles; windows for vehicles; windscreens; brakes for land vehicles; caps for vehicle petrol [gas] tanks; horns for motor vehicles; upholstery for vehicles; crankcases for land vehicle components, other than for engines; automobile wheels; rims for vehicle wheels; vehicle wheel tires; automobile tires; pneumatic tires; vehicle seats; racing seats

for automobiles; automobile sunroofs; convertible tops for automobiles; automobile parts and accessories, namely, sun visors, ashtrays, glass-holders, dashboard drawers, dashboard hatches, glove compartments, glove boxes; covers for automobile baggage compartments; seat covers for vehicles; sun-blinds adapted for automobiles; covers for vehicle steering wheels; freewheels for automobiles; head-rests for vehicle seats; arm-rests for vehicle seats; ski carriers for cars; windscreen wipers; vehicle covers [shaped]; cigar lighters for automobiles; seat back organizers specially adapted for use in cars; bicycles; tricycles; kick sledges; sleighs [vehicles], namely, snowmobiles; safety belts for vehicle seats; security harness for vehicle seats; air bags for automobiles; non-skid devices for vehicle tires, namely anti-skid chains; safety seats for children, for vehicles; anti-theft devices for vehicles, namely vehicle alarms; prams [baby carriages]; pushchairs.

Class 25

(3) Jackets [clothing]; sleeved or sleeveless jackets; bomber jackets; reversible jackets; rain jackets; leather jackets; padded jackets; wind-resistant jackets; waterproof jackets; stuff jackets [clothing]; down jackets; sports jackets; ski jackets; waistcoats; windcheaters; overcoats; coats; raincoats; anoraks; cardigans; pullovers; shirts; T-shirts; polo shirts; blouses; sweatshirts; sweat pants; sweaters; jumpers [pullovers]; jerseys [clothing]; sports jerseys; trousers; shorts; Bermuda shorts; jeans; skirts; overalls; jogging suits; jogging suit trousers; training suits; track suits; automobile racing suits not in the nature of protective clothing; suits; dresses; singlets; suspender braces; wristbands [clothing]; beach clothes; bathing suits; swimming costumes; bathing drawers; bathing trunks; bikini; bath robes; underpants; boxer shorts; slippers [undergarments]; panties; g-strings; pyjamas; babies' overalls; infants' training outfits; racing romper suits for babies; rompers; layettes [clothing]; bibs, not of paper, namely cloth bibs, baby bibs; socks; shoes; sports shoes; gymnastic shoes; sneakers; slippers; sandals; boots; scarves; bandanas [neckerchiefs]; foulards [clothing]; neckties; gloves [clothing]; driving gloves; belts [clothing]; caps [headwear]; hats; cap peaks; visors being headwear; berets; headbands [clothing]; ski hoods.

Class 28

(4) Electronic amusement game machines adapted for use with an external display screen or monitor; electronic amusement game machines adapted for use with an external display screen or monitor to be used in amusement parks; video game machines adapted for use with television receivers and with an external display screen or monitor; video game machines for use with televisions; video game machines; television game sets, namely, hand-held electronic games adapted for use with television receivers; amusement machines, automatic and coin-operated namely, arcade game machines, gaming machines, slot machines; amusement machines, other than those adapted for use with television sets and with an external display screen or monitor namely, arcade game machines, gaming machines, slot machines; pocket-sized hand-held video game apparatus; pocket-sized hand-held electronic games; hand-held video games; portable electronic games, namely, hand-held electronic games adapted for use with television receivers only, hand-held games with liquid crystal displays; hand-held video game machines; stand alone video game machines; computer game equipment namely steering wheels for PCs with double gear shifting systems; computer game equipment, namely, computer game consoles containing memory discs, namely, memory cards for video game machines; electronic games consoles adapted for use with an external display screen or monitor; controllers for game consoles; joysticks for video games; games consoles; gamepads for use with game consoles; handheld game consoles; handheld video game consoles; video game consoles; video game consoles for use with an external display screen or monitor; protective carrying cases specially adapted for video game consoles for use with an external display screen or monitor; bags specially adapted for video game consoles; scale model vehicles [toys]; scale model vehicles for collectors; scale model cars [toys];

scale model cars for collectors; scale model racing cars [toys]; scale model racing cars for collectors; scale model racing vehicles [toys]; scale model racing vehicles for collectors; racing car model silhouettes, namely, toy racing car models; toy full-size car replicas; toy full-size vehicle replicas; toy full-size steering wheel replicas; resin models featuring racing scenes, namely, resin toy model racing cars arranging in racing scenes; scale model racing drivers; scale model pit crews; vehicle construction toys; toy vehicle trucks; toy vehicles; toy racing car tracks; toy steering wheels; pull-along toy vehicles; toy trucks with cars; toy pedal karts for kids; ride-on toy cars for children in pedal version or working with batteries; toy cars for children in pedal version or working with batteries; toy go-karts for children in pedal version or working with batteries; toy race pit-stops; toy race tracks; toy trucks; toy trailers for transporting cars; radio-controlled toy vehicles; radio-controlled toy cars; toy gasoline service stations; toy car garages; toy car showrooms; toy telephones; plush toys; toy plush steering wheels; teddy bears; playing cards; fiber optics toy glowing sticks for fans; novelty toy items, namely, toy sticks for fans and for entertainment shaped as flags in the nature of foam fingers and hands, and toy glow sticks; toy lanyards, namely, toy jewelry; computer game joysticks; mice for video game machines; sleighs [vehicles], namely, bob-sleighs.

Goods

Class 01

(1) Chemical reagents for use in cell biology and molecular biology research; Diagnostic reagents for use in in-vitro testing for scientific and research use; Diagnostic preparations for the purification of nucleic acids, proteins for scientific research use; Reagents for use in production of therapeutic products; Reagents for scientific and research use in genetic sequencing applications; Reagents for scientific and research use in protein sequencing applications; Reagents for instrument platforms such as microfluidic, droplet or sequencing devices; Diagnostic enzymes for in-vitro use in cell biology, molecular biology; Diagnostic enzymes substrates for in-vitro scientific purposes; Enzymes for use in production of therapeutic products; Enzyme preparations for scientific and research use for use in genetic sequencing applications; Enzyme preparations for scientific and research use for use in protein sequencing applications; Enzyme preparations for scientific and research use for fragmenting DNA; Enzyme preparations for scientific and research use for cloning DNA; Enzyme preparations for scientific and research use for the isolation of DNA; Enzyme preparations for scientific and research use for the creation of DNA and cDNA libraries; Laboratory assay kits comprised of enzymes substrates; Reagent kits comprised of enzyme preparations for use in fields of in-vitro diagnostic testing for scientific research purposes; Reagent kits comprising generic DNA circle, DNA primers, polymerase and buffers for use in biotechnology fields; Reagent kits comprised of enzyme preparations for biological assays for scientific research use; Reagent

kits comprised of enzyme preparations and buffers for in-vitro diagnostic testing; Reagent kits comprised of enzyme preparations, buffers, and DNA primers for DNA sequencing; Reagent kits comprised of reagents for detecting antibody proteins in a biological sample for scientific research purposes; Kits comprised of enzyme preparations and buffers for scientific and research use for fragmenting DNA; Kits comprised of enzyme preparations and buffers for scientific and research use for cloning DNA; Kits comprised of enzyme preparations and buffers for scientific and research use for the isolation of DNA; Kits comprised of enzyme preparations and buffers for scientific and research use for the creation of DNA and cDNA libraries.

Class 05

(2) Diagnostic preparations for clinical laboratory use; diagnostic preparations for medical laboratory use; diagnostic preparations for in-vitro testing for medical use; diagnostic reagents and agents for medical diagnostic use; Clinical diagnostic reagents; Diagnostic biomarker reagents for medical purposes; Diagnostic chemical reagents for medical purposes; Diagnostic enzyme substrates for in-vitro medical laboratory research use; Reagent kits comprised of enzyme preparations for use in the fields of in-vitro diagnostic testing for medical research use; Reagent kits comprised of enzyme preparations for biological assays for medical research use;

Class 07

(3) Vending machines for molecular biology reagents.

Class 09

(4) Laboratory equipment and supplies for scientific and research use, namely, tube racks, tube openers, purification columns, devices for enrichment of molecular biology reagents, devices for enrichment of molecules from biological fluids, and storage devices for reagents for scientific and research use; Scientific apparatus and instruments for measuring relative DNA, RNA and protein and parts and fittings therefor; Downloadable mobile application software for use in the field of molecular biology for designing scientific experiments and executing scientific experiments; Downloadable mobile applications for educational materials for instruction in the field of science; Downloadable mobile applications for providing information, text, audio and video content in the field of science; Downloadable podcasts, webcasts and webinars in the field of molecular biology; Downloadable electronic newsletters in the fields of scientific research and development, molecular biology and cell biology; Downloadable publications, namely, scientific publications in the fields of scientific research and development, molecular biology and cell biology; Pre-recorded video recordings featuring information regarding scientific research and development all in the fields of molecular biology and cell biology; Integrated hardware and software for inventory access and control, namely, electronic pass keycards; Computer software for use in managing and controlling inventories.

Class 10

(5) Diagnostic apparatus for testing DNA.

Class 16

(6) Printed materials, namely, catalogs, leaflets, informational flyers, calendars, brochures, newsletters, manuals, featuring information in the fields of biotechnology, scientific research and development, molecular biology and cell biology.

Services

Class 35

(1) Providing consumer information in the fields of molecular biology and cell biology; Providing advice to consumers relating to laboratory equipment and supplies for molecular biology research;

Catalog ordering service featuring laboratory equipment and supplies for scientific research in the field of molecular biology; Online ordering services featuring laboratory equipment and supplies for scientific research in the field of molecular biology; Administrative processing of purchase orders; Remote inventory management and control services for inventory in the nature of reagents for commercial purposes.

Class 41

(2) Educational services, namely, providing seminars, workshops, customer trainings and tutorials in the fields of scientific research and development, molecular biology and cell biology; Educational services, namely, providing non-downloadable webinars, podcasts, blogs and audio instruction in the fields of scientific research and development, molecular biology and cell biology; Providing non-downloadable electronic newsletters and online electronic newsletters delivered via email for use in the fields of scientific research and development, molecular biology and cell biology; Providing online digital publications in the nature of newsletters, in the fields of scientific research and development, molecular biology and cell biology via the internet; Providing facilities for training in operation and use of scientific reagents and kits for scientific and research use, namely, kits for molecular biology and cell biology applications comprised of enzymes; Providing non-downloadable videos in the fields of scientific research and development in the fields of molecular biology and cell biology via a web site; Providing recognition and incentives by the way of awards and contests to demonstrate excellence in the field of science, humanitarianism, environmental stewardship, arts and creativity

Class 42

(3) Scientific services, namely, providing research data and information regarding reagents and reagents kits for use in the field of molecular biology research; Providing research data and information regarding reagents and reagent kits for use in the field of molecular biology research; Biochemical research and development; chemical, biochemical, biological and bacteriological research and analysis; Biological cloning services; Providing reagent sample testing for scientific purposes for others in the field of molecular biology research; DNA screening for scientific research purposes; Genetic mapping for scientific purposes; Hosting an online computer database in the field of molecular biology research; Hosting online non-downloadable software tools for use in field of molecular biology for designing diagnostic experiments; Hosting a web site that gives computer users the ability to upload and share video-based scientific protocols and other scientific-based videos in the fields of molecular biology and cell biology; Hosting of online searchable computer databases in the field of molecular biology for scientific research purposes; Hosting an online computer database of information in the field of DNA polymerases for scientific and medical research; Hosting a website featuring online non-downloadable computer software development tools for use in the field of molecular biology for designing diagnostic experiments; Computer services, namely, creating an online community for registered, subscribed users to participate by sharing and posting articles, videos, and other content in the fields of scientific research and development, molecular biology and cell biology; Providing educational tools in the nature of mobile applications for research and scientific use, namely, providing temporary use of online non-downloadable software for use in the field of molecular biology and cell biology for designing experiments and execution experiments.

Goods

Class 05

Pharmaceutical preparations for human purposes, namely, analgesics, antibiotics, anti-diabetics, antidiarrhea preparations, antibacterial handwashes, antibacterial skin soap hand-sanitizing preparations, anti-hypertensives, preparations for treating nausea and vertigo, cardio vascular agents, laxatives, central nervous system stimulants for respiratory purposes; anti-histamines, anti-inflammatory and anti-arthritis preparations, preparations for cancer, sarcoma, anti-diabetic preparations; preparations for the treatment of carpal tunnel syndrome, pharmaceutical preparations for the treatment of chronic pain, preparations for anti-parasitic.

Services

Class 35

(1) Organization of exhibitions, trade fairs, workshops, forums, lectures, conferences, competitions for commercial and advertising purposes in the pharmaceutical and medical fields; Dissemination of advertising materials for others in the pharmaceutical and medical fields; Presenting the goods of others via the internet for retail purposes in the pharmaceutical and medical fields; Sample distribution for others of biotechnology products in the pharmaceutical and medical fields; Organization of seminars for commercial and advertising purposes in the pharmaceutical and medical fields; Charitable services for persons with disabilities, namely promoting public awareness of health and welfare; Providing business administration and management of health care facilities.

Class 41

(2) Providing of training and education in pharmaceutical and medical fields via the Internet, and audiovisual productions, namely audio and video recordings and digital files; Organizing and arranging of workshops, forums, lectures, conferences, competitions and seminars in the pharmaceutical and medical fields; Arranging of exhibitions, trade fairs, workshops, forums, lectures, conferences, competitions and seminars for educational purposes in the pharmaceutical

and medical fields; Publication of magazines, journals and journals online, books and electronic books, guides and electronic databases in the field of medical and pharmaceutical; Arranging and conducting exhibition for cultural & educational purposes in the pharmaceutical and medical fields.

Class 42

(3) Chemical research; Chemical analysis; Hosting of computer sites; Bacteriological research; Research in the fields of biologic therapeutic preparations; Scientific research in the field of pharmacology, pharmaceuticals, and biochemistry; Design and development of computer hardware, software and databases.

Class 44

(4) Medical services in the field of gynaecology, cardiology, pain and analgesics, HIV, anti-infectives, nephrology; Pharmacy advice; Dentistry; Healthcare services, namely medical screening services relating to cardiovascular disease; Healthcare services, namely medical ultrasound imaging services in the field of gynaecology, cardiology and nephrology; Veterinary services; Providing mental health rehabilitation facilities.

Class 09

(1) Sensors, namely light sensors, motion sensors, temperature sensors, magnetic field sensors, gravity sensors, humidity sensors, moisture sensors, vibration sensors, pressure sensors, electrical field sensors, sound sensors, acceleration sensors and gyroscopic sensors; radio frequency identification (RFID) tags and interrogators; vehicle control software, namely braking control, steering control, suspension control, wheel speed control, electric motor control, engine control, lighting control, battery management; cameras; camera lenses; camera lens covers; camera sensors; computer hardware and software for LIDAR systems, radar systems and machine vision systems; computer hardware for data logging in the field of the development, operation and testing of autonomous vehicles; computer hardware and software for database management; global positioning systems (GPS) consisting of computers, computer software, transmitters, receivers, and network interface devices; electronic radio communication devices, namely wireless modems, wireless network routers and wireless radio communication receivers; communications devices, namely wireless radio communication network devices for enabling autonomous vehicle to infrastructure (V2I) communication, wireless radio communication network devices for enabling autonomous vehicle-to-vehicle (V2V) communication, and wireless radio communication network devices for enabling autonomous vehicle-to-infrastructure (V2I) communication

Class 12

(2) automobile parts, namely drive train elements namely electric motors, axles, transmissions and wheel assemblies for autonomous vehicle

Services

Class 35

(1) business intelligence reporting; business management consultancy; development of processes for the analysis and the implementation of strategy plans and management projects

Class 40

(3) Custom manufacturing of rubber, polymer, plastic, resin and thermoplastic composite materials for others for use in the manufacture of automobile components; manufacturing parts for electric automobiles for others

Class 42

(2) Advisory and consultancy services in the field of transportation, namely the development and testing of autonomous vehicles

(4) Research and development of new products for others; research and development in the field of autonomous vehicles for others

(5) Research and development in the field of sensors for autonomous vehicles; analysis of data and metrics generated by autonomous vehicles

(6) online non-downloadable software for use in the transportation industry, namely software for tracking, monitoring and logging of vehicle location

(7) Research and development in the field of traffic signaling for others; 3D scanning services; drafting services; cloud computing providing software for database management; computer network security services

Certification Mark Standard

The certification mark, as intended to be used by authorized persons, is intended to certify that the person displaying the mark has completed education course work requirements and work experience requirements of the certifier as set out in the Regulations governing use of the Certification Mark. At the time of the Regulations, the requirements include 10 coach competency hours in the form of training courses and examinations administered by the certifier. The person displaying the mark has obtained a passing score of seventy percent (70%) or higher. There is also a prerequisite of having a license or certification for divorce work, such as, CDC, CDFA, CDLP, or CDRE. The person displaying the certification mark has further agreed to adhere to the Standards of Ethics and Professional Responsibility, continuing education requirements and post-certification requirements, all specified in the Regulations. The applicant is not engaged in the manufacture, sale, leasing or hiring of goods or the performance of services such as those listed in the application.

Goods

Class 01

(1) water purification tablets; tent repair kit, comprised of canvas adhesive cement for general bonding and tent repair purposes;

Class 03

(2) dish soap; hand soap

Class 04

(3) candles; tinder; camp fuel, namely, diethylene glycol; fire ignitors; tinder kits, comprised of tinder; tub candles, citronella candles, citronella tub candles; fire sticks, namely, fire igniters; fuel tablets, namely, fuel pellets;

Class 05

(4) first aid kits; foot care kit, comprises of moleskin, adhesive strips and antiseptic swabs; hand sanitizer; mosquito repellent coils; mosquito repellent sticks; waterproof first aid kits

Class 06

(5) padlocks; carabiners of metal; empty capsules of aluminum; grommet repair kits, comprised of metal grommets for repair of textile articles; lantern hangers of metal, namely, metal multiuse hooks for hanging lanterns; metal clamps for holding tablecloths; pegs of metal; metal grommets; carabiners with bottle carrier, namely, metal carabiners; tent pole repair kit, comprised of aluminum wire, washers of metal, ferrules of metal; eyeglass repair kit, comprised of metal screws;

Class 07

(6) hand-held compressed air pump; electric compressed air pumps; rechargeable compressed air pumps; bellows foot pumps, namely, foot-operated diaphragm pumps; electric water pumps, namely, electric siphon pumps

Class 08

(7) axes; can openers, non-electric; cutlery; hand saws; mallets; scissors; trowels; tweezers; hand saw with sheath; camp knives; knife, fork and spoon sets; pocket knife sharpeners; folding scissors; sharpening stones; folding shovels; telescoping forks; plastic mallets; machetes; mini shovels with pick heads; folding shovels with saw; razor covers; grommet repair kits, comprised of hand held cutting tool and insert punches being hand tools and punching die for repair of textile articles; eyeglass repair kit, comprised of mini screwdriver;

Class 09

(8) magnifying glasses; signalling whistles; survival blankets; whistles; digital directional compasses; directional compasses; eyeglass repair kit, comprised of magnifying glass; pocket directional compasses; directional compass; bear warning bells; big screen digital directional compasses; wireless weather stations; time and temperature digital dangles, namely, wireless remote time and temperature sensor for personal use; signal mirrors; survival tool, comprised of signaling whistle, directional compass; waterproof smartphone pouches; waterproof cases for smartphones;

Class 10

(9) medical device, namely tick removal tool for medical purposes; thermometers for medical use

Class 11

(10) camping stoves; lanterns; headlamps; LED headlamps; lamp mantles; water filtering units for domestic use; waterproof headlamps; camp stove toasters, namely, camping toasters; refillable gas lighters; flashlights; light sticks, namely, glow sticks for lighting; disposable hand warmers, namely, chemically activated packets for warming the hands; disposable foot warmers, namely, chemically activated packets for warming the feet; cooler lights; bug-eye headlights, namely, portable headlamps; emergency stoves; fire lighters, namely, utility lighters for lighting grills, fireplaces, candles; windproof lighters, namely, plasma lighters, piezo lighters, other than for smokers; refillable flex lighters, namely, plasma lighters, piezo lighters, other than for smokers; candle lanterns; camp showers; lantern lighters; piezoelectric camp stove lighter; disposable gas lighters;

Class 12

(11) windscreens

Class 16

(12) tissue paper; toilet tissue; tissues of paper; first time camping guides, namely, camping guide books; toilet seat covers of paper

Class 17

(13) adhesive sealants; duct tape; rubber repair kit, comprised of vinyl, plastic and rubber cement and rubber patches for general bonding and repair purposes; nylon repair tapes, namely, rubberized sealant tape for general bonding and repair purposes; vinyl repair tapes, namely, rubberized sealant tape for general bonding and repair purposes; screen patches made of plastic, namely, screens comprised primarily of plastic; orange trail tape, namely, non-reflective plastic tape used for marking hiking trails, biking trails, campsites;

Class 18

(14) weatherproof wallets

Class 19

(15) cooler drying device, namely a plastic lid prop to hold the cooler lid open when not in use; nylon mesh insect screen; tent repair kit, comprised of nylon window screen for tent repair purposes;

Class 20

(16) hand fans; inflatable pillows; pegs of plastic, namely, tent pegs, not of metal; pillows; plastic clamps for holding tablecloths; camping mirrors; stainless steel mirrors; folding stools; tripod stools; collapsible bins for waste disposal and recycling, namely, collapsible storage containers, not of metal; collapsible pails, namely, collapsible storage containers, not of metal; collapsible tumblers, namely, collapsible storage containers, not of metal; tarpaulin clips, namely, non-metal clips for tarps;

Class 21

(17) cups; barbeque forks; camping grills; clothes pegs; coffee pots; cooking forks; cooking utensils; drinking flasks; expandable water jugs; jugs; non-electric griddles; plates; bowls; squeeze tubes of plastic; water jugs; whisk brooms; egg holders; toothbrush holders; soap holders; salt and pepper shakers; pot holders; cooking funnels, funnels for mineral oil; soap caddies; extendible barbeque forks; cooking skewers; camp cookers, namely, camping grills; toothbrush covers; coffee filters, non-electric; cutting boards; heavy duty camp grills; film can shaker lids, namely, plastic lids for spice shakers; deluxe broilers, namely, wire baskets for grilling; camp scrubbers, namely, metal scouring pads; cookware made of aluminum and steel, namely, skillets, pans, dutch ovens, pots and pot lids; metal over the fire corn popper, namely, non-electric popcorn popper; tablecloth weights; tri-pod grills, namely, camping grills; picnic combo packs, comprised of steel clamps, namely, tablecloth holders; cast iron camp cookers, namely, cast iron cookware; cast iron cooking equipment, namely, cast iron cookware;

Class 22

(18) adjustable straps to carry bottles; bungee cords; clotheslines; compression sacks for storage, namely, bags for reducing the size and bulk of items for storage and for outdoor activities; hammocks; mesh bags for storage; nylon cord; polypropylene straps, namely, tie-down straps made of synthetic textile materials; tarpaulins; tent pole repair kit, comprised of nylon shock cord, not of metal; tent repair kit, comprised of tent material and binding thread for tent repair purposes; tents for camping; waterproof compression sack for storage; braided nylon cords; utility straps, namely, all-purpose nylon straps; compact hammock; arno straps, namely, all-purpose nylon straps; tarp holders, namely, tarp straps made of synthetic textile materials; utility cords, namely, bungee cords; polypropylene rope;

Class 24

(19) blankets for outdoor use; insect netting; mosquito nets; picnic combo packs, comprised of picnic tablecloths; textile flags; vinyl tablecloths; tablecloths; sleeping bag liner; microfiber towels; camp towels; sleeping bag carriers;

Class 25

(20) jackets; pants; ponchos; money belts; rain suits

Class 26

(21) snap fastener kit, comprised of stud fasteners, flaring tool and setting base; strap buckles; sewing kits; zipper pulls; tent repair kit, comprised of canvas needle for tent repair purposes;

Class 27

(22) door mats

Class 28

(23) butterfly nets; parafoil kites; outdoor games and activities for kids, namely, bug jars, insect houses, bird calls being decoys, ant camps, pond nets, namely, insect nets being toys, story dice, interactive board games;

Class 30

(24) spices

Class 34

(25) flint striker; flints; waterproof matches; match holders; magnesium fire starters; plastic match boxes; flint starters; windproof and waterproof storm matches; survival tool, comprised of a waterproof matchboxes, fire starter flint, namely flints and firestones; tinder kits, comprised of flints and firestones;

Computer hardware; downloadable inference server operating system software and computer hardware; downloadable computer software applications for use in building neural networks; downloadable computer software featuring data libraries to train computers in the field of machine learning models and algorithms; downloadable software featuring data libraries for developing and implementing artificial intelligence, machine learning, deep learning, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, predictive analytics and business intelligence models and algorithms; artificial intelligence computers; artificial intelligence supercomputers; downloadable software for deep learning inference runtime for image classification, segmentation, and object detection in neural networks; downloadable software development kits [SDKs] to build software applications that process data received from trained neural networks for image classification, image segmentation and object detection in the field of deep learning inference applications; downloadable computer software, namely, artificial intelligence based software for machine learning, deep learning, high performance computing, image feature extraction, natural language processing, supervised learning, and unsupervised learning for use in predictive analytics, computer software development, edge computing, fog computing, computing platforms and the internet of things; downloadable computer software, firmware and hardware for developing and implementing computer programs in the fields of edge computing, artificial intelligence, high performance computing, distributed computing, machine learning, automation controls, data collection, data analytics and the internet of things; computer hardware and software for data centers for use in collecting, analyzing and reporting of computer network data; downloadable computer software for use in data transmission, data collection, data analysis and decision-making in the field of artificial intelligence and machine learning; software for simulation, modeling and data processing for use in data visualization, data analysis, data mining, data interpretation, predictive analytics, accessing and editing large-scale data, interactive visual computing, design of information graphics, and maximizing graphics processing and performance; software for use in general purpose computation, manipulation of collections of data, data analysis, image content analysis, information analysis, data transformation, data input/output, communications, speech recognition, graphics display, modeling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing,

virtualization and machine learning; graphics software; downloadable computer graphics; computer software development tools, namely computer software development tools to create applications for computer systems, hardware platforms and video games; downloadable software for enhancing computer performance, for operation of integrated circuits, semiconductors, computer graphics chipsets and micro-processors in the field of computer gaming software; software development tools for advanced graphics processing, for managing and implementing virtual desktop infrastructures, for virtual desktops and applications, and for virtualization technology software; software development kits (SDKs), namely software development kits to enable software developers and businesses to develop software applications; downloadable computer software to train software to predict user behavior in the field of artificial intelligence; computer software platforms for assisting software developers in the field of artificial intelligence; downloadable computer software and firmware for developing machine learning applications in the field of artificial intelligence; downloadable computer software for use in artificial intelligence apparatus, namely, autonomous vehicles, humanoid robots, and customer self-service electronic checkout stations; downloadable computer software for use as an application programming interface (API) for use in the field of artificial intelligence; downloadable computer software development tools for use in the fields of artificial intelligence, deep learning, machine learning, high performance computing, distributed computing, and data virtualization; downloadable computer software for use as an application programming interface (API) for use in the field of artificial intelligence; computer software for collecting data and information for others in the fields of artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, predictive analytics and business intelligence; computer software for sharing data and information for others in the fields of artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, predictive analytics and business intelligence; computer software for editing data and information for others in the fields of artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, predictive analytics and business intelligence; computer software for organizing data and information for others in the fields of artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, predictive analytics and business intelligence; computer software for modifying data and information for others in the fields of artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, predictive analytics and business intelligence; simulation, modeling and data processing software for use in data visualization, data analysis, data mining, data interpretation, predictive analytics, accessing and editing large-scale data, interactive visual computing, design of information graphics, video streaming, maximizing graphics processing and performance; downloadable computer software for use as an application programming interface (API) for ray tracing and image rendering, modeling, and image manipulation and processing; downloadable computer software for use in operating system programs, namely, artificial intelligence platforms; downloadable computer software for the electronic storage of data in the field of artificial intelligence; pattern recognition systems composed of computer software; downloadable computer software for data processing, namely for data management, analytics and pattern and activity recognition; software using artificial intelligence and natural language processing for extracting data from unstructured and semi-structured documents, for classifying and searching documents, and for natural language processing ; computer software development

tools for use in the fields of artificial intelligence, deep learning, machine learning, high performance computing, distributed computing, and data virtualization; software that assists computers in deploying parallel applications and performing parallel computations; graphics processing units (GPUs); integrated circuits; integrated circuits for enhancing graphical and video display.

Services

Class 42

Providing online non-downloadable artificial intelligence inference server software, namely server software to run inference on artificial intelligence models; providing online non-downloadable computer software applications for use in building neural networks; providing online non-downloadable computer software featuring data libraries to train computers in the field of machine learning models and algorithms; providing online non-downloadable software using artificial intelligence (AI), for machine learning, deep learning, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, for contextual prediction, predictive analytics, predictive modeling, visualization, and business intelligence; providing online non-downloadable computer software, for developing and implementing computer programs in the fields of edge computing, artificial intelligence, high performance computing, distributed computing, machine learning, automation controls, data collection, data analytics and the internet of things; providing online non-downloadable software for data centers for use in collecting, analyzing and reporting of computer network data for use with computer hardware and computer software via computer networks; providing online non-downloadable software for use in data transmission, data collection, data analysis, and decision-making in the field of artificial intelligence and machine learning; providing online non-downloadable computer software for simulation, modeling and data processing for use in data visualization, data analysis, data mining, data interpretation, predictive analytics, accessing and editing large-scale data, interactive visual computing, design of information graphics, and maximizing graphics processing and performance in the fields of artificial intelligence and machine learning; providing online non-downloadable computer software for use in general purpose computation, manipulation of collections of data, data analysis, image content analysis, information analysis, data transformation, data input/output, transmitting communications, speech recognition, graphics display, modeling and testing for use in the fields of artificial intelligence, deep learning, high performance computing, distributed computing, virtualization and machine learning; providing fog and edge computing services, namely, providing online non-downloadable computer software for collection, analysis and reporting of data from edge and internet of things devices for use in generating, collecting, and analyzing data, and the operation of compute, storage and networking services; platform as a service (PaaS) featuring computer software platforms for enabling access to a decentralized supercomputer consisting of a pool of devices connected to the internet; design and development of computer hardware and software; development of computer software; development of open-source software; computer programming in the field of artificial intelligence; computer software development in the field of artificial intelligence and machine learning; software design in the field of artificial intelligence; cloud computing services, namely, cloud hosting provider services; cloud-based supercomputing featuring computer software for use in developing and implementing programs in the fields of artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, predictive analysis and business intelligence models and algorithms; cloud computing services featuring computer software for use in developing and implementing artificial intelligence technologies and algorithms; providing non-downloadable computer software development tools in the field of artificial intelligence; providing online non-

downloadable computer software for developing platforms for artificial intelligence, machine learning, deep learning, deep neural networks, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, predictive analytics and business intelligence models and algorithms; providing online non-downloadable computer software for data management, analytics and pattern and activity recognition in the field of artificial intelligence; providing online non-downloadable software for enhancing computer performance, for operation of integrated circuits, semiconductors, computer chipsets and micro-processors, and for gaming purposes; providing non-downloadable computer software for use in graphics display; providing online non-downloadable software for the collection of data and information for others in the fields of artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, predictive analytics and business intelligence; providing online non-downloadable software for sharing data and information for others in the fields of artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, predictive analytics and business intelligence; providing online non-downloadable for editing data and information for others in the fields of artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, predictive analytics and business intelligence; providing online non-downloadable software for organizing data and information for others in the fields of artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, predictive analytics and business intelligence; providing online non-downloadable software for modifying data and information for others in the fields of artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, predictive analytics and business intelligence; providing temporary use of online non-downloadable software, namely simulation, modeling and data processing computer software for use in the visualization of data; providing online non-downloadable software, namely simulation, modeling and data processing computer software for use in data analysis, data mining, interpretation of data, and predictive analytics; providing temporary use of online non-downloadable software, namely simulation, modeling and data processing computer software for use in accessing and editing large-scale data; providing online non-downloadable software, namely simulation, modeling and data processing computer software for use in interactive visual computing, design of information graphics, video streaming, maximizing graphics processing and performance; providing online non-downloadable computer software for the electronic storage of data in the field of artificial intelligence; providing online non-downloadable software using artificial intelligence and natural language processing for extracting data from unstructured and semi-structured documents, for classifying and searching documents, and for natural language processing; providing online non-downloadable software that assists computers in deploying parallel applications and performing parallel computations; software as a service (SaaS) featuring computer software platforms for natural language processing, machine learning, voice command and recognition, converting speech to text, data analytics, and artificial intelligence; platform as a service (PAAS) featuring a non-downloadable computer software platform to train computers to predict user behavior in the field of machine learning models and artificial intelligence; platform as a service (PAAS) featuring a non-downloadable computer software platform for use in natural language processing, machine learning, voice command and recognition, converting speech to text, and data analytics in the field of artificial intelligence; platform as a service (PaaS) featuring software platforms for developing knowledge-based artificial

intelligence computer software platforms, data analytics software platforms, and automation software platforms for use in the field of advanced visualization, data acquisition, data analysis, data integration, artificial intelligence, machine learning, deep learning, high performance computing, distributed computing, virtualization, natural language generation, statistical learning, supervised learning, un-supervised learning, data mining, predictive analytics and business intelligence models and algorithms; product research and development in the field of artificial intelligence; design and development of computer hardware and software in the fields of machine learning, deep learning, and deep neural networks; design, development, customization, integration, support and maintenance of computer software; consulting in the field of data analytics in the nature of data mining and computer networking for artificial intelligence training and inference infrastructure.

Goods

Class 09

Computer software for processing automotive data, namely client and user data as well as automotive facilities data such as parts, repairs, services and sales, using digital displays with the purpose of assisting the public in making informed decisions about their vehicle requirements, such accumulated data provides the creation of database management involving data integration, data transformation, data quality management, data analytics and data governance; computer software for integrating applications and databases across on-premise and internal and global computer networks; computer software for protecting sensitive and confidential information from

unauthorized access and secure transmission of data for processing between applications, databases, and customer and dealer data entry; computer software for business intelligence, data mining, building charts, graphs, diagrams, maps, dashboards, scorecards and reporting; computer software for training users on the functionality of computer software for the digital display and analysis of business intelligence, user data and business metrics, namely, computer software for training users on data mining and how to integrate user data into charts, graphs, diagrams, maps, dashboards, scorecards and reporting; computer software for business intelligence, to automate data warehousing; computer database management software for data processing, and data transforms.

Services

Class 41

(1) Educational services, namely, the publication of educational printed booklet, manuals, magazines for distribution to the public and users of competitive auto establishments willing to serve their needs in the field of automotive maintenance and repair services; providing non-downloadable, publications in the nature of digital white pages being a directory, booklets, academic periodicals and industry periodicals in the nature of magazines and journals all in the field of automotive repair and maintenance via a website;

Class 42

(2) Providing temporary use of online, non-downloadable software for big data providers to merge and distribute data sets in a secure manner; Providing temporary use of online, non-downloadable software for big data market participants to access and process data sets and to provide controlled access to data sets; design and development of computer hardware and software, namely development and implementation of computer software for use in the field of business intelligence, ETL (extract, transform, load), OLAP (data in multidimensional structures), data warehousing, enterprise resource planning (ERP), data quality, master data management, meta data management, data mining, corporate performance management, financial budgeting, forecasting and financial consolidation; computer programming, updating of computer software for use in the field of business intelligence, ETL (extract, transform, load), OLAP (data in multidimensional structures), data warehousing, enterprise resource planning (ERP), data quality, master data management, meta data management, data mining, corporate performance management, financial budgeting, forecasting and financial consolidation; professional consultancy with regard to computer hardware, installation and repair of the aforesaid computer software, strategic and technical consultancy with regard to the aforesaid computer software and hardware; cloud computing, namely, cloud computing web hosting services and cloud computing provider services for general storage of data; consulting in the field of cloud computing networks and applications; cloud computing featuring online non-downloadable computer software for use in building database management software applications for others that enable the collection of diagnostics data, maintenance data, behavioral analysis and safety data in cars and trucks; software as a service (SAAS) services featuring computer software for creating database management software applications for others that enable the collection of diagnostics data, maintenance data, behavioral analysis and safety data in cars and trucks; application service provider featuring application programming interface (API) software for creating computer database management software applications for others that enable the collection of diagnostic data, maintenance data, behavioral analysis and safety data in cars and trucks through a driver's mobile phone or computer; application service provider, namely, hosting, managing, developing, and maintaining computer software applications for others that enable the collection of diagnostics data, maintenance data, behavioral analysis and safety data in cars and trucks.

Certification Mark Standard

The managers of the certified companies have adopted and follow sound human resources management practices, fostering a healthy and safe corporate culture and the personal fulfillment of employees. 1 / SUITABILITY CRITERIA: (i) be a company of which the assessed manager is responsible for a team of at least six people, and (ii) be a company of which the assessed manager has held a management position for over six months. 2 / ASSESSMENT PROCESS: (i) a 10-minute written survey is filled out anonymously by employees of the certified business, containing questions totalling 100 percentage points and aiming to test the managers of the certified company for human resources management skills and quality, according to the following criteria: strengths, areas for improvement, corporate culture, teamwork, team productivity and performance, communications and listening, leadership, employee integration, feeling of trust in the work environment, available work tools, understanding of the vision and objectives of the business, work environment conducive to creativity; (ii) preparation of a report evaluating the survey results: to obtain certification, the company must have a score of 70% or more in the report; (iii) confirmation and provision of certification: the results of the evaluation are provided to the company in a 60-minute interview with an advisor of the applicant during which the evaluation

report is analyzed. This interview is followed by a half-day presence of the applicant at the certified business, including a 45-minute team building workshop. 3 / MAINTENANCE OF CERTIFICATION: in order to maintain the right to certification, the manager of the certified business must provide proof of having maintained their skills and quality in an annual assessment. The applicant has submitted documentation describing the defined standard in support of the registration application for the mark.

(2) Sensors and detectors, namely temperature sensors, pressure sensors, optical sensors, biometric sensors and sensors for measuring distance, not for medical use; blank recording discs being blank audio and video discs for computers and blank digital audio and video discs; blank compact discs and DVDs; computer software and computer software applications in the fields of sports, fitness, exercise, wellness, lifestyle, personal development, nutrition and health, for providing exercises and workouts, allowing users to have access to fitness information and exercise tracking, for linking with activity trackers to record fitness and exercise data, and for monitoring health, providing information relating to fitness, calorie counting, step counting and pulse rate; recorded and downloadable software and software applications, namely augmented and virtual reality software and augmented and virtual reality software applications for playing computer games and to enable computer and video game users to interact in online communities and virtual worlds; recorded and downloadable virtual marketplace software and software applications, namely software for providing access to an online virtual marketplace; recorded and downloadable mixed reality software and software applications for playing computer games and to enable computer and video game users to interact in a mixed reality environment; recorded and

downloadable games software and software applications; recorded and downloadable metaverse software and software applications, namely software for providing access to an online virtual world; recorded and downloadable software and software applications for creating, managing and accessing groups within virtual communities, software and software applications for social networking and creating and interacting with online communities; recorded and downloadable software and software applications for to view virtual libraries and books in online virtual worlds; software for blockchain-based platforms, namely, software platforms for distributed applications and software using a consensus engine incorporating blockchain technology for securing data with cryptographic information, encoded loyalty cards and membership cards, software and software applications for creation and provision of virtual goods, namely, non-fungible digital asset tokens used with blockchain technology to represent a collectible item, software and software applications for creating and providing nonfungible tokens (NFTs), non-fungible audio and visual files, virtual goods for use online and in online virtual worlds, non-fungible assets, downloadable and non-downloadable virtual goods, namely, clothing, footwear, sportswear, swimwear, athletic wear, leisurewear, glasses, sunglasses, protective clothing and helmets, supplements, audio equipment, headphones, physiotherapy and rehabilitation equipment, compression wear and articles for compression, watches, jewellery, animal apparel, water bottles and household utensils, bags, sports bags, textile goods, sports equipment, mats, accessories for apparel, fitness equipment, art, graphic art, multimedia recordings, games, toys and accessories, and skins for use online and in online virtual worlds; recorded and downloadable software and software applications for the integration of artificial intelligence and machine learning in the field of physical and mental health, lifestyle wellness, healthy mindset, sports, exercise, fitness, wellness, personal development and nutrition; computer programs for creating, providing and issuing downloadable digital goods in the nature of clothing, footwear, headgear, sportswear, athleisure wear, leisurewear, glasses, sunglasses, protective clothing and helmets, supplements, audio equipment, headphones, physiotherapy and rehabilitation equipment, compression wear and articles for compression, watches, jewellery, animal apparel, water bottles and household utensils, bags, sports bags, textile goods, sports equipment, mats, accessories for apparel, fitness equipment, art, graphic art, multimedia recordings, games, toys and accessories for use in online virtual worlds; software and software applications for use in the retailing of virtual goods, non-fungible tokens (NFTs), blockchain tokens and non-fungible assets; downloadable videos featuring sport and fitness related instructions, information and entertainment; video recordings featuring sport and fitness related instructions, information and entertainment; downloadable video files featuring sport and fitness related instructions, information and entertainment; recorded or downloadable media content, namely non-fungible tokens (NFTs) and virtual goods, namely clothing, footwear, sportswear, swimwear, athletic wear, leisurewear, glasses, sunglasses, protective clothing and helmets, supplements, audio equipment, headphones, physiotherapy and rehabilitation equipment, compression wear and articles for compression, watches, jewelry, animal apparel, water bottles and household utensils, bags, sports bags, textile goods, sports equipment, mats, accessories for apparel, fitness equipment, art, graphic art, multimedia recordings, games, toys and accessories, and skins for use online and in online virtual worlds, graphic works, digital art, multimedia recordings; downloadable videos, video recordings, downloadable video files and media content, namely films, videos, magazines, catalogues, brochures, e-books, newsletters, audio recordings, podcasts and videocasts, image files and sound files, animated cartoons, instruction manuals and games in the field of sports, fitness, nutrition and health; pre-recorded fitness videos; pre-recorded fitness DVDs; electrical and electronic apparatus and instruments for recording and measuring health and fitness parameters, namely electronic weighing scales for personal use, digital bathroom scales, electronic household thermometers, electronic heart rate recorders other than for medical use; pedometers; calorie counting apparatus, namely, electronic monitors for displaying

calories information and other biometric data relating to exercise, other than for medical use; fitness monitoring apparatus other than for medical purposes, namely personal fitness trackers; mouth guards being gum shields; mouth guards for boxing; boxing helmets; headphones; earphones; sunglasses and spectacles; frames and cases for sunglasses and spectacles; eyeglasses; swimming goggles and swimming masks; straps, cases, covers and waterproof cases for mobile phones, tablet computers, computers, electronic devices in the nature of smart phones, portable laptops, electronic book readers, video and picture projectors and portable media players; protective and safety equipment, namely safety goggles, safety helmets, safety eyewear, reflective safety vests, flashing safety lights and safety nets; protective clothing, namely protective padding for sports in the nature of protective padded clothing for the prevention of injury or bodily harm; protective footwear, namely protective industrial footwear, and headwear in the nature of hard hats for the prevention of accident or injury; protective clothing, footwear and headgear for use in sports and combative sports for the prevention of accident or injury; wearable activity trackers; skin moisture analyzers, not for medical purposes; medical testing devices and fitness testing devices in the nature of movement sensors being monitoring sensors for use in athletic fitness testing, downloadable and recorded computer software to enable exercise professionals to design and provide exercise and fitness testing for their clients; audio-visual teaching apparatus, namely, computers, tablet computers, smart phones, portable laptops, electronic book readers, video and picture projectors; electronic sports training simulators; lanyards for use with electronic key fobs, being remote control apparatus and electronic key cards.

Class 10

(3) Massage apparatus, namely electric vibrating massagers; foam massage rollers; compression bandages; compression garments; compression stockings; limb compression instruments, namely, therapeutic compression wraps and body limb compression undergarments for relieve of muscular and joint pain through targeted compression; body limb compression sleeves; compression socks for medical or therapeutic use; therapeutic body toner apparatus, namely, electronic stimulation apparatus for nerves, skin and muscles for physical therapy purposes, vibrating apparatus used to stimulate muscles and increase strength and physical performance, for health and medical purposes; computer controlled exercise and fitness training apparatus for physical therapeutic use, namely medical and therapeutic device and apparatus, namely, a force and motion sensing apparatus and assisted exercise machine for the rehabilitation of hands, arms, wrists, legs, feet, knees, ankles, back and neck affected by neuromuscular diseases, disorders, or injuries for home or clinical use, exercise machines for therapeutic purposes, physical exercise apparatus for medical purposes; electrical heated body massager; electro-stimulation apparatus for use in the physical therapy treatment of muscles; physical exercise apparatus and machines for medical rehabilitative and therapeutic purposes, namely, agility, strength and movement training equipment used for the physical rehabilitation and physical therapy of hands, arms, wrists, legs, feet, knees, ankles, back and neck; hot therapeutic therapy packs and wraps; electronic nerve and muscle stimulators for medical and physical therapy purposes; physical therapy equipment in the nature of parallel bars for medical therapeutic use; physical exercise apparatus for therapeutic use, namely step-up machines for use in physiotherapy and weight training apparatus adapted for medical use being weight lifting machines for physical therapy; supportive bandages; arch supports for flat feet; body limb compression sleeves for athletic use; elastic bandages; inserts and insoles for footwear for orthopaedic use; lumbar belts for medical purposes; tubular elastic bandages; knee and elbow bandages; elastic orthopaedic support braces for the knees and elbows; compression wear clothing, namely compression socks, sleeves and tights; electronic heart rate recorders to be worn during sports activities or exercise being heart rate monitors for sports activities.

Class 14

(4) Jewellery; key rings; key chains; key chain charms; decorative key fobs.

Class 18

(5) Leather and imitations of leather; luggage, trunks and travelling bags; suitcases; athletic bags; umbrellas and parasols; bags, namely, weekend bags, all-purpose sports bags, clutch bags, courier bags, shoulder bags, sling bags, chalk bags, small bags for men, all-purpose athletic bags and crossbody bags; bags for sport; running belt bags; gymnasium bags; mini-bags, namely purses and wristlets; tote bags; duffel bags; backpacks; bags for clothes, namely garment bags for travel; drawstring bags; holdalls; wash bags sold empty for carrying toiletries; beach bags; boot bags; cloth bags; cosmetic bags, sold empty; toiletry bags sold empty; canvas shopping bags; bum bags; beauty cases for holding cosmetics, sold empty; belt bags and hip bags; purses and wallets; fitted protective covers for luggage; handbags; leather bags; luggage labels; luggage straps; luggage tags; shoe bags; shopping bags; animal apparel; animal leads; animal harnesses and collars.

Class 21

(6) Combs and sponges, namely toiletry sponges, cleaning sponges, bath sponges, kitchen sponges, massage sponges and sponges for applying body powder; brushes, except paintbrushes, namely hair brushes, cosmetic brushes, cleaning brushes for household use, brushes for pets, brushes for footwear, cleaning brushes for sports equipment, clothes brushes; unworked or semi-worked glass, except building glass; porcelain mugs, cups, dishes, bowls, plates and bottles, sold empty; earthenware; glasses; drinking vessels, sold empty, namely glasses; bottles, sold empty, namely water bottles; drinking bottles, sold empty, namely drinking bottles for sports; shaker bottles, sold empty; sports bottles for running, sold empty; reusable plastic water bottles; sports bottles sold empty; reusable stainless-steel water bottles; cups; cup lids; fruit infuser bottles; flasks, sold empty, namely drinking flasks, vacuum flasks; bottle coolers; coffee services in the nature of tableware; tea services in the nature of tableware; mugs, drinking glasses in the nature of tumblers; bottles made of plastic, glass, porcelain, metal or earthenware, sold empty; tableware made of plastic, glass, porcelain, non-precious metal or earthenware, namely serving forks, serving spoons, bowls, cups and plates; bowls; plates; dishes; non-electric portable cool boxes; cool bags; ceramics for household purposes, namely decorative centerpieces, plates, vases, pots and vessels; crockery; chopping boards for kitchen use; cloths for cleaning eye-glasses; hairbrushes; golf brushes; bakeware; cookware; beverage coolers; biodegradable bowls, cups, plates; coasters for glasses and mugs, not of paper or textile; non-electric food and beverage coolers; insulated containers for food; empty spray bottles; jugs; laundry baskets; litter bins; lunchboxes; mixing bowls; mixing spoons; portable coolers; vacuum bottles, flasks and jars; cases adapted for carrying cosmetic utensils; nail brushes; boot brushes; boot stretchers; clothes brushes; shoe horns.

Class 24

(7) Textile goods, namely tapestries of textile, coasters of textile, curtains of textile, quilts of textile, textile fabrics for home and commercial interiors, banners of textile, table cloths of textile, towels made of textile, individual place mats made of textile, labels of textile for identifying clothing, table linen of textile, textile floor mats for use in the home; textile fabrics for use in the manufacture of articles of clothing; household linen fabrics; bath towels; gym towels, beach towels, hammam towels; apparel fabrics being textile fabrics for use in the manufacture of apparel, namely clothing, bags, headgear and footwear; coated fabrics, namely fabrics coated with thermoplastic coatings for use in manufacturing of clothing, sportswear, bags, headgear, footwear, furniture and automobile upholstery and luggage; elastic fabrics for clothing; elastic woven materials, namely woven fabric of elastic for textile use; fabric linings for clothing in the nature of textile used as a

lining for clothing; fabric for footwear; fabric and textile fabrics for use in the manufacture of clothing, bags, apparel in the nature of headgear and footwear; textile fabrics for use in the manufacture of clothing, bags, headgear and footwear; synthetic fibre fabrics; textile fabrics for use in the manufacture of sportswear; vapour permeable fabrics for manufacturing clothing, furniture and automobile upholstery and luggage; waterproof fabrics for manufacturing clothing, furniture and automobile upholstery and luggage; labels of textile; textile handkerchiefs; throws; washcloths; exercise towels; bedding, namely bed linen, bed spreads, bed sheets, bed throws, bed covers, bed skirts, duvet covers and pillowcases; bed and table covers; bath linen except clothing; bedspreads; blankets; cushion covers; curtain holders of textile materials; curtains; cloth banners and cloth flags; textile place mats; napkins of textile materials; pillowcases; sheets.

Class 25

(8) Clothing, namely, athletic tops, socks, athletic bottoms, underclothing, jackets, jumpers, sweaters, coats; athletic footwear, casual footwear, exercise footwear, and children's footwear; headgear, namely hats, caps, beanies, sun visors, visors being headwear, headbands, headbands against sweating, beach hats, bobble hats, beanie hats and swimming caps; clothing, namely athletic tops and bottoms; sweat absorbent clothing, namely athletic tops, socks, athletic bottoms, underclothing, jackets, jumpers, sweaters and coats; bodybuilding clothing, fitness clothing, gym clothing, sports clothing; ski wear; surf wear; leisurewear; clothing for gymnastics; dancewear; clothing for running; clothing for tennis; bodybuilding and weightlifting clothing straps, wristbands and wrist straps; sweatbands; headbands; hats, caps, sun visors being head wear; beach hats; bobble hats and beanie hats; swimming caps; T-shirts, long sleeve t-shirts; crop t-shirts; running vests; vests and tank tops; polo shirts; sports shirts; crop tops; bodysuits; hooded jackets; sweat tops, sweaters and jumpers; cardigans; knitwear, namely, sweaters, jumpers, cardigans, dresses, skirts, knitted tops, trousers, shorts; gilets; jackets; padded jackets; sports jackets; coats; jumpers; sweatshirts; cycling tops; pullovers; boxing robes; shorts; sweat shorts; gym shorts; running shorts; cycling shorts; boxing shorts; tennis shorts; dresses and skirts; clothing for martial arts; jumpsuits; dungarees; dresses and skirts for tennis; trousers; tracksuits and tracksuit bottoms; jogging bottoms; leggings; cropped leggings; ski pants; yoga pants; yoga shirts; tights; knitted tights; harem pants; underwear; thong underwear; briefs; boxer shorts; trunk briefs; sports bras; bras; bralettes; socks; trainer socks and ankle socks; dressing gowns and bath robes; beach robes; gloves; cycling gloves; clothing, namely base layers; swimwear; beachwear; beach cover ups and wraps; sarongs; bikini tops, bikini bottoms, tankinis; swimsuits, swimming trunks; swimming shorts; rash vests, wetsuits; shoes; sports footwear; trainers being footwear; beach footwear; boots, sandals, flip flops, sliders being slip-on footwear; slippers; boxing shoes and boots; track shoes, running shoes and spiked running shoes; cycling shoes; golf shoes; gym shoes; dance shoes and dance slippers; tennis shoes; moisture wicking sports pants, shirts and bras; articles of outer clothing, namely jumpers, sweaters, hooded tops, jackets, coats, trousers; articles of underclothing; scarves; pyjamas; babies clothing, footwear, headgear; infant clothing, footwear, headgear; baby boots; bib overalls; baby bibs not of paper; cloth bibs; sport bibs; romper suits; baby sleepsuits; belts; sports singlets; athletic tights; bandanas; ballet shoes; baselayer athletic tops; cashmere clothing, namely shawls, scarves, neckties, sweaters, jackets; cargo pants; casual wear ; cargo pants; casualwear; clothing for wear in wrestling games; beach cover-ups; costumes, namely swimming costumes, dance costumes and bathing costumes; ear muffs; suits; eye masks; earbands; fishing clothing, footwear, headgear; functional underwear; golf clothing, headgear, footwear; insoles; jeans; jerseys; jogging suits; jogging clothing sets; leg warmers; clothing made of leather, namely belts, pants, coats, jackets, waistcoats, trousers, leggings, dresses, skirts, shirts, shorts and jumpers; leotards; light-reflecting coats; maternity clothing; maternity sports clothing; motorcyclists clothing; neckerchiefs; nightwear; one-piece playsuits; padded clothing for

athletic use, namely tops and bottoms for athletic use; playsuits; plimsolls; rainwear; rugby clothing; rugby footwear; football clothing; football footwear; shapewear; sleepwear; sports garments; stretch pants; sweat-absorbent socks, stockings, leggings, underclothing, t-shirts, polos, hoodies, sweatshirts, sweat pants, trousers, pants, jackets, shirts, shorts, sports bras, tank tops, crop tops, athletic tops and athletic pants; tennis wear; thermal clothing, namely tops, pants and shorts for thermoregulation, underwear; waist belts; water resistant clothing, namely stockings, coats, leggings, underclothing, t-shirts, polos, hoodies, sweatshirts, sweat pants, sports bras, tank tops, trousers, pants, jackets, shirts, shorts, crop tops, athletic tops and athletic pants; walking shoes; windcheaters; combative sports uniforms; combative sports clothing and footwear; combative sports headwear, namely hats, caps, beanies, headbands and headbands for sweating; clothing, footwear and headwear, other than helmets, for boxing, cage fighting, kickboxing and muay thai; headbands.

Class 26

(9) Small decorative items for clothing, namely pins, badges, borders and edgings, clasps, patches, dress needles; fasteners for clothing; trimmings for clothing, namely trims, buckles, clasps, patches and ribbons; embroidery, ribbons, bows and braided tissue; buttons, hooks and eyes; hair decoration, namely hair ornament accessories in the nature of hair combs, hair bows, hair accessories, hair barrettes, hair pins, hair ribbons and hair wraps; hair fastening articles, namely hairbands, rubber bands for hair, clam clips, hair clips, and hair scrunchies; armbands for holding sleeves; belt buckles; belt clasps; boot laces; buckles for clothing; tie cords for clothing; fasteners for clothing; shoe laces; shoe ornaments of plastic; zips fasteners for bags and clothing; zipper pulls.

Class 27

(10) Mats and matting, namely floor mats, wrestling mats, yoga mats, judo mats, rubber mats, door mats of textile, wooden door mats, door mats of India rubber, plastic bath mats, anti-fatigue floor mats, beach mats, vinyl floor mats, gymnastic mats, gymnastic exercise mats, meditation mats, personal exercise mats; exercise mats; yoga mats; gymnasium mats.

Class 28

(11) Games, namely, board games, handheld non-electric skill games, tabletop games, electronic board, skill, memory and card games other than those adapted for use with television receivers only, memory games, card games; sports game apparatus, namely, bases, bats, and balls for playing indoor and outdoor sports games; toys, namely, infant toys, water toys; video game apparatus, namely, gaming headsets adapted for use in playing video games, joysticks, video game machines, video game consoles and interactive remote control units; gymnastic apparatus, namely asymmetric bars, balance beams, benches, parallel bars, springboards, hoops and ropes; sporting equipment for speed training, namely, rings, cones, speed ladders, coaching sticks, training arches, ankle bands, resistance chutes, hurdles; sports equipment for boxing and martial arts, namely, boxing gloves, boxing bags, punching mitts, belly protectors, groin protectors and shin guards; fitness machines and equipment, namely, weights, treadmills, rowing machines, stair stepping machines, resistance machines, stationary cycles, straps used for yoga, weighted bars to improve posture and overall fitness, sport balls, exercise bands for physical fitness, training bars for physical fitness, dumbbells, kettlebells and exercise weights; manually-operated exercise equipment for physical fitness purposes, namely, agility ladders, exercise pulleys, exercise resistance bands; sport and game balls; Pilates toning balls; athletic exercise cones for speed training; sporting protective items being protective padding for wear during sport, namely, athletic protective knee pads, elbow pads, shin pads, and protective athletic cups for fitness training, combat sports, prevention of injury or bodily harm; weight lifting belts; athletic knee, elbow and

wrist supports for use during exercise; boxing gloves; weight lifting gloves; padded weight lifting straps being sports articles; punching bags and balls; lifting weights, namely bars, barbells, dumbbells and kettlebells; exercise weights; leg, ankle and wrist weights; athletic elbow guards; athletic knee guards; athletic shin pads; face masks for sports; benches for sporting use, namely exercise benches, weight lifting benches, gymnastic benches, sit up benches, meditation benches; handle grips for sporting equipment, namely, hand grips for golf clubs, tennis rackets, weightlifting bars and equipment, pull ups equipment and gymnastic equipment; fist protectors for sports; chest protectors for sports use; body protectors for sports use; face guards for sports use; shoulder pads for sports use; hand wraps for sports use; sporting protective items, namely hand pads for use in sports; harnesses for use in sports, namely climbers' harnesses, a posture correcting device in the nature of an adjustable harness to correct one's posture for sports purposes, harnesses adapted for carrying snowboards, skis and skateboards; storage cases and bags specially adapted for sporting equipment; leg guards adapted for playing sport; exercise balls; treadmills; exercise machines, namely weight lifting machines; indoor fitness apparatus, namely stationary exercise bicycles, cardio vascular exercise machines, crosstrainer exercise machines and stepping exercise machines; exercise benches; exercise pulleys; exercise, yoga and Pilates blocks and straps; yoga swings; skipping ropes; exercise resistance straps and bands; swimming floats and rings, beach balls and inflatable beach balls; gym chalk for improving hand grip in sports activities; indoor fitness apparatus, namely, strength training machines; athletic shock absorption pads for protection against injury in football, rugby, martial arts, boxing, baseball, cricket, soccer and combative sports; dumb-bells and barbells for weight lifting; back supports for weightlifters; aerobic steps; abdomen protectors for athletic use; body training and body toning apparatus, namely free weights for physical exercise, abdominal wheel rollers for fitness purposes, exercise resistance bands and exercise bars; gloves for use in sports games; hoops for exercise; kettlebells; kick pads for martial arts; nets for sports; portable home gymnastic apparatus, namely hoops, ribbons and ropes; relay batons; surfboards and body boards; padding for barbells to prevent rubbing or injury; skateboards; squat racks; exercise equipment, namely, rotary abdominal boards; stress relief balls; swimming equipment, namely flippers, floats, gloves, paddles, belts jackets, racing lanes, inflatable swimming floats and starting blocks; punching bags for boxing.

Services

Class 35

(1) Advertising services for the promotion of the goods of others; operation of customer loyalty, incentive and bonus programs; production of video recordings for others for marketing purposes; promotion of goods and services of others through sponsorship; promotion of goods and services through sponsorship of sports, business and charitable events; promotional management for sports personalities and sports people; promotion of sports competitions and events of others; organisation of exhibitions, trade fairs and social events related to fitness, sports and general well-being; import and export services; providing consumer product advice relating to, and retail, online retail, mail order and wholesale services, including temporary and 'pop-up' retail store services in connection with dietary and nutritional supplements and dietetic preparations, vitamin supplements, food supplements for sportsmen, sportswomen and athletes, food supplements in liquid form, protein supplements, protein supplement shakes, mineral nutritional supplements, nutritional supplement energy bars, fitness and endurance supplements, protein powder dietary supplements, nutritional supplement meal replacement bars for boosting energy, powdered nutritional supplement drink mix, nutritional drinks and drink mixes for use as a meal replacement, protein supplement drinks and powders, antioxidants, dietary supplement drinks, herbal supplements, meal replacement powders, mineral supplements, nutraceutical preparations for humans, first-aid kits, computer software, computer software applications, downloadable mobile

applications, health monitoring software, downloadable videos, video recordings, downloadable video files, media content, namely films, videos, magazines, catalogues, brochures, e-books, newsletters, audio recordings, podcasts and videocasts, image files and sound files, animated cartoons, instruction manuals and games in the field of sports, fitness, nutrition and health, downloadable videos and media in the field of sports, fitness, nutrition and health, pre-recorded videos, pre-recorded fitness DVDs, electrical and electronic apparatus and instruments for recording and measuring health and fitness parameters, namely, namely electronic weighing scales for personal use, digital bathroom scales, electronic household thermometers, electronic heart rate recorders other than for medical use, computer software for providing information relating to fitness, calorie counting and step counting, pedometers, calorie counting apparatus, heart-rate and fitness monitoring apparatus, mouth guards being gum shields, headphones, earphones, sunglasses and spectacles, frames and cases for sunglasses and spectacles, swimming goggles and swimming masks, straps, cases, covers and waterproof cases for mobile phones, tablet computers, computers, electronic devices in the nature of smart phones, portable laptops, electronic book readers, video and picture projectors and portable media players, protective and safety equipment, wearable activity trackers, skin moisture analyzers, not for medical purposes, testing devices and fitness testing devices in the nature of movement sensors being monitoring sensors for use in athletic fitness testing, downloadable and recorded computer software to enable exercise professionals to design and provide exercise and fitness testing for their clients, audio-visual teaching apparatus, namely, computers, tablet computers, smart phones, portable laptops, electronic book readers, video and picture projectors, electronic sports training simulators, massage apparatus, physiotherapy and rehabilitation equipment, foam massage rollers, compression bandages, compression garments, compression stockings, orthopaedic compression supports, limb compression instruments, body limb compression sleeves, compression socks for medical or therapeutic use, apparatus for electrical muscle stimulation, apparatus for the therapeutic toning of the body and muscles, therapeutic body toner apparatus, computer controlled exercise and training apparatus for therapeutic use, deep heat massage apparatus, electro-stimulation apparatus for use in therapeutic treatment, exercise apparatus for medical rehabilitative purposes, exercise machines for therapeutic purposes, hot therapy apparatus, nerve muscle stimulators, parallel bars for medical and therapeutic use, physical exercise apparatus for therapeutic use, step-up machines for use in physiotherapy, weight training apparatus adapted for medical use, supportive bandages, arch supports for flat feet, body limb compression sleeves for athletic use, elastic bandages, inserts and insoles for footwear for orthopaedic use, lumbar belts, tubular elastic bandages, key rings, key chains, key chain charms, key fobs, leather and imitations of leather, luggage, trunks and travelling bags, suitcases, athletic bags, umbrellas and parasols, bags, bags for sport, gymnasium bags, minibags, tote bags, duffel bags, backpacks, bags for clothes, drawstring bags, holdalls, wash bags, beach bags, boot bags, cloth bags, cosmetic bags, toiletry bags, canvas bags, bum bags, beauty cases, belt bags and hip bags, purses and wallets, fitted protective covers for luggage, handbags, leather bags, luggage labels, luggage straps, luggage tags, shoe bags, shopping bags, animal apparel, animal leads, animal harnesses and collars, combs and sponges, brushes, except paintbrushes, unworked or semi-worked glass, except building glass, glassware, porcelain and earthenware, glasses, drinking vessels, bottles, drinks bottles, shaker bottles, running bottles, reusable plastic water bottles, sports bottles sold empty, reusable stainless-steel water bottles, cups, cup lids, fruit infuser bottles, flasks, bottle coolers, tableware, mugs, tumblers, bottles and tableware, bowls, plates, dishes, cool boxes, cool bags, ceramics for household purposes, crockery, chopping boards for kitchen use, cloths for eye-glasses, hairbrushes, golf brushes, bakeware, cookware, beverage coolers, biodegradable bowls, cups, plates, coasters, not of paper or textile, non-electric food and beverage coolers, insulated containers for food, empty spray bottles, jugs, laundry baskets, litter bins,

lunchboxes, mixing bowls, mixing spoons, portable coolers, vacuum bottles, flasks and jars, cases adapted for cosmetic utensils, nail brushes, boot brushes, boot stretchers, clothes brushes, shoe horns, textile goods, textiles for making into articles of clothing, household linen, towels, gym towels, beach towels, hammam towels, apparel fabrics, coated fabrics, elastic fabrics for clothing, elastic woven materials, fabric linings for clothing, fabric for footwear, fabric and materials for use in the manufacture of clothing, bags, headgear and footwear, fabrics being textile piece goods for use in manufacture, synthetic fibre fabrics, textile fabrics for use in the manufacture of sportswear, vapour permeable fabrics, waterproof fabrics, labels of textile, textile handkerchiefs, throws, washcloths, exercise towels, bedding, bed and table covers, bath linen (except clothing), bedspreads, blankets, cushion covers, curtain holders of textile materials, curtains, banners, flags, textile place mats, napkins of textile materials, pillowcases, sheets, clothing, footwear, headgear, clothing, namely tops and bottoms, sweat absorbent clothing, bodybuilding clothing, fitness clothing, gym clothing, sports clothing, ski wear, surf wear, leisurewear, clothing for gymnastics, dancewear, clothing for running, clothing for tennis, bodybuilding and weightlifting clothing straps, wristbands and wrist straps, sweatbands, headbands, hats, caps, sun visors [head wear], beach hats, bobble hats and beanie hats, swimming caps, T-shirts, long sleeve t-shirts, crop t-shirts, running vests, vests and tank tops, polo shirts, sports shirts, crop tops, bodysuits, hooded jackets, tops, sweaters and jumpers, cardigans, knitwear, gilets, jackets, padded jackets, sports jackets, coats, jumpers, sweatshirts, cycling tops, pullovers, boxing robes, shorts, sweat shorts, gym shorts, running shorts, cycling shorts, boxing shorts, tennis shorts, dresses and skirts, clothing for martial arts, jumpsuits, dungarees, dresses and skirts for tennis, trousers, tracksuits and tracksuit bottoms, jogging bottoms, leggings, cropped leggings, ski pants, yoga pants, yoga shirts, tights, knitted tights, harem pants, underwear, thongs, briefs, boxer shorts, trunks [underwear], sports bras, bras, bralettes, socks, trainer socks and ankle socks, dressing gowns and robes, gloves, weightlifting gloves, cycling gloves, base layer clothing, compression wear clothing, swimwear, beachwear, beach cover ups and wraps, sarongs, bikini tops, bikini bottoms, tankinis, swimsuits, swimming trunks, swimming shorts, rash vests, wetsuits, shoes, sports footwear, trainers, beach footwear, boots, sandals, flip flops, sliders, slippers, boxing shoes and boots, track shoes, running shoes and spiked running shoes, cycling shoes, golf shoes, gym shoes, dance shoes and dance slippers, tennis shoes, moisture wicking sports pants, shirts and bras, articles of outer clothing, articles of underclothing, scarves, pyjamas, babies clothing, footwear, headgear, infant clothing, footwear, headgear, baby boots, bibs, romper suits, baby sleepsuits, belts, sports singlets, athletic tights, bandanas, ballet shoes, baselayer tops, cashmere clothing, cargo pants, casualwear, clothing for wear in wrestling games, cover-ups, costumes, ear muffs, suits, eye masks, earbands, fishing clothing, footwear, headgear, functional underwear, golf clothing, headgear, footwear, insoles, jeans, jerseys, jogging suits, jogging clothing sets, leg warmers, leather clothing, leotards, light-reflecting coats, maternity clothing, maternity sports clothing, motorcyclists clothing, neckerchiefs, nightwear, one-piece suits, padded clothing for athletic use, playsuits, plimsolls, rainwear, rugby clothing, rugby footwear, football clothing, football footwear, shapewear, sleepwear, sports garments, stretch pants, sweat-absorbent socks, stockings, leggings, underclothing, outerclothing and clothing, tennis wear, thermal clothing, headgear, underwear, waist belts, water resistant clothing, walking shoes, windcheaters, accessories for apparel, namely, clothing buckles, belt buckles, shoe buckles, buttons for clothing, clothing hooks, loops for clothing, eyelets, borders and edgings for clothing, clasps for clothing, and cloth patches for clothing, sewing articles, namely, thimbles, sewing pins, sewing boxes and sewing kits and patterned textiles for use in embroidery, textile fabrics, embroidery, ribbons and braid, buttons, hooks and eyes, pins and needles, hair decorations, hair fastening articles, hairbands, headbands, hair clips, scrunchies, armbands for holding sleeves, badges for wear, not of precious metal, belt buckles, belt clasps, boot laces, buckles for clothing, cords for clothing, fasteners for clothing, shoe laces,

shoe ornaments of plastic, zips, zipper pulls, floor mats, wrestling mats, judo mats, rubber mats, door mats of textile, wooden door mats, door mats of India rubber, plastic bath mats, anti-fatigue floor mats, beach mats, vinyl floor mats, gymnastic mats, meditation mats, exercise mats, yoga mats, gymnasium mats, games, toys and playthings, namely, board games, handheld non-electric skill games, tabletop games, electronic board, skill, memory and card games other than those adapted for use with television receivers only, memory games, card games, bases, bats, and balls for playing indoor and outdoor games, infant toys and water toys, video game apparatus, namely, gaming headsets adapted for use in playing video games, joysticks, video game machines, video game consoles and interactive remote control units, gymnastic apparatus, namely asymmetric bars, balance beams, benches, parallel bars, springboards, hoops and ropes, sporting equipment for speed training, namely, rings, cones, speed ladders, coaching sticks, training arches, ankle bands, resistance chutes, hurdles, sports equipment for boxing and martial arts, namely, boxing gloves, boxing bags, punching mitts, belly protectors, groin protectors and shin guards, sporting equipment, gymnasium, sport and training equipment, balls, sport and game balls, Pilates toning balls, athletic exercise cones, sporting protective items being protective padding for wear during sport, athletic protective sportswear, weight lifting belts, athletic knee and wrist supports, boxing gloves, weight lifting gloves, barbell pads, padded lifting straps, punchbags and balls, lifting weights, exercise weights, leg, ankle and wrist weights, elbow guards, knee guards, shin pads, face masks for sports, benches for sporting use, grips for sporting equipment, namely, hand grips for golf clubs, tennis rackets, weightlifting bars and equipment, pull ups equipment and gymnastic equipment, fist protectors, pads for use in sports, chest protectors for sports use, body protectors for sports use, face guards for sports use, shoulder pads for sports use, hand wraps for sports use, hand pads for use in sports, harnesses for use in sports, cases and bags adapted for sporting articles, leg guards adapted for playing sport, exercise balls, treadmills, exercise machines, namely weight lifting machines, cardiovascular exercise machines, exercise bicycles, cross-trainer exercise machines, stepping exercise machines, exercise benches, exercise pulleys, exercise, yoga and Pilates blocks and straps, yoga swings, skipping ropes, exercise resistance straps and bands, swimming floats and rings, beach balls and inflatable beach balls, gym chalk for improving hand grip in sports activities, indoor fitness apparatus, namely stationary exercise bicycles, cardiovascular exercise machines, crosstrainer exercise machines, strength training machines and stepping exercise machines, , athletic shock absorption pads for protection against injury in football, rugby, martial arts, boxing, baseball, cricket, soccer and combative sports, dumb-bells and barbells for weight lifting, back supporters for weightlifters, machines incorporating weights for use in physical exercise, aerobic steps, abdomen protectors for athletic use, body-building, body training and body toning apparatus, namely, free weights for physical exercise, abdominal wheel rollers for fitness purposes, exercise resistance bands and exercise bars apparatus, head covers and gloves for use in sports, hoops for exercise, kettlebells, kick pads for martial arts, nets for sports, portable home gymnastic apparatus, body rehabilitation apparatus, relay batons, lanyards for wear, knee and elbow bandages, elasticated supports for the knees and elbows, micro fibre towels, pads for barbells, running belt bags, surfboards and body boards, squat racks, rotary abdominal boards, stress relief balls, swimming equipment, mouth guards for boxing, boxing helmets, protective clothing, footwear and headgear, protective clothing, footwear and headgear for use in sports and combative sports, combative sports uniforms, combative sports clothing, footwear and headgear, clothing, footwear and headwear for boxing, cage fighting, kickboxing and muay thai, punching bags for boxing and parts, fittings and accessories for all the aforesaid goods.

Class 40

(2) Rental of equipment for the treatment and transformation of materials, for custom manufacturing of clothing, namely rental of assembly machine equipment, rental of water

treatment equipment, rental of electric clothing pressing machines; custom manufacture of clothing; custom manufacture of sportswear; custom manufacture of footwear and headgear; clothing alterations; custom manufacture of clothing, clothing accessories, namely, clothing buckles, belt buckles, shoe buckles, buttons for clothing, clothing hooks, loops for clothing, eyelets, borders and edgings for clothing, clasps for clothing, and cloth patches for clothing, sportswear, sporting equipment, sporting articles, namely, men's athletic supporters, spring-activated spearguns, waist trimmer exercise belts, springboards, golf ball dispensers, electronic golf ball dispensers, weight lifting belts, footwear, headgear and household utensils, namely, cooking spoons, combs, brushes, except paintbrushes, namely hair brushes, cosmetic brushes, cleaning brushes for household use, brushes for pets, brushes for footwear, cleaning brushes for sports equipment, clothes brushes, tableware, namely serving forks, serving spoons, mixing spoons, nail brushes and shoe horns; dyeing of clothing; recycling of clothing; application of motifs to clothing; applying finishes to clothing.

Class 41

Goods

Class 09

(1) Scientific, optical and teaching apparatus and instruments, namely microscopes, projectors, namely, lcd projectors, multimedia projectors, opaque projectors, overhead projectors, picture projectors, slide projectors and video projectors, projection screens, computer hardware; apparatus for recording, transmission and reproduction of sound and images, namely cameras, video cameras, audiovisual screens, audio CD-ROM players, digital audiotape players, DVD players, analogue to digital audio converters, blank CD-ROMs, blank audio compact discs, blank digital video discs, blank digital audio tapes, audio digitizers, compact discs (audio-video) reproducers, audio processing machines for use with video apparatus; calculating machines; on-line electronic publications, namely texts, newsletters, information sheets downloadable from databases and the Internet; telecommunications apparatus to enable connection to databases and the Internet namely, call processors, fax machines, fibre optic cables, intercoms, mobile phones, modems, optical switches and multiplexers, pagers; computer software to enable searching of data; electronic multimedia publications in the field of manufacturing, electronics, engineering and technology; computer software for enabling interactive educational information web sites relating to engineering and technology; computer software for providing digitally and electronically transmitted

data over networks and via databases; computer software enabling the use of interactive educational content and information relating to manufacturing, electronics, engineering and technology; educational software namely instructional software in the field of manufacturing, electronics, engineering and technology; media content, namely downloadable audio and video files featuring information in the fields of engineering, physics and computer science; blank magnetic data carriers, namely floppy disks, pre-recorded compact discs, CD-Rom/DVD's discs, namely audio discs, compact discs, floppy discs, laser discs and optical discs, tapes, namely audio tapes and video tapes, computer cartridges and cassettes, namely audio cassettes and video cassettes containing books, magazines, newsletters publications, film and photography, all relating to the field of manufacturing, electronics, engineering and technology; pre-recorded videotapes; magnetic cards, namely magnetic encoded cards and cards containing an integrated circuit chip, namely, identification cards with embedded chips, magnetically encoded credit cards, magnetically encoded classroom and lab room key cards, magnetically encoded phone cards and mass transit identification cards, smart cards, namely encoded key cards, namely, encoded identity cards, identification cards with embedded chips and identification smart cards; recorded content, namely pre-recorded cds and dvd's featuring engineering, physics and computer science; podcasts.

Class 16

(2) Paper, cardboard, printed matter, namely, books, exercise books, brochures, greeting cards, magazines, newspapers, and post cards; bookbinding material, photographs; stationery, namely binders, birthday cards, crayons, envelopes, erasers, folders, guest books, printed invitations, labels, note pads, organizers, paper, pens, pencils, postcards, staples, staplers, markers, namely dry erase markers, felt tip markers, fiber-tip markers and highlighting markers, rubber bands, paper clips; adhesives for stationery or household purposes; artists' materials, namely arts and craft paint kits, painting sets for artists, crayons, arts and crafts clay kits, modeling clay, drawing paper, pens, pencils, painting palettes, easels, paint stirrers and paddles, paint trays; paint brushes; typewriters and office requisites, namely adhesive tape dispensers, correcting fluids, paper cutters, paper knives, paper hole punches, desk organizers, telephone indexes, index dividers, index cards and hanging folders; instructional and teaching material, namely books, journals, tutorial books, pamphlets, educational manuals, instructional booklets, compilations of educational materials, newsletters, all of these featuring instruction in relation to manufacturing, electronics, engineering and technology; plastic materials for packaging, namely plastic bags, plastic film, and plastic sheets; printed certificates; printed award certificates; printed publications, namely books, newspapers and journals in the field of manufacturing, electronics, engineering and technology; printed manuals (hand books); diaries; calendars and wall charts, namely wall boards.

Services

Class 41

(1) Educational services, namely providing classes, workshops, seminars, and webinars in the fields of manufacturing, electronics, engineering and technology; providing of training, namely provision of training and guidance for the profession of electrical, electronic, manufacturing and systems engineering and related sciences, training and providing guidance to government bodies and setting standards regarding the field of electrical, electronic, manufacturing and systems engineering and related sciences; provision of correspondence courses in the fields of manufacturing, electronics, engineering and technology; educational examination services, namely the provision of material relating to education courses and examinations by academic institutions and educational authorities; educational examination services, namely providing standardized educational exams for others relating to the field of manufacturing, electronics, engineering and technology; educational examination services, namely the provision of standards for qualifications

for professional electrical, electronics, software, systems and manufacturing engineers; educational examination services, namely the provision of accredited degree courses in subjects relevant to electrical, electronic, manufacturing and information engineering at universities and colleges; educational examination services, namely the provision of accredited professional development schemes for engineering graduates; engineering tuition services; publication of engineering texts; publication of books, magazines, journals and printed matter, namely brochures, greeting cards, newspapers, post cards; library services; publication of educational and teaching materials; organising and conducting award ceremonies; organizing and conducting festivals, conferences, congresses, seminars, workshops, symposia, colloquia and exhibitions for educational, cultural, and entertainment purpose in the fields of manufacturing, electronics, engineering and technology; arranging for students to participate in educational activities, namely providing information, instructions, and consulting to students seeking educational enrichment in the fields of manufacturing, electronics, engineering and technology; organising and conducting educational events in the fields of manufacturing, electronics, engineering and technology; presentation of live performances by scientists, scholars, entrepreneurs and business executives in the field of manufacturing, electronics, engineering and technology; organization of social entertainment events for students, organization of entertainment exhibitions in the field of computer science and organization of art exhibitions for cultural purposes; mentoring the members of the institution of engineering and technology in the field of engineering and technology.

Class 42

(2) Advisory services and providing guidance to the members of the institution of engineering and technology in the field of mechanical engineering, electrical engineering, and technology; provision of scientific and technological information in the field of electrical, electronic, manufacturing and systems engineering and related sciences provided by the Institute of Engineering and Technology to its members; advisory services relating to mechanical engineering and electrical engineering; provision of home pages on computer networks, namely creating of home pages for computer networks for others, and development, design and updating of home pages; provision of information relating to mechanical engineering, electrical engineering and technology over computer networks; engineering design, namely mechanical and electrical engineering design consultancy; scientific research in the field of electrical engineering, physics and computer science; research services in the field of electrical engineering, physics and computer science; scientific and technological services, namely scientific research, analysis, and providing reports in the fields of electrical engineering, physics and computer science; design and development of products in the field of electrical engineering, physics and computer science.

Trademark Type

Standard Characters

Goods

Class 09

Downloadable electronic publications, namely, reports, presentations, white papers, and documents in the fields of business, business strategy, post-merger integration, business management strategy, business research and surveys, marketing, market research, analysis, and intelligence, market research studies, business and market research surveys, consumer trends and behavior, advertising, business operations and business process optimization, product and service pricing and channel positioning, product and service sales strategy, mergers, acquisitions, and other business transactions, data modeling, and data analytics, and development of data science and statistical models informing business performance and trends, investments, private equity, capital markets, and financial valuation of assets, telecommunications, television, radio, internet, and digital broadcasting, news, and media and sports entertainment, telecommunications technology, information technology, business, media, and digital technology, content distribution technology, telecommunications and cloud infrastructures, software and software as a service (saas), software design, development, and deployment, and new product design.

Services

Class 38

(1) Telecommunications consultation, namely, consultation regarding television, radio, internet, digital broadcasting, telecommunications networks in the nature of telephone networks, radio and television networks, the internet, global computer networks, satellite networks, cellular networks, and optical networks, telecommunications equipment in the nature of intercom stations, radios, radio antennas, radio transmitters, radio frequency adapters, radio frequency mixers, microphones, audio and video mixing desks, network routers, wireless routers, electric converters, frequency converters, audio and video receivers, radio receivers, telecommunications protocols and standards for interoperability between telephone networks, radio and television networks, the internet, global computer networks, satellite networks, cellular networks, and optical networks, internet and broadband technologies equipment, namely, telecommunications base station equipment for cellular and fixed networking and communications applications and

telecommunications service providers in the nature of television, radio, and internet carrier services provided by means of fibre optic cables, telephone lines, radio and microwave transmission, satellite transmission and digital broadcasters; television, radio, internet, and digital broadcasting consultation; providing information in the fields of telecommunications, namely, television, radio, internet, and digital broadcasting, telecommunications networks in the nature of telephone networks, radio and television networks, the internet, global computer networks, satellite networks, cellular networks, and optical networks, telecommunications equipment in the nature of intercom stations, radios, radio antennas, radio transmitters, radio frequency adapters, radio frequency mixers, microphones, audio and video mixing desks, network routers, wireless routers, electric converters, frequency converters, audio and video receivers, radio receivers, telecommunications protocols and standards for interoperability between telephone networks, radio and television networks, the internet, global computer networks, satellite networks, cellular networks, and optical networks, internet and broadband technologies equipment, namely, telecommunications base station equipment for cellular and fixed networking and communications applications and telecommunications service providers in the nature of television, radio, and internet carrier services provided by means of fibre optic cables, telephone lines, radio and microwave transmission, satellite transmission and digital broadcasters.

Class 41

(2) Consultation in the fields of news, and media and sports entertainment; providing information in the fields of news, and media and sports entertainment; providing online non-downloadable digital publications in the nature of reports, presentations, and white papers in the fields of business strategy, post-merger integration, business management strategy, business research and surveys, marketing, market research, analysis, and intelligence, market research studies, business and market research surveys, consumer trends and behavior, advertising, business operations and business process optimization, product and service pricing and channel positioning, product and service sales strategy, business mergers, acquisitions, and business transactions in the nature of asset swaps, post-merger integration, and transactions involving corporate restructuring, corporate sales and business valuation, data modeling, and data analytics, and development of data science and statistical models informing business performance and trends, investments, private equity, capital markets, and financial valuation of assets, telecommunications, namely, television, radio, internet, and digital broadcasting, news, and media and sports entertainment, telecommunications networks in the nature of telephone networks, radio and television networks, the internet, global computer networks, satellite networks, cellular networks, and optical networks, telecommunications equipment in the nature of intercom stations, radios, radio antennas, radio transmitters, radio frequency adapters, radio frequency mixers, microphones, audio and video mixing desks, network routers, wireless routers, electric converters, frequency converters, audio and video receivers, radio receivers, telecommunications protocols and standards for interoperability between telephone networks, radio and television networks, the internet, global computer networks, satellite networks, cellular networks, and optical networks, internet and broadband technologies equipment, namely, telecommunications base station equipment for cellular and fixed networking and communications applications and telecommunications service providers in the nature of television, radio, and internet carrier services provided by means of fibre optic cables, telephone lines, radio and microwave transmission, satellite transmission and digital broadcasters, business management consultancy in the field of information technology, media, and digital technology, content distribution technology, telecommunication services, namely, transmission of voice, images, graphics, audio, and video, over the internet and via wireless and cellular networks, software design, development, and deployment, and new product design.

Class 42

(3) Technology consultation, planning, research, and development in the fields of telecommunications, information technology, business, media, digital technology, and content distribution consisting of technological strategic planning, assessment, auditing, consulting and implementation services provided to individuals, businesses, and organizations relating to computer technology and software development, computer system integration, data integration, data migration and cloud automation, digital transformation, design and integration of digital infrastructure for businesses, project management in the field of digital transformation for businesses, and cybersecurity risk assessment and protection, and information, advisory and consultancy relating to the aforesaid; research, design, and development of telecommunications and cloud infrastructures; consulting services in the fields of software and software as a service (SAAS); software design, development, and deployment consulting; new product design services; providing information in the fields of telecommunications technology, information technology, business, media, and digital technology, content distribution technology, telecommunications consisting of technological strategic planning, assessment, auditing, consulting and implementation services provided to individuals, businesses, and organizations relating to computer technology and software development, computer system integration, data integration, data migration and cloud automation, digital transformation, design and integration of digital infrastructure for businesses, project management in the field of digital transformation for businesses, and cybersecurity risk assessment and protection, and cloud infrastructures, software and software as a service (SAAS), software design, development, and deployment, and new product design; software as a service (SAAS) services featuring software for telecommunications operators and investors to plan, design, sell, market, and engineer telecommunications networks, namely, wired and wireless communications networks; software as a service (SAAS) services featuring software for the design, development, deployment, analysis, and optimization of multi-access edge computing network architecture.

OneProtek

Colour Claim

Colour is claimed as a feature of the trademark. The word "OneProtek" is blue and grey, where the letters "One" are grey and the letters "Protek" are blue. The shield is divided into two symmetrical parts. Two colours are used for the outline of the shield, half of it being grey and the other half being blue. The inner part of the shield appears in a solid blue colour and the other half is empty, showing no colour. The white in the shield represents the background outline, the shading and/or the transparent areas, and does not form part of the mark.

Goods

Class 09

(1) Protective respiratory masks for industrial use; dust masks; protective respiratory masks with toxic particle filters; filters for respiratory masks; anti-pollution masks for respiratory protection; filters for respiratory masks for non-medical use; oxygen masks, other than for medical use; infrared thermometers; laboratory thermometers; household thermometers; digital thermometers, other than for medical use; infrared thermometers, other than for medical use; safety goggles; laboratory disposable gloves; laboratory disposable latex gloves; laboratory disposable plastic

gloves; gloves for protection against accidents; gloves for protection against injury, for industrial use; safety gloves for protection against accidents or injury; suits for protection against accidents and injury.

Class 10

(2) Respiratory masks for medical use; respiratory masks for surgical use; sanitary masks for medical use; masks for use by medical personnel; sanitary dust masks for medical use; sanitary masks for medical use; artificial respiratory masks and equipment; protective nose masks for medical use; protective nose masks for veterinary use; protective mouth masks for medical use; protective nose masks for dental use; protective mouth masks for veterinary use; protective face masks for dental use; protective respiratory masks for medical use; protective mouth masks for dental use; surgical masks with high flow filters; facial masks for medical use; antibacterial protective masks for medical use; protective respiratory masks for surgical use; protective masks for use by medical personnel; protective masks for dental personnel; protective face masks for medical use; face masks for surgical use; therapeutic facial masks; protective respiratory masks for artificial respiration; inserts [medical instruments] for respiratory masks for surgical use; inserts [medical instruments] for respiratory masks for medical use; masks for protection against toxic substances for medical use; masks for protection against toxic substances for surgical use; sanitary masks for protection against dust for medical use; protective respiratory masks made of non-woven materials for medical use; protective respiratory masks made of non-woven materials for surgical use; medical thermometers; ear thermometers; thermometers for medical use; fever thermometers; electronic thermometers for medical use; digital thermometers for medical use; infrared thermometers for medical use; optical thermometers for medical examinations; protective face shields for dental use; protective face shields for veterinary use; protective face shields for surgical use; protective face shields for medical use; surgical gloves; gloves for medical use; gloves for medical examinations; gloves for dental use; gloves for veterinary use; disposable gloves for veterinary use; disposable gloves for surgical use; protective gloves for medical use; protective gloves for veterinary use; examination gloves for medical use; gloves for use during surgical operations; latex gloves for medical use; rubber gloves for medical use; latex gloves for surgical use; rubber gloves for surgical use; latex gloves for dental use; latex gloves for veterinary use; protective gloves for use in surgical procedures; protective gloves for dental personnel; disposable protective gloves for medical use; protective gloves for medical personnel; latex examination gloves for medical use; gloves for medical use in hospitals; surgical gowns; surgical operating gowns; gowns for surgical use; hospital gowns; disposable patient examination gowns; surgical caps; disposable surgical caps; reusable surgical caps; protective hair caps for medical professionals; protective hair caps for veterinarians; clothing, headwear and footwear, namely disposable protective clothing for medical use, special clothing for operating rooms, sterilized clothing for surgical use, disposable protective footwear for medical use; orthopedic apparatus and support apparatus, for medical use, namely orthopedic braces and orthopedic soles.

Standard Characters

Goods

Class 09

Downloadable software, namely software applications for the installation and management of computer software, software applications for enterprise workforce management for employee task assignment and scheduling, for communication with employees, for tracking employee work time, employee location, employee attendance and employee qualifications, and for storing and analyzing employee personal information and qualifications, business asset management, the procurement management of goods and services in the nature of arranging procurement of goods and services for others, capital budget management in the nature of preparing budgets and monitoring budgets, safety inspection management for industrial equipment and maintenance thereof, business project management, business contract management, occupational health and safety management, and financial data administration and financial reporting thereof, all the aforementioned software including instructional user manuals thereof in electronic format sold as units

Services

Class 42

Providing computer services, namely software as a service (SaaS) featuring software for computer software installation management, enterprise workforce management for employee task assignment and scheduling, for communication with employees, for tracking employee work time, employee location, employee attendance and employee qualifications, and for storing and analyzing employee personal information and qualifications, business asset management, the procurement management of goods and services in the nature of arranging procurement of goods and services for others, capital management in the nature of preparing budgets and monitoring budgets, safety inspection management for industrial equipment and maintenance thereof, business project management, business contract management, occupational health and safety management, and financial data administration and financial reporting thereof; hosting services, namely, maintaining and hosting of web sites; rental of computer software; computer technical

support services, namely troubleshooting of computer software problems, help desk services for IT infrastructure, and monitoring technological functions of computer network systems; computer software design; installation, configuration and maintenance of software; consulting services in the field of software

Goods

Class 06

(1) Chains, of metal; doors, gates, windows and window coverings of metal; unwrought or semi-wrought common metals; metal signs, and information and advertising displays, namely non-luminous and non-mechanical metal signs for decoration, non-luminous and non-mechanical road signs of metal, and non-luminous and non-mechanical warning signs of metal; statues and works of art of common metals; dispensers, of metal, namely fixed towel dispensers of metal and fixed toilet paper dispensers of metal; metal branching pipes, metal drain pipes, metal drill pipes for use in well boring, metal gutter pipes, metal penstock pipes, metal pipes for liquid and gas transfer, metal sewer pipes, metal water pipes, pipes of metal for central heating installations, metal tubes for machinery, metal tubes for drainage, metal tubes for central heating installations, metal tubes for gas transfer, metal tubes for water, squeeze tubes of metal, seamless tubes of metal for the oil and gas industry, collapsible tubes of metal, industrial metal hoses for machinery, and fittings therefor, namely manually operated ball valves of metal, manually operated butterfly valves of metal, and manually operated diaphragm sampling valves of metal; ladders and scaffolding, of metal.

Class 07

(2) Food and beverage processing machines, namely cereal processing machines, machines for processing condensed milk, machines for processing edible kelp, machines for processing fruit pulp, machines for processing fruits, machines for processing vegetables, meat processing machines, tea processing machines; food and beverage preparation machines and apparatus, namely, electric food processors and electric blenders for drink preparation, beer pumps, electric multifunctional food blenders, beer pumps, mash tuns for brewing beer, electric juicers, and electric multifunctional coffee blenders; sweeping machines, namely electric carpet sweepers; cleaning machines, namely, carpet cleaning machines, steam cleaning machines in the nature of steam mops, dry-cleaning machines, machines for cleaning surfaces using high pressure water, robotic vacuum cleaners, floor cleaning machines, and dishwashers; washing machines; machines and machine tools for treatment of materials and for manufacturing, namely power operated paint sprayers, power operated sprayers for de-icing aircraft, power operated sprayers for insecticides, mechanical concrete mixing machines, mechanical rubber mixing machines, wrapping machines, metalworking machines, digital printing machines for the textile industry, industrial label printing machines, 3D printing machines for use in the food industry, steam cleaning machines, electric parquet wax-polishers; cutting, drilling, abrading, sharpening and surface treatment machines and apparatus, namely, bread cutting machines, coal-cutting machines, cutting machines for metalworking, die-cutting machines, dimension stone cutting machines, dough cutting machines, fabric cutting machines, fiber cutting machines, fodder cutting machines, food cutting machines for commercial use, glass cutting machines, metal cutting machines, drilling machines for metalworking, hole drilling machines for seeding or planting, laser drilling machines for stone working, column drilling machines, deep hole drilling machines, well drilling machines, wood drilling machines, abrading machines, drill sharpening machines, knife sharpening machines, ski sharpening machines, skate blade sharpening machines; surface treatment machines, namely, knife cleaning machines using ultrasound or blue light; electric food blenders for household purposes; water heaters [parts of machines]; motors, other than for land vehicles, namely airplane motors, boat motors, direct current motors, electric motors for machines, electric motors for refrigerators, electric motors for toys, elevator motors, motors for model vehicles, motors for the generation of electricity, power tool motors, and servo motors; machine coupling and transmission components (except for land vehicles); incubators for eggs; steam traps; ironing machines for household and commercial use and laundry presses; filtering centrifuges; sewing machines for textiles and leather; vending machines.

Class 08

(3) Hand tools; hand-operated implements, namely flat irons, non-electric can openers, non-electric cheese slicers, non-electric pizza cutters, manually-operated razor blade sharpeners; cutlery, kitchen knives; cutlery; razors; shavers; hand-operated hygienic and beauty implements for humans and animals, namely hair clippers and trimmers; manicure and pedicure tools; hair styling appliances, namely hair cutting scissors, hairdressing scissors, electric and non-electric hair straightening irons, electric hair curling irons, electric hair crimpers, electric hair styling irons; hand tools for construction, repair and maintenance; cutting, drilling, grinding, sharpening and surface treatment hand tools, namely, kitchen knives, hand-operated hand drills, hand-operated percussion hammer drills, knife sharpeners, hand-pumped sprayers for spraying chemicals to treat surfaces; gardening tools.

Class 09

(4) Surveying instruments; photographic apparatus and instruments, namely bags for cameras and photographic equipment, camera lens adapters, drainers for use in photography, flash lamps for

photography, photographic exposure meters, photographic filters, photographic flash units for cameras, photographic flashbulbs, photographic lenses, photographic negatives, photographic projectors, photographic racks, photographic slides, photographic transparencies, photographic viewfinders, photography darkroom lamps, photography projectors, photography reflectors, ring lights for use in photography, shutter releases for photography, shutters for photography, spools for photography, tripods for cameras, underwater enclosures for photographic flash units, and washing trays for photography; weighing apparatus and instruments, namely architect's scales, baby scales, bariatric scales, body fat scales for household use, hanging scales for weighing fish, kitchen scales, laboratory scales and balances, letter scales, lever scales, luggage scales, medical scales, paint weighing scales, personal weighing scales, pocket scales, refrigerant scales, scales with body mass analysers, truck scales, weights for use with weighing scales, and weighbridges; measuring devices, namely meat thermometers, chess timers, electronic timers, kitchen timers, self-timers for cameras; inspecting apparatus and instruments, namely, hygrometers; apparatus, instruments and cables for electricity, namely, electric cables, electric current switches, electric flasher switches, electric light switches, electric power switches, electric rotary switches, electric tactile switches, electric toggle switches, electrical power door lock switches for motor vehicles, electrical power window switches for motor vehicles, electrical switches for activating and deactivating vehicle airbags, electric wires, electric thermostats, electric timers, electric acceleration sensors, electric distance sensors, electric fire sensors, electric gas sensors, electric heat sensors, electric humidity sensors, electric motion sensors, electric capacitors, gender changers in the nature of electric adapters; apparatus and instruments for accumulating and storing electricity, namely accumulators being electrical storage batteries; apparatus and instruments for controlling electricity, namely voltage regulators, electricity limiters; data loggers and recorders; measuring, detecting, monitoring and controlling devices, namely smoke detectors, fire detectors, heat detectors, combustible gas concentration detectors, filling level detectors for liquids, burglar alarm monitoring systems, fire alarm monitoring systems, gas leak alarm monitoring systems; apparatus for transmitting sound, data or images, namely radio transmitters, satellite transmitters, and audio speakers; television broadcasting equipment, namely, transmitters, amplifiers, television cameras and monitors, camcorders, and video teleprompters; apparatus and instruments for reproducing of data, namely televisions, radios, computers, tablet computers and mobile phones; cash registers; calculating machines; fire extinguishers; computer hardware for data processing; electrical and mechanical accessories for data processing equipment namely, optical disc readers, optical scanners, fiber optical couplers, interface cards for data processing apparatus in the form of printed circuits; information technology and audio-visual, multimedia and photographic devices, namely cameras, video projectors, picture projectors, video surveillance cameras, karaoke machines, inspection cameras; computers and computer hardware; alarms and warning equipment, namely electronic fire alarms, alarm sensors for washing machines to detect water levels; electrical and electronic components, namely electronic components for integrated circuit cards, circulators; antennas and aerials as communications apparatus, namely antennas for television, car antennas, cell phone antennas, dish antennas, graphene antennas, microwave antennas, parabolic antennas, radar antennas, radio antennas, satellite antennas, car aerials, dish aerials, parabolic aerials, radio aerials, satellite aerials, and television aerials; antennas sold as integral component parts of computers and radios; computer peripheral devices, namely, digital cameras, computer keyboards, modems, computer mice, computer printers, computer scanners, computer speakers, and video recorders; display devices, namely computer display monitors, computer display screens, electronic paper displays, electronic LED displays, electronic QLED displays, electronic display boards, liquid crystal display [LCD] panels, touch sensitive computer display and control screens; television receivers; electric cables and wires; photovoltaic solar modules and photovoltaic solar panels for generating electricity; computer software for database

management; computer gaming software; media content, namely, custom downloadable press releases for others; glasses, sunglasses and contact lenses.

Class 10

(5) Massage apparatus, namely body massagers, electric massage guns, facial massagers, foot massagers, gum massagers, massage balls, massage beds for medical purposes, massage chairs, massage gloves, massage mats with built-in massage apparatus, massage mitts, massage rollers, massage sticks, massage stones, scalp massagers, shiatsu massage belts, shiatsu massage pillows, vibrating massage seat cushions, and vibrators massagers; feeding aids, namely baby bottles, nursing bottles, baby bottle nipples, baby feeding bottles; pacifiers for babies.

Class 11

(6) Lighting apparatuses, namely lighting fixtures; heating apparatus and installations, namely solid fuel burning stoves, aquarium heaters, gas fires, electric radiators, electric space heaters, fan heaters, air heaters for vehicles, air heaters for household purposes, water heaters, dish heaters, electric heaters for baby bottles, induction water heaters, electric radiant heaters; steam generating installations; steam generators; cooking apparatus and installations, namely cooking ovens for household purposes, cooking stoves, cooking grills, cooking rings for electric cooktops, electric griddles, air fryers, food dehydrators, ice cream makers, electric food steamers, range hoods, table-top electric raclette grills, electric fondue pots; sanitary installations, water supply and sanitation equipment, namely water purifiers for household purposes, water purifiers for industrial purposes, and disinfectant dispensers for washrooms namely electric deodorizing units containing ozone sanitizer; decorative electric lighting apparatus, namely light panels; cooking, heating, cooling and preservation equipment, for food and beverages, namely electric beverage coolers; flues and installations for conveying exhaust gases, namely chimney flues, extractor hoods for kitchens; igniters, namely friction lighters for igniting gas, oven gas igniters, pulse igniters for gas stoves; personal heating and drying implements, namely dehumidifiers, tumble dryers for laundry use, hair dryers; burners, boilers and heaters, namely barbecue burners, laboratory burners, lamp burners, oil burners, oven burners, electric boilers, patio heaters, and sauna heaters; industrial treatment installations, namely heating boilers, gas-burners; sterilization, disinfection and decontamination equipment, namely baby bottle sterilizers, book sterilizers, dish sterilizers, milk sterilizers, shoe sterilizers for household purposes, steam sterilizers for laboratory use, sterilizers for toothbrushes, sterilizers for waste treatment, ultrasonic sterilizers for household purposes, water sterilizers, and ultraviolet water disinfection devices; refrigerating and freezing equipment, namely refrigerators, freezers, electric wine coolers, and wine refrigerators; heating, ventilating, and air conditioning and purification equipment, namely ventilating fans, and ventilation hoods; water purification, desalination and conditioning installations, namely water purification machines for domestic use, waste water purification units, desalination units, and water conditioning units; air treatment equipment, namely, air purifying units for commercial use, air purifying units for industrial purposes, air purifying units for medical use, air purifying machines for household purposes, botanical air purifying units, portable air purifying units, wearable air purifying units, air ionizers, air conditioners; vehicle HVAC systems (heating, ventilation and air conditioning); filters for industrial and household use, in particular, air conditioning filters, filters for drinking water, water faucet filters, tea filters not of paper being parts of electric tea kettles; filters for industrial and household use, in particular, coffee filters not of paper being part of electric coffee makers; filters for industrial and household use, in particular dust filters, filters for fume extractors, and filters for gas extractors, all being parts for air sterilizers; filters for industrial and household use, in particular filters for use with lighting, water filters for swimming pools, filters being parts of ice-making machines, air filters for use with industrial and household butane cooking torches, filters for waste gas purification, grease filters being parts of cooking stoves, and air filters being parts of air

purifiers used in ventilating systems for residential and commercial buildings; filters for industrial and household heating installations, in particular, magnetic air filters being parts of central heating systems; electro-chemical flue gas scrubbing machines and gas purification machines; sun tanning appliances, namely tanning beds, tanning booths and tanning lamps, sun tanning beds with built-in ultra-violet lamps; steam baths, saunas and spas; sanitary and bathroom installations and plumbing fixtures, namely faucets; fireplaces; decorative fountains, decorative sprinkler and irrigation systems primarily comprised of sprinkler heads for irrigation sprinklers; vehicle lighting and light reflectors for vehicles.

Class 14

(7) Statues and figurines, made of or coated with precious or semi-precious metals or stones, or imitations thereof; clocks; time instruments, namely timepieces; chronometric apparatus, namely chronometers, stopwatches, and watch winders; jewellery boxes and watch boxes.

Class 15

(8) String instruments; keyboard instruments; electric guitars; electronic musical keyboards.

Class 18

(9) Leather and imitations of leather; cases of leather or leather board; straps for soldiers' equipment; trimmings of leather for furniture; furniture coverings of leather; umbrellas and parasols; saddlery, whips and apparel for animals; walking sticks; boxes made of leather; luggage, wallets and carrying bags; bags, namely handbags, toiletry bags sold empty, travelling bags, backpacks, cosmetic bags sold empty; collars for animals; leads for animals; covers for animals, namely clothing and blankets for animals.

Class 19

(10) Porches of wood, plastic, and vinyl for use as outdoor kitchens; building and construction materials and elements made of sand, stone, rock, clay, minerals and concrete, namely building sand, building stone, rocks being building stone, clay slabs, non-metallic minerals for building, concrete walls for building; doors, gates, windows and window coverings, not of metal, namely, fibreglass window shutters, plastic window shutters, vinyl window shutters, and wood window shutters; building and construction materials and elements, not of metal, namely concrete, sand, stone, non-metallic minerals, clay; statues and works of art made of materials such as stone, concrete and marble, included in the class; rocks being stones, clay ash and non-metallic minerals for building and construction purposes; building and construction materials and elements made of wood and artificial wood, namely, semi-worked wood, wood beams, floor panels, and wood flooring; materials not of metal for building and construction, namely glass, timber, stone, sand, gypsum, ceramic tiles, plastic framework, plastic linings, plastic mouldings, plastic tubes, and plastic tiles.

Class 20

(11) Non-metallic furniture fittings; general purpose storage containers not of metal, and closures and holders for containers, non-metallic; barrels and casks, non-metallic; animal housing, namely, kennels for household pets; animal beds; beds, bedding, mattresses, pillows and cushions; wood crates; pallets, non-metallic; non-metallic baskets, namely hand-held supermarket baskets, not of metal, for transporting goods for commercial purposes; statues, figurines, works of art and ornaments and decorations, made of materials such as wood, wax, plaster or plastic, included in the class; rattan; non-metal display stands; non-metal signage, namely, plastic signboards, wooden signboards, inflatable plastic signs, and printed vinyl signs; mirrors (silvered glass); general purpose storage bins, not of metal; bedroom furniture, dining room furniture, kitchen furniture, living room furniture, office furniture and garden furniture; picture frames; dish cabinets;

indoor blinds, and fittings for curtains and indoor blinds; letter boxes, non-metallic; bathroom furniture; mooring buoys, non-metallic; non-metallic keys, namely plastic door and window hardware in the nature of keys; door, gate and window fittings, non-metallic; plastic valves for water control, and steam control; non-metallic cable fasteners, connectors and holders, namely non-metal cable clips and cable clamps; non-metallic pipe fasteners, connectors and holders, namely non-metal pipe clips and pipe collars; clothes hangers; furniture, namely, clothes stands in the nature of display racks for clothing; non-metal clothes hooks; closures for containers, non-metallic; coffins and funerary urns; mannequins and tailors' dummies; ladders and movable steps, non-metallic.

Class 21

(12) Household or kitchen utensils, namely barbecue tongs, bread tongs, ice tongs, meat tongs, pastry tongs, salad tongs, serving tongs, snail tongs, spaghetti tongs, sugar tongs, vegetable tongs, insulated gloves for the kitchen, cooking sieves and sifters, kitchen graters, dishes, baking trays, crumb trays, cutlery trays, ice cube trays, litter trays for pets, meal trays, paper trays, serving trays, valet trays, laundry hampers, tumble dryer balls, non-electric ice crushers, non-electric food blenders for household purposes, manual egg beaters, non-electric fruit presses for household purposes, non-electric meat cutting machines, paper towel dispensers, kitchen holders for paper towels, food storage containers; containers for household or kitchen use, namely all-purpose portable household containers, baking containers, beverage containers, compost containers for household use, containers for paper for baking, containers of plastic for growing plants, disposable aluminium foil containers for household purposes, garbage containers, household containers for storing and organizing make-up, pail containers, soap containers, and storage containers for pet food; cosmetic and toilet utensils, namely cosmetic brushes, cosmetic sponges, cosmetic spatulas, cosmetic sponge applicators, cosmetic containers, cosmetic dispensers, cosmetic racks; household utensils for cleaning, brushes, namely cleaning brushes for household use; cleaning articles, namely plastic-based cleaning pads, pads of metal for cleaning, cleaning pads for spectacle lenses, kitchen cleaning sponges, chamois leather for cleaning; brushes, namely, kitchen scrubbing brushes; hair combs, combs for cleaning paint brushes; sponges for household use, namely scouring sponges, scrub sponges, bath sponges, car washing sponges, toilet sponges, and toiletry sponges; unworked and semi-worked glass, not specified for use; beverage glassware; porcelain mugs and dinnerware; earthenware; dustbins; tableware, namely coffee services, tea services, and dishes; cookware; containers for ice, plastic storage containers for household or kitchen use; statues, figurines, plaques and works of art, made of materials such as porcelain, terra-cotta or glass, included in the class; dental cleaning articles, namely toothbrushes; watering devices, namely automatic pet waterers, sprinklers for watering flowers and plants; window-boxes; flower pots; watering cans; vases; bird baths; indoor aquaria and indoor insect vivaria; toilet and bathroom cleaning utensils, namely toilet brushes.

Class 22

(13) Ropes and strings; nets, namely commercial nets, fitted nets, garden nets, nets for shading; tarpaulins, awnings, tents, and unfitted vehicle covers; sails; raw textile fibers; non-metal slings for loading, non-metallic bands for wrapping or binding; hammocks; bags and sacks for the transportation and storage of materials in bulk; padding and stuffing materials, namely animal hair for stuffing and padding purposes, artificial animal hair for stuffing and padding purposes, cotton flock for padding and stuffing, cotton waste for padding and stuffing, soy foam for padding and stuffing, wadding for padding and stuffing.

Class 24

(14) Curtains; textiles and substitutes for textiles, namely towels of textile, blankets, bed linen; furniture coverings of textile, unfitted coverings of plastic for furniture; textile material, namely fabric made of denim, canvas, cotton, flannel, jersey, wool, crepe, gauze, jute, rayon, viscose, polyester, nylon; linens, namely, linen fabric; kitchen and table linens; wall hangings of textiles; filtering materials of textile containing cellulose fibres, namely filtering cloth fabrics in the nature of cheese cloth, gauze fabric, and coffee filtering cloth; textiles for household use, namely textiles for carpets, textiles for furniture, coasters of textile, covers of textile for toilet seats, curtain holders of textile material, and shower curtains of textile; bed linen and blankets.

Services

Class 35

(1) Online retail and retail store services for burglar, fire and gas leak alarm systems, video surveillance cameras, intercoms, mobile applications and software for the control, monitoring and remote control of home devices, facilities management software for controlling access to buildings and security systems, electronic access control systems for interlocking doors, biometric sensors for access control systems, temperature monitors for industrial and household use, water level sensors, gas detectors, magnetic bracelets for medical use and nurse call systems for hospitals.

Class 37

(2) Advisory services for the installation of security systems in homes and commercial buildings; installation of security systems in homes and commercial buildings; troubleshooting in the form of the repair and maintenance of security systems in homes and commercial buildings.

Class 42

(3) Inspection of alarm systems.

Class 45

(4) Security inspection services for others in the nature of the inspection of commercial and residential buildings related to security, for the protection of property and individuals; remote monitoring of security systems in homes and commercial buildings; provision of information in the field of security, for protection of tangible property and individuals, via an online blog.

Colour Claim

Colour is claimed as a feature of the trademark. The word ZAHR in English and Arabic are in yellow. The word BUSTAN in English and Arabic are in white. The upper parts of the leaves are in green and the bottom parts are in dark green. The landscape designs on the leaves are in light green. The leaves have a bottom shadow in shades of gold.

Foreign Character Translation

The translation provided by the applicant of the words ZAHR BUSTAN are FLOWER GARDEN.

Foreign Character Transliteration

The transliteration provided by the applicant of the Arabic characters are ZAHR BUSTAN.

Goods

Class 29

(1) Apricot jam; apricot jam with whole fruits; fig jam; fig jam with whole fruits; strawberry jam; strawberry jam with whole fruits; mulberry jam; cherry jam; orange jam; eggplant jam; pumpkin jam; pear jam; bitter orange jam; peach jam; citron jam; plum jam; bommali jam; lemon jam; quince jam; apple jam with whole fruits; peach khoshaf; pear khoshaf; apricot khoshaf; cherry khoshaf; fruit salads; dried fruit; dried jams with whole fruits; dried apricot paste (kamaruddin); orange curd; orange oil for culinary purposes; dried ground bitter oranges; date seed oil for food; dried dates; dried figs; dates processed; tahini [sesame seed paste]; tomato paste; pickled cucumbers; pickled wild cucumbers; pickled eggplants; pickled whole turnips; pickled peppers; pickled mixed vegetables; makdous; canned olives; canned processed olives; cocktail olives; dried olives; olive pastes; olive purée; olives stuffed with almonds; olives stuffed with feta cheese in sunflower oil; olives stuffed with pesto in sunflower oil; preserved olives; processed olive puree; tinned olives; olive salad; canned sliced olives; dried sliced olives; preserved sliced olives; tinned sliced olives; olives stuffed with carrots; olives stuffed with peppers; olives stuffed with thyme; olives stuffed with lemon; mix stuffed olives; olive oils; falafel; thyme; vine leave rolls stuffed with rice; moussaka;

baba ghannouge; mutabal eggplant dip; canned fava beans; dried fava beans; preserved fava beans; dried chick peas; hummus chick pea paste; labneh; pasteurized cheese; shanklish; okra, dried; dried vegetables; edible dried flowers of the mallow plant; dried lentils; lentils, preserved.

Class 30

(2) Tahini halva with pistachio; tahini halva; ghazel el banat; tahini halva with chocolate; chocolate spreads; raha soft candy sugar; pomegranate molasses; ketchup; date molasses; liquid date molasses; liquid grape molasses; grape molasses; carob molasses; pizza sauce; hot sauce; apple vinegar; grape vinegar; white vinegar; mediterranean bread stick; nougat (man wa salwa); thyme, dried; groats for human food; dried leaves and flowers of the mallow plant for making herbal teas; dried leaves and flowers of the mallow plant for cooking purposes; red pepper paste; orange blossom water for culinary purposes; rose water for culinary purpose.

Class 31

(3) Fresh grape leaves; fresh green peas; fresh truffles; fresh artichokes; fresh edible mushrooms; fresh mushrooms; unprocessed mushrooms; fresh mallow plant; fresh red kidney beans; fresh okras; green wheat (freekeh); groats for poultry; fresh lentils; corn, unprocessed; fresh baby corn; sweet corn, unprocessed; unprocessed sweet corn; fresh thyme; dried flowers of the mallow plant for decoration; dried mallow plant for decoration.

Class 32

(4) Orange blossom flavoured water; rose flavoured water; mulberry syrup for beverages; strawberry syrup for beverages; mint syrup for beverages; pomegranate syrup for beverages; cherry syrup for beverages; tamarind syrup for beverages; kamaruddin (apricot fruit leather) based syrup for beverages; jallab syrup for beverages; rose syrup for beverages; orange syrup for beverages; licorice root drink (erk sous); lemon juice for use in the preparation of beverages; grape juice for use in the preparation of beverages.

Goods

Class 01

(1) Chemical preparations for use in industry, namely, chemical cleaning agents for use in industrial processes; chemical additives for use in the production of fuels; chemical additives for diesel fuels; chemical preparations for use as additive to fuels for improving combustion; doping compounds for use in the manufacture of semiconductors; chemicals for use in metalworking; chemical additives for ore floatation; alkaline metals; earth metals, namely, alkaline-earth metals; metal chlorides; copper chemicals; rhenium; rhenium metal; ammonium perrhenate; silicon; molybdic acid; ammonium molybdate; sodium molybdate; selenium; sulfuric acid; rock salt; salt, raw; salts of metals; salts of alkaline metals; salts from rare earth metals.

Class 06

(2) Common metals, unwrought or semi-wrought; ores of metal; processed metal ores; alloys of metal; brass, unwrought or semi-wrought; molybdenum; molybdenum ores; nickel; lead and its alloys; lead ores; lead, unwrought or semi-wrought; cobalt, raw; iron; copper ores; copper ingots; copper-base alloy ingots; copper strip; wire rod; metal bars for further manufacture; unwrought or semi-wrought common metals; cold rolled sheet metal; drawn and polished metal bars for further manufacture; copper panels for the manufacture of circuit boards; anchoring devices of metal; anchor bushings of metal; anchors of metal; copper tubes, other than parts of machines; tubes of copper alloys, namely, branching pipes of copper alloys; reinforcing materials of metal for building; alloy steel scraps; low copper carbon-steel scraps; cables of metal, non-electric.

Class 14

(3) Precious metals; processed or semi-processed precious metals; alloys of precious metal; ingots of precious metals; silver; silver and its alloys; unwrought silver; silver, unwrought or beaten; silver bullion; unwrought silver alloys; gold; gold, unwrought or beaten; gold alloys; gold alloy ingots; gold ingots; copper tokens; ornaments, made of or coated with precious or semi-precious metals or stones, or imitations thereof; wire of precious metal [jewelry]; precious and semi-precious stones; palladium; palladium and its alloys; platinum and its alloys.

Services

Class 35

(1) Business assistance, management and administrative services; business management in the field of transport and delivery; providing assistance in the field of business management and planning; industrial management consultation including cost/yield analyses; arranging of commercial and business contacts; negotiation and conclusion of commercial transactions for third parties; advertising services and marketing services for promoting the goods and services of others in the field of the oil, gas and mining industries; sales administration; import and export agency services; arranging of contracts for the purchase and sale of goods and services, for others; organisation of exhibitions and trade fairs for business and promotional purposes in the field of the oil, gas and mining industries; wholesale and retail sales services in the field of alkali metal salts, metals and metallic ores, copper, rhenium, silica, molybdenum, gold, silver, salts, copper products, namely copper granules, copper ingots, copper tokens, copper strip, copper pipes and tubes, copper sheets, copper panels for circuit boards, semi-finished articles of copper or its alloys, jewelry, goods of precious metal, namely ingots of precious metals, silver and gold granules, silver and gold ingots, wire of metal, jewellery of precious metal, jewellery coated with precious metal alloys, precious stones, medals, coins, cutlery, made of or coated with precious metals, wire and ducting, copper cathodes, wire rod, copper wire; wholesale and retail sales services in the field of solid fuels, liquid fuels, gaseous fuels and explosives.

Class 37

(2) Building construction and building demolition; building construction supervision; construction of buildings and other structures; civil engineering construction; construction of railways; underground construction; installation of concrete forming systems; construction of tunnels; construction of underground shafts; drilling for oil and gas; rock drilling; tunnelling; excavation of underground tanks; rock blasting; grout reinforcement for mines; grout reinforcement for tunnels; soil stabilisation in the nature of road construction and maintenance; rock anchoring; mining extraction; mining for precious metals; mining extraction; mining of non-ferrous metal ore; construction and mining machinery installation, maintenance and repair; repair of heavy machinery; repair or maintenance of industrial furnaces; repair or maintenance of metalworking machines and tools; repair of machines for use in metal production, metal processing and metal working; maintenance and repair of mining equipment; rental of tools, plant and equipment for construction, demolition, cleaning and maintenance; rental of construction equipment; hire of earth moving equipment; rental of drilling and mining apparatus; pipeline construction and maintenance; hydraulic construction services; hvac (heating, ventilation and air conditioning) installation, maintenance and repair; plumbing installation, maintenance and repair.

Class 42

(3) Research and development in the fields of mining and metal extraction; mining technological services, namely, geophysical exploration for the mining industry; mining engineering services, namely, geophysical exploration for the mining industry; explosives engineering services; engineering services in the field of environmental technology; engineering services in the field of energy technology; engineering surveying; civil engineering; metallurgical laboratory services; environmental monitoring services; chemical research and analysis services relating to ores; chemical analysis; surveying boreholes; geophysical surveys; geological surveys; measuring of earth samples; exploration services in the field of the oil, gas and mining industries; mining and mineral exploration services; geophysical exploration services; geological surveys or research; geological exploration; seismic analysis services; consultancy in the field of scientific research in the field of environmental technology, and in the field of oil, gas and mining industries; technological consultancy in the field of geology; mining engineering design and consultancy.

Colour Claim

Colour is claimed as a feature of the trademark. The colours brown and gray are claimed as a feature of the mark. The mark consists of the uppercase letters "KGHM" in brown, followed by the word "Group" in gray title case letters.

Goods

Class 01

(1) Chemical preparations for use in industry, namely, chemical cleaning agents for use in industrial processes; chemical additives for use in the production of fuels; chemical additives for diesel fuels; chemical preparations for use as additive to fuels for improving combustion; doping compounds for use in the manufacture of semiconductors; chemicals for use in metalworking; chemical additives for ore floatation; alkaline metals; earth metals, namely, alkaline-earth metals; metal chlorides; copper chemicals; rhenium; rhenium metal; ammonium perrhenate; silicon; molybdic acid; ammonium molybdate; sodium molybdate; selenium; sulfuric acid; rock salt; salt, raw; salts of metals; salts of alkaline metals; salts from rare earth metals.

Class 06

(2) Common metals, unwrought or semi-wrought; ores of metal; processed metal ores; alloys of metal; brass, unwrought or semi-wrought; molybdenum; molybdenum ores; nickel; lead and its alloys; lead ores; lead, unwrought or semi-wrought; cobalt, raw; iron; copper ores; copper ingots; copper-base alloy ingots; copper strip; wire rod; metal bars for further manufacture; unwrought or semi-wrought common metals; cold rolled sheet metal; drawn and polished metal bars for further manufacture; copper panels for the manufacture of circuit boards; anchoring devices of metal; anchor bushings of metal; anchors of metal; copper tubes, other than parts of machines; tubes of copper alloys, namely, branching pipes of copper alloys; reinforcing materials of metal for building; alloy steel scraps; low copper carbon-steel scraps; cables of metal, non-electric.

Class 14

(3) Precious metals; processed or semi-processed precious metals; alloys of precious metal; ingots of precious metals; silver; silver and its alloys; unwrought silver; silver, unwrought or beaten; silver bullion; unwrought silver alloys; gold; gold, unwrought or beaten; gold alloys; gold alloy ingots; gold ingots; copper tokens; ornaments, made of or coated with precious or semi-precious metals or stones, or imitations thereof; wire of precious metal [jewelry]; precious and semi-precious stones; palladium; palladium and its alloys; platinum and its alloys.

Services

Class 35

(1) Business assistance, management and administrative services; business management in the field of transport and delivery; providing assistance in the field of business management and planning; industrial management consultation including cost/yield analyses; arranging of commercial and business contacts; negotiation and conclusion of commercial transactions for third parties; advertising services and marketing services for promoting the goods and services of others in the field of the oil, gas and mining industries; sales administration; import and export agency services; arranging of contracts for the purchase and sale of goods and services, for others; organisation of exhibitions and trade fairs for business and promotional purposes in the field of the oil, gas and mining industries; wholesale and retail sales services in the field of alkali metal salts, metals and metallic ores, copper, rhenium, silica, molybdenum, gold, silver, salts, copper products, namely copper granules, copper ingots, copper tokens, copper strip, copper pipes and tubes, copper sheets, copper panels for circuit boards, semi-finished articles of copper or its alloys, jewelry, goods of precious metal, namely ingots of precious metals, silver and gold granules, silver and gold ingots, wire of metal, jewellery of precious metal, jewellery coated with precious metal alloys, precious stones, medals, coins, cutlery, made of or coated with precious metals, wire and ducting, copper cathodes, wire rod, copper wire; wholesale and retail sales services in the field of solid fuels, liquid fuels, gaseous fuels and explosives.

Class 37

(2) Building construction and building demolition; building construction supervision; construction of buildings and other structures; civil engineering construction; construction of railways; underground construction; installation of concrete forming systems; construction of tunnels; construction of underground shafts; drilling for oil and gas; rock drilling; tunnelling; excavation of underground tanks; rock blasting; grout reinforcement for mines; grout reinforcement for tunnels; soil stabilisation in the nature of road construction and maintenance; rock anchoring; mining extraction; mining for precious metals; mining extraction; mining of non-ferrous metal ore; construction and mining machinery installation, maintenance and repair; repair of heavy machinery; repair or maintenance of industrial furnaces; repair or maintenance of metalworking machines and tools; repair of machines for use in metal production, metal processing and metal working; maintenance and repair of mining equipment; rental of tools, plant and equipment for construction, demolition, cleaning and maintenance; rental of construction equipment; hire of earth moving equipment; rental of drilling and mining apparatus; pipeline construction and maintenance; hydraulic construction services; hvac (heating, ventilation and air conditioning) installation, maintenance and repair; plumbing installation, maintenance and repair.

Class 42

(3) Research and development in the fields of mining and metal extraction; mining technological services, namely, geophysical exploration for the mining industry; mining engineering services, namely, geophysical exploration for the mining industry; explosives engineering services; engineering services in the field of environmental technology; engineering services in the field of energy technology; engineering surveying; civil engineering; metallurgical laboratory services;

environmental monitoring services; chemical research and analysis services relating to ores; chemical analysis; surveying boreholes; geophysical surveys; geological surveys; measuring of earth samples; exploration services in the field of the oil, gas and mining industries; mining and mineral exploration services; geophysical exploration services; geological surveys or research; geological exploration; seismic analysis services; consultancy in the field of scientific research in the field of environmental technology, and in the field of oil, gas and mining industries; technological consultancy in the field of geology; mining engineering design and consultancy.

Goods

Class 01

(1) Organic, inorganic and carbon based nanopowders for industrial purposes, namely agricultural, automotive, chemical manufacturing, munitions and textile use; hydraulic oils; chemical additives for greases; chemical additives for industrial greases; chemical additives for transmission fluids; chemical additives for lubricants; chemical additives for motor oils; chemical additives for oils; chemical additives for industrial greases; chemical compounds for use in manufacture of motor vehicle lubricants; chemical additives for use in the casting of metals; chemical additives for use in the moulding of metals; chemical additives for use in the processing of plastics; chemical additives for use in manufacture of industrial greases, transmission fluids, motor oils, lubricating oils; chemical ingredients for cosmetics; chemical ingredients for skin care preparations; chemical preparations for use in foundries, namely foundry binding substances, foundry moulding preparations, foundry sand; chemical preparations for use in engineering, namely for decarbonising engines; chemicals for use in the manufacture of solvents for laboratory analysis, other than for medical and veterinary purposes; chemicals for use in the manufacture of solvents for scientific research purposes; chemicals for use in the manufacture of solvents for scientific purposes; chemical additives for greases; chemical products for use as additives to motor vehicle lubricants; chemicals for use in the manufacture of solvents for scientific research; chemical products for use in metal casting, namely iron oxide-based foundry sand additives for use in the manufacture of metallic castings, and chemical additives for use in the casting of metals; chemical

products for use in the foundry industry, namely foundry binding substances, foundry moulding preparations, foundry sand; chemical products being catalysts for use in the manufacture of plastics.

Class 02

(2) Additives to paints, namely paint additives in the nature of balancers, binders, initiators, reducers, tinting colors.

Class 04

(3) Industrial oil, namely, emulsified industrial oil, industrial automotive oil, industrial lubricating oils; metalworking lubricants; all-purpose lubricants; lubricants for industrial purposes containing low friction additives; industrial lubricants; lubricants for industrial apparatus; lubricants for machines; lubricants for metal working; lubricants for metallic surfaces; lubricants for surgical apparatus; lubricants for use in industrial processes; lubricants for use in machine cutting; lubricants for use in the machining of metal; lubricating agents for industrial purposes, other than for medical use; lubricating fluids for industrial purposes; graphited lubricants; lubricating graphite; solid lubricants for textiles; spray-on lubricants for industrial purposes; synthetic lubricants for industrial purposes; friction modifiers being non-chemical additives for lubricants; non-chemical additive concentrates for lubricants; non-chemical additives for lubricants; lubricants for motor vehicles; motor vehicle lubricants; cable lubricants, namely lubricants for metal cables; lubricants for metal cables; general purposes greases; lubricating grease for use in motor vehicle engines; greases for the lubrication of metal cables; greases for the lubrication of exposed metal gears; greases for the lubrication of joints for machinery; lubricating greases for use with ball-bearings for machinery; greases for weapons; high pressure lubricating greases for machinery; industrial grease for lubricating machinery; non-chemical additives for greases; automotive lubricants for car engines; automotive lubricating compounds; automotive engine oils; engineering oils, namely engine oils; engine oils; lubricants being gear oils; industrial lubricating oil; lubricating oils for automotive apparatus; lubricating oils for laser printers; industrial lubricating oils for use as a cutting fluid; synthetic lubricating oils for industrial purposes; lubricating oils for petrol engines; non-chemical additives for engine oils.

Class 05

(4) Biotechnological preparations for medical use for the treatment of cancer and osteoarthritis; Biotechnological preparations for medical use being medicinal preparations for use in grafting, facilitating crossing of permeable and semipermeable membranes and for use in surgeries, prosthetics and joint replacements.

Class 06

(5) Tungsten; molybdenum.

Class 09

(6) Scientific equipment, namely laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; apparatus for scientific research in laboratories, namely laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; apparatus for scientific use, namely laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; laboratory apparatus for scientific research, namely laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; research apparatus for scientific use, namely laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; scientific apparatus, namely laboratory ampoules for production

use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; scientific apparatus for industry, namely laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; scientific apparatus for laboratory use, other than for medical diagnosis, namely laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; scientific apparatus for laboratory purposes other than for medical diagnosis, namely laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; scientific apparatus for use in laboratories, other than for medical diagnosis, namely laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; scientific apparatus for use in the preparation of materials, other than for medical use, namely laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; instruments for scientific research in laboratories, namely laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; research instruments for scientific use, namely laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; scientific apparatus and instruments, namely laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers; scientific instruments, namely laboratory ampoules for production use being scientific production equipment, laboratory furnaces, spectrometers, vacuum chambers.

Class 10

(7) Materials for use in orthodontics being dental prostheses; dental apparatus and instruments, namely orthodontic wires; apparatus for use in orthodontics, namely, headgear, brackets, braces; dental instruments for use in the fitting of orthodontic appliances; orthodontic appliances; orthodontic brackets (braces) for use in straightening teeth.

Class 13

(8) Ammunition; armor-piercing projectiles, guided projectiles, illuminating projectiles, pyrotechnic projectiles, rocket projectiles, shell projectiles, smoke projectiles; launchers for projectiles, namely rocket launchers, grenade launchers, pyrotechnics launchers, firearms.

Services**Class 40**

(1) Treatment of materials in the nature of metals, stone, wood, glass, composites and plastics.

Class 42

(2) Providing information, including online, about science and technology in the field of nanotechnology and its applications and scientific research and design relating thereto; scientific research into the development of new products in the field of nanotechnology and its applications.

Downloadable and recorded computer game software for betting, gaming and gambling services and database management; electronic interactive computer games software, downloadable; downloadable and recorded computer game software and computer game programs for distribution to, and for use by, users of a betting and gaming services to access betting and gaming services; apparatus for recording, transmission or reproduction of sound and images, namely, sound projectors, sound amplifiers, electric cables for the transmission of sounds and images, optical fibers for the transmission of sounds and images, and sound bars; blank magnetic data carriers, and blank recording discs; blank compact discs, blank DVDs and other digital recording media being blank digital audio tapes, blank digital video discs; computer game software; downloadable computer programs for streaming, broadcasting, transmission of sound and images to computers, televisions and mobile phones; downloadable computer programs for streaming, broadcasting and transmitting audiovisual content in the field of sports; downloadable computer programs for playing computer games; computer software applications, downloadable for streaming, broadcasting, transmission or reproduction of sound and images; computer software applications, downloadable, for streaming, broadcasting and transmitting audiovisual content in the field of sports; computer hardware; computer memory devices, namely flash memory cards, flash memory chips, integrated circuit [IC] memory cards, computer memory boards and blank USB cards; computer hardware for data processing; downloadable image files containing images of sports and sporting events; downloadable music files; electronic publications, downloadable in the nature of books, articles, magazines and newsletters in the field of sports; digital media streaming devices, namely, smart phones, smart TV, computers, and tablet computers; computer software for use in the encryption and decryption of digital files, including audio, video, text, binary, still images, graphics and multimedia files; downloadable multimedia file containing artwork, text, audio, video, games, and internet web links relating to sports; downloadable films and television programs featuring sports content provided via a video-on-demand service; computer application software for mobile phones, portable media players and handheld computers, namely, software for streaming, broadcasting and transmitting audiovisual content in the field of sports; computer game

software for use on mobile and cellular phones; downloadable podcasts in the field of sports; computer software for use in the encryption and decryption of digital files, including audio, video, text, binary, still images, graphics and multimedia files; computer game programmes downloadable via the internet; downloadable electronic publications in the nature of books, magazines and newsletters in the field of sports; downloadable mobile application software for use on computers and mobile devices for playing fantasy sports games based on player statistics and rankings; downloadable and recorded computer software development tools, namely downloadable computer application software for developing computer game software and computer game programs for distribution to, and for use by, users of a betting and gaming services to access betting and gaming services; mobile application software to enable recording, transmitting, showing, uploading, creating, posting, editing, displaying, sharing, streaming, reviewing, and commenting on, film and television programs, audio and audiovisual programs and sports programs; computer software for creating computer games; downloadable multimedia news podcasts; applications for mobile phones in the form of downloadable sports games; downloadable television shows and movies.

Services

Class 35

(1) Advertising for others through electronic display panels, advertising on the Internet for others, advertising the goods and services of others, business management, business administration, providing office functions for others namely, business administration consultancy, secretarial services, receptionist services, photocopying services, on-line data processing of images and sound of sports and sporting events, business administration of consumer loyalty programs, namely, organisation, operation, management and supervision of customer loyalty incentive schemes, business administration of consumer loyalty programs, namely, organisation and administration services in relation to the supply of benefits for customer loyalty incentive schemes, sales promotion through customer loyalty incentive schemes for others, business and trade competitions, namely, arranging and conducting of meetings for the sole purposes of holding business competitions for businesses to compete for seed capital, business marketing support, and business tech support to facilitate business activities, rental of advertising space online to others, rental of advertising time in communication media, publication of publicity materials of third parties through electronic communications networks, mobile applications and television broadcasting, promotion of products and services of third parties through electronic communications networks, mobile applications and television broadcasting, advertising services, namely, promotion of goods and services of others through promotional contest games and quizzes, advertising, namely, promotion and marketing of products and services of third parties through sponsoring arrangements and licence agreements relating to international sports events, compilation, management, updating and maintenance of data in computer databases, systemisation of data in computer databases, database management, namely, compilation, management, updating and maintenance of data into computer databases, arranging subscriptions to restricted-access sports media packages for others, arranging subscriptions to restricted-access sports broadcasting and streaming services for others, arranging subscriptions to restricted-access audiovisual content, multimedia content, television programmes, video recordings, audio-visual recordings, movies, music, publications, magazines, text, information and data, for others, consultancy, advisory and information services relating to any of the aforesaid services, all the aforesaid services provided through communication networks, global computer networks, cable, satellite, including provided on-line from a computer, a computer database, the Internet, websites, social media, search engines, mobile applications, digital applications, wireless devices, mobile devices, gaming consoles, blogs or other communication channels.

Class 36

(2) Financial services, namely, financial sponsorship and funding of television programmes, audiovisual content and multimedia content, and financial sponsorship of sporting events and sports teams, financial services relating to betting, gaming, gambling, lotteries or book making, namely, money lending, provision of financial information relating to betting, gaming, gambling, lotteries or book making services, information, advice and assistance relating to the aforementioned services, issuing of prepaid vouchers exchangeable for goods or services and tokens of value in relation to customer loyalty incentive schemes.

Class 38

(3) Telecommunications services in the nature of transmission of sporting events both live and on-demand, and providing multiple-user access to a global computer network; providing multiple-user access to a global computer network allowing users access to gaming and betting information and services over the Internet, other global networks and via telephony, in particular mobile telephones; transmission of radio and television programmes by satellite; streaming of live television and radio; broadcasting and streaming of audio and video recordings of live cultural, entertainment and sports events via the internet; providing Internet chat room services; transmission and communication services, namely, transmission of graphics to mobile telephones, televisions, computers, tablets and other portable devices; transmission of sound and pictures; computer aided transmission of messages and images; electronic mail services; telecommunication of information, namely, telecommunication services, namely, providing computer network access via fiber optic networks; providing information in the field of telecommunication, namely, providing information about network performance of wireless networks and network coverage; providing on-line communications links which transfer the web site user to other local and global web pages, namely, providing access to a website portal containing links to computer databases and websites on the Internet via telephony, mobile telephones on the Internet and via telephony for mobile telephones; cable television broadcasting; providing telecommunications connections to a global computer network; television broadcasting; video on demand transmission; wireless broadband communication services, namely the broadband transmission of live broadcasts of audio and video recordings of cultural, entertainment and sports events via the internet; wireless broadcasting; streaming services via the Internet of sports and sporting events; streaming of audio, visual and audiovisual material via a global computer network; electronic transmission and streaming of digital media content for others via global and local computer networks, namely, broadcasting and transmission services, offering live streaming of cultural, entertainment and sports events via the internet; video-on-demand transmission services; broadcasting of radio and television programmes; broadcasting of video and audio programming over the internet; broadcasting services and provision of telecommunication access to video and audio content provided via a video-on-demand service via the internet; telecommunication services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the internet; telecommunication services, namely, transmission of podcasts; streaming of audio and video via the internet featuring music, movies, news, and sports; streaming of television shows and movies via the internet; broadcasting of radio and television programmes; subscription television broadcasting.

Class 41

(4) Entertainment services, namely, entertainment in the nature of sports and sporting events, and entertainment in the nature of a continuing program about sports accessible by radio, television and computer networks, betting, gaming and gambling services, betting, gaming services in the

nature of casino gaming and gambling services, credit card based betting, gaming, gambling, lottery and book making services being gambling services, organising and conducting lotteries, electronic betting, gaming, gambling and lottery services provided by means of the Internet, via a global computer network, on-line from a computer network database, via telephony for mobile telephones, and via a television channel, gaming services in the nature of conducting computer game tournaments featuring interactive skill-based games in the nature of computer games and gaming in the nature of computer games in particular single and multi-player gaming formats, organization, arranging and conducting of sports competitions, namely, presentation and production of sports competitions, tournaments, in the field of computer games, soccer, football, boxing, darts, mixed martial arts, golf, car races, wrestling, rugby, and tennis, games in the nature of computer games, and gaming in the nature of computer games, organisation and conducting competitions in the field of soccer, football, boxing, darts, mixed martial arts, golf, car races, wrestling, rugby, tennis, remote gaming services provided online via a computer network, namely, providing online computer games, gambling information provided on-line from a computer database and via the Internet, electronic games services provided by means of the Internet, namely, providing online computer games, electronic games services provided by means of the Internet, organisation of games, game services provided on-line, services for the operation of computerised skill games, namely, providing online computer games, information relating to online gaming provided on-line via a computer database and the Internet, information and advisory services relating to the aforesaid services; education services, namely, providing classes in the field of sports; providing of training in the field of sports; sporting and cultural activities, namely, organization of community sports and cultural events, conducting of sports competitions; organization of sports competitions; production of radio and television programs; rental of motion pictures; television entertainment, namely, entertainment services in the nature of ongoing television programs in the field of sports, entertainment in the nature of television news shows; providing on-line electronic publications, not downloadable in the nature of newsletters, books, articles, magazines in the field of sports; providing on-line videos, not downloadable in the field of sports; entertainment services, namely, production and distribution of television and interactive television programming distributed over cable television, satellite television and internet webcasts; provision of non-downloadable films and television programmes via a video-on-demand service; conducting of sports competitions; entertainment and educational services in the nature of on-line competitions in the field of entertainment, education, culture, sports, and other non-business and non-commercial fields; entertainment in the nature of providing an informational and entertainment website in the fields of entertainment, sports and fitness; entertainment in the nature of fantasy sports leagues; organisation of sports competitions; providing via website entertainment information in the field of sports; providing information relating to sports and sporting events; entertainment services, namely, providing video podcasts in the field of sports; entertainment services, namely, an ongoing multimedia program featuring sports distributed via various platforms across multiple forms of transmission media; entertainment services in the nature of development, creation, production and post-production services of multimedia entertainment content; entertainment services, namely, providing temporary use of non-downloadable electronic games; non-downloadable electronic publications in the nature of books, magazines and newsletters in the field of sports; entertainment services, namely, production and distribution of ongoing television programs in the field of sports; providing audio or video studio services via a website that provides streaming audio and video such as music, movies, television shows, music videos, news and sports webcasts; entertainment services in the nature of non-downloadable television shows and movies transmitted via the internet; entertainment in the form of television shows; entertainment services in the nature of non-downloadable television shows and movies transmitted via the internet.

(1) Chemicals for use in the production of cell culture media for laboratory use; Chemicals for use in chemical buffer solutions; Chemicals for use in buffers for use in biotechnology fields; chemicals for use in purifying water; biological assays and kits for use in fields of biological and diagnostic testing for industrial, scientific and research use; diagnostic preparations for in vitro testing for scientific use; diagnostic reagents for in vitro use in biochemistry, clinical chemistry and microbiology; chemical reagents for non-medical purposes, namely, for analyzing chemical and biological samples for measuring the presence or absence, concentration, association, affinity, binding rates and functional properties of biomolecules, namely, chemical compounds, peptides, proteins, oligonucleotides, DNA, RNA, aptamers, virus, bacteria, antibodies and antibody fragments; diagnostic kits, for non-medical purposes, consisting primarily of monoclonal antibodies, buffers, and reagents for testing the presence or absence, concentration, association, affinity, binding rates and functional properties of biomolecules, namely, chemical compounds, peptides, proteins, oligonucleotides, DNA, RNA, aptamers, virus, bacteria, antibodies and antibody fragments; assay kits comprised of biosensors and biomolecular reagents, for non-medical purposes, namely, for analyzing chemical and biological samples for the presence or absence, concentration, association, affinity, binding rates and functional properties of biomolecules, namely, chemical compounds, peptides, proteins, oligonucleotides, DNA, RNA, aptamers, virus, bacteria, antibodies and antibody fragments.

Class 09

(2) Optical apparatus and instruments, namely, microscopes, biological microscopes and automated microscope and operating software sold as a unit for use in laboratory operations, interferometers; surface plasmon resonance spectrometers; laboratory apparatus and instruments, namely, microscopes, microscope gantries and external controller hard drives for use therewith, microscopes and parts thereof, lenses for microscopes, biological microscopes, automated microscopes and operating software sold as a unit for use in laboratory operations, cell culture apparatus for laboratory use, namely, cell culture petri dishes and microplates, automated dispenser of sterile solutions for laboratory or scientific use, real-time gene amplification laboratory

equipment; laboratory apparatus, namely, flow cell analysers and coated probes for use with flow cell analysers, for detecting and monitoring biofilm formation; plates, glass slides or chips having multi-well arrays that can be used in chemical analysis, biological analysis or patterning for scientific, laboratory or medical research use; diagnostic biomolecule and DNA sequence detection devices for scientific research purposes; apparatus for measuring the presence or absence, amount and activity of chemical and biological samples, for scientific use; downloadable computer software for the acquisition and analysis of biological data and biomolecular data in the fields of genomics; computer software for analyzing chemical and biological samples for measuring the presence or absence, concentration, association, affinity, binding rates, specificity and functional properties of biomolecules, namely, chemical compounds, sugars, peptides, proteins, oligonucleotides, DNA, RNA, aptamers, cells, virus, bacteria, antibodies and antibody fragments; biosensors for analyzing chemical and biological samples for measuring the presence or absence, concentration, association, affinity, binding rates, specificity and functional properties of biomolecules, namely, chemical compounds, sugars, peptides, proteins, oligonucleotides, DNA, RNA, aptamers, cells, virus, bacteria, antibodies and antibody fragments; fiber optic instruments in the nature of biosensors for use in biomolecular measurement, quantification, kinetics, protein analysis, clinical research applications, drug development and nucleic acid interaction, antibody and antibody fragment characterization, protein-protein interactions, protein-peptide interactions, protein-DNA/RNA interactions, protein-lipid interactions, virus and vaccine research, protein-small molecule interactions.

Services

Class 37

Installation, cleaning, repair and maintenance of scientific and laboratory apparatus and instruments, namely, flow cell particle size analysers, petri dishes, glass slides and chips having multi-well arrays for diagnostic assays, interferometers, diagnostic biomolecule and DNA sequence detection devices for scientific research purposes; installation, repair and maintenance of diagnostic biosensors for use in biomolecular measurement, quantification, kinetics, protein analysis, clinical research applications, drug development and nucleic acid interaction, antibody and antibody fragment characterization, protein-protein interactions, protein-peptide interactions, protein-DNA/RNA interactions, protein-lipid interactions, virus and vaccine research, protein-small molecule interactions; advisory services relating to the installation, cleaning, repair and maintenance of diagnostic biomolecule detection and DNA sequence detection devices for scientific research purposes.

HUFSCHMIED
ZERSPANUNGSSYSTEME

Colour Claim

Colour is claimed as a feature of the trademark. The colours black and orange are featured as an element of the trademark. The word "HUFSCHMIED" is in black. The word "ZERSPANUNGSSYSTEME" and the dot above the "i" in the word "HUFSCHMIED" are in orange.

Foreign Character Translation

The translation provided by the applicant of the German word(s) "Hufschmied" and "Zerspanungstechnik" is "farrier, blacksmith" and "machining, cutting technique", respectively.

Goods

Class 07

(1) Machine tools for the metalworking industry, the graphite industry, the plastic industry, the woodworking industry, and the fibre-reinforced plastic industry; milling machines; taps for use with machine tools, namely blades, twist drills, milling cutters and reamers; parts of chaser machine tools; parts of milling machines; spindles for machine tools; HSC (high-speed cutting) spindles; chucks for power drills; shrink-fit chucks; hydro expansion chucks; mechanical cutting tools, namely drilling machines for metal working, tapping tools and milling tools; end mills; milling tools [parts of machines]; drilling bits for machines; slicing blades for machines; abrading tools for use with machines; mechanical cutting tools as parts of machines for processing materials of all kinds, including metal, ceramics, graphite, plastic, wood, fibre composite materials; cutters as parts for machines for processing materials of all kinds, including metal, ceramics, graphite, plastic, wood, fibre composite materials; abrading tools as parts for machines for processing materials of all kinds, including metal, ceramics, graphite, plastic, wood, fibre composite materials; tools for friction stir welding with machines and robots.

Class 09

(2) Control devices, namely electronic controllers for controlling milling machines; testing apparatus, namely workpiece testing apparatus in the field of machining; material testing

apparatus; testing software for tool and workpiece testing in the field of machining; information retrieval software and applications, namely downloadable software for use in the authentication of genuine products; CAD-CAM software; digital fingerprints for machining tools, cutting machines and workpieces to be machined; digital images of machining tools, cutting machines and workpieces to be machined; digital models of machining tools, cutting machines and workpieces to be machined; measuring apparatus, namely coordinate measuring machines, length measuring machines; ultrasonic measuring apparatus, namely apparatus for finding material errors in workpieces in the field of machining; ultrasonic sensors; scanners for performing automotive diagnostics; computer software for recording component properties, namely industrial machine data; software for testing materials on machine tools; software for testing materials on milling machines; digitally stored ultrasonic frequency spectra and ultrasound images of machining tools, cutting machines and workpieces to be machined; machine control software; computer hardware for controlling machines; electronic control apparatus in the nature of electronic controllers for milling machines and parts thereof for machines.

Services

Class 40

(1) Cutting of materials, namely milling, drilling, turning and grinding; soldering, especially friction stir welding; material treatment of tools by coating the tools with layers applied by means of CVD (chemical vapour deposition) or PVD (physical vapour deposition); providing information relating to material treatment; providing information relating to the treatment of materials for treated workpieces, tools, treatment machine tools, parts of treatment machine tools, treatment process or treatment environment; providing information relating to the treatment of material, in particular cutting of materials, in relation to treated workpieces, treatment tools, treatment machine tools, parts of the treatment machine tools, treatment process or treatment environment, in the form of ultrasound information arising from the treatment of material.

Class 42

(2) Engineering, in particular in the field of tool and clamping technology; design and development of testing methods and diagnostic apparatus for industrial machines; creation of digital fingerprints of machining tools, cutting machines and workpieces to be machined; creation of digital images of machining tools, cutting machines and workpieces to be machined; design of digital models of machining tools, cutting machines and workpieces to be machined; design of mathematical models; ultrasonic testing of workpieces; ultrasonic testing of workpieces during machining; design, development and implementation of software; design, development and implementation of test and analytical methods for industrial machines; design and development of computer programs and digital models for use in automated manufacture and quality assurance; material testing; material testing for fault detection; design and electronic storage of digital ultrasonic frequency spectra and ultrasound images of machining tools, cutting machines and workpieces to be machined; material testing; evaluation of ultrasound information obtained from the treatment of materials, in particular the machining of materials, for material testing; material testing using ultrasound information recorded during the treatment of materials, in particular the machining of materials.

Standard Characters

Goods**Class 06**

(1) Metal nozzles, as far as included in this class; manually operated ball valves of metal, namely, manually pressure-operated ball valves of metal, manually operated needle valves of metal, and manually operated button valves of metal; small iron goods, namely, iron wire, iron strip for use in construction, pelletized iron; drain plates, namely metal covers for drain pipes; metal attachment pipes, namely, metal pipe fittings; metal mounting material, namely, metal mounting brackets for general use; metal fastening washers; metal sockets not being parts of machine, namely wedge sockets and spelter sockets; metal flanges; adjustable metal washers; metal flap valves, namely, metal valves for controlling the flow of gases in pipelines; metal clamping sleeves, excluding as machine parts, namely, metal clamping and positioning studs; metal clamping turnbuckles; copper rings; washers being metal hardware; metal connecting rods, namely, threaded metal rods, and rods of metal for welding; metal connectors for rods, namely, metal threaded rod fasteners; metal nozzles for nebulising, atomising, spraying, dispersing and mixing liquids and gases.

Class 07

(2) Valves being parts of machines, namely, pressure-operated valves, needle valves, button valves, fuel and oil filters; concrete mixers; metal branch pipes, namely, connecting rods for machines, motors and engines; metal gaskets for pipes of motors and engines; gasket joints for engines and motors; inserts, namely, valves being parts of machines; fuel and engine injectors; springs being parts of machines; fuel and oil filters being parts of machines; fuel and oil filters as engine parts; flange connections for pipes, namely, valves being parts of machines; hydraulic valves being parts of machines; servo valves; safety valves [machine parts]; operating valves being parts of machines; pneumatic and hydraulic valve actuators; pneumatic and hydraulic valve operating actuators being parts of machines; valve diaphragms; valve closing mechanisms, namely, automatic valves being parts of machines; valves being parts of machines in the nature of nozzles for nebulising, atomising, spraying, dispersing, and mixing liquids and gases.

Class 09

(3) Measuring, detection and monitoring instruments, devices and controllers, namely, measuring tapes, motion detectors, and video monitors; temperature, optical, and pressure sensors; temperature, optical, and pressure sensors with data storage and data transmission interface; Computer software for use in database management; computer application software for operating valves, nozzles and spraying system management, monitoring and analysis; computer application software for operating, managing, and controlling automatic valves, spray nozzles, and liquid dispensing machines for dispensing pre-measured amounts comprised of sprayer machines, automatic valves, and spray nozzles; nozzles and liquid dispensing machines for dispensing pre-measured amounts comprised of automatic nozzle valves; downloadable mobile computer operating system application software for managing, monitoring and analysing liquid dispensing machines for dispensing pre-measured amounts comprised of sprayer machines, automatic valves, and spray nozzles and automatic valves for pill coating machines; Downloadable mobile computer operating system application software for managing, monitoring and analysing automatic valves, spray nozzles and liquid dispensing machines for dispensing pre-measured amounts comprised of sprayer machines, automatic valves, and spray nozzles; downloadable computer software applications for mobile devices, namely, smartphones, computer tablets, and portable computers for database management being provisioning, processing, recording, controlling, collecting and forwarding information, data, analyses in the fields of monitoring and analysis of valves, nozzles and spraying systems; sensor switches, namely power switches featuring temperature, optical, and pressure sensors; Downloadable sensor software for monitoring, managing, controlling, and analysing information collected from temperature, optical, and pressure sensors; digital sensor devices, namely, digital motion sensors, digital pressure sensors; optical sensors for the Internet of Things [IoT]; computers and computer hardware; information technology, audiovisual, multimedia and photographic equipment, namely, computer hardware, audiovisual receivers, and cameras; data processing apparatus being computers and equipment as well as electrically and mechanically operated accessories thereof, namely, data processing acoustic couplers and data cables; portable electronic devices powered by batteries and accumulators, namely, portable computers, portable MP3 players and CD players, portable telephones; electric control panels for plants with nozzles for atomising, spraying, distributing and mixing liquids and gases; electric control panels for valves with nozzles for atomising, spraying, distributing and mixing liquids and gases.

Class 17

(4) Pipe joint sealants; non-metal pipe connectors; rubber articles for sealing and connecting hoses, namely, rings of rubber for use as pipe connection seals, rubber sheets for sealing purposes and rubber washers; adhesive sealants; sealing compounds, namely, Polymer-based sealing compounds for masonry and wood, grout sealant, and pipe joint sealants; seals, namely, seals for pipe connections, rubber seals for jars, and rubber sealants for joints for use with hydraulic lines and systems and supply lines to mixing nozzles and rigid and flexible pipes and pipework; package of several seals of different sizes, namely, rubber sealants for joints; hydraulic pressure hoses of plastic and rubber; angle connectors for pipes, not of metal, namely, flexible connectors, namely, silicone and rubber junctions for flexible pipes, hoses, and tubing; fittings, not of metal for hydraulic hoses of plastic and rubber; moulded hydraulic hoses of plastic and rubber; rubber seals for joints; rubber-pipe clamps, namely, couplings of rubber for pipes; rubber rings for use as pipe connection seals; rubber bushings being acoustic insulating materials; rubber flaps, namely, rubber valves; sealing tapes being insulating tapes; graphite pipe gaskets; packing materials of rubber and plastic for shipping containers; O-rings; pipe joint sealants.

Services

Class 35

Public relations; advertising the goods and services of others; business management; direct marketing consultancy; sales promotion for others by means of website information and public relations campaigns; business management consultancy in relation to distribution activities; business management advice and assistance in the field of ordering and purchasing goods and services; market analyses; personnel recruitment; corporate image development, business organizational management, human resources and business management consulting; development of advertising concepts, namely, development of marketing strategies and concepts for others; advertising on the Internet for others; business management advice on the design of commercial buildings and shops; business management consultancy services in the field of sales planning and sales management consultancy; accounting; preparation of wage and salary statements, namely, payroll preparation; office work, namely office administration; arranging and concluding commercial transactions, namely, negotiation and conclusion of commercial transactions for third parties; procuring of contracts for the purchase and sale of goods of others; order taking via hotline and call centre, namely, operation and management of telephone call centers for others; distribution of goods for promotional purposes, namely, distribution of samples for others for publicity purposes; business and business organizational management advice in the area of retail and wholesale services; retail and wholesale services in the fields of metal nozzles, valves, including pressure operated valves, needle valves, button valves, small iron goods, drain plates, metal attachment pipes, metal mounting material, metal fastening washers, metal sockets, excluding as machine parts, metal flanges, adjustable metal washers, metal flap valves, metal clamping sleeves, excluding as machine parts, metal clamping buckles, copper rings, washers [metal goods], metal connecting rods, metal connectors for rods, metal nozzles for nebulising, atomising, spraying, dispersing and mixing liquids and gases, valves, including pressure operated valves, needle valves, button valves, filters, mixers [machines], metal branch pips [machine parts], metal gaskets for pipes [parts of machinery], gasket joints [parts of machinery], inserts [machine parts], injectors, springs [machine parts], filters [parts of machinery], filters [engine parts], flange connections for pipes [machine parts], hydraulic valves, servo valves, safety valves [machine parts], operating valves, valve actuators, valve operating actuators [machine parts], valve diaphragms, valve closing mechanisms, nozzles for nebulising, atomising, spraying, dispersing and mixing liquids and gases, measuring, detection and monitoring instruments, devices and controllers, sensors, sensors with data storage and data transmission interface, software, software for valves, nozzles and spraying system management, monitoring and analysis, software for valves, nozzles and spraying system monitoring, controlling, operating or triggering, nozzles and spraying systems, mobile software applications [app] for managing, monitoring and analysing spray systems and valves for pill coating machines, mobile software applications [app] for managing, monitoring and analysing valves, nozzles and spray systems, downloadable software applications [apps] for mobile devices for provisioning, processing, recording, controlling, collecting and forwarding information, data, analyses for fields of monitoring and analysis of valves, nozzles and spraying systems, sensor switches, sensor software, digital sensor devices, sensors for the Internet of Things [IoT], computers and computer hardware, information technology, audiovisual, multimedia and photographic equipment, namely, computer hardware, audiovisual receivers, and cameras, data processing apparatus being computers and equipment as well as electrically and mechanically operated accessories thereof namely, data processing acoustic couplers and data cables, handhelds, electrical controls for plants with nozzles for atomising, spraying, distributing and mixing liquids and gases, electrical controls for valves with nozzles for atomising, spraying, distributing and mixing liquids and gases, sealant for pipes, connectors, rubber articles for sealing and connecting hoses, sealings, sealing compounds, sealing, sealing sets, pressure hoses, corner

connectors, fittings, moulded hoses, joint sealings, rubber pipe clamps, rubber rings, rubber bushings, rubber flaps [rubber valves], sealing tapes, graphite gaskets, rubber packings, O-rings, pipe sealants, plastic nozzles, plastic nozzles for nebulising, atomising, spraying, dispersing and mixing liquids and gases, plastic valves.

Standard Characters

Goods

Class 01

(1) Chemical and biochemical substances for determining the spatial positioning of biomarkers on biological tissue for scientific purposes, namely, buffers and solvents for tissue preparation, and molecular probes with detectable labels that bind molecules present on intact biological tissue and intact biological tissue sectioned into slices.

Class 05

(2) Molecular diagnostic test kits for determining the spatial positioning of biomarkers on biological tissue, comprised of buffers and solvents for tissue preparation, and molecule binding probes that bind molecules present on biopsied intact biological tissue and intact biological tissue sectioned into slices for medical purposes.

Class 09

(3) recorded data comprised of digital images depicting relative positioning of molecules to one another on biological tissue used for spatial biology analysis; recorded data comprised of spatial coordinates providing relative positioning of molecules to one another on biological tissue used for spatial biology analysis; downloadable computer application software for viewing and analyzing the presence, abundance and position of molecules on intact biological tissue for scientific and medical research use; downloadable virtual reality software, downloadable augmented reality software and downloadable mobile applications for viewing and analyzing the presence, abundance, and positioning of molecules in intact biological tissue for scientific and medical research use

Class 10

(4) Medical analysis equipment for viewing and analyzing the biochemical composition of the body, namely molecules in biological tissue.

Services

Class 42

(1) IT services, namely software development, software programming and software implementation especially in the fields of medicine, biochemistry and pharmacy; development of computer hardware, rental of computer software, rental of computer hardware and leasing computer facilities, IT consultancy, advisory and information services, IT security services in the nature of protection and recovery of computer data, computer project management, technological services relating to computers, computer network configuration, updating of websites, for others; scientific and technological services, namely, scientific research analysis in the field of spatial biology; biochemical engineering services in the field of spatial biology; biochemical research and analysis services in the field of spatial biology; pharmaceutical research; development of pharmaceutical products, development of medical products; design and development of analysis technologies, in relation to the following fields: oncology, neuroscience and infectious diseases; analysis of human tissues for medical research; analysis in the field of molecular biology; design and development of computer software for use with medical technology.

Class 44

(2) Medical analysis services in the field of spatial biology for the treatment of human beings provided by medical laboratories; medical testing services; laboratory analysis services relating to the treatment of animals in the field of spatial biology; medical diagnostic services.

Goods

Class 06

(1) Portable metal risers for public performances; towel hooks of metal; balustrades of metal; skirting boards of metal; wainscotting of metal; linings of metal for building; fireplace grates of metal; locking gate hasps of metal; gates and panels of metal for fences; safes [metal or non-metal]; letter-box flaps of metal; common metal drawer pulls; drawer sliders of metal;rawer handles of metal; metal drawer trim; cladding panels of metal; roofing plate of metal; trays of metal used in building construction; troughs of metal for mixing mortar; bathtub grab bars of metal; metal mirror hangers; ladders of metal; staircases of metal; ladder supports of metal; stainless steel; roofing of metal; sheeting lines of metal; metal wallboards; wall tiles of metal for building; advertisement columns of metal; trophy columns of common metal; pillars of metal for building; pre-fabricated metal architectural columns; hand railings of metal; pot hooks of metal; wrought iron

decorative artwork ; holiday ornaments of common metal, other than tree ornaments curtain walling of metal; metal cladding; outer doors of metal; furnace fireguards of metal; metal roof decking; linings of metal for ceilings; cladding panels of metal; bag hangers of metal; metal bleachers; stair treads [steps] of metal; guide rails of metal; paving slabs of metal; slabs of metal for building; door handles of metal; knobs of metal; tile floorings of metal; tiles of metal for building; brackets of metal for building hand rails; metal brackets for furniture; fittings of metal for furniture; brackets of metal for furniture; furniture catches of metal; metal panels for walls; building panels of metal; metal panels for walls; ceiling boards of metal; metal floor panels; storage shelters of metal; doors of metal; garage doors of metal; exterior door locks of metal; exterior door bolts of metal; extruded aluminium sections; metal fence posts; metal railings; non-luminous and nonmechanical warning signs of metal ; metal partitions for building; cast steel; steel, unwrought or semiwrought; firedogs [andirons]; aluminium; anchors; split rings of common metal for keys; copper rings; rings of metal for furniture; angle irons of metal; lintels of metal; reels of metal, non-mechanical, for flexible hoses; nickel silver; door frames of metal; reinforcing materials, of metal, for concrete; reinforcing materials of metal for machine belts; reinforcing materials of metal for pipes; fittings of metal for compressed air lines; reinforcing materials of metal for building; laths of metal; masts of metal; flagpoles [structures] of metal; winding spools of metal, non-mechanical, for flexible hoses; rods of metal for brazing and welding; rods of metal for brazing; rods of metal for welding; bird baths [structures] of metal; floating docks of metal, for mooring boats; prefabricated platforms of metal for use in the construction of industrial floors; prefabricated platforms of metal for use in the construction of industrial floors; strap-hinges of metal; weather- or windvanes of metal; barrels of metal; hot-rolled steel bars; bright steel bars; drawn and polished metal bars for railings; decorative peeled metal bars used in the construction of balconies, gates and fences; door knockers of metal; jets of metal for ornamental use; beryllium [glucinium]; beak-irons; armour-plating of metal; beacons of metal, non-luminous; nozzles of metal; turn buckles of common metal [hardware]; casks of metal; identification bracelets of metal; slings of metal for handling loads; braces of metal for handling loads; bronzes [works of art]; bronze; bronzes for tombstones; busts of common metal; soundproof booths of metal, transportable; cabanas of metal; paint spraying booths of metal; telephone booths of metal; cadmium; chimneys of metal; hand bells of metal; door bells of metal, non-electric; street gutters of metal; gratings of metal; turnstiles of metal; chimney shafts of metal; chimney cowls of metal; sealing caps of metal for bottles; bottle caps of metal; kits in the nature of prefabricated houses of metal; safes, electronic; safes [metal or non-metal]; chests of metal; casings of metal for oilwells; shuttering of metal for concrete; cashboxes, metal and non-metal; letter boxes of metal; tool boxes of metal, empty; tool chests of metal, empty; lock bolts; safety chains of metal; chains of metal; cattle chains of metal; eye bolts; cables of metal, non-electric; telpher cables; celtium [hafnium]; wheel clamps [boots]; barrel hoops of metal; cermets; hinges of metal; cotter pins of metal; keys of metal; door bolts of metal; metal hardware for windows and doors; nails; pitons of metal; closures of metal for containers; bottle closures of metal; sash fasteners of metal for windows; door fasteners of metal; door closers of metal, non-electric; locks of metal for bags; box fasteners of metal; straps of metal for handling loads; clips of metal for sealing bags; cobalt, raw; plugs of metal for baths; collars of metal for fastening pipes; manifolds of metal for pipelines; foundry chill-moulds of metal; water-pipes of metal; penstock pipes of metal; ducts of metal, for central heating installations; ducts of metal for ventilating and air-conditioning installations; floating containers of metal; oil drainage containers of metal; containers of metal [storage, transport]; recycling bins of metal; waste dumpsters of metal, other than for medical use; flashing of metal for building; roof flashing of metal; manhole covers of metal; covers specially made for handling and transport of metal bottles for compressed gas; roof coverings of metal; roofing of metal; roofing of metal, incorporating photovoltaic cells; commemorative statuary cups of common metal; ropes of metal; cornices of metal; steel buildings and buildings of metal,

namely greenhouses, sheds, garages, warehouses of metal; portable mobile metal office buildings ; window casement bolts; burial vaults of metal; crucifixes of common metal, other than jewellery; chromium; nuts of metal; window openers of metal, non-electric; door openers of metal, non-electric; wind-driven bird-repelling devices made of metal; window closers of metal, non-electric; towel dispensers, fixed, of metal; dispensers for dog waste bags, fixed, of metal; adhesive tags of metal for bags; sew-on tags of metal for clothing; labels of metal; zip ties of metal; window stops of metal; door stops of metal; tinfoil; chrome iron; iron, unwrought or semi-wrought; molybdenum iron; silicon iron; titanium iron; tungsten iron; steel wire; aluminium wire; copper wire, not insulated; wire of common metal alloys, except fuse wire; wire of common metal; thread of metal for tying-up purposes; soldering wire of metal; iron wire; barbed wire; windows of metal; casement windows of metal; aluminium foil; tinfoil; foils of metal for wrapping and packaging; metal cages for wild animals; galena [ore]; machine belt fasteners of metal; hooks of metal for roofing slates; hooks of metal for clothes rails; mooring buoys of metal; germanium; wire rope; ferrules of metal; ferrules of metal for handles; cast iron, unwrought or semi-wrought; cable joints of metal, non-electric; rope thimbles of metal; elbows of metal for pipes; duckboards of metal; roof gutters of metal; check rails of metal for railways; fittings of metal for windows; fittings of metal for beds; door fittings of metal; ironwork for windows; ironwork for doors; fittings of metal for building; fittings of metal for coffins; crash barriers of metal for roads; scaffolding of metal; cask stands of metal; shutters of metal; enclosures of metal for tombs; anvils; indium; signboards of metal; bicycle parking installations of metal; sheets and plates of metal; steel sheets; grave slabs of metal; floating floor boards of metal; paving blocks of metal; bindings of metal, namely binding strips for packaging; binding thread of metal for agricultural purposes; sheaf binders of metal; steel alloys; alloys of common metal; silver-plated tin alloys; brazing alloys; letters and numerals of common metal, except type; filings of metal for reclaiming and refining; limonite; ingots of common metal; clips of metal for cables and pipes; padlocks of metal, other than electronic; magnesium; handcuffs; manganese; cable junction sleeves of metal; pipe muffs of metal; fireplace mantles of metal; iron slabs; metallurgy blooms; materials of metal for funicular railway permanent ways; materials of metal for railway construction; building materials of metal, namely claddings for building, parapets, balustrades, handrails, roof coverings, doors and windows, gates, fences, stairs, gratings, chimneys, handles, flues; refractory construction materials of metal; common metals, unwrought or semiwrought; metals in foil and powder form for 3D printers; common metals in powder form; pyrophoric metals; anti-friction metal; white metal; chrome ores; iron ores; ores of metal; chimney pots of metal; mouldings of metal for cornices; mouldings of metal for building; iron strip for construction; metal hardware, namely springs; molybdenum; stringers [parts of staircases] of metal; structural monuments of metal for tombs; monuments of non-precious metal; vice claws of metal; steel strip for packing; nickel; niobium; house numbers of metal, non-luminous; works of art of common metal; brass, unwrought or semi-wrought; bolts of metal; sheet piles of metal; transport pallets of metal; handling pallets of metal; loading pallets of metal; bolts, flat; stakes of metal for plants or trees; steel masts; mooring bollards of metal; fence posts of metal; posts of metal for power lines; telegraph posts of metal; palings of metal; balls of steel; baskets of common metal, namely metal storage baskets for household use; acoustic panels of metal; door panels of metal; signalling panels, non-luminous and non-mechanical, of metal; road signs, non-luminous and non-mechanical, of metal; stops of metal for doors, windows and cabinets; clothes hooks of metal; skating rinks being metal structures; floors of metal; arbours [structures] of metal; pegs of metal; jalousies of metal; anchor plates; wall tiles of metal; floor tiles of metal; shims; nameplates of metal; metal railway turntables tent pegs of metal; lead seals for pipe connection; lead, unwrought or semi-wrought ; metal structures for swimming pools; chicken-houses of metal; tombstone plaques of metal; pigsties of metal; hand-held flagpoles of metal; gates of metal; swing doors of metal; accordion doors of metal; folding doors of metal; armoured doors of metal; metal structures for porches; tree

protectors of metal; pulleys of metal, other than for machines, namely for windows; ferrules of metal for walking sticks; shoe pegs of metal; joists of metal; grease nipples; junctions of metal for pipes; couplings of metal for chains; copper, unwrought or semi-wrought; rocket launching platforms of metal; metal ramps for use with vehicles; cramps of metal [crampons]; crampons [climbing irons]; horseshoe nails; door scrapers; fences of metal; industrial water tanks of metal; containers of metal for storing acids; containers of metal for compressed gas or liquid air; containers of metal for liquid fuel; packaging containers of metal; rivets of metal; wall claddings of metal for building; wall linings of metal for building;; cladding of metal for building; washers of metal; bathtub rails of metal; bed casters of metal; furniture casters of metal; taps of metal for casks; metal window pulleys; runners of metal for sliding doors; loading gauge rods of metal for railway wagons; gold solder; silver solder; latches of metal; latch bars of metal; bars for metal railings; steps ladders made of metal; mobile boarding stairs of metal for passengers; step stools of metal; railway points; boxes of common metal; preserve tins; badges of metal for vehicles; binding screws of metal for cables; spring locks; door locks of metal, non-electric; locks of metal for vehicles; greenhouses of metal, transportable; silos of metal; ceilings of metal; sills of metal; bells for animals; building support props of metal; flanges of metal [collars]; window fasteners of metal; spurs; push pins [metal hardware]; tension links; tin; stables of metal; foundry moulds of metal; ice moulds of metal; statues of common metal; figurines of common metal; fish plates for rails ; tombstone stelae of metal; bands of metal for tying-up purposes; framework of metal for building in steel; roller blinds of steel; wall plugs of metal; jerrycans of metal; tantalum [metal]; screw tops of metal for bottles; stoppers of metal for baths; memorial plates of metal; registration plates of metal; anvils [portable]; shoe dowels of metal; pantiles of metal; pantiles of metal; window frames of metal; greenhouse frames of metal; frames of metal for building in steel; greenhouse frames of metal; outdoor blinds of metal; wire stretchers [tension links]; belt stretchers of metal; wire cloth; vats of metal; titanium; tombac; tombs of metal; latticework of metal; partitions of metal; hoppers of metal, non-mechanical; diving boards of metal; traps for wild animals; railway sleepers of metal; beams of metal; prize cups of common metal; pipework of metal for water; steel tubes for water; branching pipes of metal; gutter pipes of metal; drain pipes of metal; tubes of metal for pipelines; tungsten; aviaries [structures] of metal; metal hardware, namely hooks for gates; water-pipe valves of metal; drain traps [valves] of metal; vanadium; screws of metal; insect screens of metal; zinc; zirconium; gates of metal; fences of metal; cake toppers of common metal; wall plaques made of common metal.

Class 20

(2) Display stands; metal display stands; point of sale display racks for furniture; furniture; freestanding towel racks; plate racks [furniture]; doors made of metal for furniture; doors made of non-metallic materials for furniture; clothes racks [furniture]; bathroom furniture; towel stands [furniture]; shaped fittings for bedroom furniture, not of textile material; office furniture; movable office partitions; display counters; sink liners; serving trolleys; kitchen dressers [furniture]; tool chests, not of metal, empty; dressers; drawers being furniture parts; boxes of wood or plastic; bunk beds; tables; table tops; showcases [furniture]; display cases; tray tables, not of metal; flower-pot pedestals; flower-pot pedestals; non-metal vats; display cases not of metal for domestic purposes; dressing tables; tables of metal; mirrors (silvered glass); footstools; office seats; recliners [chairs]; ladders of wood or plastics; mobile boarding stairs, not of metal, for passengers; bedside cabinets; console tables; picture frames; mirror frames; mouldings for picture frames; kitchen furniture; tea trolleys; wind chimes [decoration]; decorative window finials; indoor window blinds [furniture]; legs for furniture; coathooks, not of metal; curtain hooks; clothes hooks, not of metal; removable covers for sinks; bookcases; paper racks; kitchen furniture parts; benches for sports fields; picnic benches; directory boards; room divider panels [tsuitate]; furniture screens; work surfaces being

wheeled workstations specially adapted for printer equipment; feet for furniture; armchairs; book rests [furniture]; tie racks; umbrella stands; magazine racks; doors for furniture; door fasteners, not of metal; hand-held flagpoles, not of metal; door nameplates, not of metal; doorplates, not of metal; unit storage organizers comprising drawers sold as a unit; fitted crib rail covers; room dividers; dividers for drawers; oriental folding partition screens (byoubu); bed fittings, not of metal; furniture fittings, not of metal; door fittings, not of metal; beehives; yellow amber; clips, not of metal, for cables and pipes; curtain rings; stuffed animals; bag hangers, not of metal; head-rests [furniture]; window openers, not of metal, non-electric; door openers, not of metal, non-electric; cupboards; luggage lockers; medicine cabinets; animal claws; coats stands; winding spools, not of metal, non-mechanical, for flexible hoses; curtain rods; picture frame brackets; whalebone, unworked or semi-worked; work benches; furniture benches; saw benches [furniture]; coffins; barrels, not of metal; ambroid bars; door knockers, not of metal; plastic storage bins; reels of wood for yarn, silk, cord; reels, not of metal, non-mechanical, for flexible hoses; containers, not of metal, for compressed gas or liquid air in the nature of bottles; curtain tie-backs; casks, not of metal; identification bracelets, not of metal; sideboards; dinner wagons [furniture]; bolts, not of metal; busts of wood, wax, plaster and plastic; costume stands; door bells, not of metal, non-electric; settees; dog kennels; reeds [plaiting materials]; bolsters; bottle caps, not of metal; sealing caps, not of metal; infant walkers; plastic key cards, not encoded and not magnetic; placards of wood or plastics; index cabinets [furniture]; birdhouses; chests for toys; letter boxes, not of metal or masonry; tool boxes, not of metal, empty; chests of drawers; trestles [furniture]; saw horses; comb foundations for beehives; cask hoops, not of metal; hinges, not of metal; baskets being hampers [] for the transport of food;; plastic keys; window closers, not of metal, non-electric; bottle closures, not of metal; closures, not of metal, for containers; sash fasteners, not of metal, for windows; clips of plastic for sealing bags; wall plugs, not of metal; collars, not of metal, for fastening pipes; decorative mobiles; sea shells; oyster shells; oil drainage containers, not of metal; containers, not of metal, for storage containers, not of metal, for transport; recycling bins, not of metal; waste dumpsters, not of metal, other than for medical use; covers specially made for handling and transport of bottles, not of metal, for compressed gas; coral; animal horns; stag antlers; unworked and semi-worked horn; corozo; crucifixes of wood, wax, plaster or plastic, other than jewellery; kennels for household pets; bassinets; moses baskets; cushions; air cushions, not for medical purposes; anti-roll cushions for babies; pet cushions; head positioning pillows for babies; cushions for lining pet crates; head support cushions for babies; non-metal hardware nuts; decorations of plastic for foodstuffs; meat safes; fixed napkin dispensers not of metal; dispensers for dog waste bags, fixed, not of metal; divans; staves of wood; jewellery organizer displays; newspaper display stands; sew-on tags of plastic or rubber for clothing; labels of plastic; curtain holders, not of textile material; wall-mounted baby changing platforms; honeycombs; window fasteners, not of metal; window stops, not of metal or rubber; stair rods; door stops, not of metal or rubber; door closers, not of metal, non-electric; edgings of plastic for furniture; casks of wood for decanting wine; crates of wood; nesting boxes; mooring buoys, non-metallic; beds for household pets; furniture flower stands; rattan; coat hangers; pillows; air pillows, not for medical purposes; cupboards; window fittings, not of metal; coffin fittings, not of metal; bottle casings of wood; imitation tortoiseshell; cask stands, not of metal; stands for calculating machines; signboards of wood or plastics; mirror tiles; cabinet work; lecterns; scratching posts for cats; beds; waterbeds, not for medical purposes; hospital beds; cots for babies; padlocks, other than electronic, not of metal; mother-of-pearl, unworked or semi-worked; mannequins and tailors' dummies; door handles, not of metal; bathtub grab bars, not of metal; mattresses; air mattresses, not for medical purposes; air beds, not for medical purposes; camping mattresses; bedding in the nature of bed pillows and beds, except linen; school furniture; inflatable furniture; outdoor furniture of metal; bathroom vanities [furniture]; brush mountings; metal vice benches being furniture; wood ribbon; straw edgings; nesting boxes

for household pets; house numbers, not of metal, non-luminous; works of art made of wood, wax, plaster or plastic; wickerwork; hanging closet organizers; drawer organizers; straw mattresses; shoulder poles [yokes]; handling pallets, not of metal; transport pallets, not of metal; stakes, not of metal, for plants or trees; fishing baskets; keyboards for hanging keys; furniture partitions of wood; screens for fireplaces [furniture]; dowels, not of metal; tent poles, not of metal; nameplates, not of metal; loading pallets, not of metal; tent pegs, not of metal; shoe pegs, not of metal; ambroid plates; footstools; hairdressers' chairs; knobs, not of metal; bottle racks; hat stands; split rings, not of metal, for keys; sneeze guards; pulleys of plastics for blinds; window pulleys, not of metal; standing desks; plastic ramps for use with vehicles; fodder racks; gun racks; playpens for babies; packaging containers of plastic; containers, not of metal, for compressed gas or liquid air; containers, not of metal, for liquid fuel; bed bases; furniture shelves; shelves for storage; library shelves; shelves for file cabinets; mats, removable, for sinks; rivets, not of metal; bumper guards for cots, other than bed linen; curtain rails; furniture casters, not of metal; bed casters, not of metal; curtain rollers; taps, not of metal, for casks; runners, not of metal, for sliding doors; loading gauge rods, not of metal, for railway wagons; latches, not of metal; luggage racks being furniture]; shelving units; wooden step ladders; step stools, not of metal; writing desks; desks; desks; portable desks; deck chairs; shower chairs; bath seats for babies; seats of metal; high chairs for babies; reservoirs, not of metal nor of masonry; binding screws, not of metal, for cables; locks, other than electric, not of metal; door bolts, not of metal; locks, not of metal, for vehicles; valet stands; bathroom stools; sofas; hand-held mirrors [toilet mirrors]; meerscham; brackets, not of metal, for furniture; bakers' bread baskets; statues of wood, wax, plaster or plastic; figurines of wood, wax, plaster or plastic; display boards; plugs [dowels], not of metal; jerrycans, not of metal; indoor window blinds of paper; indoor window blinds of woven wood; sleeping pads; mats for infant playpens; screw tops, not of metal, for bottles; corks for bottles; stoppers of cork; numberplates, not of metal; tortoiseshell; shoe dowels, not of metal; typing desks; drafting tables; washstands [furniture]; trolleys for computers [furniture]; massage tables; bedsteads of wood; sections of wood for beehives; embroidery frames; bamboo curtains; bead curtains for decoration; indoor window blinds of textile; freestanding furniture partitions; deck chairs; straw plaits; chopping blocks [tables]; troughs, not of metal, for mixing mortar; stuffed birds; funerary urns; water-pipe valves of plastic; drain traps [valves] of plastic; water-pipe valves of plastic, other than parts of machines; slatted indoor blinds; hand-held flat fans; silvered glass being mirrors; screws, not of metal; animal hooves; dreamcatchers [decoration]; wind chimes [decoration]; statues, figurines, works of art and garden ornaments made of wood, wax, plaster or plastic; filing cabinets.

Colour Claim

Colour is claimed as a feature of the trademark. The colour brown is claimed as a feature of the mark. The mark consists of the brown stylized wording TERRA ECO.+NATURAL.+PREMIUM.

Goods

Class 03

(1) Disposable wipes impregnated with cleansing chemicals or compounds for cleansing the skin; disposable wipes impregnated with cleansing chemicals or compounds for cosmetic use; disposable wipes impregnated with cleansing chemicals or compounds for cosmetic use; disposable wipes impregnated with cleansing compounds for use on the face; baby wipes; pre-moistened cosmetic wipes; baby wipes impregnated with cleaning preparations.

Class 05

(2) Adult diapers; babies' diapers; babies' diaper-pants, disposable; babies' nappies [diapers]; diaper liners; diapers for incontinence; diapers for pets; panty liners [sanitary]; sanitary pads; sanitary pants; sanitary tampons; sanitary towels.

Class 21

(3) Plastic cups; plastic bowls.

Class 24

(4) Bamboo wipes in the nature of cloths for removing make-up; towels of textile; all of the above made in whole or in substantial part of organic ingredients.

Class 07

(1) Industrial machines in the nature of bioreactors for use in manufacturing biopharmaceuticals for use in cell culture, cell therapy and gene therapy; racking for bioreactors for use in manufacturing biopharmaceuticals; racking for holding bioreactors for use in manufacturing biopharmaceuticals for use in cell culture, cell therapy and gene therapy; bellows, bags, vessels, bottles and containers for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from industrial machines and manufacturing equipment; cassettes for industrial bioreactors for use in manufacturing biopharmaceuticals; disposable cassettes for industrial bioreactors for use in manufacturing biopharmaceuticals; parts, namely, structural disposable parts, for industrial bioreactors for use in manufacturing biopharmaceuticals for use in cell culture, cell therapy and gene therapy; connectors for industrial bioreactors for use in manufacturing biopharmaceuticals for use in cell culture, cell therapy and gene therapy; sterile connectors for industrial bioreactors for use in manufacturing biopharmaceuticals for use in cell culture, cell therapy and gene therapy; industrial incubators for cell culture, cell therapy or gene therapy; industrial incubators for maintaining cell cultures; industrial bioreactors for use in manufacturing biopharmaceuticals for use in creating a controlled environment for cell therapy and gene therapy manufacturing; machines for adding or removing fluids to or from industrial manufacturing equipment for cell and gene therapies; parts fittings replacement structural parts for bioreactors for use in manufacturing biopharmaceuticals.

Class 09

(2) Downloadable computer software and application software (apps) for operating bioreactors for manufacturing biopharmaceuticals in the field of cell culture, cell therapy, gene therapy; downloadable computer software and application software (apps) for controlling, monitoring, programming, communicating with, operating and adjusting apparatus and equipment for cell culture, cell therapy or gene therapy; downloadable computer software and application software (apps) for controlling, monitoring, programming and adjusting environmental conditions for cell culture, cell therapy or gene therapy; downloadable computer software and application software

(apps) for logging data in relation to cell culture, cell therapy or gene therapy; downloadable computer software and application software (apps) for monitoring patient health; downloadable computer software and application software (apps) for providing information on cell culture, cell therapy or gene therapy; downloadable databases of data relating to cell culture, cell therapy or gene therapy; disposable structural parts for bioreactors for laboratory use; cassettes for bioreactors for laboratory use; disposable cassettes for bioreactors for laboratory use; disposable scientific equipment and apparatus in the nature of bioreactors for laboratory use in the field of for cell culture, cell therapy and gene therapy; connectors in the nature of automatic valves for scientific apparatus and equipment; connectors in the nature of automatic valves for scientific apparatus for cell culture, cell therapy and gene therapy; sterile connectors in the nature of automatic valves for scientific apparatus and equipment; sterile connectors in the nature of automatic valves for scientific apparatus for cell culture, cell therapy and gene therapy; bellows for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment; bellows for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment for cell culture, cell therapy or gene therapy; bags for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment; bags for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment for cell culture, cell therapy or gene therapy; flexible containers for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment; flexible containers for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment for cell culture, cell therapy or gene therapy; compressible containers for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment; compressible containers for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment for cell culture, cell therapy or gene therapy; vessels, bottles and containers being scientific equipment for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment; vessels, bottles and containers being scientific equipment for storing, containing, dispensing or extracting fluids, stem cells, cell cultures or cell culture media to or from scientific apparatus and equipment for cell culture, cell therapy or gene therapy; incubators for cell culture, cell therapy or gene therapy; incubators for maintaining cell cultures; bioreactor arrays, multiplexed bioreactor systems, aseptic filling and sealing machines for bioreactors all for laboratory use; bioreactors for cell culture; bioreactors for cell and gene therapy scientific apparatus consisting of a handling unit for creating a controlled environment for cell culture, cell therapy or gene therapy processing; cell culture laminar flow hood for laboratory use, biological safety cabinets for laboratory use, laboratory water baths, cell culture vessels in the nature of laboratory centrifuges, laboratory chemical reactors, laboratory flasks, laboratory incubators, laboratory pipettes, laboratory trays, laboratory slides, laboratory scales and balances, laboratory test tubes and racks all for cell culture, cell therapy and gene therapy; disposable bioreactors for cell culture; scientific equipment for filling bioreactors, namely, pipettes and automated dosage dispensers; parts fittings structural parts for bioreactors for laboratory use; electrical equipment in the nature of laboratory bioreactors for use in cell culture, cell therapy and gene therapy.

Class 09

Downloadable and recorded computer software for use in the classification and segmentation of computed tomography images; downloadable and recorded computer software for processing images; software for processing images; downloadable and recorded computer software for processing three-dimensional images; downloadable and recorded computer software for processing data received from neural networks for image classification, image segmentation and object detection in the field of deep learning inference applications; artificial intelligence software for training neural networks to enable deep learning; machine learning software, namely, downloadable computer software to train computers to predict pore formation and development in the field of computer tomography and non-destructive evaluation; software for analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; downloadable and recorded computer software for analysis and visualization of computed tomography data in the field of non-destructive testing of components and materials for industrial purposes; downloadable and recorded computer software for analysis and visualization of optical scan data in the field of non-destructive testing of components and materials for industrial purposes; downloadable and recorded computer software for analysis and visualization of volume data in the field of industrial computed tomography; software for computer aided industrial testing; software for computer aided scientific testing; downloadable and recorded computer software for automated inspection of computed tomography images; downloadable and recorded computer software for selecting parameters for quality control in computed tomography inspection; quality control software, namely, software for non-destructive testing of components and materials for industrial purposes; downloadable software for product development for reconstruction, analysis and visualization of volume data in the fields of computed tomography, x-ray computed tomography and non-destructive testing of components and materials for industrial purposes; downloadable and recorded computer software for inspecting defects in 3D printing; industrial process control automation software for non-destructive testing, analyses and visualization of industrial computed tomography data; industrial process control software; downloadable and recorded smart manufacturing software for reconstruction, analysis and

visualization of volume data in the fields of computed tomography, x-ray computed tomography and non-destructive testing of components and materials for industrial purposes; software for weld inspection; downloadable and recorded computer software for measurement and defect inspection of plastic and metal castings; downloadable and recorded computer software for measurement and defect inspection of injection molded plastics; downloadable and recorded computer software for detection and assessment of pores and shrinkage cavities in plastic and metal castings; downloadable and recorded computer software for analysis and visualization of foreign material in plastic and metal castings; downloadable and recorded computer software for analysis and visualization of foreign material in injection molded plastics; downloadable and recorded computer software for porosity analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; software for computer aided part and mold design for plastic and metal parts; downloadable and recorded computer software for inspection of pores, cavities and shrinkages in closed cell foams; downloadable and recorded computer software for analysis and visualization of fibers, namely, carbon fibers, vulcanized fibers and textile fibers; graphical user interface software; downloadable and recorded application simulation software, namely, downloadable application software for reconstruction, analysis and visualization of volume data in the fields of computed tomography, x-ray computed tomography and non-destructive testing of components and materials for industrial purposes; industrial process control software for non-destructive testing, analyses and visualization of industrial computed tomography data; testing software for reconstruction, analysis and visualization of volume data in the fields of computed tomography, x-ray computed tomography and non-destructive testing of components and materials for industrial purposes; testing software for establishing conformance to specific technical specifications in the fields of computed tomography, x-ray computed tomography and non-destructive testing of components and materials for industrial purposes; computer-aided design (CAD) software; computer-aided engineering [CAE] software; downloadable production support software for reconstruction, analysis and visualization of volume data in the fields of computed tomography, x-ray computed tomography and non-destructive testing of components and materials for industrial purposes; downloadable software for reconstruction, analysis and visualization of volume data in the field of computed tomography; downloadable software for reconstruction, analysis and visualization of volume data in the field of x-ray tomography; computer-aided manufacturing (CAM) software for general use; industrial automation software for CT scanners; downloadable data processing programs for reconstruction, analysis and visualization of volume data in the fields of computed tomography, x-ray computed tomography and non-destructive testing of components and materials for industrial purposes; computer programmes for processing images; artificial intelligence software for analysis of volume data in the fields of computed tomography, x-ray computed tomography and non-destructive testing of components and materials for industrial purposes; image recognition software; software for creating computer graphics; computer programmes for image processing; graphics and image processing software for making three dimensional models; data processing software for creating graphic representations of computed tomography data; downloadable and recorded software for processing digital images in the fields of computed tomography, x-ray computed tomography and non-destructive testing of components and materials for industrial purposes.

Services

Class 41

(1) Provision of educational courses of instruction relating to the use and operation of computer software for use in the classification and segmentation of computed tomography images; provision of educational courses of instruction relating to the use and operation of computer software for

processing images; provision of instruction relating to software for processing images; provision of educational courses of instruction relating to the use and operation of computer software for processing three-dimensional images; provision of educational courses of instruction relating to the use and operation of computer software for processing data received from neural networks for image classification, image segmentation and object detection in the field of deep learning inference applications; provision of educational courses of instruction relating to the use and operation of artificial intelligence software for training neural networks to enable deep learning; provision of educational courses of instruction relating to the use and operation of machine learning software, namely, computer software to train computers to predict pore formation and development in the field of machine learning models and artificial intelligence; provision of educational courses of instruction relating to the use and operation of computer software for analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; provision of educational courses of instruction relating to the use and operation of computer software for analysis and visualization of computed tomography data in the field of non-destructive testing of components and materials for industrial purposes; provision of educational courses of instruction relating to the use and operation of computer software for analysis and visualization of optical scan data in the field of non-destructive testing of components and materials for industrial purposes; provision of educational courses of instruction relating to the use and operation of computer software for analysis and visualization of volume data in the field of industrial computed tomography; provision of instruction relating to software for computer aided industrial testing; provision of instruction relating to software for computer aided scientific testing; provision of educational courses of instruction relating to the use and operation of computer software for automated inspection of computed tomography images; provision of educational courses of instruction relating to the use and operation of computer software for selecting parameters for quality control using computed tomography inspection; provision of educational courses of instruction relating to the use and operation of quality control software, namely, software for non-destructive testing of components and materials for industrial purposes; provision of educational courses of instruction relating to the use and operation of computer software for inspecting defects in 3D printing; provision of educational courses of instruction relating to the use and operation of industrial process automation software for non-destructive testing, analyses and visualization of industrial computed tomography data; provision of instruction relating to industrial process control software; provision of educational courses of instruction relating to the use and operation of smart manufacturing software in the nature of factory automation software, namely, software to integrate manufacturing machine operations, track problems and generate production reports; provision of instruction relating to software for weld inspection; provision of educational courses of instruction relating to the use and operation of software for measurement and defect inspection of plastic and metal castings; provision of educational courses of instruction relating to the use and operation of computer software for measurement and defect inspection of injection molded plastics; provision of educational courses of instruction relating to the use and operation of computer software for detection and assessment of pores and shrinkage cavities in plastic and metal castings; provision of educational courses of instruction relating to the use and operation of computer software for analysis and visualization of foreign material in plastic and metal castings; provision of educational courses of instruction relating to the use and operation of computer software for analysis and visualization of foreign material in injection molded plastics; provision of educational courses of instruction relating to the use and operation of computer software for porosity analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; provision of instruction relating to software for computer aided part and mold design for plastic and metal parts; provision of educational courses

of instruction relating to the use and operation of computer software for inspection of pores, cavities and shrinkages in closed cell foams; provision of educational courses of instruction relating to the use and operation of computer software for analysis and visualization of fibers, namely, carbon fibers, vulcanized fibers and textile fibers; providing training in the use and operation of computer software for use in the classification and segmentation of computed tomography images; providing training in the use and operation of computer software for processing images; training services relating to software for processing images; providing training in the use and operation of computer software for processing three-dimensional images; providing training in the use and operation of computer software for processing data received from neural networks for image classification, image segmentation and object detection in the field of deep learning inference applications; providing training in the use and operation of artificial intelligence software for training neural networks to enable deep learning; providing training in the use and operation of machine learning software, namely, computer software to train computers to predict pore formation and development in the field of machine learning models and artificial intelligence; providing training in the use and operation of computer software for analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; providing training in the use and operation of computer software for analysis and visualization of computed tomography data in the field of non-destructive testing of components and materials for industrial purposes; providing training in the use and operation of computer software for analysis and visualization of optical scan data in the field of non-destructive testing of components and materials for industrial purposes; providing training in the use and operation of computer software for analysis and visualization of volume data in the field of industrial computed tomography; training services relating to software for computer aided industrial testing; training services relating to software for computer aided scientific testing; providing training in the use and operation of computer software for automated inspection of computed tomography images; providing training in the use and operation of computer software for selecting parameters for quality control using computed tomography inspection; providing training in the use and operation of quality control software, namely, software for non-destructive testing of components and materials for industrial purposes; providing training in the use and operation of computer software for inspecting defects in 3D printing; providing training in the use and operation of industrial process automation software for non-destructive testing, analysis and visualization of industrial computed tomography data; training services relating to industrial process control software; providing training in the use and operation of smart manufacturing software in the nature of factory automation software, namely, software to integrate manufacturing machine operations, track problems and generate production reports; training services relating to software for weld inspection; providing training in the use and operation of computer software for measurement and defect inspection of plastic and metal castings; providing training in the use and operation of computer software for measurement and defect inspection of injection molded plastics; providing training in the use and operation of computer software for detection and assessment of pores and shrinkage cavities in plastic and metal castings; providing training in the use and operation of computer software for analysis and visualization of foreign material in plastic and metal castings; providing training in the use and operation of software for analysis and visualization of foreign material in injection molded plastics; providing training in the use and operation of computer software for porosity analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; training services relating to software for computer aided part and mold design for plastic and metal parts; providing training in the use and operation of computer software for inspection of pores, cavities and shrinkages in closed cell foams; providing training in the use and operation of computer software for analysis and visualization of fibers, namely, carbon fibers, vulcanized fibers

and textile fibers; conducting training workshops in the field of computer software for use in classification and segmentation of computed tomography images; conducting training workshops in the field of computer software for processing images; conducting training workshops relating to software for processing images; conducting training workshops in the field of computer software for processing three-dimensional images; conducting training workshops in the field of computer software for processing data received from neural networks for image classification, image segmentation and object detection in the field of deep learning inference applications; conducting training workshops in the field of artificial intelligence software for training neural networks to enable deep learning; conducting training workshops in the field of machine learning software, namely, computer software to train computers to predict pore formation and development in the field of machine learning models and artificial intelligence; conducting training workshops in the field of computer software for analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; conducting training workshops in the field of computer software for analysis and visualization of computed tomography data in the field of non-destructive testing of components and materials for industrial purposes; conducting training workshops in the field of computer software for analysis and visualization of optical scan data in the field of non-destructive testing of components and materials for industrial purposes; conducting training workshops in the field of computer software for analysis and visualization of volume data in the field of industrial computed tomography; conducting training workshops relating to software for computer aided industrial testing; conducting training workshops relating to software for computer aided scientific testing; conducting training workshops in the field of computer software for automated inspection of computed tomography images; conducting training workshops in the field of computer software for selecting parameters for quality control using computed tomography inspection; conducting training workshops in the field of quality control software, namely, software for non-destructive testing of components and materials for industrial purposes; conducting training workshops in the field of computer software for inspecting defects in 3D printing; conducting training workshops in the field of industrial process automation software for non-destructive testing, analysis and visualization of industrial computed tomography data; conducting training workshops relating to industrial process control software; conducting training workshops in the field of smart manufacturing software in the nature of factory automation software, namely, software to integrate manufacturing machine operations, track problems and generate production reports; conducting training workshops relating to software for weld inspection; conducting training workshops in the field of computer software for measurement and defect inspection of plastic and metal castings; conducting training workshops in the field of computer software for measurement and defect inspection of injection molded plastics; conducting training workshops in the field of computer software for detection and assessment of pores and shrinkage cavities in plastic and metal castings; conducting training workshops in the field of computer software for analysis and visualization of foreign material in plastic and metal castings; conducting training workshops in the field of computer software for analysis and visualization of foreign material in injection molded plastics; conducting training workshops in the field of computer software for porosity analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; conducting training workshops relating to software for computer aided part and mold design for plastic and metal parts; conducting training workshops in the field of computer software for inspection of pores, cavities and shrinkages in closed cell foams; conducting training workshops in the field of computer software for analysis and visualization of fibers, namely, carbon fibers, vulcanized fibers and textile fibers; computer training; computer education training; computer training advisory services; cad (computer aided design) education; training services relating to computer-aided manufacturing; training in the operation of computer programs; training services

relating to computer-aided testing; training in the operation of computerised systems.

Class 42

(2) Consultancy relating to software for segmentation and analysis of computed tomography images; consultancy relating to software for image classification and segmentation; consultancy relating to software for processing visual data; consultancy relating to software for processing images; consultancy relating to software for processing three-dimensional scans; consultancy relating to software for computer vision; consultancy relating to software for machine vision; consultancy relating to artificial intelligence based software for data analysis, pattern discovery, process automation, contextual prediction, predictive analytics, predictive modeling, recognition, classification, segmentation, regression, decision support and visualization; consultancy relating to software for neural network inferencing; consultancy relating to software for artificial intelligence, machine learning and deep learning; consultancy relating to software for neural networks and deep neural networks; consultancy relating to software for training neural networks to enable deep learning; consultancy relating to machine learning software; consultancy relating to artificial intelligence software; consultancy relating to software for analysis and representation of volume data in the fields of computed tomography and non-destructive testing of components and materials; consultancy relating to software for non-destructive testing of components and materials; consultancy relating to software for analysis and visualization of computed tomography data; consultancy relating to software for analysis and visualization of optical scan data; consultancy relating to software for analysis and representation of industrial computed tomography data; consultancy relating to software for analysis and visualization of additive manufactured components; consultancy relating to software for computer aided industrial testing; consultancy relating to software for computer aided scientific testing; consultancy relating to software for automated computed tomography inspection; consultancy relating to software for quality control using computed tomography inspection; consultancy relating to quality control software; consultancy relating to software for product development; consultancy relating to software for 3D printing inspection; consultancy relating to software for industrial process automation; consultancy relating to industrial process control software; consultancy relating to smart manufacturing software; consultancy relating to software for weld inspection; consultancy relating to software for measurement and defect inspection of plastic and metal parts; consultancy relating to software for measurement and defect inspection of injection molded components; consultancy relating to software for detection and assessment of pores and shrinkage cavities; consultancy relating to software for analysis and visualization of foreign material in plastic and metal parts; consultancy relating to software for analysis and visualization of foreign material in injection molded components; consultancy relating to software for measurement and defect inspection of components and materials; consultancy relating to software for porosity analysis and representation; consultancy relating to software for detection and assessment of cracks and tears in materials; consultancy relating to software for computer aided part and mold design for plastic and metal parts; consultancy relating to software for inspection of closed cell foams; consultancy relating to software for fiber analysis and visualization; creation, installation, maintenance, adaptation, rental and updating of software for segmentation and analysis of computed tomography images; creation, installation, maintenance, adaptation, rental and updating of software for image classification and segmentation; creation, installation, maintenance, adaptation, rental and updating of software for processing visual data; creation, installation, maintenance, adaptation, rental and updating of software for processing images; creation, installation, maintenance, adaptation, rental and updating of software for processing three-dimensional scans; creation, installation, maintenance, adaptation, rental and updating of software for computer vision; creation, installation, maintenance, adaptation, rental and updating of software for machine vision;

creation, installation, maintenance, adaptation, rental and updating of artificial intelligence based software for data analysis, pattern discovery, process automation, contextual prediction, predictive analytics, predictive modeling, recognition, classification, segmentation, regression, decision support and visualization; creation, installation, maintenance, adaptation, rental and updating of software for neural network inferencing; creation, installation, maintenance, adaptation, rental and updating of software for artificial intelligence, machine learning and deep learning; creation, installation, maintenance, adaptation, rental and updating of software for neural networks and deep neural networks; creation, installation, maintenance, adaptation, rental and updating of software for training neural networks to enable deep learning; creation, installation, maintenance, adaptation, rental and updating of machine learning software; creation, installation, maintenance, adaptation, rental and updating of artificial intelligence software; creation, installation, maintenance, adaptation, rental and updating of software for analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials; creation, installation, maintenance, adaptation, rental and updating of software for non-destructive testing of components and materials; creation, installation, maintenance, adaptation, rental and updating of software for analysis and visualization of computed tomography data; creation, installation, maintenance, adaptation, rental and updating of software for analysis and visualization of optical scan data; creation, installation, maintenance, adaptation, rental and updating of software for analysis and visualization of industrial computed tomography data; creation, installation, maintenance, adaptation, rental and updating of software for analysis and visualization of additive manufactured components; creation, installation, maintenance, adaptation, rental and updating of software for computer aided industrial testing; creation, installation, maintenance, adaptation, rental and updating of software for computer aided scientific testing; creation, installation, maintenance, adaptation, rental and updating of software for automated computed tomography inspection; creation, installation, maintenance, adaptation, rental and updating of software for quality control using computed tomography inspection; creation, installation, maintenance, adaptation, rental and updating of quality control software; creation, installation, maintenance, adaptation, rental and updating of software for product development; creation, installation, maintenance, adaptation, rental and updating of software for 3d printing inspection; creation, installation, maintenance, adaptation, rental and updating of software for industrial process automation; creation, installation, maintenance, adaptation, rental and updating of industrial process control software; creation, installation, maintenance, adaptation, rental and updating of smart manufacturing software; creation, installation, maintenance, adaptation, rental and updating of software for weld inspection; creation, installation, maintenance, adaptation, rental and updating of software for measurement and defect inspection of plastic and metal parts; creation, installation, maintenance, adaptation, rental and updating of software for measurement and defect inspection of injection molded components; creation, installation, maintenance, adaptation, rental and updating of software for detection and assessment of pores and shrinkage cavities; creation, installation, maintenance, adaptation, rental and updating of software for analysis and visualization of foreign material in plastic and metal parts; creation, installation, maintenance, adaptation, rental and updating of software for analysis and visualization of foreign material in injection molded components; creation, installation, maintenance, adaptation, rental and updating of software for measurement and defect inspection of components and materials; creation, installation, maintenance, adaptation, rental and updating of software for porosity analysis and visualization; creation, installation, maintenance, adaptation, rental and updating of software for detection and assessment of cracks and tears in materials; creation, installation, maintenance, adaptation, rental and updating of software for computer aided part and mold design for plastic and metal parts; creation, installation, maintenance, adaptation, rental and updating of software for inspection of closed cell foams; creation, installation, maintenance, adaptation, rental

and updating of software for fiber analysis and visualization; computer software technical support services relating to computer software for image classification and segmentation; computer software technical support services relating to software for processing images; computer software technical support services relating to software for processing three-dimensional images; computer software technical support services relating to software for processing data received from neural networks for image classification, image segmentation and object detection in the field of deep learning inference applications; computer software technical support services relating to artificial intelligence software for training neural networks to enable deep learning; computer software technical support services relating to machine learning software; computer software technical support services relating to software for analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; computer software technical support services relating to software for analysis and visualization of computed tomography data in the field of non-destructive testing of components and materials for industrial purposes; computer software technical support services relating to software for analysis and visualization of optical scan data in the field of non-destructive testing of components and materials for industrial purposes; computer software technical support services relating to software for analysis and visualization of volume data in the field of industrial computed tomography; computer software technical support services relating to software for computer aided industrial testing; computer software technical support services relating to software for computer aided scientific testing; computer software technical support services relating to software for automated inspection of computed tomography images; computer software technical support services relating to quality control software, namely, software for non-destructive testing of components and materials for industrial purposes; computer software technical support services relating to software for inspecting defects in 3D printing; computer software technical support services relating to industrial process control automation software for non-destructive testing, analyses and visualization of industrial computed tomography data; computer software technical support services relating to industrial process control software; computer software technical support services relating to smart manufacturing software in the nature of factory automation software, namely, software to integrate manufacturing machine operations, track problems and generate production reports; computer software technical support services relating to software for weld inspection; computer software technical support services relating to software for measurement and defect inspection of plastic and metal castings; computer software technical support services relating to software for measurement and defect inspection of injection molded plastics; computer software technical support services relating to software for detection and assessment of pores and shrinkage cavities in plastic and metal castings; computer software technical support services relating to software for analysis and visualization of foreign material in plastic and metal castings; computer software technical support services relating to software for analysis and visualization of foreign material in injection molded plastics; computer software technical support services relating to software for porosity analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; computer software technical support services relating to software for computer aided part and mold design for plastic and metal parts; computer software technical support services relating to software for inspection of closed cell foams; computer software technical support services relating to software for analysis and visualization of fibers, namely, carbon fibers, vulcanized fibers and textile fibers; diagnosis of faults and troubleshooting relating to software for segmentation and analysis of computed tomography images; diagnosis of faults and troubleshooting relating to software for image classification and segmentation; diagnosis of faults and troubleshooting relating to software for processing visual data; diagnosis of faults and troubleshooting relating to software for processing images; diagnosis of faults and troubleshooting

relating to software for processing three-dimensional scans; diagnosis of faults and troubleshooting relating to software for computer vision; diagnosis of faults and troubleshooting relating to software for machine vision; diagnosis of faults and troubleshooting relating to artificial intelligence based software for data analysis, pattern discovery, process automation, contextual prediction, predictive analytics, predictive modeling, recognition, classification, segmentation, regression, decision support and visualization; diagnosis of faults and troubleshooting relating to software for neural network inferencing; diagnosis of faults and troubleshooting relating to software for artificial intelligence, machine learning and deep learning; diagnosis of faults and troubleshooting relating to software for neural networks and deep neural networks; diagnosis of faults and troubleshooting relating to software for training neural networks to enable deep learning; diagnosis of faults and troubleshooting relating to machine learning software; diagnosis of faults and troubleshooting relating to artificial intelligence software; diagnosis of faults and troubleshooting relating to software for analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials; diagnosis of faults and troubleshooting relating to software for non-destructive testing of components and materials; diagnosis of faults and troubleshooting relating to software for analysis and visualization of computed tomography data; diagnosis of faults and troubleshooting relating to software for analysis and visualization of optical scan data; diagnosis of faults and troubleshooting relating to software for analysis and visualization of industrial computed tomography data; diagnosis of faults and troubleshooting relating to software for analysis and visualization of additive manufactured components; diagnosis of faults and troubleshooting relating to software for computer aided industrial testing; diagnosis of faults and troubleshooting relating to software for computer aided scientific testing; diagnosis of faults and troubleshooting relating to software for automated computed tomography inspection; diagnosis of faults and troubleshooting relating to software for quality control using computed tomography inspection; diagnosis of faults and troubleshooting relating to quality control software; diagnosis of faults and troubleshooting relating to software for product development; diagnosis of faults and troubleshooting relating to software for 3d printing inspection; diagnosis of faults and troubleshooting relating to software for industrial process automation; diagnosis of faults and troubleshooting relating to industrial process control software; diagnosis of faults and troubleshooting relating to smart manufacturing software; diagnosis of faults and troubleshooting relating to software for weld inspection; diagnosis of faults and troubleshooting relating to software for measurement and defect inspection of plastic and metal parts; diagnosis of faults and troubleshooting relating to software for measurement and defect inspection of injection molded components; diagnosis of faults and troubleshooting relating to software for detection and assessment of pores and shrinkage cavities; diagnosis of faults and troubleshooting relating to software for analysis and visualization of foreign material in plastic and metal parts; diagnosis of faults and troubleshooting relating to software for analysis and visualization of foreign material in injection molded components; diagnosis of faults and troubleshooting relating to software for measurement and defect inspection of components and materials; diagnosis of faults and troubleshooting relating to software for porosity analysis and visualization; diagnosis of faults and troubleshooting relating to software for detection and assessment of cracks and tears in materials; diagnosis of faults and troubleshooting relating to software for computer aided part and mold design for plastic and metal parts; diagnosis of faults and troubleshooting relating to software for inspection of closed cell foams; diagnosis of faults and troubleshooting relating to software for fiber analysis and visualization; artificial intelligence consultancy; research in the field of artificial intelligence technology; computer technology consultation in the field of artificial intelligence; providing temporary use of online non-downloadable software for analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes;

providing analysis and computer aided visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; providing temporary use of online non-downloadable software for analysis and visualization of computed tomography data in the field of non-destructive testing of components and materials for industrial purposes; providing industrial analysis and computer aided visualization of computed tomography data in the field of non-destructive testing of components and materials for industrial purposes; providing temporary use of online non-downloadable software for analysis and visualization of optical scan data in the field of non-destructive testing of components and materials for industrial purposes; providing analysis and computer aided visualization of optical scan data in the field of non-destructive testing of components and materials for industrial purposes; providing temporary use of online non-downloadable software for analysis and visualization of volume data in the field of industrial computed tomography; providing analysis and computer aided visualization of volume data in the field of industrial computed tomography; computer aided industrial testing; computer aided scientific testing; providing quality control services in the field of computed tomography; product development; material testing; industrial material testing; metallurgical testing; material testing services; product safety testing; quality control testing, namely, material testing; product quality testing, namely, materials testing and evaluation; materials testing and analysing; technical measuring and testing, namely, measurement evaluations in the field of computed tomography; inspection of defects in plastic and metal castings; inspection of defects in injection molded plastics; material testing for use in the detection and assessment of pores and shrinkage cavities in plastic and metal castings; analysis of foreign material in plastic and metal castings; providing temporary use of non-downloadable software for porosity analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; providing porosity analysis and computer aided visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; material testing services for the detection and assessment of cracks and tears in materials; industrial x-ray inspection for pores, cavities and shrinkages in closed cell foams; material analysis for defects in products produced using additive manufacturing; weld inspection; analysis of foreign material in injection molded plastics; preparation of reports relating to measurement plans for analysis and visualization of computed tomography data in the field of non-destructive testing of components and materials for industrial purposes; preparation of reports relating to measurement plans for analysis and visualization of optical scan data in the field of non-destructive testing of components and materials for industrial purposes; preparation of reports relating to measurement plans for analysis and visualization of volume data in the field of industrial computed tomography; computer software consultancy relating to the selection of parameters for use in the analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; computer software consultancy relating to the selection of parameters for use in the analysis and visualization of computed tomography data in the field of non-destructive testing of components and materials for industrial purposes; computer software consultancy relating to the selection of parameters for use in the analysis and visualization of optical scan data in the field of non-destructive testing of components and materials for industrial purposes; computer software consultancy relating to selection of parameters for use in the analysis and visualization of volume data in the field of industrial computed tomography; computer software consultancy relating to selection of parameters for use in computer aided industrial testing of materials; computer software consultancy relating to selection of parameters for use in computer aided scientific testing of materials; computer software consultancy relating to selection of parameters for use in quality control using computed tomography inspection; computer software consultancy relating to

selection of parameters for use in material testing; computer software consultancy relating to selection of parameters for use in industrial testing of materials; computer software consultancy relating to selection of parameters for use in metallurgical testing; computer software consultancy relating to selection of parameters for use in quality control testing, namely, material testing; computer software consultancy relating to selection of parameters for use in materials testing and analysing; computer software consultancy relating to selection of parameters for use in technical measuring and testing in the field of computed tomography and non-destructive testing of components and materials for industrial purposes; computer software consultancy relating to selection of parameters for use in measurement and defect inspection of plastic and metal castings; computer software consultancy relating to selection of parameters for use in measurement and defect inspection of injection molded plastics; computer software consultancy relating to selection of parameters for use in detection and assessment of pores and shrinkage cavities in plastic and metal castings; computer software consultancy relating to selection of parameters for use in analysis and visualization of foreign material in plastic and metal castings; computer software consultancy relating to selection of parameters for use in porosity analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; computer software consultancy relating to selection of parameters for use in inspection of pores, cavities and shrinkages in closed cell foams; computer software consultancy relating to selection of parameters for use in the analysis and visualization of fibrous materials; computer software consultancy relating to selection of parameters for use in material analysis for defects in products produced using additive manufacturing; computer software consultancy relating to selection of parameters for use in weld inspection; computer software consultancy relating to selection of parameters for use in the analysis and visualization of foreign material in injection molded plastics; computer software consultancy relating to selection of parameters for use in the training of neural networks to enable deep learning; computer software consultancy relating to analysis and visualization of volume data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; technical consultancy relating to non-destructive testing of components and materials for industrial purposes; technological consultancy relating to analysis and visualization of computed tomography data in the field of non-destructive testing of components and materials for industrial purposes; technological consultancy relating to analysis and visualization of optical scan data in the field of non-destructive testing of components and materials for industrial purposes; technological consultancy relating to analysis and visualization of volume data in the field of industrial computed tomography; consultancy relating to computer aided industrial testing; consultancy relating to computer aided scientific testing; technical consultancy relating to quality control software for inspection of computed tomography images; technical consultancy relating to material testing; technical consultancy relating to industrial testing of materials; technical consultancy relating to metallurgical testing; technical consultancy relating to material testing services; technical consultancy relating to quality control testing, namely, material testing; consultancy relating to materials testing and analysing; technical consultancy relating to development of testing methods in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; technical consultancy relating to technical measuring and testing, namely, measurement evaluations in the field of computed tomography; technical consultancy relating to non-destructive material testing services; technical consultancy relating to inspection of defects in plastic and metal castings; technical consultancy relating to measurement and defect inspection of injection molded plastics; technical consultancy relating to detection and assessment of pores and shrinkage cavities in plastic and metal castings; technological consultancy relating to analysis and visualization of foreign material in plastic and metal castings; technological consultancy relating to porosity analysis and visualization of volume

data in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; technical consultancy relating to material testing for the detection and assessment of cracks and tears in materials; technical consultancy relating to industrial x-ray inspection of pores, cavities and shrinkages in closed cell foams; consultancy relating to computer aided part and mold design for plastic and metal parts; technological consultancy relating to smart manufacturing software in the nature of factory automation software, namely, software to integrate manufacturing machine operations, track problems and generate production reports; consultancy relating to weld inspection; technological consultancy relating to analysis and visualization of foreign material in injection molded plastics; advisory services relating to material testing; inspection of goods of others for quality control; material testing for fault detection; computer assisted engineering design services; engineering services relating to computer programming; archaeological exploration and research; consultation in the field of physics; metallurgical analysis; analysis of geological samples; analysis of materials for others; conducting feasibility studies relating to materials testing; research and development services in connection with physics; measurement evaluations in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; computer technology consultancy services; providing information about industrial analysis and research services in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; computer aided diagnostic testing services in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; computer aided industrial analysis services in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; computer aided industrial research services in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; computer aided scientific analysis services in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; computer aided scientific research services in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; conducting of industrial research in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; research in the field of materials science; research in the field of measurement technology in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; industrial analysis services in the fields of computed tomography and non-destructive testing of components and materials for industrial purposes; development of industrial processes for computed tomography and non-destructive testing of components and materials for industrial purposes; technical consultancy relating to product development; technical inspection services, namely, industrial x-ray inspection services; industrial analysis services, namely, monitoring industrial processes for quality control purposes; development and testing of computing methods, algorithms and software; development of computer systems for the processing of data in the field of computed tomography; troubleshooting in the nature of diagnosing computer hardware and software problems; research relating to the computerised automation of industrial processes; research relating to the computerised automation of technical processes; updating of computer software; updating of software for data processing; consultancy relating to the design and development of computer programs; advisory services relating to computer software used for graphics; advisory services relating to the use of computer software; computer programming for data processing; installation and maintenance of computer programs; design, maintenance, rental and updating of computer software; services for the design of electronic data processing software; design, drawing and commissioned writing of computer software; development and testing of software; development, updating and maintenance of software and database systems; development of software for data and multimedia content conversion from and to different protocols; design, development and implementation of software;

design and development of computer software for process control; design and development of data processing software; design and development of computer software for evaluation and calculation of data; design and development of software for importing and managing data; designing of data processing programmes; design of graphic software systems; creation, maintenance and adaptation of software; professional consultancy services relating to computer programming; provision of information relating to computer programming; troubleshooting of computer software problems; diagnosis of faults in computer software; implementation of computer programs in networks; installation and customisation of computer applications software; installation, maintenance and updating of computer software; installation of computer software; computer systems integration services; calibration services relating to computer software; configuration of computer software; design of software for data and multimedia content conversion from and to different protocols; custom design of software packages; software customisation services; customized design of computer software; modifying of computer programs; programming of computer software for evaluation and calculation of data; development and creation of computer programs for data processing and data communication systems; software engineering; technical consultancy services relating to computer programming; computer software technical support services; technical support and maintenance services for computer software; upgrading of computer software; rental and maintenance of computer software; consulting services in the field of software as a service [SaaS]; consultancy and information services relating to software rental; software as a service (SaaS) featuring software for processing images; rental of application software; rental of computer software; rental of data processing programs; consultancy and information services relating to the design, programming and maintenance of computer software; consultancy in the field of computer system integration; technological consultancy and advisory services relating to computer software and hardware; technological advisory services relating to computer programs for data processing.

Accounting software; downloadable adaptive computer software for workflow management, project management; downloadable adaptive computer software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; downloadable adaptive computer software for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information; Downloadable adaptive computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; downloadable adaptive software for compiling and organizing business intelligence; downloadable computer software development programs for creating and developing business applications for others; downloadable computer software development programs for creating and developing computer databases for others to be used on cloud-based servers; downloadable computer software development programs for creating and developing computer mobile applications for others to be used on cloud-based servers; downloadable computer software development programs for creating and developing computer programs for others to be used on cloud-based servers; downloadable computer software development programs for creating and developing computer programs for others to be used on public and private virtual servers; downloadable computer software for controlling and managing access server applications; downloadable application software for deploying virtual machines to a cloud computing platform, managing virtual machines on a cloud computing platform, and storing and managing electronic data in cloud environments; computer application software for mobile phones for use in database management; computer application software for mobile phones that allow users to access and browse available nearby housing resources; application software for social networking services via internet; computer software for big data management; computer software that provides real-time, integrated business management intelligence by combining information from various databases; computer software for creating and managing requests for proposals [RFPs] in the field of business performance management; recorded interactive computer software for managing, tracking and reporting business management performance metrics;

computer software for business data mining; computer software to create, customize, print, export, and e-mail financial reports, business reports, balance sheets, profit and loss statements, cash flow statements, and taxable sales reports; downloadable database integration software for business management; downloadable software and application software for providing business planning tools in the field of project management; computer software for connecting computers and for enabling cloud computing; computer software used for running cloud computing based applications; downloadable cms software [content management system] for storing and managing electronic data files, namely text files, image files, audio files, videos files, financial reports, business reports, balance sheets, profit and loss statements, cash flow statements, taxable sales reports, and editing digital photos; downloadable collaboration management computer software platforms for providing a virtual office for collaborative work by multiple parties; downloadable collaboration management computer software platforms to facilitate team and employee collaboration, communication and interaction; downloadable collaboration computer software platforms for providing a virtual office for collaborative work by multiple parties; downloadable collaboration computer software platforms to facilitate team and employee collaboration, communication and interaction; downloadable collaborative software for workflow management, project management ; downloadable collaborative computer software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; downloadable collaborative computer software for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information; Downloadable collaborative computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; downloadable collaborative software for compiling and organizing business intelligence; downloadable communication software for connecting computer network users; downloadable communication server software for storing and managing electronic data files, namely text files, image files, audio files, videos files, financial reports, business reports, balance sheets, profit and loss statements, cash flow statements, taxable sales reports, and editing digital photos; downloadable computer graphics software for processing images, graphics and text; downloadable computer groupware for workflow management, project management ; downloadable computer groupware that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; downloadable computer groupware for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information; Downloadable computer groupware for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; downloadable computer groupware for compiling and organizing business intelligence; computer hardware; computer programmes for image processing; computer programs for project management; downloadable computer software for workflow management, project management ; downloadable computer software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; downloadable computer software for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information; downloadable computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; downloadable computer software for compiling and organizing business intelligence; downloadable computer software applications for workflow management, project management ; downloadable computer software applications that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; downloadable computer software applications for the collection,

editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information; downloadable computer software applications for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; downloadable computer software applications for compiling and organizing business intelligence; downloadable software and application software for providing business development tools; computer software for application and database integration; computer software for controlling and managing access server applications; computer software for converting document images into electronic formats; computer software for creating searchable databases of information and data; computer software for database management; computer software for scanning images and documents; downloadable computer software packages for workflow management, project management ; downloadable computer software packages that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; downloadable computer software packages for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information; downloadable computer software packages for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; downloadable computer software packages for compiling and organizing business intelligence; downloadable computer software platforms for storing and managing electronic data files, namely text files, image files, audio files, videos files, financial reports, business reports, balance sheets, profit and loss statements, cash flow statements, taxable sales reports, and editing digital photos; computer software programs for spreadsheet management; downloadable computer software relating to the handling of financial transactions for producing financial models, for managing and verifying financial transactions; computer software to automate data warehousing; computer search engine software; downloadable computer search engine software; recorded computer search engine software; software for accessing and searching online databases and websites; computer utility programs for file management; downloadable content management software for storing and managing electronic data files, namely text files, image files, audio files, videos files, financial reports, business reports, balance sheets, profit and loss statements, cash flow statements, taxable sales reports, and editing digital photos ; customer relation management [crm] software; computer software for database management; downloadable computer software to facilitate team and employee collaboration, communication and interaction; computer software for collecting, processing, extracting and analysing data for business management; downloadable database server software for storing and managing electronic data files, namely text files, image files, audio files, videos files, financial reports, business reports, balance sheets, profit and loss statements, cash flow statements, and taxable sales reports; downloadable computer software that supports interaction between computer applications with data from application programming interfaces (APIs), digital databases and digital files; computer software for document automation; computer software for document management; downloadable applications for use with mobile devices for workflow management, project management ; downloadable applications for use with mobile devices that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; downloadable applications for use with mobile devices for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information; downloadable applications for use with mobile devices for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; downloadable applications for use with mobile devices for compiling and organizing business intelligence; downloadable calendaring software; downloadable cloud computing software for workflow management, project management ; downloadable cloud

computing software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; downloadable cloud computing software for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information; downloadable cloud computing software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; downloadable cloud computing software for compiling and organizing business intelligence; computer software for managing transactional data, providing statistical analysis, and producing notifications and reports in the field of business management; downloadable computer software for receiving, processing, transmitting, and displaying data for business data analytics and user behavior analytics; downloadable computer software for use in organizing, transmitting, receiving, playing, storing and reviewing audio files, image files and video files; downloadable computer software for transmitting emails from a subscriber list; downloadable computer utility software for workflow management, project management ; downloadable computer utility software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; downloadable computer utility software for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information; downloadable computer utility software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; downloadable computer utility software for compiling and organizing business intelligence; computer software for editing images, sound, and video; computer software for text editing; downloadable electronic publications in the nature of newsletters, articles, brochures, computer program manuals in the field of workflow management, project management, business intelligence; enterprise content management [ecm] software; software for enterprise resource planning (ERP) in the field of business management; network access server operating software; downloadable computer software for the distribution, storage, and sharing of music, sounds, video and text files; financial management software; computer software for image processing; downloadable electronic publications in the nature of instructions manuals in the field of computer programs for workflow management, project management and business intelligence; server software for creating, sending and receiving e-mail; downloadable computer software for providing business management information; media streaming software; network access server operating software; computer software for use in operating and programming computer printers; computer software platforms that provides real-time, integrated business management intelligence by providing a virtual office for collaborative work by multiple parties; computer software to create, customize, print, export, and e-mail financial reports, business reports, balance sheets, profit and loss statements, cash flow statements, and taxable sales reports; software for coordinating employee meetings and workspace scheduling, planning, and optimization; downloadable network access server operating software; computer application software for mobile devices for use in database management; computer application software for mobile devices that allow users to access and browse available nearby housing resources; computer software for image graphics, audio, video and text processing; computer software for use in design and development of industrial products; computer software that enables users to search and retrieve business management information across a computer network; computer software for managing transactional data, providing statistical analysis, and producing notifications and reports in the field of business management; downloadable software for the visualization, computation, reporting, extraction, integration and analysis of data in the field of big data for business data analytics; website development software; software for accessing and integrating data and workflows in the field of business management; project management software.

Services**Class 35**

(1) Assistance, advisory services and consultancy with regard to business planning; advice and consulting in the field of business statistical analysis and reporting; assistance, advisory services and consultancy with regard to business analysis; business intelligence services; business management; business management planning; business meeting planning; business planning and business continuity consulting; business profit analysis; systemization of information into computer databases; compilation of statistics; computerised accounting; computerized file management; corporate management assistance; drawing up of statements of accounts; business management services relating to information and data compiling and analyzing; providing assistance in the field of business management and planning; indexing of documents for others; statistical analysis and reporting services for business purposes; strategic business planning; business project management services.

Class 41

(2) Computer training; library services related to documents stored and retrieved by electronic means; non-downloadable electronic publications in the nature of newsletters and articles in the field of workflow management, project management and business intelligence; provision of instruction relating to computer programming; education services, namely, providing training courses in the field of computer software; training in computer programming; training in the development of software systems; education services, namely, providing training courses in the field of the operation of software systems; training services concerned with the use of computer software; training services in the field of project management.

Class 42

(3) Advisory services relating to computer system integration, data integration, data migration and cloud automation; application service provider services (ASP), namely, hosting of computer software applications of others; cloud computing featuring software for use in workflow management and project management ; cloud computing featuring software for use in providing real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; cloud computing featuring software for use in collecting, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information; cloud computing featuring software for use in providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; downloadable adaptive software for compiling and organizing business intelligence; cloud computing featuring software for use in big data management; cloud computing featuring software for use in storing and managing electronic data, editing digital photos; cloud computing featuring software for use in connecting computer network users; cloud computing featuring software for use in processing images, graphics and text; cloud computing featuring software for use in application and database integration; cloud computing featuring software for use in controlling and managing access server applications ; cloud computing featuring software for use in handling of financial transactions for producing financial models, for managing and verifying financial transactions; cloud computing featuring software for use in searching and retrieval of data ; cloud computing featuring software for use in customer relationship management (CRM); computer consultancy and advisory services in the field of computer software; computer programming and maintenance of computer programs; project management services in the field of computer software for use in electronic data processing; computer software project management services; computer software technical support services; computer technology consultancy; consultancy and information services relating to computer

system integration; consultancy in the field of computer system integration; computer software consultancy; consultancy relating to computer database programs; consultancy relating to software design and development; consultancy relating to the design and development of computer software programs; consultancy relating to the recovery of computer data; consulting in the field of cloud computing networks and applications; computer code conversion for others; computer data conversion for others; conversion of data or documents from physical to electronic media; conversion of images from physical to electronic media; providing non-downloadable artificial intelligence software for text recognition; copying of computer software; creating and maintaining websites; creation, maintenance and adaptation of software; conversion of digital content, namely movies, videos, songs, and books into other digital formats namely PDF, WAV, JPEG, TIFF formats; duplication of computer programs; conversion of data from physical to electronic media; document data transfer and conversion from one media to another; computer coding services; design and development of image processing software; design and development of operating software for computer networks and servers; design of computer database software; design of software for data and multimedia content conversion from and to different protocols; planning, design and implementation of computer software for others; development and maintenance of computer database software; development of software for data and multimedia content conversion from and to different protocols; computer services, namely, digital asset management; document data transfer from one computer format to another; duplication of computer programs; computer consultancy services, namely, expert consultancy services in connection with computing networks; hosting web sites; installation, maintenance, repair and servicing of computer software; computer programming services; computer technology consultancy services; platform as a service [paas] for workflow management and project management ; platform as a service [paas] that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; platform as a service [paas] for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information; platform as a service [paas] for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; platform as a service [paas] for compiling and organizing business intelligence; platform as a service [paas] for big data management; platform as a service [paas] for storing and managing electronic data, editing digital photos; platform as a service [paas] for connecting computer network users; platform as a service [paas] for processing images, graphics and text; platform as a service [paas] for application and database integration; platform as a service [paas] for controlling and managing access server applications ; platform as a service [paas] for handling of financial transactions for producing financial models, for managing and verifying financial transactions; platform as a service [paas] for searching and retrieval of data ; platform as a service [paas] for customer relationship management (CRM); technical support services, namely providing cloud storage facilities for use as data center for others; providing information in the field of computer software development; providing technical advice in the field of computer software; computer software consultancy; providing temporary use of non-downloadable computer software for workflow management and project management ; providing temporary use of non downloadable computer software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface; providing temporary use of non downloadable computer software for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information; providing temporary use of non downloadable computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports; providing temporary use of non downloadable computer software for compiling and organizing business intelligence; providing

temporary use of non downloadable computer software for big data management; providing temporary use of non downloadable computer software for storing and managing electronic data, editing digital photos; providing temporary use of non downloadable computer software for connecting computer network users; providing temporary use of non downloadable computer software for processing images, graphics and text; providing temporary use of non downloadable computer software for application and database integration; providing temporary use of non downloadable computer software for controlling and managing access server applications ; providing temporary use of non downloadable computer software for handling of financial transactions for producing financial models, for managing and verifying financial transactions; providing temporary use of non downloadable computer software for searching and retrieval of data ; providing temporary use of non downloadable computer software for customer relationship management (CRM); computer services, namely, providing temporary use of non-downloadable computer software for data management in the field of business management; recovery of computer data; rental of computer software; research in the field of computer software; research and development of computer software; technical services in the nature of computer engineering and software engineering services; Software as a service (SAAS) services, namely, hosting accounting software for use by others; Software as a service (SAAS) services, namely, hosting adaptive software for workflow management, project management for use by others; Software as a service (SAAS) services, namely, hosting adaptive computer software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface for use by others; Software as a service (SAAS) services, namely, hosting adaptive computer software for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information for use by others; Software as a service (SAAS) services, namely, hosting adaptive computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports for use by others; Software as a service (SAAS) services, namely, hosting adaptive software for compiling and organizing business intelligence for use by others; Software as a service (SAAS) services, namely, hosting application development software for use by others; Software as a service (SAAS) services, namely, hosting application server software for controlling and managing access server applications for use by others; Software as a service (SAAS) services, namely, hosting application software for cloud computing services for deploying virtual machines to a cloud computing platform, managing virtual machines on a cloud computing platform, storing and managing electronic data, for cloud computing services for use by others; Software as a service (SAAS) services, namely, hosting application software for mobile phones for use by others; Software as a service (SAAS) services, namely, hosting application software for social networking services via internet for use by others; Software as a service (SAAS) services, namely, hosting big data management software for use by others; Software as a service (SAAS) services, namely, hosting business intelligence software for use by others; Software as a service (SAAS) services, namely, hosting business performance Process management [bpm] software for use by others; Software as a service (SAAS) services, namely, hosting business software for use by others; Software as a service (SAAS) services, namely, hosting cloud computing software for use by others; Software as a service (SAAS) services, namely, hosting cms software [content management system] for storing and managing electronic data, editing digital photos for use by others; Software as a service (SAAS) services, namely, hosting collaboration management software platforms for use by others; Software as a service (SAAS) services, namely, hosting collaboration software platforms [software] for use by others; Software as a service (SAAS) services, namely, hosting collaborative software for workflow management, project management for use by others; Software as a service (SAAS) services, namely, hosting collaborative computer software that provides real-time, integrated

business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface for use by others; Software as a service (SAAS) services, namely, hosting collaborative computer software for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information for use by others; Software as a service (SAAS) services, namely, hosting collaborative computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports for use by others; Software as a service (SAAS) services, namely, hosting collaborative software for compiling and organizing business intelligence for use by others; Software as a service (SAAS) services, namely, hosting communication software for connecting computer network users for use by others; Software as a service (SAAS) services, namely, hosting communications server software for storing and managing electronic data, editing digital photos for use by others; Software as a service (SAAS) services, namely, hosting computer graphics software for processing images, graphics and text for use by others; Software as a service (SAAS) services, namely, hosting computer groupware for workflow management, project management for use by others; Software as a service (SAAS) services, namely, hosting computer groupware that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface for use by others; Software as a service (SAAS) services, namely, hosting computer groupware for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information for use by others; Software as a service (SAAS) services, namely, hosting computer groupware for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports for use by others; Software as a service (SAAS) services, namely, hosting computer groupware for compiling and organizing business intelligence for use by others; Software as a service (SAAS) services, namely, hosting computer hardware for workflow management, project management for use by others; Software as a service (SAAS) services, namely, hosting computer hardware that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface for use by others; Software as a service (SAAS) services, namely, hosting computer hardware for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information for use by others; Software as a service (SAAS) services, namely, hosting computer hardware for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports for use by others; Software as a service (SAAS) services, namely, hosting computer hardware for compiling and organizing business intelligence for use by others; Software as a service (SAAS) services, namely, hosting computer programmes for image processing; downloadable computer programs for project management for use by others; Software as a service (SAAS) services, namely, hosting computer software for workflow management, project management for use by others; Software as a service (SAAS) services, namely, hosting computer software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface for use by others; Software as a service (SAAS) services, namely, hosting computer software for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information; downloadable computer software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports for use by others; Software as a service (SAAS) services, namely, hosting computer software for compiling and organizing business intelligence for use by others; Software as a service (SAAS) services, namely, hosting computer software applications for workflow management, project management for use by others;

Software as a service (SAAS) services, namely, hosting computer software applications that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface for use by others; Software as a service (SAAS) services, namely, hosting computer software applications for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information for use by others; Software as a service (SAAS) services, namely, hosting computer software applications for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports for use by others; Software as a service (SAAS) services, namely, hosting computer software applications for compiling and organizing business intelligence for use by others; Software as a service (SAAS) services, namely, hosting downloadable computer software development tools for use by others; Software as a service (SAAS) services, namely, hosting computer software for application and database integration for use by others; Software as a service (SAAS) services, namely, hosting computer software for controlling and managing access server applications for use by others; Software as a service (SAAS) services, namely, hosting computer software for converting document images into electronic formats for use by others; Software as a service (SAAS) services, namely, hosting computer software for creating searchable databases of information and data for use by others; Software as a service (SAAS) services, namely, hosting computer software for database management for use by others; Software as a service (SAAS) services, namely, hosting computer software for scanning images and documents for use by others; Software as a service (SAAS) services, namely, hosting computer software packages for workflow management, project management for use by others; Software as a service (SAAS) services, namely, hosting computer software packages that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface for use by others; Software as a service (SAAS) services, namely, hosting computer software packages for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information for use by others; Software as a service (SAAS) services, namely, hosting computer software packages for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports for use by others; Software as a service (SAAS) services, namely, hosting computer software packages for compiling and organizing business intelligence for use by others; Software as a service (SAAS) services, namely, hosting computer software platforms for storing and managing electronic data, editing digital photos for use by others; Software as a service (SAAS) services, namely, hosting computer software programs for spreadsheet management for use by others; Software as a service (SAAS) services, namely, hosting computer software relating to the handling of financial transactions for producing financial models, for managing and verifying financial transactions for use by others; Software as a service (SAAS) services, namely, hosting computer software to automate data warehousing for use by others; Software as a service (SAAS) services, namely, hosting computer software to enable searching and retrieval of data for use by others; Software as a service (SAAS) services, namely, hosting computer utility programs for file management for use by others; Software as a service (SAAS) services, namely, hosting content management software for storing and managing electronic data, editing digital photos for use by others; Software as a service (SAAS) services, namely, hosting computer software for use in customer relationship management [crm] for use by others; Software as a service (SAAS) services, namely, hosting data and file management software and database software for use by others; Software as a service (SAAS) services, namely, hosting data communications software for use by others; Software as a service (SAAS) services, namely, hosting data management software for use by others; Software as a service (SAAS) services, namely, hosting database server software for storing and managing

electronic data for use by others; Software as a service (SAAS) services, namely, hosting database synchronization software for use by others; Software as a service (SAAS) services, namely, hosting document automation software for use by others; Software as a service (SAAS) services, namely, hosting document management software for use by others; Software as a service (SAAS) services, namely, hosting applications for use with mobile devices for workflow management, project management for use by others; Software as a service (SAAS) services, namely, hosting applications for use with mobile devices that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface for use by others; Software as a service (SAAS) services, namely, hosting applications for use with mobile devices for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information for use by others; Software as a service (SAAS) services, namely, hosting applications for use with mobile devices for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports for use by others; Software as a service (SAAS) services, namely, hosting applications for use with mobile devices for compiling and organizing business intelligence for use by others; Software as a service (SAAS) services, namely, hosting calendaring software for use by others; Software as a service (SAAS) services, namely, hosting cloud computing software for workflow management, project management for use by others; Software as a service (SAAS) services, namely, hosting cloud computing software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface for use by others; Software as a service (SAAS) services, namely, hosting cloud computing software for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information; downloadable cloud computing software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports for use by others; Software as a service (SAAS) services, namely, hosting cloud computing software for compiling and organizing business intelligence for use by others; Software as a service (SAAS) services, namely, hosting computer software for the management of data for use by others; Software as a service (SAAS) services, namely, hosting computer software for the transmission of data for use by others; Software as a service (SAAS) services, namely, hosting computer utility software for workflow management, project management for use by others; Software as a service (SAAS) services, namely, hosting computer utility software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface for use by others; Software as a service (SAAS) services, namely, hosting computer utility software for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information for use by others; Software as a service (SAAS) services, namely, hosting computer utility software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports for use by others; Software as a service (SAAS) services, namely, hosting computer utility software for compiling and organizing business intelligence for use by others; Software as a service (SAAS) services, namely, hosting software for workflow management, project management for use by others; Software as a service (SAAS) services, namely, hosting software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface for use by others; Software as a service (SAAS) services, namely, hosting software for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information for use by others; Software as a service (SAAS) services, namely, hosting software for providing an on-line database in the field of transaction processing to upload

transactional data, provide statistical analysis, and produce notifications and reports for use by others; Software as a service (SAAS) services, namely, hosting software for compiling and organizing business intelligence for use by others; Software as a service (SAAS) services, namely, hosting editing software for use by others; Software as a service (SAAS) services, namely, hosting enterprise content management [ecm] software for use by others; Software as a service (SAAS) services, namely, hosting enterprise resource planning [erp] software for use by others; Software as a service (SAAS) services, namely, hosting file server software for use by others; Software as a service (SAAS) services, namely, hosting file sharing software for use by others; Software as a service (SAAS) services, namely, hosting file synchronization software for use by others; Software as a service (SAAS) services, namely, hosting financial management software for use by others; Software as a service (SAAS) services, namely, hosting image management software for use by others; Software as a service (SAAS) services, namely, hosting mail server software for use by others; Software as a service (SAAS) services, namely, hosting management information system [mis] software for use by others; Software as a service (SAAS) services, namely, hosting media server software for use by others; Software as a service (SAAS) services, namely, hosting network access server operating software for use by others; Software as a service (SAAS) services, namely, hosting print server software for use by others; Software as a service (SAAS) services, namely, hosting real-time collaborative editing [rtce] platforms [software] for use by others; Software as a service (SAAS) services, namely, hosting reporting software for use by others; Software as a service (SAAS) services, namely, hosting scheduling software for use by others; Software as a service (SAAS) services, namely, hosting network access server operating software for use by others; Software as a service (SAAS) services, namely, hosting software for workflow management, project management for use by others; Software as a service (SAAS) services, namely, hosting software that provides real-time, integrated business management intelligence by combining information from various databases and presenting it in an easy-to-understand user interface for use by others; Software as a service (SAAS) services, namely, hosting software for the collection, editing, organizing, modifying, book marking, transmission, storage, and sharing of data and information for use by others; Software as a service (SAAS) services, namely, hosting software for providing an on-line database in the field of transaction processing to upload transactional data, provide statistical analysis, and produce notifications and reports for use by others; Software as a service (SAAS) services, namely, hosting software for compiling and organizing business intelligence for use by others; Software as a service (SAAS) services, namely, hosting software and applications for mobile devices for use by others; Software as a service (SAAS) services, namely, hosting software for monitoring, analysing, controlling and running physical world operations for use by others; Software as a service (SAAS) services, namely, hosting software for processing images, graphics, audio, video and text for use by others; Software as a service (SAAS) services, namely, hosting software for product development for use by others; Software as a service (SAAS) services, namely, hosting software for searching and retrieving information across a computer network for use by others; Software as a service (SAAS) services, namely, hosting software for the analysis of business data for use by others; Software as a service (SAAS) services, namely, hosting software suites for use by others; Software as a service (SAAS) services, namely, hosting table representation software for use by others; Software as a service (SAAS) services, namely, hosting website development software for use by others; Software as a service (SAAS) services, namely, hosting workflow management system software for use by others; Software as a service (SAAS) services, namely, hosting downloadable project management software for use by others; software design for others; technical consultancy in the field of information technology service management; technical project planning, namely engineering project management services in the field of computer systems; computer software advisory services; application service provider (ASP) featuring software for managing electronic

data storage for archiving business, corporate, and personal records and documents; updating of computer software; upgrading of computer software.

TRADEMARK DETAILS

Trademark Type

Design

Visual Representation

Trademark Description

The trademark consists of an imprint depicting a black rectangle with its longer sides horizontal, inside which is inserted, in a central position, a circular figure, yellow in color, which in turn contains a circular figure of smaller dimensions and of the same yellow color, said rectangle having inserted inside it, at right and at left, two small rectangular figures which are perpendicular to the shorter sides and are also of the same yellow color.

Colour Claim

Colour is claimed as a feature of the trademark. Yellow and black. The color YELLOW appears: in the circular figures of different dimensions placed in the central position of the rectangle, in the two small rectangular figures (at right and left) which are perpendicular to the shorter sides of the rectangle; the color BLACK appears: in the background of the rectangle.

Goods

Class 09

(1) Eyeglasses; sunglasses; anti-glare glasses; goggles for sports; swimming goggles; eyeglass and sunglass cases; eyeglass and sunglass lenses; eyeglass and sunglass frames; eyeglass and sunglass chains; eyeglass and sunglass cords; pince-nez; pince-nez cases; pince-nez chains; pince-nez cords; pince-nez mountings; correcting lenses [optics]; contact lenses; containers for contact lenses; ski goggles; spectacle cases; optical lenses; binoculars; binocular cases; monoculars; opera glasses; telescopes; blank optical discs; optical glass; magnifying glasses; magnifying glass cases; objectives, namely camera lenses; smartglasses; 3D spectacles; electronic game software for cellular phones; electronic game software for hand-held electronic

devices; computer game software, recorded; computer game programs; computer software, recorded, namely computer e-commerce software to allow users to perform electronic business transactions via a global computer network, computer software for inventory management; computer programs, downloadable, namely downloadable computer games; floppy disks drives; computer software platforms, recorded or downloadable, namely computer software for database management; downloadable graphics for mobile phones; computer screen saver software, recorded or downloadable; computer game software, downloadable; headsets for playing video games; head-mounted displays; personal computers; cases adapted for personal computers; notebook computers; hand-held computers; cases adapted for hand-held computers; carrying cases adapted for computers; tablet computers; protective cases for tablet computers; covers for tablet computers; laptop computers; cases for laptops; bags adapted for laptops; sleeves for laptops; docking stations for laptops; wrist rests for use with computers; computer mice; mouse pads; computer keyboards; printers for use with computers; computer peripheral devices, namely trackball input devices; monitors [computer hardware]; carrying cases for radio pagers; radio cases; radios; mobile phones; lanyards [straps] for cellular phones; covers adapted for cellular phones; cases adapted for cellular phones; antennas for cellular phones; cellular phones; smartphones; protective covers for smartphones; protective cases for smartphones; electronic pagers; electronic book readers; protective cases for electronic book readers; cordless telephones; cordless telephone holders; telephone receivers; telephones; video telephones; cell phone straps; batteries for cellular phones; microphones for cellular phones; loudspeakers for cellular phones; earphones for cellular phones; battery for cellular phones; battery charger cases for cellular phones; in-ear headphones; headphones; headphone cases; hands free kits for telephones; hands free kits for cellular phones; smartwatches; protective films adapted for smartphones; selfie sticks [hand-held monopods]; selfie sticks for use with smartphones; virtual reality headsets; selfie lenses; personal digital assistants [PDAs]; devices for the projection of virtual keyboards, namely multimedia projectors; ear pads for headphones; data gloves; trackballs [computer peripherals]; downloadable emoticons for mobile phones; stands adapted for laptops; foldable smartphones; wireless speaker microphones; smart speakers; wearable speakers; selfie ring lights for smartphones; mobile phone screen protectors; mobile phone ring holders; mobile phone ring stands; headsets; portable battery chargers for use with smartphones; holders adapted for mobile telephones and smartphones; in-car telephone handset cradles portable speakers; cooling pads for laptop computers; dashboard mats adapted for holding mobile telephones and smartphones; multi-purpose cameras; disposable cameras; cases adapted for cameras; cameras [photography]; digital cameras; television cameras; camcorders; carrying cases specially adapted for cameras and photographic equipment; lanyards [straps] for cameras; digital photo frames; exposed slide film cases; slides [photography]; video screens; home theater projectors; protective helmets for sports; riding helmets; clothing and footwear for protection against accidents, irradiation and fire; gloves for divers; visors for helmets; dust protective masks; blank compact discs; blank DVDs; holders and cases for compact discs and DVDs; protective carrying cases for portable music players; music and video player cases, namely carrying cases for digital music players and digital video players; digital music players; loudspeakers; compact disc players; cases adapted for CD players; DVD recorders; DVD players; cases adapted for DVD players; portable MP3 players; cases for portable MP3 players; covers for portable MP3 players; portable compact disc music players; prerecorded magnetic tapes, cartridges and disks, namely prerecorded audio tapes featuring music; walkie-talkies; antennas, namely cell phone, television and car antennas; audiovisual teaching apparatus, namely, slide projectors, video projectors; exposed films; transmitters of radio frequency, satellite and telephone electronic signals; television sets; electronic publications, downloadable, namely journals and brochures in the field of computer and video games, leatherware and clothing; blank magnetic data carriers being CD-ROMs and hard disks,

sound recording discs, namely, blank DVDs for sound and video recording; prerecorded audio discs; prerecorded DVDs containing audio and video clips, music, movies, television shows, documentaries, cartoons; blank audio and video tapes; sound recording carriers, namely audio tape recordings; video recorders; video cassettes; USB flash drives; electronic key fobs being remote control apparatus; teaching robots, namely humanoid robots with artificial intelligence; USB web keys; USB dongles [wireless network adapters]; credit card-style USB flash drives; time clocks [time recording devices]; counters, namely coin counting machines; rulers namely measuring rulers; teaching apparatus in the field of sewing and clothing manufacturing; appliances for measuring the thickness of leather; barometers; thermometers, not for medical purposes, namely laboratory thermometers, infra-red thermometers; calculating machines; pocket calculators; chronographs [time recording apparatus]; scales with body mass analysers; pedometers; directional compasses; egg timers [sandglasses]; microscopes; bar code readers; navigation apparatus for vehicles, namely car navigation computers; magnetically encoded key cards; electronic agendas; cases for electronic agenda; covers for electronic agendas; coin-operated musical automata [juke boxes]; magic lanterns; holograms; electronic interactive whiteboards; interactive touch screen terminals; decorative magnets; electronic pens [visual display units]; lanyards [straps] especially adapted for holding cellular phones, MP3 players, cameras, video cameras, eyeglasses, sunglasses, magnetic encoded cards; nose clips for divers and swimmers; blank integrated circuit cards being smart cards; sports whistles; electronic pocket translators; hand-held electronic dictionaries; optical fibres [light conducting filaments]; snorkels; telecommunication apparatus in the form of jewellery, namely smart watches; climate control digital thermostats; padlocks, electronic; weight belts for divers; earpieces for remote communication; parking sensors for vehicles; ticket printers; video projectors; downloadable e-wallets; credit card terminals; biometric passports; electronic passports; biometric identity cards; remote control apparatus, namely video monitor controllers, wireless controllers to remotely monitor and control the function and status of computers; downloadable computer software for smart home hubs for the operation of smart home devices; downloadable cryptographic keys for receiving and spending crypto assets; downloadable computer software for managing cryptocurrency transactions using blockchain technology; baby monitors; audio baby monitors; video baby monitors; baby scales; protective helmets for children for sports; educational software for children.
