Trademarks Journal

2025-11-12 — Vol. 72 No. 3707

Trademarks Journal

Vol. 72 No. 3707

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Goods**Class 01**

(1) Wood pulps; Industrial adhesives, namely, polyvinyl acetate and polyurethane adhesives, adhesives for use in the automotive industry, general use adhesives, synthetic resin adhesives for industrial purposes, adhesives for floor ceiling and wall tiles, and adhesives for use in the construction industry; Unprocessed plastics.

Class 06

(2) Dowels (joining dowels, pins), entirely or largely metal, particularly dowels (joining dowels, pins) that are entirely or partly coated with thermoplastics, that contain thermoplastics, that are fitted with thermoplastics or that may be fitted with thermoplastics; metal joining elements, namely, metal pipe joints that are entirely and partly coated with thermoplastics, that contain thermoplastics, that are fitted with thermoplastics and that may be fitted with thermoplastics; Metal mechanical contact elements, namely, metal conduits that are entirely and partly coated with thermoplastics, that contain thermoplastics, that are fitted with thermoplastics and that may be fitted with thermoplastics; metal fastening elements, namely, metal threaded fasteners, namely, nuts, metal screws, stud fasteners, metal threaded fasteners for transmitting fluids, that are entirely and partly coated with thermoplastics, that contain thermoplastics, that are fitted with thermoplastics and that may be fitted with thermoplastics; Metal fittings, namely, metal hose fittings that are entirely and partly coated with thermoplastics, that contain thermoplastics, that are fitted with thermoplastics and that may be fitted with thermoplastics; Furniture fittings, entirely or largely metal, particularly furniture fittings that are entirely or partly coated with thermoplastics, that contain thermoplastics, that are fitted with thermoplastics or that may be fitted with thermoplastics; Anchors, entirely or largely metal, particularly anchors that are entirely or partly coated with thermoplastics, that contain thermoplastics, that are fitted with thermoplastics or that may be fitted with thermoplastics; Screws, entirely or largely metal, particularly screws that are entirely or partly coated with thermoplastics, that contain thermoplastics, that are fitted with thermoplastics or that may be fitted with thermoplastics; industrial die cast parts made of aluminium and magnesium alloys, namely,

housings for electronic or electric controller and devices, machine housings, gear boxes and structural joining elements in cars for engine fixation, dash board, bummers, sheet metal connectors; Metal foam

Class 07

(3) Machines and apparatus for the treatment of materials, namely, ultrasonic generators, namely, machines and apparatus with sonotrodes, namely electric ultrasonic welding machines, ultrasonic vibration machines used to join two objects together by plastic-based liquefiable dowels, electric powered sonotrodes for creating ultrasonic vibrations used to join to two objects together; Machines and apparatus for joining objects, namely, ultrasonic generators with sonotrodes, namely, ultrasonic vibration machines used to join two objects together by melting plastic-based liquefiable dowels, electric powered sonotrodes for creating ultrasonic vibrations used to join two objects together; vibration generators; Machines and apparatus for the treatment of plastics, namely machines and apparatus for generating ultrasound, namely, machines and apparatus with sonotrodes for applying ultrasonic vibrations to a component/part for material treatment; Machines and apparatus for the treatment of materials, namely, machines and apparatus for treatment by means of ultrasound, namely, electric powered sonotrodes for creating ultrasonic vibrations used to join two objects together.

Class 17

(4) Semi-processed plastics; Semi-processed plastics, namely, thermoplastic plastic pins and thermoplastic plastic tubes; Plastic preforms, foils and panels made of plastic, namely, semi-processed plastics in the form of films, sheets, tubes, bars, and rods; Tubular plastics for manufacturing purposes, namely, semi-processed plastics in the form of tubes, bars, and rods for further manufacture; Carbon fibres, namely, fibre preforms for transfer moulding processes (resin transfer moulding, RTM), for injection moulding or for manufacturing of organo sheet materials (sheets of plastic-based composite materials); Semi-processed plastics or carbon fibres, namely, carbon fibre reinforced composite material; Ceramic foam; Polymer foam; Semi-processed goods made of porous plastic, namely, semi-processed porous plastic in the form of film, sheets, tubes, bars, and rods; Filtering material, namely, plastic, ceramic and semiconductor semi-processed goods, namely, semi-processed plastics in the nature of filtering materials used in manufacturing soot filters, fuel cells, particle filters, and gas filters; Non-metal joining elements, namely, semi-processed goods made of plastic, namely, semi-processed plastic in the form of film, sheets, tubes, bars, and rods

Class 19

(5) Concrete; Aerated concrete; Lightweight concrete; Geotextiles; Foamed glass for building purposes; Building timber, wooden building materials, constructions made of wood, wood (formed, pressed, partially treated), included in this class

Class 20

(6) Dowels (joining dowels, pins), entirely or largely non-metal; Plastic-based liquefiable dowels; non-metal joining elements, namely, non-metal fastening anchors; non-metal mechanical contact elements, namely, non-metal screws, nails, bolts, wedges, rivets, pins; Fastening elements made of plastic and plastic composites, namely, non-metal threaded fasteners, namely, nuts, metal screws, stud fasteners, non-metal threaded fasteners for transmitting fluids; non-metal nuts, non-metal bolts, non-metal nails, non-metal rivets; Non-metal fittings, namely, non-metal door fittings; Furniture fittings, entirely or largely non-metal; Anchors made of plastic or plastic composites; Screws, entirely or largely non-metal

Class 21

(7) Glass fibres, namely, fibre preforms for transfer moulding processes (resin transfer moulding, RTM), for injection moulding or for manufacturing of organo sheet materials (sheets of plastic-based composite materials); semi-processed goods made of glass fibers and fiberglass webs in the nature of glass fiber reinforced composite material.

Goods

Class 09

Internal communication device namely, intercoms, video intercom systems; Communication and transmission equipment namely, earpieces for remote communication, microphones for communication devices, headsets, radio frequency amplifiers, cell phone antennas, mobile phones, mobile telecommunications handsets, two-way radios, remote control transmitter; Transmitting and receiving equipment for long distance transmission namely, long range transmitters, radio receivers and transmitters, radio-frequency transmitters, telephone transmitters; Microphones for communication equipment; Wires, electric; Data processing apparatus namely, computer hardware for data processing; Downloadable computer programs for connecting computer network users and global computer networks and systems, namely, headsets and radios; Downloadable computer programs for use in organizing, transmitting, receiving, playing, storing and reviewing audio files; Downloadable computer programs for streaming audio data to headsets, intercoms, radios and telephones; Downloadable computer programs for facilitating team and employee collaboration, communication and interaction; Downloadable computer programs for monitoring and tracking voltage, capacity, performance and cell status of batteries in headsets, intercoms, radios and telephones; Downloadable computer programs for collecting financial information, metadata and metrics of customers; Change-over switches for telecommunication apparatus; Integrated circuits; Galvanic cells

Services

Class 38

(1) Message sending namely, short message services (SMS), text messaging, telephone voice messaging services; Telephone communication; Transmission of messages and images namely, electronic exchange of images and messages via a global computer network; Providing access to a website containing information on telecommunication services namely, videoconferencing services, wireless digital messaging services, personal communication services; Information about telecommunication namely, providing advisory and consultancy services for telecommunication services namely, videoconferencing services, wireless digital messaging services, personal

communication services; Telecommunication services, namely, providing computer network access via fiber optic networks; Telephone services provided by means of fibre optic cables; Satellite telephone transmission; Provide database access service; Electronic transmission of digital files namely, audio, video, voice, via a peer-to-peer network; Voice mail services; streaming of data, namely streaming of audio and video content via the internet, other computer networks, wireless networks and electronic communication networks

Class 42

(2) Technical research in the field of telecommunications namely, videoconferencing services, wireless digital messaging services, personal communication services; Technical consultation in the field of telecommunications namely, videoconferencing services, wireless digital messaging services, personal communication services; Computer software design; Consultancy in the design and development of computer hardware; Development of computing platforms for telecommunications namely, videoconferencing services, wireless digital messaging services, personal communication services; Consulting services pertaining to the technology of telecommunications namely, videoconferencing services, wireless digital messaging services, personal communication services; Data security consultation; Electronic data storage namely, archiving business documents, personal documents and corporate documents; Maintenance of computer software; Computer virus protection services

The logo for Broan NuTone features the word "BROAN" in a bold, black, sans-serif font. A stylized, wavy line is positioned between the "O" and "A" of "BROAN". Below "BROAN" is the word "NuTone" in a black, sans-serif font, with the "Nu" in a smaller size and a lowercase "t" in "Tone".

Goods

Class 06

(1) Metal elbows for pipes; non-electric door chimes with and without optical viewer.

Class 07

(2) Trash compactors; motors for fan and blower assemblies for heating, ventilating and air conditioning products; variable frequency drives for motors, other than for land vehicles, specifically for fan and blower assemblies for heating, ventilating, and air conditioning products; central vacuum cleaning systems for residential use, comprised of, central power units, canisters, outlets, switches, extension cords, protective hose sleeves, hose wall inlets, dust pan inlets and trim plates, installation kits, mounting brackets, rough-in kits, mounting plates for inlets, nail plates and duct outlet cover plates; central vacuum cleaning attachments for residential use, namely, hand tool kits comprised primarily of crevice tools, upholstery tools with brushes, floor/wall tools, tool caddies, electric power brushes, vacuum brushes, dusting brushes disposable soil bags, suction nozzles, hoses, turbine brushes, wands, upholstery tools, hard floor tools, brush tools for pet hair, mufflers, plastic tubing and tubing fixtures, and parts and fittings, wall caps, elbow piping, end caps, supervalves, car care attachment set, car and bare floor attachments, floor and rug tools, and hard surface floor tools, and structural replacement components therefor; replacement parts and accessories for central vacuum cleaning systems, namely, wall inlet valves, hoses, belts, motors, filters, powerheads, carpet brushes and gaskets; central vacuum cleaning systems for commercial use; fan blades for fan and electric rotary blower assemblies in heating, ventilating and air conditioning products; electric rotary blowers being part of central fan integrated ventilation systems.

Class 09

(3) Electronic control system for use with indoor air handling units, ventilation systems, air exchangers, bath exhaust fans, and range hoods; downloadable software to optimize performance of indoor air handling units, ventilation systems, air exchangers, bath exhaust fans, and range hoods; electronic control system for environmental monitoring and control for use with indoor air quality and ventilation systems; electronic sensors and electrical plugs used with indoor air quality and ventilation systems for sensing, monitoring, and detecting temperature, humidity, pressure, and other environmental factors in order to provide optimal air quality; Electronic control system for use with indoor air handling units, ventilation systems, air exchangers, bath exhaust fans, and range hoods; downloadable software and downloadable mobile applications to optimize performance of indoor air handling units, ventilation systems, air exchangers, bath exhaust fans, and range hoods; electronic control panels and switches for fans, air exchangers, and indoor air quality and ventilation systems; electronic humidity sensors and controllers for use with ventilators; electric control system, namely, main electronic controllers for use with heating, air conditioning, humidifying, dehumidifying, ventilation and air purifying systems; climate control systems consisting of digital thermostats and electric ventilation control panels; wireless audio speakers for household exhaust ventilation fans, bathroom exhaust fans and component parts thereof; whole house music distribution and home theatre system, namely, inwall, ceiling, surface mount, indoor, and outdoor speakers, subwoofers, volume controls, rough-in frame for speakers; electric door chimes; classic electric doorbells and buzzers; wireless electronic door chime and extension therefor; video door answering system and components therefor, comprised of a door camera, video monitor, audio/video surveillance camera, electrical cable, cable connectors, signal splitters and transformers; lighted and non-lighted electric push-button switch for doorbell; electric wire for doorbell chime; electric timer switches and remote controls for heaters, ventilation fans and exhaust fans; time delay switches for heaters and exhaust fans and ventilation fans; variable speed controls for ventilation fans; electric timer controls, electric switches, thermostatic controls and humidity controls for attic fans and house fans; mounting frames for loudspeakers and intercom controls; wired mechanical electrically operated doorbells; electric doorbells with video function; downloadable and recorded computer software and mobile apps for operating video doorbells; wireless electric doorbells; video monitors; video screens; cameras; video recorders; webcams; intercoms and video intercoms; electric light dimmers and light switches; electrical wall outlets; thermostats; wired and wireless electronic controllers for thermostats, home automation systems, ventilation fans; electrical power devices in the nature of multimedia outlets for controlling automatic or scheduled turn on/off appliances plugged into the outlet; home and office automation systems comprising wireless and wired controllers, and downloadable and recorded software for lighting, hvac, security, safety and other home and office monitoring and control applications; dimmers and light switches; electrical power devices in the nature of multimedia outlets for controlling automatic and scheduled turn on/off appliances plugged into the outlet; home and office automation systems comprising wireless and wired controllers, controlled devices for safety and other home and office monitoring and control applications, namely, computer and smartphone hubs used for monitoring, controlling, scheduling and automating lighting, heating, air conditioning, and cameras, and downloadable and recorded software for lighting, HVAC, security; downloadable electronic publications namely, catalogs, installation guides, specification sheets in the field of heat and energy recovery ventilation; electronic humidity sensors and controllers for use with ventilators, thermostat controllers for wall heaters, high temperature electronic controllers for wall heaters, electronic variable speed control for ventilation fans, fan and light electronic controllers; integrated electronic supplemental protection system, namely, comprised of software, temperature sensors and electrical control systems for heating and air conditioning systems, for managing the ventilator operation mode of ventilation fans, air exchangers for cleaning and purification of air, heat exchangers other than parts of machines, heat recovery ventilators, energy recovery

ventilators, apartment ventilators used in residential and light commercial buildings with regard to the airflows temperature readings of the aforementioned devices in order to ensure that supplied air is temperate, namely, that airflows temperatures are mixed in satisfying proportions; monitoring software for diagnostics, scheduling and alarming for hvac zoning systems for use in commercial and residential buildings; electronic controls for HVAC systems, central vacuum systems, exhaust fans, ventilating fans and range hoods; voice activation software for kitchen range hoods; power cords kits being component parts of oven, range and stove top ventilating exhaust fans; radio intercom systems; video door answering system and components therefor, namely door camera, video monitor, audio/video surveillance camera, electrical cable, cable connectors, signal splitters and transformers; electric door communication and lock control and components therefor, namely, speakers, door release modules, control amplifiers, and electrically operated door releases; lighted and non-lighted electric push button switch for door bell; electrical wire for door bell chime; time delay switches for heaters and exhaust fans and ventilation fans; variable speed controls for ventilation fans; electric timer switches for heaters, ventilation fans and house fans; door chimes; electronic and musical door chimes; wireless electronic door chimes and extension therefor; automatic motion sensors for kitchen range hoods, exhaust hoods for kitchens and cooking ventilation hoods; classic electric door bells and buzzers.

Class 11

(4) Exhaust hoods for kitchens, range hoods, kitchen range ventilator hoods, cooking ventilation hoods; kitchen extractor hoods; downdraft range ventilators; oven, range and stove top ventilating exhaust fans; ventilators for removing cooking and heat source by-products from residential food cooking units; air handlers; heat pumps; evaporator coils for heating and ventilation units; hvac zoning systems for use in commercial and residential buildings comprised of automatically adjusting climate controls, zone dampers and zone actuators ; range hoods and accessories therefor, namely, splash plates, duct extensions, fittings, and wall and roof caps; bathroom ventilating exhaust fans; bathroom exhaust fans for residential use and parts and accessories thereof, namely grilles; exhaust ventilation fans and parts and accessories thereof, namely, grilles, motors, dampers, blower wheels, lights; adjustable mounting frame for use with the installation of ventilating exhaust fans; energy-efficient ventilating exhaust fans; energy-efficient ventilating exhaust fans with ceiling lights; energy-efficient bathroom exhaust fans; energy-efficient bathroom exhaust fans with ceiling lights; room heaters namely, portable electric space heaters, wall heaters, kickspace heaters, ceiling heaters, wall, ceiling, baseboard and waterproof heaters combinations in a bathroom and kitchen exhaust fans housing, and room heaters, and accessories therefor, namely, speed control switches and time switches for air supply speed control, humidity sensing, dehumidistats, thermostat controllers, electronic variable speed control for ventilation fans and fan and light controllers; lighting system consisting essentially of lights for ventilation exhaust fans; lighting system consisting essentially of lights for range hoods; ventilation exhaust fans; hood ventilators and grille hoods and parts thereof, namely, replacement filters; ventilating fans for residential use; indoor air quality and ventilation systems comprised of air filters, fans, exchangers, ventilators for use in commercial and residential buildings; central fan integrated ventilation systems comprised of ventilating exhaust fans, air intake ducts with motorized dampers, air handlers, fan cycling controllers; balanced ventilation systems comprised of fans, air handlers, motorized dampers, and recovery ventilators for residential and commercial use; ventilation fan accessories, namely, ventilating fans and fan speed controllers for household use, dampers, reducers, size adapter kits for interconnecting differently sized ducts together, electrostatic air filters for domestic use; air filters for air cleaning units for residential use; air exchangers for supplying, exhausting, cleaning, purifying, heating, humidifying, dehumidifying, and cooling the air; air filtering installations for air cleaning units; power attic ventilators for household use; energy

recovery ventilators; heat recovery ventilators; air filters and ventilators to decrease air pollution for domestic use; electric fans for home ventilation; air supply and intake fans for ventilating and circulating air in industrial and commercial environments; balanced ventilation systems comprised of supply fans and exhaust fans for ventilating and circulating air in industrial and commercial environments; inline fans for ventilation systems to enhance airflow in residential, commercial, and industrial applications; fitted decorative trim for electrical fans and range hoods; bathroom and kitchen exhaust fans, air heaters for household purposes, IAQ-Indoor Air Quality-systems comprised of residential and commercial energy recovery ventilators (ERV) and heat recovery ventilators (HRV), indoor air exchangers, HEPA filtration and fresh air ventilation, air intake with duct, register with damper, supply fans, whole house air-exchanger, duct connector baffle; adjustable lighting for range hoods, exhaust hoods, ventilation hoods, downdraft ranges, ventilation fans, kitchen exhaust ventilation fans, and PAVs- Powered Attic Ventilators, range hoods; downdraft range ventilators; oven, range and stove top ventilating exhaust fans and component parts thereof, namely mounting brackets, filters, backsplashes, internal blowers, flue extensions, and non-ducted kits; ventilating exhaust fans with ceiling lights, bathroom exhaust fans, bathroom exhaust fans with ceiling lights; ventilating exhaust fans for closets and attics; ventilating exhaust fans and parts thereof; dampers namely control devices used in air ducts to regulate the flow of air, fan grilles for ventilation units, duct connectors for joining and securing sections of ductwork in ventilation systems, hanger bars for supporting and securing HVAC equipment within ceilings or walls; lighting system consisting of lights for ventilation exhaust fans; lighting system consisting of lights for range hoods; household and bathroom exhaust fans with integrated wireless audio speakers and component parts thereof; bathroom and kitchen exhaust fans and combination bathroom and kitchen exhaust fan and light assemblies automatically controlled by humidity and motion detectors and programmable timers; ventilating fans and fan speed controllers for household use; air vents and integrated vent grilles for whole-house domestic HEPA air filtration systems; whole-house ventilators for circulating and exchanging air throughout an entire building; attic ventilators for circulating and exchanging air in a household attic; bathroom and kitchen exhaust fans with light and heater, ductless fans and fan parts; ventilation installations and their parts, namely circulation covers for use in HVAC systems and kitchen exhaust fans; electric fans and air extractor hoods for household purposes; fans with motor for the attic and solar fans for the attic; ductless ventilating exhaust fans; air heaters, namely wall kickspace and ceiling air heaters; structural replacement parts for bath fans, range hoods and ventilation equipment, namely, local and central ventilation and filtration systems and integrated heating systems comprising air exchangers, heat exchangers and heat recovery ventilators; bracket and channel tracks for securing air filters and energy recovery core placement for use in whole-house HEPA air filtration system units; range hoods and parts therefore, namely, BLDC motor, digital control, blower housing and wheel; kitchen range ventilator hoods; vacuum ventilation systems sold as a feature on exhaust hoods for kitchens, range hoods, and kitchen range ventilator hoods; electric light bulbs for lighted doorbell push button switches; wall and roof mounted exhaust fans for ducted connection to range hoods; range hoods with exhaust fans and filters; bathroom and kitchen exhaust fans with and without lights, with and without filters; exhaust fans for direct mounting to range hood; wall-mounted electric fans for inside and outside walls and ceilings; chimney exhaust ventilation fans; chimney range hoods for residential use; ventilation fan accessories, namely, grilles, dampers, reducers, size adapter kits for interconnecting differently sized ducts together, roof caps, eave caps and wall caps, ducts, and sleeves; roof exhaust fans; attic fans; radiant, forced air portable space heaters; electric portable heaters with and without lights and with and without ventilation fans; ceiling-mounted and interior and exterior wall-mounted discharge, exhaust and ventilation fans; roof mounted ventilation fans; gable fans and automatic gable louvers; whole-house ventilation fans and louvers therefor; non-ducted ventilation fans; room-to-room electric fans

for use in commercial and residential buildings; bathroom electric lighting fixtures; hvac systems for commercial and residential buildings; ventilating fans and combination heating and lighting units for commercial and residential use; bathroom and kitchen exhaust fans and combination exhaust fan and light assemblies automatically controlled by humidity and motion detectors and programmable timers; ventilating exhaust fans, ventilating exhaust fans with ceiling lights, electrical heaters adapted to be built into the walls and the ceilings of rooms, ventilating exhaust fans, built in ventilating hoods, radiant heaters; outdoor landscape lighting installations for recreational, camping, and commercial use, not for agricultural use; outdoor LED landscape lights that emit insect repellant for recreational, camping, and commercial use for humans and pets, not for agricultural use; electrical heaters adapted to be built into the walls and the ceilings and floors of rooms.

Class 16

(5) Operation and installation manuals, product data manuals, brochures, trade show paper backdrops and banners, printed advertising signs of cardboard or paper, printed advertisement, namely point of sale paper or cardboard displays; print publications namely, catalogues booklets, training manuals, newsletters, specification sheets, installation guides, in the field of heat and energy recovery ventilation, fresh air systems, balanced ventilation, range hoods, exhaust ventilation fans.

Class 21

(6) Outdoor landscape fixtures consisting of a stake, pole and housing that emit insect repellant for humans and pets; outdoor landscape fixtures consisting of a stake, pole and housing that emit insect repellant for recreational, camping, or commercial use, not for agricultural use; mugs.

Class 25

(7) Clothing, namely, shirts, hats, jackets, polos, and sweaters.

Services

Class 35

(1) Advertising communication namely, advertising the goods and services of others online, via social media, websites, point of sale displays, and tradeshow exhibitions, in the fields of heating, ventilating, and air conditioning products; electronic, web-based, and mail order catalogue services featuring ventilation systems, namely, bath fans, range hoods, heater/fan light combination units, indoor air quality systems, heaters, whole-home exhaust ventilation, attic ventilators; business administration of a dealer trade loyalty reward program to third parties who sell and install indoor air networks, residential ventilation and air quality products, range hoods, ventilation fans, and air exchangers, built-in electric heaters, fresh air systems, attic ventilators, door chimes, central vacuum systems, and home automation products.

Class 40

(2) Custom manufacture of ventilation systems, namely, bath fans, exhaust ventilation fans, range hoods, heater/fan light combination units, indoor air quality systems, heaters, whole-home exhaust ventilation, attic ventilators.

Class 41

(3) Providing online non-downloadable electronic publications namely, operation manuals, specification sheets, installation guides and catalogues in the field of heat and energy recovery ventilation.

Class 42

(4) Providing online non-downloadable software to optimize performance of indoor air handling units, ventilation systems, air exchangers, bath exhaust fans, and range hoods; Providing online non-downloadable software to optimize performance of indoor air handling units, ventilation systems, air exchangers, bath exhaust fans, and range hoods.

(5) Providing online non-downloadable software to optimize performance of indoor air handling units, ventilation systems, air exchangers, bath exhaust fans, and range hoods; Providing online non-downloadable software to optimize performance of indoor air handling units, ventilation systems, air exchangers, bath exhaust fans, and range hoods.

Colour Claim

Colour is claimed as a feature of the trademark. The colors blue and red are claimed as a feature of the mark. The mark consists of the word BROAN in blue with a wave design through the middle of the letters O and A over the word NuTone in red.

Goods

Class 06

(1) non-electric door chimes with and without optical viewer.

Class 07

(2) Trash compactors; motors for fan and blower assemblies for heating, ventilating and air conditioning products; variable frequency drives for motors, other than for land vehicles, specifically for fan and blower assemblies for heating, ventilating, and air conditioning products; central vacuum cleaning systems for residential use, comprised of, central power units, canisters, outlets, switches, extension cords, protective hose sleeves, hose wall inlets, dust pan inlets and trim plates, installation kits, mounting brackets, rough-in kits, mounting plates for inlets, nail plates and duct outlet cover plates; central vacuum cleaning attachments for residential use, namely, hand tool kits comprised primarily of crevice tools, upholstery tools with brushes, floor/wall tools, tool caddies, electric power brushes, vacuum brushes, dusting brushes disposable soil bags, suction nozzles, hoses, turbine brushes, wands, upholstery tools, hard floor tools, brush tools for pet hair, mufflers, plastic tubing and tubing fixtures, and parts and fittings, wall caps, elbow piping, end caps, supervalves, car care attachment set, car and bare floor attachments, floor and rug tools, and hard surface floor tools, and structural replacement components therefor; replacement parts and accessories for central vacuum cleaning systems, namely, wall inlet valves, hoses, belts, motors, filters, powerheads, carpet brushes and gaskets; central vacuum cleaning systems for

commercial use; fan blades for fan and electric rotary blower assemblies in heating, ventilating and air conditioning products; electric rotary blowers being part of central fan integrated ventilation systems.

Class 09

(3) Electronic control system for use with indoor air handling units, ventilation systems, air exchangers, bath exhaust fans, and range hoods; downloadable software to optimize performance of indoor air handling units, ventilation systems, air exchangers, bath exhaust fans, and range hoods; electronic control system for environmental monitoring and control for use with indoor air quality and ventilation systems; electronic sensors and electrical plugs used with indoor air quality and ventilation systems for sensing, monitoring, and detecting temperature, humidity, pressure, and other environmental factors in order to provide optimal air quality; Electronic control system for use with indoor air handling units, ventilation systems, air exchangers, bath exhaust fans, and range hoods; downloadable software and downloadable mobile applications to optimize performance of indoor air handling units, ventilation systems, air exchangers, bath exhaust fans, and range hoods; electronic control panels and switches for fans, air exchangers, and indoor air quality and ventilation systems; electronic humidity sensors and controllers for use with ventilators; electric control system, namely, main electronic controllers for use with heating, air conditioning, humidifying, dehumidifying, ventilation and air purifying systems; climate control systems consisting of digital thermostats and electric ventilation control panels; wireless audio speakers for household exhaust ventilation fans, bathroom exhaust fans and component parts thereof; whole house music distribution and home theatre system, namely, inwall, ceiling, surface mount, indoor, and outdoor speakers, subwoofers, volume controls, rough-in frame for speakers; electric door chimes; classic electric doorbells and buzzers; wireless electronic door chime and extension therefor; video door answering system and components therefor, comprised of a door camera, video monitor, audio/video surveillance camera, electrical cable, cable connectors, signal splitters and transformers; lighted and non-lighted electric push-button switch for doorbell; electric wire for doorbell chime; electric timer switches and remote controls for heaters, ventilation fans and exhaust fans; time delay switches for heaters and exhaust fans and ventilation fans; variable speed controls for ventilation fans; electric timer controls, electric switches, thermostatic controls and humidity controls for attic fans and house fans; mounting frames for loudspeakers and intercom controls; wired mechanical electrically operated doorbells; electric doorbells with video function; downloadable and recorded computer software and mobile apps for operating video doorbells; wireless electric doorbells; video monitors; video screens; cameras; video recorders; webcams; intercoms and video intercoms; electric light dimmers and light switches; electrical wall outlets; thermostats; wired and wireless electronic controllers for thermostats, home automation systems, ventilation fans; electrical power devices in the nature of multimedia outlets for controlling automatic or scheduled turn on/off appliances plugged into the outlet; home and office automation systems comprising wireless and wired controllers, and downloadable and recorded software for lighting, hvac, security, safety and other home and office monitoring and control applications; dimmers and light switches; electrical power devices in the nature of multimedia outlets for controlling automatic and scheduled turn on/off appliances plugged into the outlet; home and office automation systems comprising wireless and wired controllers, controlled devices for safety and other home and office monitoring and control applications, namely, computer and smartphone hubs used for monitoring, controlling, scheduling and automating lighting, heating, air conditioning, and cameras, and downloadable and recorded software for lighting, HVAC, security; downloadable electronic publications namely, catalogs, installation guides, specification sheets in the field of heat and energy recovery ventilation; electronic humidity sensors and controllers for use with ventilators, thermostat controllers for wall heaters, high temperature electronic controllers for wall

heaters, electronic variable speed control for ventilation fans, fan and light electronic controllers; integrated electronic supplemental protection system, namely, comprised of software, temperature sensors and electrical control systems for heating and air conditioning systems, for managing the ventilator operation mode of ventilation fans, air exchangers for cleaning and purification of air, heat exchangers other than parts of machines, heat recovery ventilators, energy recovery ventilators, apartment ventilators used in residential and light commercial buildings with regard to the airflows temperature readings of the aforementioned devices in order to ensure that supplied air is temperate, namely, that airflows temperatures are mixed in satisfying proportions; monitoring software for diagnostics, scheduling and alarming for hvac zoning systems for use in commercial and residential buildings; electronic controls for HVAC systems, central vacuum systems, exhaust fans, ventilating fans and range hoods; voice activation software for kitchen range hoods; power cords kits being component parts of oven, range and stove top ventilating exhaust fans; radio intercom systems; video door answering system and components therefor, namely door camera, video monitor, audio/video surveillance camera, electrical cable, cable connectors, signal splitters and transformers; electric door communication and lock control and components therefor, namely, speakers, door release modules, control amplifiers, and electrically operated door releases; lighted and non-lighted electric push button switch for door bell; electrical wire for door bell chime; time delay switches for heaters and exhaust fans and ventilation fans; variable speed controls for ventilation fans; electric timer switches for heaters, ventilation fans and house fans; Door chimes; electronic and musical door chimes; wireless electronic door chimes and extension therefor; classic electric door bells and buzzers; automatic motion sensors for kitchen range hoods, exhaust hoods for kitchens and cooking ventilation hoods.

Class 11

(4) Exhaust hoods for kitchens, range hoods, kitchen range ventilator hoods, cooking ventilation hoods; kitchen extractor hoods; downdraft range ventilators; oven, range and stove top ventilating exhaust fans; ventilators for removing cooking and heat source by-products from residential food cooking units; air handlers; heat pumps; evaporator coils for heating and ventilation units; hvac zoning systems for use in commercial and residential buildings comprised of automatically adjusting climate controls, zone dampers and zone actuators ; range hoods and accessories therefor, namely, splash plates, duct extensions, fittings, and wall and roof caps; bathroom ventilating exhaust fans; bathroom exhaust fans for residential use and parts and accessories thereof, namely grilles; exhaust ventilation fans and parts and accessories thereof, namely, grilles, motors, dampers, blower wheels, lights; adjustable mounting frame for use with the installation of ventilating exhaust fans; energy-efficient ventilating exhaust fans; energy-efficient ventilating exhaust fans with ceiling lights; energy-efficient bathroom exhaust fans; energy-efficient bathroom exhaust fans with ceiling lights; room heaters namely, portable electric space heaters, wall heaters, kickspace heaters, ceiling heaters, wall, ceiling, baseboard and waterproof heaters combinations in a bathroom and kitchen exhaust fans housing, and room heaters, and accessories therefor, namely, speed control switches and time switches for air supply speed control, humidity sensing, dehumidistats, thermostat controllers, electronic variable speed control for ventilation fans and fan and light controllers; lighting system consisting essentially of lights for ventilation exhaust fans; lighting system consisting essentially of lights for range hoods; ventilation exhaust fans; hood ventilators and grille hoods and parts thereof, namely, replacement filters; ventilating fans for residential use; indoor air quality and ventilation systems comprised of air filters, fans, exchangers, ventilators for use in commercial and residential buildings; central fan integrated ventilation systems comprised of ventilating exhaust fans, air intake ducts with motorized dampers, air handlers, fan cycling controllers; balanced ventilation systems comprised of fans, air handlers, motorized dampers, and recovery ventilators for residential and commercial use; ventilation fan

accessories, namely, ventilating fans and fan speed controllers for household use, dampers, reducers, size adapter kits for interconnecting differently sized ducts together, electrostatic air filters for domestic use; air filters for air cleaning units for residential use; air exchangers for supplying, exhausting, cleaning, purifying, heating, humidifying, dehumidifying, and cooling the air; air filtering installations for air cleaning units; power attic ventilators for household use; energy recovery ventilators; heat recovery ventilators; air filters and ventilators to decrease air pollution for domestic use; electric fans for home ventilation; air supply and intake fans for ventilating and circulating air in industrial and commercial environments; balanced ventilation systems comprised of supply fans and exhaust fans for ventilating and circulating air in industrial and commercial environments; inline fans for ventilation systems to enhance airflow in residential, commercial, and industrial applications; fitted decorative trim for electrical fans and range hoods; bathroom and kitchen exhaust fans, air heaters for household purposes, IAQ-Indoor Air Quality-systems comprised of residential and commercial energy recovery ventilators (ERV) and heat recovery ventilators (HRV), indoor air exchangers, HEPA filtration and fresh air ventilation, air intake with duct, register with damper, supply fans, whole house air-exchanger, duct connector baffle; adjustable lighting for range hoods, exhaust hoods, ventilation hoods, downdraft ranges, ventilation fans, kitchen exhaust ventilation fans, and PAVs- Powered Attic Ventilators, range hoods; downdraft range ventilators; oven, range and stove top ventilating exhaust fans and component parts thereof, namely mounting brackets, filters, backsplashes, internal blowers, flue extensions, and non-ducted kits; ventilating exhaust fans with ceiling lights, bathroom exhaust fans, bathroom exhaust fans with ceiling lights; ventilating exhaust fans for closets and attics; ventilating exhaust fans and parts thereof; dampers namely control devices used in air ducts to regulate the flow of air, fan grilles for ventilation units, duct connectors for joining and securing sections of ductwork in ventilation systems, hanger bars for supporting and securing HVAC equipment within ceilings or walls; lighting system consisting of lights for ventilation exhaust fans; lighting system consisting of lights for range hoods; household and bathroom exhaust fans with integrated wireless audio speakers and component parts thereof; bathroom and kitchen exhaust fans and combination bathroom and kitchen exhaust fan and light assemblies automatically controlled by humidity and motion detectors and programmable timers; ventilating fans and fan speed controllers for household use; air vents and integrated vent grilles for whole-house domestic HEPA air filtration systems; whole-house ventilators for circulating and exchanging air throughout an entire building; attic ventilators for circulating and exchanging air in a household attic; bathroom and kitchen exhaust fans with light and heater, ductless fans and fan parts; ventilation installations and their parts, namely circulation covers for use in HVAC systems and kitchen exhaust fans; electric fans and air extractor hoods for household purposes; fans with motor for the attic and solar fans for the attic; ductless ventilating exhaust fans; air heaters, namely wall kickspace and ceiling air heaters; structural replacement parts for bath fans, range hoods and ventilation equipment, namely, local and central ventilation and filtration systems and integrated heating systems comprising air exchangers, heat exchangers and heat recovery ventilators; bracket and channel tracks for securing air filters and energy recovery core placement for use in whole-house HEPA air filtration system units; range hoods and parts therefore, namely, BLDC motor, digital control, blower housing and wheel; kitchen range ventilator hoods; vacuum ventilation systems sold as a feature on exhaust hoods for kitchens, range hoods, and kitchen range ventilator hoods; electric light bulbs for lighted doorbell push button switches; wall and roof mounted exhaust fans for ducted connection to range hoods; range hoods with exhaust fans and filters; bathroom and kitchen exhaust fans with and without lights, with and without filters; exhaust fans for direct mounting to range hood; wall-mounted electric fans for inside and outside walls and ceilings; chimney exhaust ventilation fans; chimney range hoods for residential use; ventilation fan accessories, namely, grilles, dampers, reducers, size adapter kits for interconnecting differently sized ducts together,

roof caps, eave caps and wall caps, ducts, and sleeves; roof exhaust fans; attic fans; radiant, forced air portable space heaters; electric portable heaters with and without lights and with and without ventilation fans; ceiling-mounted and interior and exterior wall-mounted discharge, exhaust and ventilation fans; roof mounted ventilation fans; gable fans and automatic gable louvers; whole-house ventilation fans and louvers therefor; non-ducted ventilation fans; room-to-room electric fans for use in commercial and residential buildings; bathroom electric lighting fixtures; hvac systems for commercial and residential buildings; ventilating fans and combination heating and lighting units for commercial and residential use; bathroom and kitchen exhaust fans and combination exhaust fan and light assemblies automatically controlled by humidity and motion detectors and programmable timers; ventilating exhaust fans, ventilating exhaust fans with ceiling lights, electrical heaters adapted to be built into the walls and the ceilings of rooms, ventilating exhaust fans, built in ventilating hoods, radiant heaters; outdoor landscape lighting installations for recreational, camping, and commercial use, not for agricultural use; outdoor LED landscape lights that emit insect repellant for recreational, camping, and commercial use for humans and pets, not for agricultural use; electrical heaters adapted to be built into the walls and the ceilings and floors of rooms.

Class 06

(1) Pipes of metal for heating, central heating and ventilation installations, branching pipes of metal, aluminium tubing, branching tubes and metal tubes for heating, central heating and ventilation installations, metal hoses, industrial metal hoses and flexible hoses, and clips, collars, connectors, couplings, joints and fittings of metal for pipes, tubes and hoses, for fire and emergency stations, welding and thermal cutting industries, wood working and metal working industries, electronics industries, machinery and composite machining use, military, marine and defence equipment industries, motor vehicle industry use, process and energy industry use, laboratory use, health care industry use and food processing industry use, metal valves, not being part of machines, namely, isolation valves, isolation flap valves and shut off valves for fire and emergency stations, welding and thermal cutting industries, wood working and metal working industries, electronics industries, machinery and composite machining use, military, marine and defence equipment industries, motor vehicle industry use, process and energy industry use, laboratory use, health care industry use and food processing industry use; air-conditioning and heating ducts of metal; ducts of metal for ventilating and air conditioning installations; ventilation ducts of metal; non-electrical metal ducting installations, namely, ventilating ducts of metal for fire and emergency stations, welding and thermal cutting industries, wood working and metal working industries, electronics industries, machinery and composite machining use, military, marine and defence equipment industries, motor vehicle industry use, process and energy industry use, laboratory use, health care industry use and food processing industry use.

Class 09

(2) Computer software for application and database integration, software for database management, software for processing image, graphics and text, software for document and project management, software for monitoring and controlling communication between computers and automated machine systems, downloadable software for computer system analysis and optimization and computer application development, deployment and management, computer software for controlling and managing access to computer network server applications; computer application software for mobile phones, tablets and handheld computers for use in database

management and integration, and computer software applications for controlling and managing access to computer network server applications; web application software, namely, a computer software programme stored on a server and accessed via a web browser for application and database integration and for controlling and managing access to computer network server applications; computer software packages namely, a group of software programs bundled together to serve a common purpose, featuring software for visualizing and designing industrial airflow filtration and ductwork installations systems; computer software platforms featuring software for application and database integration, computer software platforms for database management, computer software platforms for processing image, graphics and text, computer software platforms for document and project management, computer software platforms for monitoring and controlling communication between computers and automated machine systems, computer software platforms featuring software for computer system analysis and optimization and computer application development, deployment and management, computer software platforms featuring software for controlling and managing access to computer network server applications; data processing software for visualization in the nature of graphic presentations; data and image processing software for creating 3D models and technical specifications for use in construction and product design; computer software for graphic designing and editing; 3D computer graphics software for graphic designing and editing; computer software for computer-aided design (CAD) software; computer software for computeraided engineering (CAE), namely, for mechanical and electrical engineering; computer software for computer-aided manufacturing (CAM) software; software for computer-aided software engineering, namely, for mechanical and electrical software engineering; computer programs for computer-aided design/computeraided manufacturing (CAD /CAM) recorded on software designed for use in construction; computer software for two or three-dimensional simulation for use in design and development of industrial products; computer software for use in managing and controlling production schedules, inventories and purchase of materials; software for logistics management in the fields of freight, supply chain and transportation; software for inventory management of parts and components for manufacturers and suppliers; downloadable workflow automation software for performing and monitoring of a defined sequence of workflow application tasks in the fields of fire and emergency stations, welding and thermal cutting industries, wood working and metal working industries, electronics industries, machinery and composite machining use, military, marine and defence equipment industries, motor vehicle industry use, process and energy industry use, laboratory use, health care industry use and food processing industry use; software for mathematical calculation; computer software for the management of sales and marketing of industrial products; software for preparation of goods or services price quotations; computer software to create price quote estimates; computer software for enterprise resource planning; downloadable and recorded database integration software for business performance management purposes; electronic databases for use in construction and product design, visualizing and designing industrial systems.

Class 11

(3) Heating, ventilating and air conditioning (HVAC) systems, ventilation being air-conditioning installations for buildings and laboratories; air cleaning units, air-handling units, air conditioners, air exchangers for cleaning and purifying air, air filters for air-cleaning units and air filtering units for removing dust and smoke from the air for use in fire and emergency stations, laboratories and cleanrooms, industrial air cleaners and air purifiers; air filters and air filtering units for industrial use, for use in welding and thermal cutting industries, wood working and metal working industries, electronics industries, machinery and composite machining use, military, marine and defence equipment industries, motor vehicle industry use, process and energy industry use, health care industry use and food processing industry use, filters for air purifiers and air purifying units for

industrial use, filters for air conditioning and air conditioning units for industrial use; air filtering units for removing dust, smoke and allergens from the air; air filters for use as dust arrestants in industrial processes; air filters for use as dust extractors in industrial processes.

Services

Class 35

(1) Data processing, systematisation and management of customer relationship and customer product management data; inventory management of parts and components for manufacturers and suppliers; compilation of business information and statistical data for use in creating parts lists for customers; collection and systemisation of information into computer databases; management of computer databases.

Class 42

(2) Providing temporary use of non-downloadable web-based application software for data management and for estimation of costs for products and services for use in construction and product design, visualizing and designing industrial systems; software as a service [SaaS] featuring software for the management of product pre-selling, software for project management, software for inventory management and supply chain management, and for enabling online product catalog creation and management with integrated online shopping; providing temporary use of non-downloadable software applications for data management and for estimation of costs for products and services for use in construction and product design, visualizing and designing industrial systems; providing temporary use of non-downloadable computer software applications for data management and for estimation of costs for products and services for use in construction and product design, visualizing and designing industrial systems, accessible via a web site; computer software advisory services; computer software creation, engineering, design, development and update; design and development of image processing software and computer software application solutions; design and development of software for logistics and supply chain management; industrial design services in the field of ducting systems.

Colour Claim

Colour is claimed as a feature of the trademark. The colours black, off-white, white, yellow, green and red are claimed as features of the trademark. The trademark contains a black background. A branch of leaves that begins in the top right corner and extends to the bottom left corner is green. In the top left corner of the trademark is an off-white flower design with the word "SWADESHI" below, also off-white. In the centre of the trademark, the word "Khomba" is displayed in yellow. The words "Original" and "Herbal Care" in white appear below and slightly to the right of the word "Khomba". Below the words "Original" and "Herbal Care" is a red line spanning from the "g" in "Original" to the "e" in "Care". The words "Nature's Care", a hyphen "-" followed by the words "Nature's Beauty" in off-white appear below the red line.

Foreign Character Translation

The translation provided by the applicant of the word(s) Swadeshi is "of one's own country"

Colour Claim

Colour is claimed as a feature of the trademark. Color is claimed as a feature of the trademark. The wording "etif" is white. The half-circle shape behind the wording "etif" is red. The alien character is lime green, the two oval shapes on top of the alien character's antennae are green, the alien character's eyeballs are white, the alien character's eye pupils are black, the alien character's mouth is black, the alien character's tongue is dark pink. The first outline of the alien character is white and the second outline of the alien character is dark grey. As for the glass bubble displayed behind the alien character, the first portion from the left and the first portion from the right is Turkish blue, the first portion starting from the top is light Turkish blue, the second portion starting from the left and the second portion starting from the right is a light turquoise, the oval-like shape appearing behind the alien character is a very light turquoise, the shape on the left of the alien character's left antenna is white. As for the bottom checkered part of the glass bubble, the outline displayed both on the left and right of the alien character is dark navy blue. As for the bottom checkered part of the glass bubble, for the portion displayed on the left of the alien character, for the first column, there is one rectangular-like shape starting from the left that is dark

Turkish blue. For the second column, the first rectangular-like shape on top is pinkish purple and the second rectangular-like shape on the bottom is greyish lilac. For the third column, the first rectangular-like shape starting from the top is turquoise, the second rectangular-like shape starting from the top is dark Turkish blue, the third rectangular-like shape starting from the top is dark turquoise. The two remaining triangular-like shapes are pinkish purple. As for the bottom checkered part of the glass bubble, for the portion displayed on the right of the alien character, for the first column starting from the right, there is one rectangular-like shape that is dark Turkish blue. For the second column, the first rectangular like shape starting from the top is a dark pinkish purple and the second rectangular-like shape on the bottom is greyish lilac. For the third column, the first shape starting from the top is dark turquoise and the second shape on the bottom is dark Turkish blue. As for the bottom checkered part of the glass bubble, there are shadows on different portions of the checkered pattern. For the shadowed portions, the colors are one shade darker as previously described.

Goods

Class 09

(1) Face guard for respiratory masks for the prevention of accident or injury; face-shields for protection against accidents, irradiation and fire; Filters for respiratory masks; protective face masks for the prevention of accident or injury; anti-pollution masks for respiratory protection; protective industrial respiratory masks; respiratory masks for the prevention of accident or injury; Safety clothing for protection against accident or injury

Class 10

(2) Respirators for medical purposes

Goods

Class 02

(1) Titanium white; white lead; paint and lacquer glazes; paint primers; titanium dioxide being pigment; indigo colourants; alizarine colourants; aniline colourants; inks for printers and photocopiers; inks for leather; shoe dyes; inks for skin dressing; wood being a colourant; dyewood; colourants for concrete; colourants for food and beverages; colourants for use in the manufacture of cosmetics; colourants for the manufacture of paints; colourants for the manufacture of paper; colourants for use in the manufacture of paper; colourants for the manufacture of pharmaceuticals; colourants for the manufacture of printing inks; colourants for the manufacture of soap; colourants for liqueurs; artists' alkyd colours; food colouring for household use; oil colours; colour inks for tattoos; acid dyes; alizarine colourants; aniline colourants; cationic colourants; clothing dyes; direct colourants; colourants for plastics; colourants for wood; colouring matters; fabric dyes; fluorescent blueing colourants; colourants for food; mordant colourants; naphthol colourants; oil soluble colourants; printing colourants; shoe dyes; sulphur colourants; tattoo ink; textile dyes; ultramarine dyes; vat colourants; toner for photocopiers; aluminum paints; bactericidal paints; wood stains; ceramic paints; inks for marking animals; distemper paints; fireproof paints; Prussian blue;

ultramarine blue pigments; printing inks; engraving inks; enamels for painting; acrylic paints; aluminum paints; anti-corrosive paints; anti-fouling paints; anti-urine paints; artists' paints; asbestos paints; automobile paints; bactericidal and fungicidal paints; ceramic paints; chalkboard paints; conductive paints; damp-proofing paints; distemper paints; emulsion paints; enamel paints; exterior paints; fabric paints; finger paints; fireproof paints; floor paints; fluorescent paints; fungicidal paints; heat-resistant paints; paints for buildings; interior paints; luminous paints; oil paints; paints for use in industrial building construction; paints for creating personalized home décor and crafts; paints for industrial equipment and machinery; paints for machinery; marine paints; polymer paints; synthetic resin paints; inks for tattoos; distemper paints; urethane paints; vehicle paints; waterproof paints; watercolour paints; creosote for wood preservation; bitumen varnish; bronzing lacquers; Japanese lacquer being urushi; lacquers for coating papers; fixatives for use in painting; lacquers for motor vehicles; urushiol-based varnishes; waterproofing lacquers for tattoos; wood lacquers; wood preserving oils; natural resins; thickeners for paints; zinc oxide being pigment; artists' pigments; carbon black as pigment; colour pigments for use in the manufacture of clothing; fireproof pigments; holographic pigments; inorganic pigments; interior and exterior pigments for paint; organic pigments; permanent makeup pigments; phosphorescent pigments; photochromic pigments; pigments for printing ink; pigments for use in the manufacture of cosmetics; thermochromic pigments; titanium dioxide being pigment; urucum powder as a pigment; anti-reflective optical coatings; anti-slip floor coatings; automotive finishing coatings; automotive coatings; furniture finishing coatings; fireproof coatings for structural steel; polyurethane coatings for furniture finishing; protective coatings for lawn mower blades; coatings for wood in the nature of paints; acrylic varnish; archival varnish; bitumen varnish; copal varnish; polymer varnish; polyurethane varnish; varnishes for arts and crafts; varnishes for protecting floors; varnishes for protecting watercolour paintings; varnishes for use in cabinet making; bronze powder; silvering powders; metals in powder form for painters, decorators, printers and artists; anti-tarnishing products for metals; metal rust inhibitors; wood mordants; thinners for colouring matters; thinners for paints; thinners for lacquers; whitewash; soot for use as a colourant; siccatives for paints; raw natural resins; whitewashes; anti-tarnishing products for metals; wood preservatives; fixatives in the nature of varnishes for protecting watercolour paintings; fixatives for watercolours; dyewood extracts; ceramic enamels; enamels for painting; enamels for painting; enamels for pottery; enamel paint; silver emulsion pigments.

Class 07

(2) Electric welding machines; gas welding machines; vulcanization apparatus; inking apparatus (printing); expansion tanks (parts of machines); hoisting drums; crank shafts; transmission shafts for boats; valves being parts of machines; saw horses being parts of machines; winches; dynamos; centre drill bits being parts of machines; sieves being parts of machines; splint sieving machines; airplane engines; boat motors and engines; direct current motors; electric motors for machines; linear motors; marine engines; milling and grinding machine motors; motors for air conditioners; motors for canoes; motors for boats; motors for elevators; outboard motors; motors for hand tools; servomotors; sewing machine motors; winch motors; disintegrators for chemical processing; tympan (printing); jigs for holding a component during machining; chisels for machines; electric jacks; hydraulic cylinders; pneumatic jacks; power-operated jacks; trailer-mounted hydraulic jacks; shredding machines for industrial use; tools for grinding machines; stirring tools for grinding machines; computer numerical control [CNC] machine tools for painting machines; airbrush parts for painting machines; mixing tools for paint making machines; mixing tools for paint mixing machines; spraying tools for paint spray guns and paint spraying machines; crankcases for machines, motors and engines; freewheels for industrial machinery; scale collectors for machine boilers; ball rings for bearings; conveyors; conveyor belts; hydraulic rams;

rescue extension hydraulic cylinders; grease boxes being parts of paint making machines; grease boxes being parts of paint mixing machines; grease boxes being parts of paint sprayer machines; grease boxes being parts of painting machines; housings being parts of machines; bearing housings for machines; cooling fan housings for automobile engines; dishwasher housings; washing machine housings; steam engine boilers; taps being parts of machines, engines and motors; paint guns; belts for conveyors; industrial manipulators for industrial paint agitation machines; industrial manipulators for paint making machines; industrial manipulators for paint mixing machines; industrial manipulators for paint spray guns; industrial manipulators for paint spraying machines; industrial manipulators for painting machines; printing masters; machine fly-wheels; vibrators (machines) for industrial use; machine bellows; bending machines for metalworking; bending machines for woodworking; bottle sealing machines; concrete finishing machines; leather finishing machines; plywood finishing machines; straw rope finishing machines; garbage disposals; grinding machines for metalworking; grinding machines for the treatment of ceramics and metal; hand-held power-driven grinders; power-operated grinding wheels; screw grinding machines; tool grinding machines; rotary grinders; wood grinding machines; filling machines; painting machines; bitumen making machines; cinder sifter machines; bottle capping machines; bottle stoppering machines; trash compacting machines; stamping machines; mine drainage pumps; pneumatic waste oil drainers; wrapping machines; hydraulic punching presses for metalworking; punching presses for metalworking; centrifugal casting machines; continuous casting machines; die casting machines; pressure casting machines; sand casting machines; rinsers for paints, colourants, pigments and lacquers; automated paper sorting machines; automated parcel sorting machines; bottle sorting machines; industrial robots for waste sorting; machines for sorting recyclable materials; sand sorting machines; sorting machines for chemical processing; waste sorting machines; kneading machines; packing machines; compression moulding machines; extrusion moulds; injection moulding machines; plastic injection moulding machines; jet moulding machines for processing plastics; moulding presses; machines for moulding plastics; agitators for chemical processing; blending machines for chemical processing; calcining furnaces for chemical processing; disintegrators for chemical processing; dissolving machines for chemical processing; dust collecting machines for chemical processing; emulsifying machines for chemical processing; extracting machines for chemical processing; filter presses for chemical processing; filtering machines for chemical processing; mills for chemical processing; grinding mills for chemical processing; kneading machines for chemical processing; presses for chemical processing; separating machines for chemical processing; casting machines for chemical processing; sorting machines for chemical processing; labelling machines; bead milling machines; centrifugal mills; end mills; grinders; fulling machines; flour mills being machines; milling machines; mills for household use, other than hand-operated; rolling mills; straw mills; centrifugal mills; friction wheels for machines; machine fly-wheels; sharpening wheels being parts of machines; worm wheels for machines; carburetor feeders; mechanized livestock feeders; asphalt mixers; cement mixers; concrete mixers; electric mixers for household use; hand mixers; industrial food mixers; electric kitchen mixers; industrial paint agitating machines; mixers for paint making machines; paint mixing machines; mixers for painting machines; agitators for mixing liquid media; industrial paint agitating machines; beaters; electric hammers being parts of machines; clutches for industrial machinery; guides for agitating industrial paint agitators; guides for paint making machines; guides for paint mixing machines; guides for paint spray guns; guides for paint spraying machines; guides for painting machines; guides for angle grinders; guides for hand-held power-driven grinders; guides for wood grinding machines; aquarium pumps; axial flow pumps; beer pumps; bilge pumps; centrifugal pumps; circulating pumps; compressed air pumps; concrete pumps; diffusion pumps; electric desoldering pumps; electric pumps for swimming pools; electric water pumps for whirlpool baths; electric water pumps for whirlpool baths; emulsifying pumps; fuel

pumps for engines; fuel pumps for land vehicle engines; fuel pumps for service stations; gas pumps; gas pumps for service stations; high-pressure pumps for washing appliances and installations; lubricating pumps; macerator pumps; metering pumps; oil pumps for automobiles; pneumatic pumps; distributor pumps; pumps for cooling engines; pumps for counter-current swimming; pumps for heating installations; pumps for industrial machines; pumps for land vehicle engines; pumps for pressure washers; pumps for the extraction of gases; reciprocating vacuum pumps; reverse osmosis pumps; rotary pumps; screw pumps; waste water pumps; silt pumps; sludge pumps; submersible pumps; suction pumps; sump pumps; turbomolecular pumps; vacuum pumps; turbine pumps for deep wells; wave-making pumps for aquariums; wind turbine pumps; pumps being parts of machines, engines and motors; vacuum pumps (machines); compressed air pumps; pumps for heating installations; lubricating pumps; centrifugal pumps; blades for circular saws; blades for earthmoving machines; blades for electric food processors; blades for power saws; circular saw blades being parts of machines; jig saw blades being parts of machines; lawn mower blades; saw blades being parts of machines; machine shafts; drill chucks (parts of machines); drive units for elevators; gears for weaving looms; parts of machines, namely gear drives; planetary gears, other than for land vehicles; reduction gears, other than for land vehicles; slewing gears; speed change gears, other than for land vehicles; gearboxes for industrial machinery; pneumatic transporters; automotive hoists; electric hoists; hydraulic hoists; mechanical hoists; pneumatic hoists; wire hoists; pistons for engines; pistons for machines; industrial mechanical presses; springs being parts of machines; artists' air brushes for applying paints, colourants, pigments and lacquers; air brushes for applying paints, colourants, pigments and lacquers to vehicles, clothing, fabrics, furniture and floors; air brushes for applying paints, colourants, pigments and lacquers for marking roads; air brushes for applying paints, colourants, pigments and lacquers on the inside and outside buildings; pressure regulating valves being parts of machines; centrifugal separators; condensate separators; cream separators; cyclone separators; hullers; milk separators; oil separators; water separators; steam and oil separators; bakery mixing machines; feed mixing machines; fodder mixing machines; machines being industrial food mixers; food mixing machines for household use; paint mixing machines; rubber mixing machines; stands for hydraulic cylinders; broaches being machine tools; chaser machine tools; electro-chemical discharge machine tools for metalworking; machine tools for breaking up road surfaces; machine tools for processing semi-finished plastic products; machine tools for removing waste material; machine tools for the automotive industry; machine tools for metalworking; machine tools for the textile industry; metalworking machine tools; petroleum refining machine tools; reamers being machine tools; routers being machine tools; taps being machine tools; air turbines for aircraft; gas turbines for airplanes; hydraulic turbines, other than for land vehicles; turbines for the generation of electricity; turbines for jet engines; turbines for thermal power plants; wind turbines; turbochargers; vehicle washing installations; hydraulic door closers being parts of machines; hydraulic door openers being parts of machines; pneumatic door openers and closers (parts of machines); adhesive tape dispensing machines; machine control devices, namely control valves for regulating the flow of paint for industrial paint agitating machines; machine control devices, namely control valves for regulating the flow of paint for paint making machines; machine control devices, namely control valves for regulating the flow of paint for paint mixing machines; machine control devices, namely control valves for regulating the flow of paint for paint spray guns; machine control devices, namely control valves for regulating the flow of paint for paint spraying machines; machine control devices, namely control valves for regulating the flow of paint for painting machines; robotic arms for loading; unloading cranes; lifts; filter presses for chemical processing; air filters being parts of engines; air filters for pneumatic controls being parts of machines; gas oil filters being parts of engines; membrane filters for use as parts of machines; filtering machines for paints, colourants, pigments and lacquers; punching moulds being parts of

machines; thermoforming moulds being parts of machines; printing plates; centrifugal blowers; centrifugal compressors; centrifugal fans; centrifugal mills; centrifugal pumps; centrifugal separators; industrial centrifuges; machines for the centrifugal separation of fluids; machines for the centrifugal separation of liquids; machines for the centrifugal separation of solids; agricultural elevators; electric hammers.

Services

Class 35

(1) Rental of advertising space; account auditing; financial auditing; tax auditing; sales demonstration of goods for others; opinion polling; market study; business information about sales methods; provision of information about business management; provision of information about business planning; provision of information in the field of business administration; provision of information in the field of business networking services; advice and information concerning business management; business research services; market research; personnel recruitment; business organization and management advice; personnel-related consulting; business organization advice; business management consulting; advice related to the conduct of business; business management consulting; advisory services in business marketing; advisory services in business organization; consultant services in business continuity and business planning; consultant services in strategic business planning; page layout for advertising purposes; business management of performing artists; press review services; updating of advertising material for others; word processing; organization of exhibitions for commercial and advertising purposes in the field of paints, colourants, pigments and lacquers; organization of fairs for commercial and advertising purposes in the field of paints, colourants, pigments and lacquers; shop window dressing; business management assistance; business management assistance for industrial and commercial companies; advertising related to the goods and services of others via all means of public communication; economic forecasting; promotion of the sale of goods of others through advertisements on the Internet; sales promotion for others by means of privileged user cards; sales promotion for others by means of information on a website and public relations campaigns; dissemination of advertisements for others; writing of advertising copy for others; advertising services for the goods and services of others; preparation of statistics; systemization of information into computer databases; psychological testing for the selection of personnel; public relations; price comparison services; procurement of contracts for the purchase of goods and services for others.

Class 37

(2) Information relating to repairs in the field of painting; varnishing of furniture; painting and repair of signs; painting; plastering; pump repair; construction of buildings.

Class 39

(3) Stevedoring; garage rental; rental of vehicle roof racks; rental of warehouses; gift-wrapping services; wrapping services for baggage protection during travel; transport of goods and passengers by airplane, train, boat, bus, streetcar and truck; storage of goods for others; rental of warehouses; freight forwarding services.

Class 42

(4) Graphic art design services; materials testing; research and development of new products for others in the paints, colourants, pigments and lacquers industry; consulting related to architecture; quality control in the paints, colourants, pigments and lacquers industry; interior design; industrial design; industrial design; chemical analysis; chemical engineering; chemical laboratories; chemist services; packaging design services.

Trademark Description

The mark consists of a stylized Q above the wording QUANTINUUM in stylized form.

Goods

Class 09

Computer software platforms for programming and running software on quantum qubit-based computers, namely, software for quantum computing for creating, analysing and running programs for quantum computers and quantum computing algorithms; computer software platforms for programming and running software on quantum qubit-based computers for use in the evaluation and analysis of big data and data from experiments in the fields of computational chemistry, computational intelligence and linguistics, finance, fluid dynamics, electrodynamics, electrostatics, heat transfer, and elasticity; Downloadable software development programs for creating, developing, and updating computer program code and source code for use with multiple application programs for quantum computers; software for data and source code processing in the field of quantum qubit-based computing, namely, computer software for creating, analysing and running quantum programs and quantum algorithms; application programming interface (API) software for use in quantum qubit-based programming and developing and testing quantum qubit-based algorithms, namely, computer software for programming applications (api) for creating, analysing and running programs for quantum computers and quantum computing algorithms; software for developing and testing quantum qubit-based algorithms, namely, computer software for quantum programming development and for developing and testing quantum algorithms in a common development environment; software for generating cryptographic keys; Computer hardware for quantum qubit-based programming and quantum qubit-based computing; Computer

operating system interface software for quantum qubit-based computers; computer software for creating, analyzing and running programs for developing quantum qubit-based algorithms for use in multiple application programs; quantum qubit-based machine learning for use in the evaluation and analysis of big data and experimental data in the fields of computational chemistry, computational intelligence and linguistics, finance, fluid dynamics, electrodynamics, electrostatics, heat transfer, and elasticity; quantum qubit-based search analysis, namely, quantum computer search engine software for accessing, browsing, searching, and analyzing online databases; quantum qubit-resistant computer software for use in the detection, analysis, mitigation and resolution of threats in the field of cybersecurity assessment and protection; quantum qubit-based computer software for mathematical calculation; quantum qubit-based computer software for use in the evaluation and analysis of big data and experimental data in the fields of computational chemistry, computational intelligence and linguistics, finance, fluid dynamics, electrodynamics, electrostatics, heat transfer, and elasticity; software for sensing, acquiring, analyzing, processing, storing, and providing quantum qubit-level information, namely, experimental information and big data in the fields of computational chemistry, computational intelligence and linguistics, finance, fluid dynamics, electrodynamics, electrostatics, heat transfer, and elasticity; none of the foregoing including non-quantum computer based software for the processing of market or business information to provide consumer insights or predict consumer behaviours other than nonquantum computer based software for the programming and running of hybrid quantum qubit-based

Services

Class 42

Platform-as-a-service (PaaS) services, namely, the providing of interfaces for programming applications (api) for others for creating, analyzing and running software on quantum qubit-based computers and quantum algorithms; cloud computing services featuring software for data and source code processing in the field of quantum qubit-based computing, namely, software for creating, analyzing and running quantum programs and quantum algorithms; Software as a service (SaaS) featuring software for creating, constructing, analyzing and running programs for quantum qubit-based computers; software as a service [SaaS] featuring software for creating, analysing and running programs for quantum algorithms; application service provider featuring application programming interface (API) software for use in quantum qubit-based programming and developing and testing quantum qubit-based algorithms, namely, hosting of computer software applications for others for creating, analyzing and running programs for quantum computers and quantum algorithms; API software for generating cryptographic keys; none of the foregoing including non-quantum computer based software services for the processing of market or business information to provide consumer insights or predict consumer behaviours other than non-quantum computer based software services for the programming and running of hybrid quantum qubit-based computers

Goods

Class 01

(1) Carbon compounds for use in the manufacture of carbon nanomaterials; carbon compounds for industrial, manufacturing, commercial, construction, packaging, military, electronic, and medical purposes being carbon compounds being nano-graphitic materials, carbon nanotubes (CNTs), carbon nano-onions (CNOs), and graphene; carbon composite materials consisting of a fibrous reinforcing structure made of carbon fibers and densified by a carbon matrix, for use in manufacturing; graphene; carbon compounds being carbon nano onions, namely, multi-layered fullerenes for use in manufacturing; carbon compounds being carbon nano platelets.

Class 09

(2) carbon dioxide electrolyzers; carbon nanotubes, namely, tubular carbon molecules used in small scale processes for the manufacture of goods

Services

Class 39

(1) Physical storage of carbon for others as a means of environmental remediation

Class 40

(2) Capture of greenhouse gases for others by providing greenhouse gas reduction services utilizing a chemical process that captures carbon dioxide from the atmosphere and effluent gas streams from power plants and during mining processes that generate carbon dioxide; providing information on the capture of greenhouse gases for others to reduce greenhouse gas emissions through chemical and mechanical processing via a website that features information on reduction of greenhouse gas emissions through chemical or mechanical processing; treatment of greenhouse gases; environmental remediation services, namely, carbon capture; environmental remediation services, namely, consultation and advice in the field of greenhouse gas reduction and treatment

Class 42

(3) research and development of technology for others in the field of modeling and simulation of carbon capture technologies

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of an oval shaped label design outlined in red and black. The inside of the oval is divided horizontally into beige and green sections. On the beige section is a design of three silhouettes in black with red aprons carrying black trays with black glasses containing an yellow liquid. The green portion of the oval contains a red and black label design in which there are written the words "3 BRASSEURS" in white.

Goods

Class 29

(1) Meat, fish, poultry and game; Meat extracts; Charcuterie; Preserved, dried, and canned cooked fruits and vegetables; Vegetables, tinned [canned (Am.)]; Jellies, jams, compotes; Eggs; Edible oils and fats; Butter; Cheese; Dairy products, namely cream; Yoghurts; Fruit pulp and fruit salads; Jellies; Ham; Prepared dishes primarily made of with fish, poultry and meat; Sausages.

Class 30

(2) Coffee, tea, cocoa, sugar, rice, tapioca, sago; Artificial coffee; Flour and preparations made from cereals, namely ready-to-eat cereals; Bread; Pastry and confectionery, namely sweet confections and chocolate confections; Ices; Honey, treacles; Yeast, baking-powder; Salt,

mustard; Vinegar; Condiments, namely sauces being salad dressings, meat sauces, and cheese sauce; Spices; Ice; Cocoa, coffee and chocolate-based beverages; Cookies; Buns; Chips being dried cereal flakes; Chocolate; Crepes; Tomato ketchup; Mayonnaise; Pizza; tarts and cakes; Tortillas; Sandwiches; Cooked dishes made of the aforesaid products, namely fresh prepared meals consisting primarily of rice, pasta, and quinoa.

Class 32

(3) Beer; Mineral and aerated waters; Non-alcoholic beer; Malt beer; Malt wort; Craft beers; Hops extracts for making beer; Fruit drinks and fruit juices.

Class 33

(4) Alcoholic beverages except beer, namely wines, sparkling wines, rums, liqueurs and agave-based distilled spirits, vodkas, whisky, prepared alcoholic cocktails, alcoholic cocktail mixes; Cider; Alcoholic beverages made from fruit-based alcohol; Distilled beverages, namely rice spirits, distilled agave alcohol, vodka, whisky, brandy, gin; Distilled spirits, namely vodka.

Services**Class 43**

Bar services; Cafés; Cafeterias; Self-service restaurants; Hotel services; Catering; Snack-bars, namely fast-food and permanent restaurants; Rental of chairs, tables, table linen, glassware.

Goods

Class 16

(1) absorbent sheets of paper or plastic for foodstuff packaging; advertising pamphlets; advertising signs of cardboard; advertising signs of paper; ball pens; brochures; business cards; cake boxes of cardboard; cake toppers of paper; calendars; cardboard boxes; cardboard cake boxes; cardboard carriers for food and beverages; cardboard containers; cash receipt books; catalogues; engraving plates; envelopes; folders for papers; food wrapping paper; food wrapping plastic film; gift bags of paper; gift cards; gift cards and gift certificates; gift vouchers; gift vouchers of paper; greeting cards; handkerchiefs of paper; holiday cards; membership cards; name cards; napkin paper; notepads; packaging boxes of cardboard; packaging boxes of paper; packaging materials of plastic for sandwiches; paper bags for packaging; paper decorations for cakes; paper sandwich

bags; plastic films used as packaging for food; plastic food wrap; printed advertising boards of cardboard; printed discount coupons; printed vouchers; writing paper and envelopes; year planners

Class 25

(2) aprons; athletic apparel; athletic uniforms; business attire; business clothing; face masks being clothing; hooded jackets; hooded pullovers; hooded sweatshirts; long-sleeved jackets; long-sleeved sweaters; long-sleeved t-shirts; neckties; sun hats; t-shirts; top hats; toques; track suits; uniforms for employees of the food service industry; waterproof jackets

Class 30

(3) almond cakes; bacon buns; bagels; baguettes; banana pudding; bean jam buns; biscuits; biscuits and bread; bread; bread and buns; bread and pastry; bread baguettes; bread buns; bread rolls; bread sticks; brownies; buns; butter biscuits; butter cookies; cake decorations made of candy; cake icing; cheese bread; cheese pies; cheeseburger sandwiches; cheesecakes; cherry pies; cherry tarts; chicken pies; chocolate cakes; chocolate chip cookies; chocolate covered pretzels; chocolate cupcakes; chocolate pies; cookies; cookies and crackers; cream buns; cream cakes; cream pies; cream puffs; cream tarts; cupcakes; currant bread; custard tarts; danish bread; danish pastries; egg pies; egg rolls; egg tarts; English muffins; fruit cakes; fruit tarts; garlic bread; gluten-free bread; gluten-free cakes; gluten-free cookies; hot dog sandwiches; Japanese sponge cakes [kasuter]; Japanese style steamed cakes (mushi-gashi); macarons; macaroons; muffins; multigrain bread; oatmeal cookies; pastries; peach pies; peach tarts; peanut butter cookies; plum cakes; raspberry pies; raspberry tarts; roll cake; savory pies; savory tarts; sponge cakes; steamed stuffed buns; toast; vegan cakes; whole wheat bread

Services

Class 35

(1) bakery shops; beverage concession stands; collection of market research information; food concession stands; on-line retail store services featuring baked goods; online wholesale store services featuring baked goods; operation of a bakery; promoting and sponsoring cultural events and activities for others in the field of food festival; retail services of sandwiches; retail services provided by bakery shops; wholesale store services featuring baked goods

Class 43

Goods**Class 07**

(1) Hand held power tools; vibrator machines for industrial use; electric concrete vibrators; machine-operated hammers; drilling rig; drill hammers; construction rammers; machines for soil and asphalt compaction, namely road rollers and vibratory plates; clarified water and wastewater pumps (machines); separating and joint cutting apparatus (machines), in particular asphalt and concrete cutting machines; mechanical concrete smoothers, in particular concrete trowels and levelling-off devices; electricity generators; rebar cutting machines; rebar bending machines; telehandlers, wheel loader, skid steer loaders, excavators; power saws; floor grinders; wire binding machines; stairlifts; road sweeping-machines; vacuum cleaners; high pressure washers; electric lawnmowers; riding lawn mowers; electric chaff-cutters.

Class 09

(2) Electric storage batteries for power tools, hand held power tools, electric concrete vibrators, machine-operated hammers, drilling rig, drill hammers, construction rammers, machines for soil and asphalt compaction, namely road rollers and vibratory plates, clarified water and wastewater pumps (machines), separating and joint cutting apparatus (machines), in particular asphalt and concrete cutting machines, mechanical concrete smoothers, in particular concrete trowels and levelling-off devices; batteries for use with construction equipment, namely, for use with power tools, hand held power tools, electric concrete vibrators, machine-operated hammers, drilling rig, drill hammers, construction rammers, machines for soil and asphalt compaction, namely road rollers and vibratory plates, clarified water and wastewater pumps (machines), separating and joint cutting apparatus (machines), in particular asphalt and concrete cutting machines, mechanical concrete smoothers, in particular concrete trowels and levelling-off devices; rechargeable electric storage batteries for power tools, hand held power tools, electric concrete vibrators, machine-operated hammers, drilling rig, drill hammers, construction rammers, machines for soil and asphalt compaction, namely road rollers and vibratory plates, clarified water and wastewater pumps (machines), separating and joint cutting apparatus (machines), in particular asphalt and concrete cutting machines, mechanical concrete smoothers, in particular concrete trowels and levelling-off devices; carrying cases adapted for electric storage batteries; electric battery chargers for power,

hand held power tools, electric concrete vibrators, machine-operated hammers, drilling rig, drill hammers, construction rammers, machines for soil and asphalt compaction, namely road rollers and vibratory plates, clarified water and wastewater pumps (machines), separating and joint cutting apparatus (machines), in particular asphalt and concrete cutting machines, mechanical concrete smoothers, in particular concrete trowels and levelling-off devices tools; battery testers; voltage transformers; electric rotary switches; computer hardware and computer software for the control and operation of electrically operated industrial machines, industrial tooling equipment and construction equipment, namely, for power tools, hand held power tools, electric concrete vibrators, machine-operated hammers, drilling rig, drill hammers, construction rammers, machines for soil and asphalt compaction, namely road rollers and vibratory plates, clarified water and wastewater pumps (machines), separating and joint cutting apparatus (machines), in particular asphalt and concrete cutting machines, mechanical concrete smoothers, in particular concrete trowels and levelling-off devices; illuminated advertising signs; illuminated signs used for advertising; electronic advertising displays.

Class 11

(3) Building site outdoor lighting; electric lamps; heaters for building sites.

Class 12

(4) Dump trucks; electrically operated dump trucks; hand driven, electrically operated dump trucks; tractors; bicycles; tricycles; two-wheeled trolleys; electrically operated wheelchairs; electric vehicles for transporting loads; mine cars; forklift trucks; wheelbarrows.

Class 20

(5) Inflatable plastic publicity signs; tool boxes, not of metal, empty.

Class 28

(6) Boards used in the practice of water sports; hydrofoils for surfboards.

Services**Class 37**

(1) Rental of tools, machinery and equipment for use in construction; recharging of batteries and accumulators; replacement of batteries and accumulators; refurbishment of batteries and accumulators; repair of batteries and accumulators.

Class 40

(2) Rental of batteries and accumulators for power tools, hand held power tools, electric concrete vibrators, machine-operated hammers, drilling rig, drill hammers, construction rammers, machines for soil and asphalt compaction, namely road rollers and vibratory plates, clarified water and wastewater pumps (machines), separating and joint cutting apparatus (machines), in particular asphalt and concrete cutting machines, mechanical concrete smoothers, in particular concrete trowels and levelling-off devices; destruction of batteries and accumulators.

Goods

Class 06

(1) Fittings of metal for building; bindings of metal, namely screws and strips for general use, for cables and packaging; clips of metal for cables and pipes; fittings of metal for beds; pegs of metal; wall plugs of metal; hardware springs; ironwork for windows; fittings of metal for windows; window stops of metal; flanges of metal [collars]; metal hardware, namely hooks for use in vehicle construction; small items of metal hardware, namely nails, springs, bolts, screws and washers; copper rings; rings of metal for general use, namely, for construction, namely screw rings; fittings of metal for furniture; sleeves [metal hardware] for general use, namely, affixing screws and cable junctions; steel, unwrought or semi-wrought; lead, unwrought or semi-wrought; iron, unwrought or semi-wrought; copper, unwrought or semi-wrought; brass, unwrought or semi-wrought; washers of metal; strap-hinges of metal; hinges of metal; brackets of metal for furniture.

Class 07

(2) Joints being parts of engines; piston segments; ball-bearings as machine parts; motors, electric, used in industrial applications; motors used in industrial applications; control mechanisms for machines, engines and motors, namely, pump control valves, thermostatic control valves, flow pressure regulators and gas flow regulators; machine tools for the metalworking industry, for the automotive industry, for the textile industry, for working metals; tools, namely, valves, aprons, pressure valves, bearings, bellows, bushings, cams, center drill bits, cowlings, cranks, die-casting moulds, drill chucks, couplings, hoods, joints, leaf springs, lift chains, metal pulleys, pumps, reamers, shuttles, sieves, sockets, spindles, stators and taps, all being parts of machines.

Class 08

(3) Stamping-out tools [hand tools]; embossers [hand tools].

Class 09

(4) Electric connectors; ammeters; computer-controlled automatic steering system for vehicles, namely automobiles; power limiters; electronic chips for the manufacture of integrated circuits; crash test dummies; densimeters; densitometers; fuse wire; gender changers in the nature of electrical adapters; accumulators, electric, for cameras, e-book readers, personal digital

assistants, portable computers, smartphones, tablet computers, vehicles and watches; batteries, electric, for vehicles; electric connectors; electric batters for automobiles; ignition controls, electric, for igniting at a distance, namely for automobiles; electricity conduits; current collectors, electric; regulating valves, electric, for regulating the flow of gases and liquids; couplings, electric, for electric boxes; conductors, electric, for electric motors, transformers and electric bus bars; ducts for electric cables and wires; measuring devices, electric, namely, fluorometers; relays, electric; electric apparatus for commutation, namely, capacitors, resistors and transformers; padlocks, electronic; coils, electric; socket outlets (electric -); electric plugs; current transformers; resistance wires; wires, electric; remote control transmitters and receivers for signals; cables, electric; electric wire harnesses for automobiles; capacitors; electromagnetic coils; thermionic valves; transistors [electronic]; galvanic cells; galvanic batteries; galvanometers; semi-conductors; electrical inductors; integrated circuits; interfaces for computers, namely, boards and cards for computers; copper wire, insulated; identification threads for electric wires; identification sheaths for electric wires; wire connectors [electricity]; sheaths for electric cables; encoded integrated circuit cards; electric switchboxes; terminals for batteries, for computers, for POS, for credit cards; lead-acid and lithium-ion battery chargers; charging stations for electric vehicles; solenoid valves [electromagnetic switches]; materials for electricity mains, namely, ac adapters, ac converters, ac inverters and ac power supplies; material testing instruments and machines, namely, test adapters and test pins for testing printed circuit boards; measuring apparatus, namely, clamp meters; pyrometers; toggle switches, electric; electricity distribution consoles; electric control panels; transmitters of electronic signals, for cable television, for GPS, for radar, for satellite, for telephone, for radio frequency; wafers for integrated circuits; simulators for the steering and control of vehicles; voltmeters; voltage regulators for vehicles; pitot tubes; circuit breakers; theodolites; thermo-hygrometers; thermostats for vehicles; transponders; triodes; variometers; junction sleeves for electric cables; inverters for power supply; ethernet and telecommunication switches; ignition batteries; chargers for electric batteries for electric vehicles; piezoelectric sensors, for use in consumer electronics as a tilt sensor; rescue flares, non-explosive and non-pyrotechnic.

Class 12

(5) Driverless cars [autonomous cars]; shock absorbers for automobiles; air bags for vehicles; safety belts for vehicle seats; cars; mobility scooters; motors, electric, for land vehicles; automobile chassis; head-rests for vehicle seats; engines for land vehicles; robotic cars; automobiles, sports cars, vans, trucks, motor buses, electric cars, vessels in the form of boats and ships, airplanes and locomotives.

Class 13

(6) Fireworks; fog signals, explosive; gunpowder; detonating plugs; explosive powders; explosives; detonators; fuses for explosives, for use in mines; detonating fuses for explosives; pyrotechnics

Services

Class 40

(1) Metal treating, namely, to prevent corrosion, for surface hardening

Class 42

(2) Consultancy in the field of energy-saving; electrical and mechanical engineering; chemical analysis; conducting technical project studies in the field of railway transport, construction; computer programming; engineering surveying services; research in the field of physics; research in the field of welding; mechanical engineering research; construction drafting; material testing; quality control testing services for industrial machinery, of anti-corrosion materials; technological consultancy in the field of smart grid technology, namely, advanced distribution management

systems, advanced energy meter data management systems, advanced energy metering infrastructure; technological research in the field of automotive safety; monitoring of computer systems to detect breakdowns; research in the field of environmental protection; scientific research in the field of chemistry, building construction materials; scientific laboratory services, namely, imaging core lab services.

Goods

Class 09

(1) Computer hardware recorded and downloadable software, namely, web applications, webserver software, mobile applications, artificial intelligence, and machine learning, for messaging, as communication software, namely, audio- and video-conferencing software, for sharing of files between users of the software, namely, visual, audio, and multimedia files of a general nature, for monitoring, controlling, collecting, recording, and analysis of human and animal biometric data from biometric scanners, for medical, telemedical, biomedical, surgical, dental, and veterinary use; electric and electronic apparatus and installations, namely, computers, remote temperature sensors, slide projectors; recorded and downloadable software for recording, analyzing, processing and transmitting medical, biomedical, surgical, dental, veterinary and paramedical data, for processing digital and analog images, for measuring human and animal physiological signals and states.

Class 10

(2) Devices used in telemedicine for human and animal patient assessment and diagnosis, and for treating and providing therapies for human and animal diseases and disorders, namely, medical diagnostics imaging processors; wearable and non-wearable, wired, wireless and hands-free, electro-medical, medical, telemedical, surgical, dental, and veterinary apparatus, equipment and instruments, as well as installations consisting thereof and their elements, for diagnosis, treatment and therapy, namely, patient monitoring sensors for medical purposes being blood pressure monitors, blood oxygen monitors, blood pressure monitors, electronic heart rate monitors and, body temperature monitoring sensors; inspection and telemetry apparatus and devices for measuring, collecting, analyzing, storing, communicating, and transferring visual, audio and multi-media data, using radio, ultrasonic, infrared, telephonic, computer and internet-based mechanisms of transfer, in the medical, telemedical, veterinary, dental fields, namely, patient monitoring sensors for medical purposes being blood pressure monitors, blood oxygen monitors, blood pressure monitors, electronic heart rate monitors and, body temperature monitoring sensors; microprocessors and nanotechnological devices and instruments for sensing, observation, diagnosis, treatment and therapy of the human and animal patient, namely, patient monitoring

sensors for medical purposes being blood pressure monitors, blood oxygen monitors, blood pressure monitors, electronic heart rate monitors and, body temperature monitoring sensors; biosensing devices and instruments used for detecting, diagnosing and treating human and animal diseases and disorders, namely, sensors for medical use to gather animal and human biometric data; lasers and sensors for medical, dental and veterinary use, namely, patient monitoring sensors for medical purposes being blood pressure monitors, blood oxygen monitors, blood pressure monitors, electronic heart rate monitors and, body temperature monitoring sensors; apparatus and equipment for scanning, analyzing, reporting, and storing human and animal health and illness information, namely, patient monitoring sensors for medical purposes being blood pressure monitors, blood oxygen monitors, blood pressure monitors, electronic heart rate monitors and, body temperature monitoring sensors; portable biofeedback sensors, namely, sensors for medical use to gather human and animal biofeedback data ; non-portable biofeedback sensors, namely, sensors for medical use to gather human and animal biofeedback data; carrying cases fitted for portable medical instruments; medical apparatus and devices used to support adherence to treatment regimens, facilitate self-care, and provide patient education, to track patient movements and behaviors in the home and other environments, to transmit a variety of data to health care providers at a distance, and to remind patients of requirements and actions, namely, biofeedback sensors.

Services

Class 42

(1) Biomedical engineering; medical, biomedical, surgical, dental, and veterinary research; research and development in the field of medical devices; preparation of data processing computer, namely, recorded and downloadable computer programming; software as a service (SaaS) and platform as a service (PaaS) in the medical, telemedical, biomedical, surgical, dental, and veterinary fields for communication between medical diagnostic devices and remote health care providers; technical project planning in the nature of computer hardware and software design in the medical, telemedical, biomedical, surgical, dental, and veterinary fields; development, design, creation and implementation of methods to ensure the efficiency, efficacy and ergonomics of telemedical tools, apparatus, devices, systems, software, and software applications, namely, computer programming services for data processing for supporting communication between a diverse set of medical, telemedical, biomedical, surgical, dental and veterinary diagnostic devices and apparatus and remote health care providers; computer consultation services, namely application providing online nondownloadable computer software for maximizing adherence to medical treatment regimens and dosages.

Class 44

(2) Healthcare services, namely, providing patient-users with real-time access to medical professionals and medical advice, diagnosis, and information, via telephone, video, email, mobile devices or global computer networks, namely, medical examination services, medical diagnostic services, medical clinic services, medical imaging services, medical nursing services, birth attendant services, medical treatment services provided by hospitals, and medical testing services; medical, telemedical, biomedical, surgical, dental, and veterinary services, namely receiving, recording, diagnosing, monitoring and advising human and animal patients regarding medical conditions, diseases and disorders and their treatment and therapies, namely, medical examination services, medical diagnostic services, medical clinic services, medical imaging services, medical nursing services, birth attendant services, medical treatment services provided by hospitals, and medical testing services; medical services, namely physician, nursing, midwifery, hospital, treatment, diagnostic and laboratory services, namely, medical examination services,

medical diagnostic services, medical clinic services, medical imaging services, medical nursing services, birth attendant services, medical treatment services provided by hospitals, and medical testing services; providing information via a website on the use of pharmaceuticals, medicaments and medical products, dietary and nutritional advice, general health and wellness, parenting and child care; providing temporary use of a non-downloadable web application for a patient-user to input medical data for review by a third party medical provider and for medical consultations with a medical provider; applications for mobile phones for a patient-user to input medical data for review by a third party medical provider and for medical consultations with a medical provider.

Goods

Class 09

Recorded computer programs for the remote control, monitoring and command of home appliances; recorded computer software for reviewing and purchasing pet products; downloadable image files containing artworks, texts, graphics and photographs; recorded and downloadable computer software platforms that gives computer users the ability to upload, exchange and share videos via the internet; microphones for communication devices; smartphones; audio- and video-receivers; cabinets for loudspeakers; Sound recordings in the form of discs.

Services

Class 35

(1) Advertising copywriting; Advertising the goods of others through all public communication means, for retail purposes; systemization of information into computer databases; commercial information and advice for consumers in the choice of products and services in the field of pet food, pet treats, supplements for pets, pet products, pet grooming, pet walking and pet care services; providing commercial and business contact information; provision of an online marketplace for buyers and sellers of goods and services; updating and maintenance of data in computer databases; web indexing for commercial or advertising purposes; marketing analysis services.

Class 42

(2) Computer programming; computer system design; software as a service (SAAS) featuring software for the remote control, monitoring and command of home appliances; server hosting; creating and designing website-based indexes of information for others [information technology services]; software development in the framework of software publishing; user authentication services using single sign-on technology for online software applications; computer programming services for data processing; writing of computer code; installation of computer software.

Goods

Class 01

(1) Chemical fertilisers; chemical soil conditioners; chemical additives to fungicides, pesticides and insecticides; chemical additives for compost; chemical additives for fertilisers; chemical additives for the prevention of sedimentation; wastewater treatment chemicals; wastewater treatment chemicals for industrial purposes; chemicals for treating hazardous waste; metal tempering chemicals; tempering chemicals; industrial chemicals for use in the manufacturing of absorbing carbons; surface-active chemicals for carbon dioxide sequestration; chemicals for use in the manufacture of solvents; chemicals for water softening; chemicals for retarding oxidation of metallic surfaces; chemicals for the purification of water; tempering chemicals for use in metalworking; chemicals for use in the manufacture of solvents for scientific purposes; chemicals for use in decontamination of polluted sites; chemicals for use in the manufacture of lithium ion batteries; chemicals for use in the processing of plastics; chemicals for use in the production of synthetic rubber; welding and brazing chemicals; chemicals for use in the manufacture of paints; chemicals for use in the manufacture of polyurethanes; liquid and dry polymer chemicals for use in the oil industry; oil-purifying chemicals; tempering and soldering chemicals; chemicals for use in the processing of natural rubber; chemical additives for fuel; chemical additives for motor fuels; chemical additives for lubricants; chemical additives for fuel treatment; chemical additives for fertilizers; chemical additives for concrete; chemical gasoline additives; chemical additives for mortar; chemical petrol additives; chemical additives for paints; chemical additives for lacquers; chemical additives for drilling fluids; chemical additives for industrial greases; chemical additives for plaster; chemical additives for drilling muds; chemical additives to insecticides; chemical additives for petrol; chemical additives for stone; chemical additives for grouting materials; chemical additives for use with internal combustion engine fuels; chemical additives for transmission fluids; chemical additives for use in the manufacture of pharmaceuticals; chemical additives for use with concrete; chemical additives for plasticizing concrete; chemical additives for use in binding asphalt; chemical additives for internal combustion engine fuels; chemical additives for accelerating hardening of concrete; chemical additives for use in binding masonry; chemical additives for use in binding concrete; chemical additives for use in the moulding of metals;

chemical additives for use in the processing of plastics; chemical additives for use in the cleaning of water; chemical additives for use in the casting of metals; chemical additives for use in the manufacture of rubber goods; chemical additives for use in the manufacture of fungicides and insecticides used in science, agriculture, horticulture and forestry; chemical additives for use in enzyme stabilization; chemical additives for varnishes; chemical additives for use in hydrothermal liquefaction processes; chemical additives for engine cooling systems; chemical additives for diesel fuels; chemical oxidants for wastewater treatment; chemical agents for quenching steel; chemical absorbents for removing impurities from fuel; chemical admixtures for concrete; chemical agents sold as an ingredient of alkaline batteries; chemical compositions for waterproofing masonry; chemical compositions for use in chrome plating; chemical oxidants for use in the manufacture of printed circuits; chemical sealer for rock, soil, and concrete; chemical sealants for the sealing of walls; metalates; plasticizers; chemical compositions for metal plating; chemical products for use in the manufacture of sealants; chemical preparations for the manufacture of paints; chemical preparations for facilitating the alloying of metals; chemical preparations for stabilizing soil and dust; chemical preparations for the dispersal of oil; chemical preparations for use in the manufacture of paints; chemical substances for cleaning concrete; ion-exchange resin membranes in the form of chemical preparations; chemical preparations for decarbonising engines; ammonia for use in the purification of water supplies; ammonia for use in the manufacture of explosives; ammonia-based fertilizers; ammonia for use in drug manufacturing; hydrogen; hydrogen produced by renewable energy sources; hydrogen gas; liquid hydrogen; dissolved hydrogen; natural graphite for industrial purposes; artificial graphite for industrial purposes; artificial graphite for secondary cell batteries; natural graphite; artificial graphite for use in the manufacture of secondary cell batteries; graphite in raw or semi-finished form for use in manufacture; absorbent graphites; absorbent expandable graphites; ammonia (volatile alkali) for industrial purposes; volatile alkali (ammonia) for industrial purposes; ammonia for use in fertilizers; ammonia for use in plastics; ammonia for use in the production of fuels; ammonia used for purification of water supplies; ammonia for industrial purposes produced by renewable energy sources; ammonia water; aqueous ammonia for industrial purposes; anhydrous ammonia; ammonia alum; ammonia and ammonia produced by renewable energy sources for use in industrial processes, namely industrial processes that make nitrogen based fertilisers, dye, pharmaceuticals, chemicals, metal ores, iron and steel; ammonia and ammonia produced by renewable energy sources for use for the manufacture of refrigerants, household cleaning products, plastics, rubbers, explosives, textiles, pesticides and cosmetic products; ammonia and ammonia produced by renewable energy sources for purification treatments of water supplies and wastewater treatments; chemical water testing and treatment preparations, namely, chemical preparations for testing swimming pool water; chemical water testing and treatment preparations, namely, diagnostic preparations for use in assessment of the toxicological properties of water for industrial and scientific use; chemical preparation for the treatment of water; hydrocarbons; hydrocarbon compounds; gaseous hydrocarbons; gaseous hydrocarbon compounds; graphene; graphene for industrial use; carbon for industrial use; catalysts for the production of hydrogen; iron oxides, iron salts; iron oxides for use in industry; solidified gases for industrial purposes; gas mixtures for use in science, namely, chemical additives for fuel; gas purifying preparations; inert gases, namely, oxygen for industrial purposes, captured carbon dioxide (CO₂) for use in further manufacture, helium, neon, argon, krypton, xenon, radon and oganesson for industrial and scientific use; geothermal steam for industrial purposes namely, geothermal energy to heat, cool and create energy.

Class 04

(2) Fuel oil; fuel gas; ethanol fuels; aviation fuel; methanol fuel; fuel for motor vehicles; propane fuel; sustainable aviation fuel; gaseous hydrogen fuel; mixed alcohol fuel; liquid hydrogen fuel;

butane gas for use as fuel; propane for use as fuel; fuel for aircraft and ships; liquefied petroleum gas; renewable liquefied petroleum gas; renewable propane and butane; fuel mixtures, namely, chemical additives for fuel treatment; fuel gas, gaseous hydrogen fuel, liquid hydrogen fuel, and fuel for motor vehicles, aircraft and ships derived from hydrogen or predominantly derived from hydrogen; fuel gas, gaseous hydrogen fuel, liquid hydrogen fuel, and fuel for motor vehicles, aircraft and ships derived from hydrogen, or predominantly derived from hydrogen, produced by renewable energy sources; fuel gas, liquid ammonia fuel, and fuel for motor vehicles, aircraft and ships, derived from ammonia or predominantly derived from ammonia; fuel gas, liquid ammonia fuel, and fuel for motor vehicles, aircraft and ships, derived from ammonia, or predominantly derived from ammonia, produced by renewable energy sources; fuel gas, liquid ammonia fuel, and fuel for motor vehicles, aircraft and ships derived from direct ammonia conversion, namely combustion; fuel gas, liquid ammonia fuel, and fuel for motor vehicles, aircraft and ships derived from direct ammonia conversion, namely direct ammonia fuel cells; fuel gas, liquid ammonia fuel, and fuel for motor vehicles, aircraft and ships derived from indirect ammonia conversion, namely, hydrogen vector; hydrocarbon gas liquids [HGL] for use as fuel for motor vehicles, aircraft and ships; hydrocarbon fuels for use with motors, motor vehicles, aircraft and ships; solid, liquid and gaseous fuels for use with motors, motor vehicles, aircraft and ships; lubricating graphite or synthetic graphite; graphite as a fuel; vaporised fuel mixtures, namely, gaseous hydrogen fuel; solid oxygen fuel; non-chemical additives for fuels; gaseous hydrogen fuel; gas mixtures for use with motors, motor vehicles, ships and aircraft; liquid gases, namely liquefied natural gas; dissolved gases for use as a fuel for use with motors, motor vehicles, ships and aircraft; combustible gases for use as a fuel for use with motors, motor vehicles, ships and aircraft; natural gas; solidified gas for fuel; synthetic gas (fuel); gases for use as illuminants, namely natural gas; gases for use as illuminants, namely propane; gases for use as illuminants, namely butane; liquefied petroleum gases for industrial use; liquefied petroleum gases for industrial purposes; liquefied petroleum gases for domestic purposes; oxygen liquified hydrocarbon gas for use in torches; liquefied natural gas; liquefied petroleum gases; liquefied petroleum gases to be used for domestic and industrial purposes and in motor vehicles; liquid hydrogen for use as fuel; compressed natural gas; fuel for domestic heating; gas oil for industrial heating; gas oil for domestic heating; lighting fuel; motor fuels, namely gasoline and diesel fuels; renewable gasoline; renewable diesel; lamp oil; light oils; lamp fuels; biofuel; biogas, namely, landfill gas, compost gas; combustible fuels and gases, namely ethanol fuels, butane gas for use as fuel, fuel gases.

Class 06

(3) Common metals and their alloys; iron; steel alloys; nickel alloys; brazing alloys; copper alloys; casting alloys; titanium alloy; aluminium alloys; chromium alloys; magnesium alloys; brass alloys; metal alloys for further manufacturing; zinc based alloys; alloyed iron; non-ferrous metal alloys; uranium alloy; alloys of gold, mercury, silver, tin and tungsten; iron alloys; ores; iron ores; pig iron; pure iron; iron ore; iron produced by hydrogen generated via water electrolysis using renewable energy; iron produced by hydrogen and ammonia; iron produced by electrochemicals; metallic ores; ferrous ores; processed metal ores; processed iron ores; iron, unwrought or semi-wrought; metal powders; ore powders; iron powders; minerals in this class; common metals, unwrought or semi-wrought; alloys of common metals; ores of metal; limonite; chrome ores; steel; steel produced by renewable energy; metal building products, namely, acoustic panels, awnings, bars, beams, blinds, brackets, building boards, ceiling boards, building panels, casings, cladding, doors, fabricated metal components for building foundations, formwork, flashings, frameworks, frames, fascia, floor boards, linings, lintels, partitions, pillars, pipes for building purposes, rails, roofing materials, reinforcement materials, slabs, tiles, window frames and wall claddings.

Class 09

(4) Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, weighing, measuring, signalling, detecting, testing, inspecting, and teaching apparatus and instruments, namely, electrolyzers, fuel cells, cameras, lenses for cameras, microscopes, lenses for microscopes, scales, global positioning system (GPS) apparatus, surveying apparatus, video cameras, gas detection apparatus, alarms for the detection of inflammable gases, apparatus for testing gas, liquids, and solids, cement testing machines, gas testing instruments and voltage testers; apparatus and instruments for recording, transmitting, reproducing and processing sound, images and data, namely computers, blank discs for computers, computer printers, intelligent copiers, computer keyboards, computer mouse, video recorders, audio and video receivers, audio recorders, television receivers, audio receivers, data loggers, electronic data recorders for vehicles, electronic black boxes for recording data, mobile data terminal (mdt), radio receivers and radio transmitters for installation within a motor vehicle for wirelessly transmitting and receiving information and data about the vehicle, its occupants, and its environment, radios, image scanners, optical fibers for the transmission of sounds and images, audio amplifiers, microphones; recorded and downloadable media, namely, CDs, DVDs, ebooks, podcasts, audio and video files, webcasts, and formatted text files, featuring content in relation to mining, energy production, energy conservation, energy management, renewable energy, renewable products, construction of renewable energy plants and production facilities, construction of iron and steel production facilities and plants, adoption of green sources of electricity and fuel, and ammonia and hydrogen production; downloadable and recorded computer software for monitoring energy consumption, selecting and comparing renewable energy providers and selecting and comparing energy efficient products and products made from renewable resources; downloadable and recorded application software for controlling and monitoring energy and utility systems, energy production plants, iron and steel production plants, hydrogen production plants and ammonia production plants; downloadable and recorded application software for controlling the operation of a mine site; computer programs for connecting to remote computers and computer networks; downloadable computer software and mobile application software to train computers to predict user behaviour in the field of machine learning models and artificial intelligence; downloadable software application that applies artificial intelligence programming for use in automation of machines for mining; downloadable computer software integration of artificial intelligence and machine learning in the field of big data for business data analytics and user behavior analytics; computer programming software for the integration of artificial intelligence and machine learning in the field of big data for business data analytics and user behavior analytics; software for the integration of artificial intelligence and machine learning in the field of big data; downloadable computer software using artificial intelligence for machine learning for the remote controlled operation of automatically guided vehicles, unmanned aircraft, drones, unmanned locomotives, and unmanned ships and barges; computer hardware and recorded computer software that function as data feeders for use with artificial intelligence; electronic memories, namely blank flash memory cards, computer memory boards, flash memory chips and cards; electronic databases in the fields of mining, energy production, energy conservation, energy management, renewable energy, renewable products, construction of renewable energy plants and production facilities, construction of iron and steel production facilities and plants, adoption of green sources of electricity and fuel, and ammonia and hydrogen production; computers and computer hardware, computer printers, computer screens, computer keyboards, computer mouse, speakers for computers; computer hardware; electronic devices, namely computer hardware for data processing; remote controlled apparatus and instruments, namely, computer hardware and recorded software system for the remote control of automatically guided vehicles, unmanned aircraft, drones, unmanned locomotives, and unmanned ships and barges; sensors, namely, automatic solar tracking sensors, gas sensors for measuring gas concentration, industrial calibration sensors, liquid level sensors,

photoelectric sensors, pressure sensors, temperature sensors not for medical purposes, electric current sensors, light sensors, and vibration sensors; cameras; apparatus for managing energy supplies, namely, electronic control devices for energy management; downloadable electronic publications in the fields of mining, energy production, energy conservation, energy management, renewable energy, renewable products, construction of renewable energy plants and production facilities, construction of iron and steel production facilities and plants, adoption of green sources of electricity and fuel, and ammonia and hydrogen production.

Class 12

(5) Vehicles, namely, land vehicles, boats, ships, barges, aircraft, all-terrain vehicles, armoured vehicles, amphibious craft, driverless cars and trucks, dump trucks, trains, trailers, trolleys, locomotives, lorries, motor buses, tractors, railway carriages, tractor-trailers, tank wagons, tankers, space shuttles, trams, transport carriages and trucks; vehicles for transport of goods by land, namely, land vehicles, all-terrain vehicles, armoured vehicles, amphibious craft, driverless cars and trucks, dump trucks, trains, trailers, trolleys, locomotives, lorries, motor buses, tractors, railway carriages, tractor-trailers, tank wagons, tankers, trams, transport carriages and trucks; vehicles for transport of goods by air, namely, aircraft; vehicles for transport of goods by water, namely, boats, ships, barges, and amphibious craft; mining vehicles, namely, lorries for mines, mine cars, manned and autonomous dump trucks, tractors for use underground in mining operations, and autonomous material handling tractors; autonomous vehicles; camera and delivery drones; accessories for remote controlled vehicles; accessories for remote controlled drones; parts and accessories for the aforementioned goods, namely, transaxles, fuel storage cells and component parts therefor, transmission seals, differentials, automobile structural parts, transmissions, fuel injectors, parts for braking systems for vehicles, drive gears, wheels, bodyworks; structural parts for aircraft; structural parts for boats, ships and barges.

Services

Class 35

(1) Business services, namely business research services and business information services; business administration; business management; business advice and assistance regarding business organization and management; business management and organisation consultancy; business profit analysis; compilation and analysis of statistical information, namely statistical analysis and reporting services for business purposes, compilation of statistics; advertising the goods and services of others; preparing and placing advertisements for others; advertising consultancy; advertising and business management consultancy provided online from the Internet; advertising goods and services of others by promoting the availability of goods for purchase via a global computer network; advertising goods and services of others by promoting the availability of goods for selection via a global computer network; advertising the goods and services of others through all public communication means; advertising goods and services of others by promoting the availability of goods for ordering via a global computer network; compilation, production and dissemination of advertising matter for others; business marketing consulting services; business advice relating to marketing; marketing consulting services; consultancy and advisory services in the field of business marketing; marketing services in the field of arranging for the distribution of the products of others; retailing and wholesaling of hydrogen; retailing and wholesaling of hydrogen produced by renewable energy sources; retailing and wholesaling of ammonia; retailing and wholesaling of ammonia produced by renewable energy sources; retailing and wholesaling of fuels and energy; retailing and wholesaling of fuels and energy derived from ammonia or predominantly derived from ammonia; retailing and wholesaling of fuels and energy derived from ammonia, or predominantly derived from ammonia, produced by renewable energy sources;

retailing and wholesaling of fuels and energy derived from hydrogen or predominantly derived from hydrogen; retailing and wholesaling of fuels and energy derived from hydrogen, or predominantly derived from hydrogen, produced by renewable energy sources; retailing and wholesaling of renewable energy, namely, solar energy, wind energy and geothermal energy; retailing and wholesaling of iron; retailing and wholesaling of iron produced by renewable energy sources; retailing and wholesaling of steel; retailing and wholesaling of steel produced by renewable energy sources; conducting market surveys for others; conducting business and market research surveys for others; compiling research and statistical data for business purposes; computerised online ordering services in the fields of renewable energy, hydrogen, hydrogen produced by renewable energy sources, hydrogen gases, liquid hydrogen, dissolved hydrogen, mixtures of gases, liquids and dissolved hydrogen, hydrocarbons, gaseous hydrocarbons, fuels derived from hydrogen, electrical energy derived from hydrogen, ammonia, ammonia produced by renewable energy sources, ammonia additives, ammonia products, preparations and substances for use in industry, science, manufacturing and research, ammonia water, aqueous ammonia for industrial purposes, anhydrous ammonia, ammonia alum, fuels derived from ammonia, electrical energy derived from ammonia, and electrical energy derived from combustion and direct ammonia fuel cells, iron ores, steel alloys, metal alloys for further manufacturing, alloyed iron, non-ferrous metal alloys, alloys of gold and silver, gold, silver, pig iron, pure iron, magnetite, iron produced by hydrogen and ammonia, unwrought or semi-wrought iron, iron powders, steel and steel produced by hydrogen and ammonia, products made from iron or steel being steel acoustic panels, steel awnings, steel and iron bars, steel beams, roller blinds of steel, steel and iron exterior blinds, steel building boards, steel ceiling boards, steel building panels, iron and steel casings, iron and steel cladding, iron and steel doors, iron and steel piles, iron and steel mats for use as load support surfaces in the construction industry, iron and steel anchor bolts, iron and steel braces for load handling, pre-fabricated iron and steel architectural columns, iron and steel formwork, iron and steel flashings, steel frameworks, steel frames, iron and steel fascia, iron and steel floor boards, iron and steel linings, iron and steel lintels, iron and steel partitions, iron and steel pillars, iron and steel branching pipes, iron and steel rails, iron and steel roofing materials, steel reinforcement materials, steel slabs, iron and steel tiles, iron and steel window frames, iron and steel wall claddings, steel chassis for vehicles, aircraft, boats, ships, barges and drones, and steel structural parts for automobiles, aircraft, boats, ships, barges and drones, cement, concrete, cement produced by renewable energy sources, concrete produced by renewable energy sources, products made from cement or concrete being cement partitions for buildings, fiber cement boards, fiber cement siding, fireproof cement coatings, cement for blast furnaces, cement posts, cement slabs, cement blocks, cement wall components, cement wall members, cement tiles, cement cladding, cement panels, cement slopes, cement piles, cement plates, cement posts, cement beams, cement roof panels, cement roofing, cement mouldings, cement decorative mouldings and decorative for use in building construction, cement products for use in buildings, gardens, landscaping, roadways, walkways, ponds, pools, water tanks, concrete plates for buildings, concrete poles for building, concrete slabs for building, concrete walls for building, concrete construction blocks, panels of precast concrete for buildings, blocks made of concrete, concrete bricks, concrete paving blocks, concrete beams, concrete structural beams, concrete partitions for buildings, concrete retaining walls, concrete panels, structural monuments of concrete, concrete flooring, concrete pillars, concrete pipes, concrete blocks, concrete wall members, concrete tiles, concrete cladding, concrete panels, concrete slopes, concrete piles, concrete plates, concrete posts, concrete beams, concrete roof panels, concrete roofing, concrete moulding, concrete decorative mouldings and decorative trim for use in building construction, concrete decorative columns, and cement products for use in buildings, gardens, landscaping, roadways, walkways, ponds, pools, water tanks; office functions namely providing office functions for others, namely business administration consultancy,

secretarial services, receptionist services, photocopying services, invoicing services; cost price analysis; public relations; import export agency services; sales promotion for others by means of website information and public relations campaigns; promoting the sale of goods and services for others through a consumer loyalty program; computerised stock ordering and control services; computerised file management; foreign trade consultancy; operation of loyalty programs; personnel management; business project management services; business project management services for construction projects; business project management services for ammonia, hydrogen, hydro electrical and solar power systems and plant construction; business project management services for iron and steel production facilities and plants; business information; procurement services for others (purchasing goods and services for other businesses); administrative and business management of utility networks; administrative and business management services relating to the production of energy, solar energy, renewable energy, ammonia, hydrogen, electricity, gas, fuel, water, iron and steel; administrative and business management of hydrogen production and generation plants; administrative and business management of ammonia production and generation plants; administrative and business management of solar power plants; administrative and business management of iron production facilities and plants; administrative and business management of steel production facilities and plants; administrative and business management of energy production and generation plants; administrative and business management of solar power, turbine power, hydropower production facilities and plants; administrative and business management of fuel production and generation plants; providing business information via a web site; administrative and business management services relating to the production of energy, solar energy, renewable energy, ammonia, hydrogen, electricity, gas, fuel, water, iron and steel; the bringing together, for the benefit of others, of a variety of hydrogen, hydrogen goods being hydrogen gas, hydrogen produced by renewable energy sources, hydrogen gases, liquid hydrogen, dissolved hydrogen, mixtures of gases, liquids and dissolved hydrogen, hydrocarbons, gaseous hydrocarbons, fuels derived from hydrogen and electrical energy derived from hydrogen, ammonia, ammonia goods being ammonia, ammonia produced by renewable energy sources, ammonia additives, ammonia products, preparations and substances for use in industry, science, manufacturing and research, ammonia water, aqueous ammonia for industrial purposes, anhydrous ammonia, ammonia alum, fuels derived from ammonia, electrical energy derived, or predominantly derived, from ammonia, and electrical energy derived from combustion and direct ammonia fuel cells, fuel and fuel goods being hydrocarbon gas liquids for use as fuel, hydrocarbon fuels, solid, liquid and gaseous fuels, vaporised fuel mixtures, carbon materials for use as fuels, solid oxygen fuel, graphite as a fuel, combustible gases for use as a fuel, natural gas, solidified gas as fuel, liquefied gas as fuel, biofuel, biogas and combustible fuels and fuel gases, energy and energy goods being electricity, electrical energy, gas energy, combustible gases for use as an energy source, hydrogen for use as an energy source, ammonia for use as an energy source, liquefied gases for use as an energy sources, fuels and gases for heating and lighting purposes, renewable energy and renewable energy goods being electricity derived from renewable sources, solar energy, wind energy and geothermal energy, iron and steel goods being iron ores, pig iron, pure iron, iron ore, iron produced by hydrogen and ammonia, unwrought or semi-wrought iron, iron powders, steel, acoustic panels, awnings, bars, beams, blinds, brackets, building boards, ceiling boards, building panels, casings, cladding, doors, fabricated metal components for building foundations, formwork, flashings, frameworks, frames, fascia, floor boards, linings, lintels, partitions, pillars, pipes for building purposes, rails, roofing materials, reinforcement materials, slabs, tiles, window frames, wall claddings, chassis for vehicles, aircraft, boats, ships, barges and drones, structural parts for automobiles, aircraft, boats, ships, barges and drones, enabling customers to conveniently view and purchase those goods; information, advisory and consultancy services via a website in relation to all the aforesaid services.

Class 36

(2) Financial valuation services in the fields of commodities, mines, energy production plant and equipment, gas production plant and equipment, renewable energy production plant and equipment, iron and steel production plant and equipment, and hydrogen and ammonia production plant and equipment; valuation of commodities; financial services, namely, capital investment, money lending, business fundraising for others, financial risk assessment services, commodities trading, capital lending, asset and investment acquisition; financial investment consultation, advisory and development; raising debt and equity capital for others; funding for the construction and refurbishment of mines, energy plants and related facilities, renewable energy plants and related facilities, gas production plants and related facilities, iron and steel production plants and related facilities, concrete production plants and related facilities, cement production plants and related facilities, and hydrogen and ammonia production plants and related facilities; fundraising for the construction and refurbishment of mines, energy plants and related facilities, renewable energy plants and related facilities, gas production plants and related facilities, iron and steel production plants and related facilities, concrete production plants and related facilities, cement production plants and related facilities, and hydrogen and ammonia production plants and related facilities; banking services; financial and monetary affairs, namely, financial management and analysis services; financial consultancy, advice and information; funding and providing scholarships in the fields of education, science and renewable energy; financial sponsorship of educational programs in the field of business, financial sponsorship of cultural events, financial sponsorship of charitable and philanthropic activities, financial sponsorship of music events, of film festivals, of sporting activities, financial sponsorship of charitable and non-profit organizations; charitable fundraising; conducting financial feasibility studies; financial investment services; financial funding services, namely, the raising of capital for others for the construction and refurbishment of mines, energy plants and related facilities, renewable energy plants and related facilities, gas production plants and related facilities, iron and steel production plants and related facilities, concrete production plants and related facilities, cement production plants and related facilities, and hydrogen and ammonia production plants and related facilities; fundraising projects, namely, business fund raising for others; insurance; real estate affairs, namely, real estate investment trusts and funds management and advisory services; fund management and investment management; financial management; financial analysis; electronic banking; debt collection; loan financing; property valuation; information, advisory and consultancy services via a website in relation to all the aforesaid services.

Class 37

(3) Construction of mines, energy plants and related facilities, renewable energy plants and related facilities, gas production plants and related facilities, iron and steel production plants and related facilities, kilns, cement mills, concrete batching plants and related facilities, cement factories and related facilities, and hydrogen and ammonia production plants and related facilities; construction of mines; civil and mechanical engineering construction, namely, construction of factories, plants, bridges, tunnels, pipelines, offshore platforms, power stations and railways ; construction of underground structures; installation and repair services for energy generation plant and equipment, renewable energy generation plant and equipment, gas production plant and equipment, iron and steel production plant and equipment, concrete production plant and equipment, cement production plant and equipment, and hydrogen and ammonia production plant and equipment; maintenance services for energy plants and related facilities, renewable energy plants and related facilities, gas production plants and related facilities, iron and steel production plants and related facilities, concrete production plants and related facilities, cement production plants and related facilities, and hydrogen and ammonia production plants and related facilities;

mining extraction services; information, advisory and consultancy services via a website in relation to all the aforesaid services.

Class 38

(4) Telecommunications and communication services, namely, transmission of voice, data, graphics, images, audio and video by means of telecommunications networks, wireless communication networks, and the Internet; communication, namely transmission of data concerning remote controlling of vehicles, by telecommunications networks; communication services, namely, transmission of data concerning remote controlling of machines, via telecommunications networks; communication services, namely, transmission of data concerning remote controlling of transport of materials by land, rail, air and ship, by telecommunications networks; providing user access to global computer networks; web portal services, namely, providing user access to a global computer network; providing access to a website featuring information on the topics of mining, energy production, energy conservation, energy management, renewable energy, renewable products, construction of renewable energy plants and production facilities, construction of iron and steel production facilities and plants, adoption of green sources of electricity and fuel, and ammonia and hydrogen production; providing access to online computer databases; information, advisory and consultancy services via a website in relation to all the aforesaid services.

Class 39

(5) Sea transportation of goods; air transportation of goods; rail transportation of goods; road transportation of goods; packaging of articles for transportation and warehouse storage services; transportation by ship, truck or train, transmission through pipelines, storage, supplying, distribution and delivery of hydrogen gas; transportation by ship, truck or train, transmission through pipelines, storage, supplying, distribution and delivery of hydrogen gas produced by renewable energy sources; transportation by ship, truck or train, transmission through pipelines, storage, supplying, distribution and delivery of ammonia; transportation by ship, truck or train, transmission through pipelines, storage, supplying, distribution and delivery of ammonia produced by renewable energy sources; transportation by ship, truck or train, transmission through pipelines, storage, supplying, distribution and delivery of fuel; transportation by ship, truck or train, transmission through pipelines, storage, supplying, distribution and delivery of fuel derived from ammonia or predominantly derived from ammonia, including ammonia produced by renewable energy sources; transportation by ship, truck or train, transmission through pipelines and power lines, storage, supplying, distribution and delivery of energy derived from ammonia or predominantly derived from ammonia, including ammonia produced by renewable energy sources; energy storage services, namely transmission and distribution of renewable energy, namely, solar energy, wind energy and geothermal energy; transportation by ship, truck or train, transmission through pipelines and power lines, storage, supplying, distribution and delivery of energy, namely, ammonia energy, hydrogen energy, solar energy, renewable energy, electricity, gas, natural gas, fuel, graphite and other hydrocarbon energy; utility services, namely, transmission, storage, distribution and supplying of electricity; transportation by ship, truck or train, storage, supply, distribution and delivery of iron; transportation by ship, truck or train, storage, supply, distribution and delivery of iron made by renewable energy sources; transportation by ship, truck or train, storage, supply, distribution and delivery of steel; transportation by ship, truck or train, storage, supply, distribution and delivery of steel made by renewable energy sources; electricity supplying services, namely, electricity distribution; storage, transportation, transmission and distribution of ammonia energy and hydrogen energy from production facilities services to end users through pipelines and by transport distribution services by ship, truck or train; storage, transportation and distribution of water, namely, public utility services in the form of water supplying and distribution;

warehousing services; supply chain logistics and reverse logistics services consisting of the storage and transport of goods for others by air, rail, ship or truck; locating and tracking of cargo for transportation purposes by computer; removal and transportation of trash, waste and junk; information, advisory and consultancy services via a website in relation to all the aforesaid services.

Class 40

(6) Production and generation of energy; production and generation of fuel; production and generation of hydrogen; production and generation of hydrogen produced by renewable energy sources; production and generation of ammonia; production and generation of ammonia produced by renewable energy sources; production and generation of fuel and energy derived from ammonia or predominantly derived from ammonia, including ammonia produced by renewable energy sources; production and generation of fuel and energy derived from hydrogen or predominantly derived from hydrogen, including hydrogen produced by renewable energy sources; production and generation of solar energy, renewable energy, ammonia energy, hydrogen energy, electricity, gas, water energy and natural gas energy; production and generation of renewable energy, namely, solar energy, wind energy and geothermal energy; production of iron for others; production of iron for others, produced by renewable energy sources; production of iron for others, using electrochemicals; production of iron for others, using hydrogen produced by water electrolysis using renewable energy; production of iron for other, using hydrogen and ammonia; production of steel for others; production of steel for others, produced by renewable energy sources; processing of iron; processing of iron produced by renewable energy sources; processing of iron using electrochemicals; processing of iron using hydrogen produced by water electrolysis using renewable energy; processing of iron using hydrogen and ammonia; processing of steel; processing of steel produced by renewable energy sources; processing, separation and fractionating liquids from natural gas; desalination of water; demineralisation of water; water recycling; water treating; operating electricity generation power plants for others; production of electricity; electricity generation by power plants; gas treatment and processing; processing of gas; processing and conversion of energy, ammonia, hydrogen, gas and fuels, namely, energy and fuel recycling services, namely, capturing and conversion of wasted energy, hydrogen, ammonia, gas and fuels into electricity and useful steam generated from renewable energy sources; processing and conversion of fuels and energy, namely, energy and fuel recycling services, namely, capturing and conversion of wasted energy into electricity and useful steam; processing and conversion of energy generated from renewable sources, namely, energy and fuel recycling services, namely, capturing and conversion of wasted energy into electricity and useful steam; waste water treatment services; treatment of materials, namely, treatment of hydrogen gas and ammonia gas by means of heating, cooling, chemical treatment or electrolysis; treatment of materials in the nature of metals and metal ores; heat treatment services for hydrogen, ammonia, metals and metal ores; recycling services, namely, processing and conversion of wasted energy, ammonia, gas and fuels into electricity and useful steam; recycling of chemicals, batteries, materials, waste and industrial goods; carbon offsetting services (recycling), namely, recycling of refrigerant fluids, battery recycling, concrete recycling, electronics recycling, plastic recycling, paper recycling; energy recycling services that capture and convert wasted energy into electricity and useful steam; operation of hydrogen production and generation plants for others; operation of ammonia production and generation plants for others; operation of solar power plants for others; operation of iron production facilities and plants for others; operation of steel production facilities and plants for others; operation of iron processing facilities and plants; operation of steel processing facilities and plants; operation of energy production and generation plants for others; operation of solar power, turbine power, hydropower production facilities and plants for others; operation of fuel production

and generation plants for others; custom manufacture of products, equipment, installations and systems associated with energy production, storage, supply and conversion; custom manufacture of products, equipment, installations and systems associated with hydrogen production, storage, supply and conversion; custom manufacture of products, equipment, installations and systems associated with hydrogen produced by renewable energy sources; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of hydrogen made by renewable energy sources; custom manufacture of products, equipment, installations and systems associated with ammonia production, storage, supply and conversion; custom manufacture of products, equipment, installations and systems associated with ammonia produced by renewable energy sources; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of ammonia, made by renewable energy sources; custom manufacture of products, equipment, installations and systems associated with energy produced by ammonia, hydrogen and renewable energy sources; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of energy; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of iron; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of steel; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of iron, made by renewable energy sources; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of steel made by renewable energy sources; custom manufacture of products, equipment, installations and systems associated with fuel production, storage, supply and conversion; custom manufacture of products, equipment, installations and systems associated with fuel produced by ammonia and renewable energy sources; custom manufacture of products, equipment, installations and systems associated with storage, supply and conversion of fuel; treatment and blending of metals and ores, namely, treatment of iron, steel, chrome, copper, zinc, nickel, gold, lead, lithium-pegmatite, copper-porphyry, copper-molybdenum, copper-gold, limonite, silver, and their ores and alloys, magnetite ore; material processing, namely, obtaining metal from native earth materials in the nature of extraction of metals of value from minerals in the mining industry; material processing, namely, beneficiation of iron ores; metallurgical processing, namely metallurgical smelting; metallurgical processing, namely, treatment of arsenic-containing materials; information, advisory and consultancy services in relation to all the aforesaid services.

Class 41

(7) Education and training services, namely, classes, seminars, courses and training in the fields of mining, energy production, energy conservation, energy management, renewable energy, renewable products, construction of renewable energy plants and production facilities, construction of iron and steel production facilities and plants, adoption of green sources of electricity and fuel, and ammonia and hydrogen production; arranging and conducting training and educational workshops in the fields of mining, energy production, energy conservation, energy management, renewable energy, renewable products, construction of renewable energy plants and production facilities, construction of iron and steel production facilities and plants, adoption of green sources of electricity and fuel, and ammonia and hydrogen production; organising exhibitions for cultural or educational purposes in the field of mining, energy production, energy conservation, energy management, renewable energy; arranging and conducting of conferences in the fields of mining, energy production, energy conservation, energy management, renewable energy, renewable products, construction of renewable energy plants and production facilities, construction of iron and steel production facilities and plants, adoption of green sources of electricity and fuel, and ammonia and hydrogen production; , namely, publication of electronic newspapers, magazines,

guides, technical journals, podcasts, and audio and visual recordings featuring information on a wide range of topics, including online and over a global computer network; aerial photography, namely, taking aerial images for analysing and diagnosing air, soil, earth, and water; information, advisory and consultancy services via a website in relation to all the aforesaid services.

Class 42

(8) Mining exploration and mineral exploration services; exploration services in the field of mining industries; gas exploration; mine exploration; mineral exploration; geophysical exploration for the oil, gas and mining industries; geophysical exploration for hydrocarbons; mineral exploration services; mining exploration services; geological prospecting; topographical surveying; technical surveying; land surveying; geological surveying; aerial surveying; marine surveying; engineering surveying services; consulting services in the field of mining surveying; mineral and chemical analysis services; environmental engineering services; structural engineering service; advisory services relating to industrial engineering; consulting services in the field of geological engineering; consulting services in the field of mining engineering; research, development and technical services in the nature of civil engineering, electrical engineering, computer engineering and software engineering services in the field of remote operation in the field of mining and of maintenance of mining equipment; engineering project management services in the field of mining industry; engineering services for oil and gas plant layout design and construction; engineering project management services in the field of fuel cells and hydrogen energy systems; engineering consulting services in the field of oil and gas; engineering services in the field of network technologies for providing advanced energy storage and distribution to electric vehicles; engineering services in the field of electric vehicle charging; providing engineering consulting services pertaining to carbon dioxide emissions offsets; chemical engineering; consulting services in the field of industrial engineering; chemical analysis and research; scientific and technological design, consulting, and research services in the fields of mining, renewable energy generation, the production of materials using renewable energy resources, the production of re-usable products, and energy conservation and management; research in the field of environmental protection; environmental assessment services; environmental monitoring services; scientific and technological advisory and research services relating to environmental pollution and protection; environmental testing services to detect contaminants in water; technical project studies in the field of environmental protection, environmental assessment services; providing temporary use of non-downloadable software for monitoring energy consumption, selecting and comparing renewable energy providers and selecting and comparing energy efficient products and products made from renewable resources; providing temporary use of non-downloadable software for controlling and monitoring energy and utility systems, energy production plants, steel production plants, hydrogen production plants and ammonia production plants; providing temporary use of non-downloadable software for controlling the operation of a mine site; providing online non-downloadable software using artificial intelligence for machine learning that applies artificial intelligence programming for use in automation of machines for mining; providing temporary use of online non-downloadable software using artificial intelligence for machine learning for the remote controlled operation of automatically guided vehicles, unmanned aircraft, drones, unmanned locomotives, and unmanned ships and barges; software as a service (saas) featuring software for monitoring energy consumption, selecting and comparing renewable energy providers and selecting and comparing energy efficient products and products made from renewable resources; software as a service (saas) featuring software for controlling and monitoring energy and utility systems, energy production plants, steel production plants, hydrogen production plants and ammonia production plants; software as a service (saas) featuring software for controlling the operation of a mine site; design and development of computer hardware and software; data backup services, cloud

computing provider for general storage of data; technical data analysis services; electronic data storage for archiving business records; off-site data backup; cloud computing provider services for general storage of data; technological remote operation in the field of mining and maintenance of mining equipment, namely, remote monitoring of mining equipment's assets technological functions by technology; technological services and technological consultancy relating to energy use and conservation; information, advisory and consultancy services via a website in relation to all the aforesaid services.

Goods

Class 05

(1) Vaccines, namely prophylactic and therapeutic vaccines for humans; veterinary vaccines; veterinary preparations for treating intestinal bacteria; anti-infective products for veterinary use; insecticidal washing products for veterinary use; veterinary products and substances, namely, vaccines for prevention of animal illness; biological reagents for veterinary diagnostic use; veterinary diagnostic reagents; diagnostic reagents for clinical analyses for veterinary purposes; diagnostic reagents for microbiological analyses for veterinary purposes; diagnostic reagents for chemical analyses for veterinary purposes; diagnostic reagents for veterinary use; diagnostic test reagents for veterinary purposes; diagnostic reagents for use with analyzers for veterinary purposes; diagnostic reagents for use in analysis for veterinary use; diagnostic reagents for in-vitro laboratory use; diagnostic chemical reagents for medical and veterinary purposes; diagnostic chemical reagents for veterinary use; diagnostic reagents and contrast media for medical and veterinary diagnostic purposes; nucleic acid sequences for medical and veterinary use; dietary supplements for animals for general health and well-being; human oral vaccine preparations; human vaccine preparations; human vaccines; influenza vaccines; vaccines against pneumococcal infections; vaccines for horses; vaccines for cattle; vaccines for infections in animal hooves; vaccines for human use; veterinary vaccines; viral vaccines.

Class 09

(2) Computer application software for streaming audio-visual media recordings featuring topics of illness prevention and vaccination in the fields of medicine and veterinary medicine; downloadable and recorded computer software for monitoring the application of veterinary products; spectrocolumeters, other than those used for medical diagnostics; downloadable computer software for medical and veterinary diagnostics, namely to display and analyze medical imaging test results; ultrasonic diagnostic apparatus for laboratory use; electronic apparatus for checking the sterility of pharmaceutical and veterinary products and injectable solutions; downloadable and recorded artificial intelligence software for veterinary health diagnosis; downloadable and recorded artificial intelligence software for analysis purposes for veterinary health diagnosis; artificial intelligence software for health care; software for integration of artificial intelligence and machine learning in the field of big data.

Class 10

(3) Artificial limbs, eyes and teeth; suture materials; automatic vaccination apparatus; dialysis apparatus for veterinary use; x-ray apparatus for veterinary use; surgical instruments for veterinary use; veterinary apparatus and instruments for administration of veterinary vaccines, namely, jet injectors; collimation position indicator apparatus for veterinary use; automatic vaccination apparatus; dialysis machines for veterinary use; x-ray apparatus for veterinary purposes; ultrasonic apparatus for veterinary use; bolus applicators for veterinary use; trays for holding veterinary instruments; blood collection bags for veterinary use; blood collection bags for veterinary use, empty; pumps for veterinary use; conical collars [Elizabethan collar] for veterinary use; elastrator for veterinary purposes; electrocardiographs for veterinary use; X-ray sheets for veterinary use; caps for protecting the hair to be worn by veterinary professionals; latex gloves for veterinary use; protective gloves for veterinary use; disposable gloves for veterinary use; gloves for veterinary use; tools for veterinary diagnosis, namely, veterinary diagnostic test instruments for the detection of viruses, bacteria and parasites, namely serological and genomic; castrating apparatus for veterinary purposes; ultrasonic diagnostic apparatus for veterinary purposes; ultrasonic cleaners to clean veterinary surgical instruments; X-ray frames for veterinary use; protective mouth masks for veterinary use; protective nose masks for veterinary use; pellet guns for veterinary use; refractometers for veterinary purposes; x-ray supports for veterinary use; nerve connecting mesh tubes for veterinary use; sample tubes for veterinary use; medical tubing for veterinary uses; support bandages for veterinary use; protective visors for veterinary use; automatic medical apparatus for administering doses of drugs by injection to animals; medical and surgical knives for cutting the tissue and organs of human beings or animals; veterinary obstetrics tools for the birth of live animals; medical and surgical cutting instruments for cutting the tissue and organs of human beings or animals; animal artificial insemination instruments; therapeutic garments for animals; wheeled walkers for pets to aid mobility; radiation protection textiles for use in the therapeutic treatment of animals; injection needles for medical use; hypodermic needles for injection; automatic medical apparatus for administering doses of drugs by injection to animals; automatic medical apparatus for administering doses of drugs by injection to humans; injection device for pharmaceutical products; hypodermic injection devices; injection instruments without needles; hypodermic syringes for injections for medical purposes; syringes for injections; injection sleeves for medical use; blood removal needles; arterial blood pressure measuring apparatus; blood collection tubes; blood drawing apparatus; blood filters; blood glucose meters; blood glucose monitors; blood pressure measuring apparatus; blood pressure monitors; automated blood collection apparatus; automated apparatus for separating blood; blood glucose monitoring apparatus; autologous blood processing apparatus; blood glucose testing apparatus; medical apparatus for measuring oxygen content in blood; medical apparatus for testing blood glucose level; apparatus for the recovery of autologous blood; apparatus for cleaning blood during surgical

procedures; blood collection bags for medical purposes, empty; blood collection bags for medical use; blood collection bags for veterinary use; blood collection bags for veterinary use, empty; blood pumps; blood warmers; blood filters; filters for blood and blood components; automated instruments for blood separation; automated instruments for collecting blood; blood testing instruments; autologous blood processing instruments; electrical instruments for medical use in blood diagnostics; blood glucose meter; roller mixers for blood samples; electronic blood oxygen saturation monitors [for medical use]; electronic blood oxygen saturation recorders [for medical use]; systems for intravascular monitoring of gas in blood; capillary tubes for blood; blood collection tubes for medical use; blood collection tubes for surgical use; tubes for collecting blood; blood centrifuging tubules [for medical use]; medical ventilators; battery-powered ventilators for artificial respiration; medical masks.

Services

Class 35

(1) Retail, wholesale services and via global computer networks for pharmaceutical, veterinary, sanitary products and material, surgical, medical, and veterinary apparatus, devices and instruments, as well as of computer software related to the biomedical and pharmaceutical sector; advertising services for promoting pharmaceutical, veterinary, sanitary products and material, surgical, medical and veterinary apparatus, devices and instruments, computer software related to the biomedical and pharmaceutical sector, for others.

Class 42

(2) Scientific and technological services, as well as associated research and design services, namely, scientific research, analysis and testing in the field of pharmaceutical, veterinary, sanitary products and material, surgical, medical and veterinary apparatus, devices and instruments, as well as of computer software related to the biomedical and pharmaceutical sector; industrial analysis and research services in the field of pharmaceutical, veterinary, sanitary products and material, surgical, medical and veterinary apparatus, devices and instruments, as well as of computer software related to the biomedical and pharmaceutical sector and industrial design services; quality control services and authentication services in the field of pharmaceutical, veterinary, sanitary products and material, surgical medical and veterinary apparatus, devices and instruments, as well as of computer software related to the biomedical and pharmaceutical sector; design and development of computer equipment and software; research and development services relating to vaccines; information and data services regarding medical and veterinary research and development; veterinary laboratory services; services for assessing the effectiveness of veterinary medicines; design of laboratory animal housing systems; biotechnology research to determine neuronal survival of molecules in animal models; research with respect to farm animal husbandry; genetic tests of laboratory animals for research; consulting regarding pharmaceutical research; consultancy relating to pharmacology; consultancy relating to pharmacogenetics research; consultancy relating to pharmaceutical research and development; development of pharmaceutical preparations and medicines; development of pharmaceutical products; clinical studies for pharmaceutical products; evaluation of pharmaceutical products; scientific and medical information regarding pharmaceutical products and clinical trials; inspection of pharmaceutical products; scientific research in the field of pharmacy; research in the field of pharmacogenetics; research regarding pharmaceutical products; research and development in the field of pharmacy and biotechnology; pharmaceutical research and development; research and development for the pharmaceutical industry; conducting clinical trials for pharmaceutical products; conducting early evaluations in relation to new pharmaceutical products; drug development services; drug discovery services; pharmaceutical product efficacy assessment services; medical and pharmacological

research services; pharmaceutical research and development services; information technology services for the pharmaceutical and health-care industries; provision of information regarding results of clinical trials relating to pharmaceutical products; electronic storage of medical records; design and development of medical diagnostic apparatus; medical research laboratory services; programming for computers in the medical field; calibration services relating to medical apparatus; information and data services regarding medical and veterinary research and development; non-medical ultrasound imaging services; provision of scientific information regarding medical disorders and their treatment; development of pharmaceutical preparations and medicines; research and development of vaccines and medicines; services for assessing the effectiveness of veterinary medicines; laboratory research in the field of biology; creation and development of computer software in the pharmaceutical, medical, veterinary, sanitary and diagnostic field; clinical trials; conducting clinical trials; blood testing services for scientific research; analytical services relating to the assessment of bacteria content in liquids.

Class 44

(3) Medical clinics; operation of medical clinics; veterinary services; provision of information and advisory services relating to general health and well-being, and nutrition; medical diagnostic services; medical report preparation services; medical care and analysis services relating to patient treatment; genetic testing (analysis) for medical purposes; medical services for the diagnosis of diseases in the human body; medical services for the treatment of conditions of the human body; medical services for skin treatment; medical services for the skin cancer treatment; medical services relating to the removal, treatment and processing of human cells; medical services relating to the removal, treatment and processing of stem cells; medical services relating to the removal, treatment and processing of the spinal cord; medical services relating to the removal, treatment and processing of umbilical cord blood; medical services relating to the removal, treatment and processing of human blood; medical and health care services for reproductive and respiratory syndrome, for *Mycoplasma hyopneumoniae* and PCV2, for coccidiosis and Infectious bursal disease; vaccination services; laboratory analysis relating to the treatment of animals; laboratory analysis relating to the treatment of people; medical analysis services for diagnosis and treatment provided by medical laboratories; medical analysis services provided by medical laboratories for diagnostic and therapeutic purposes; medical analysis services provided by laboratories for the treatment of people; medical laboratory services for the analysis of blood samples taken from patients; professional consulting relating to veterinary services; veterinary counselling services; veterinary surgeon services; information services relating to veterinary pharmaceutical products; veterinary surgical services; provision of information regarding veterinary services; DNA or RNA testing for cancer diagnosis and prognosis; medical diagnostic imaging; genetic testing of animal for diagnostics or treatments; medical testing relating to the diagnosis and treatment of diseases; conducting sleep studies for medical diagnostics and treatment; medical analysis services for diagnosis and treatment provided by medical laboratories; medical testing services for cancer diagnosis; medical testing services for cancer diagnosis and prognosis; medical analysis services provided by medical laboratories for diagnostic and therapeutic purposes; medical diagnostic services [testing and analysis]; prostate cancer diagnostic imaging services; surgical diagnostic services; medical services for the diagnosis of diseases in the human body; dietetic and nutritional advice; advice relating to hair care; advice relating to genetics; advice regarding animal breeding; pharmacy advice; advisory services with respect to general health and well-being; advice regarding nutrition; pharmaceutical advice; advice relating to the feeding of animals; advice relating to immunology; providing information to patients in the field of administering medications; advisory services relating to medical apparatus and instruments; nutritional advisory services; advisory services relating to animal grooming; advisory

services relating to medical instruments; advisory services relating to surgical instruments; medical and health services, in particular advice and information for healthcare professionals, to patients, patient support groups and organizations relating to general health and well-being; veterinary counselling services; blood bank services; blood donation; information relating to blood donation; collection and preservation of human blood; blood bank services; umbilical cord blood bank services.

(1) Circulating pumps, and parts and fittings for all the aforesaid goods; centrifugal pumps, and parts and fittings for all the aforesaid goods; electric water pumps, namely electric pumps for water supply for household, industrial, and agriculture use, and parts and fittings for all the aforesaid goods; pumps for water supply, namely, water pumps for water filtering units, water pumps for transporting water for household, industrial, and agricultural purposes, and parts and fittings for all the aforesaid goods; fresh and wastewater pumps for household, industrial, and agriculture purposes, and parts and fittings for all the aforesaid goods; water pumping units for industrial purposes, pumps for industrial machinery, and parts and fittings for all the aforesaid goods; pumps for fuel oil, namely, oil drain pumps, oil pumps for automobiles, oil well pumping machines, and parts and fittings for all the aforesaid goods; pumps for transferring fuel oil, and parts and fittings for all the aforesaid goods; vacuum pumps for transferring fuel oil, and parts and fittings for all the aforesaid goods; oil pumps for use in machines and machine engines, and parts and fittings for all the aforesaid goods; pumps for use in industrial fuel oil plants for transporting fuel, and parts and fittings for all the aforesaid goods; hydraulic pumps, and parts and fittings for all the aforesaid goods; air compressor pumps, and parts and fittings for all the aforesaid goods; regulation and control mechanisms for pumps, namely, pump control valves and drain cocks, stopcocks being control valves for pumps, ball cock being control valves for pumps, multiple-way cocks being control valves for pumps, mechanical seals parts of pumps, and parts and fittings for all the aforesaid goods; mechanical seals being machine parts and automatic regulation valves for use in connection with pumps and pumping plants, and parts and fittings for all the aforesaid goods; metalworking machine tools, petroleum refining machine tools, and parts and fittings for all the aforesaid goods; electric motors, not for land vehicles, namely, electric motors for machines, and parts and fittings for all the aforesaid goods; filters being parts of machines or engines, namely, air filters for motors and engines, air filters for use in industrial and commercial air purifiers, filters used in machines for the filtration and purification of water, Filters used in machines for the filtration and purification of fuel oil, and parts and fittings for all the aforesaid goods.

Class 09

(2) Apparatus and instruments for measuring, dosage and checking the operation, proper function and proper pressure of water, slurry and fuel oil pumps, namely, automated water, slurry and fuel oil pump monitoring systems consisting primarily of computer hardware, computer monitors, downloadable computer software for monitoring and regulating the temperature, the dosage, the flow, leakage and the pressure of water, slurry and fuel oil in pumps and pumping systems, and electronic pressure sensors, and parts and fittings for all the aforesaid goods; downloadable application software for the operation and supervision of water, slurry and fuel oil pumps and pump operating systems for use in household, industrial and agricultural applications and computer hardware, fire-extinguishers and sprinkler systems for fire protection, and parts and fittings for all the aforesaid goods; downloadable application software for the operation and supervision of water, slurry and fuel oil pumps; computer software for collecting, processing, extracting and analyzing data from water, slurry and fuel oil pumps; downloadable software for the operation and supervision of water, slurry and fuel oil pumps and pump operating systems for use in household, industrial and agricultural applications; downloadable software for tablet computers for the operation and supervision of water, slurry and fuel oil pumps and pump operating systems for use in household, industrial and agricultural applications; downloadable application software for the operation and supervision of water, slurry and fuel oil pumps for use in household, industrial and agricultural applications; downloadable application software for the operation and supervision of water, slurry and fuel oil pumps and pump operating systems for use in household, industrial and agricultural applications; electric and electronic control units in the nature of water, slurry and fuel oil pressure, temperature, flow and dosage regulators, namely, electrical controllers for use with water, slurry and fuel pumps; electronic indicator panels for pumps.

Class 11

(3) Apparatus and installations for heating, steam generating, refrigerating, drying, ventilating, air-conditioning, and water supply, namely, water distribution installations and water supply installations for household, industrial, and agriculture use, namely, pumps that remove condensate, pumps that heat surrounding air by circulating warm water, pumps that cool surrounding air by circulating cold water, water treatment units for aerating and circulating water, temperature control valves being thermostatic valves for water, watering machines for agricultural purposes, and apparatus and installations for sanitary purposes, namely, water control valves for faucets, and component and replacement parts for all of the aforesaid goods; heat pumps, and component and replacement parts for all of the aforesaid goods; machines and installations for treatment and purification of water and sewage, namely, sewage treatment plants and waste water treatment and filtration units for commercial and industrial use, water purification, sedimentation and filtration apparatus for clarification, thickening and filtration of waste water and industrial water in the field of irrigation, and component and replacement parts for all of the aforesaid goods; slurry treatment units for stabilizing and sanitizing slurry, and component and replacement parts for all of the aforesaid goods; disinfectant apparatus for disinfecting water, namely, ultraviolet water disinfection devices, and component and replacement parts for all of the aforesaid goods; water purification and filtration units for commercial and industrial use, and component and replacement parts for all of the aforesaid goods; water purifying apparatus and machines, namely, water purification machines for domestic use, municipal water purification machines, and component and replacement parts for all of the aforesaid goods; machines and installations for treatment and purification of slurry, namely, slurry treatment units for stabilizing and sanitizing slurry, and component and replacement parts for all of the aforesaid goods.

Services

Class 37

(1) Installation, repair and maintenance of pumps and parts thereof; drilling of wells; consultancy concerning water extraction; pipeline construction and pipeline installation and repair in relation to pipelines for gas, water and wastewater; advisory services relation to the installation of pumps; repair of water supply installations; construction of water supply installations, namely, construction of water irrigation systems for agriculture and water pumping units for household, industrial and agricultural purposes.

Class 39

(2) Water transportation services, namely transport of waste water by motor vehicle, lorry, rail, ship and aeroplane; public utility services in the form of water distribution; transport of water through pipes, namely, distribution and supply of water through pipes; providing information in the field of public utility water supplying services; public utility services in the nature of supplying water; consultancy concerning water supply.

Class 06

(1) Steel balls, steel rollers for rolling element bearings for machines; antifriction metals, metal brackets for bearing bushings being parts of machines; nuts of metal, bolts and sealing caps of metal for ball bearings and roller bearings, ball screws and linear guides, articulated link chains of metal.

Class 07

(2) Machine pulleys, machine belt pulleys, return pulleys for conveyor belts, deflection timing belt pulleys being parts of engines, wheels for industrial machinery, rollers for conveyor belts; ball bearings and roller bearings, as machine parts; sleeve ball bearings and sleeve roller bearings for power saws; sole plates for supporting axle shaft bearings, wall brackets, wall mounted ball bearings, spring shock absorbers being parts of machine suspension, all for supporting axle shaft bearings being parts of machines, axle stands and axle casings for supporting axle shaft bearings, axle shaft spikes for supporting axle shaft suspension systems, namely, hangers and axle shaft brackets, all being parts of power transmissions and gearing for machines; wire hoists with ball bearings and roller bearings, being parts of machines; bearings, bearing carriers, roller bearings and rollers for roller bearings, being parts of machines; roller chains being parts of machines.

Class 12

(3) Transmissions for land vehicles; gear boxes for land vehicles, metal casings for land vehicle transmissions, clutches and roller chains for land vehicles; ball bearings and roller bearings, as parts of motor vehicles and their engines.
