Goods

Class 07

(1) Machines and electrically operated machines, namely backhoe loaders, skid steer loaders, multi terrain loaders, integrated tool carriers, wheel loaders, track excavators, wheeled excavators, front shovels, material handlers namely conveyors and stacking machines, pipe layers, track loaders, landfill compactors, soil compactors, wheel dozers, motor graders, wheel tractor-scraper, track skidders, wheeled skidders, track feller bunchers, wheeled feller bunchers, forwarders, track harvesters, knuckleboom loaders, vibratory soil compactors, soil compactors, vibratory asphalt compactors, pneumatic compactors, asphalt pavers, track asphalt pavers, screeds, cold planers, road reclaimers, windrow elevators, soil stabilizers, underground mining loaders, material waste handlers namely waste separator machines, waste sorting machines, and waste material conveying machines, earth augers, bale accumulators, blades for moving earth and loose objects, electric brooms, brush cutters, grapple buckets, tractor-towed mowers, bale forks, drill hammers, hydraulic hammers, harvester heads, mulchers, sewage pulverizers, hay rakes, rippers, motor saws, power operated shears, defacers, axial flow blowers, centrifugal blowers, tractor-towed plows, stump grinders, power tillers, trenchers, winches, for use in the industries of agriculture, earth compaction, construction, civil defense, building and road demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, mining exploration and extraction, mulching, distribution of oil and gas, oil and gas exploration and oil and gas production, and parts, fittings and components for all the aforesaid goods; machines and electrically operated machines, namely vibratory soil compactors, soil compactors, vibratory asphalt compactors, pneumatic compactors,

asphalt pavers, track asphalt pavers, screeds, cold planers, road reclaimers, windrow elevators, soil stabilizers, rock and stone crushers, for use in the industries of quarrying services, paving, pipelaying, electrical power generation, road construction and road repair, preparation of construction sites, remediation of construction sites, heavy equipment transportation, vegetation management, waste management, aerospace space exploration, and parts, fittings and components for all the aforesaid goods; machine tools, power operated tools, namely drills, hammer drills, hammer drivers, impact drills, impact drivers, multi-tools, saws, grinders, polishers, sanders, and parts, fittings and components for all the aforesaid goods; machine motors and engines, namely electrically operated machine motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; electricity generators, electric power generators, generators for land vehicles; alternators for mining machines; alternators for machines for use in the construction industry, and parts, fittings and components for all the aforesaid goods; electric construction machines, namely excavators, loaders being earth moving machines, and parts, fittings and components for all the aforesaid goods.

Class 09

(2) Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signaling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments, namely navigation apparatus for vehicles in the form of on-board computers, navigational systems for traffic and vehicle security and safety for autonomous vehicles, satellite navigation devices, satellite navigation systems; apparatus and instruments for conducting, switching, transforming, accumulating, regulating, or controlling the distribution or use of electricity namely, electric current switches and electric transfer switches, electric power connectors, electric relays, electrical conductor cables, electric couplings, electric cables, electric actuators and parts and fittings for all of the aforesaid goods; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data, namely digital audio tape recorders and digital versatile disc recorders, cameras, digital cameras, rearview cameras for vehicles; computers and computer peripheral devices, namely mouse, joystick, computer monitors, computer touch screens, computer display screens; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire extinguishers; protective and safety equipment, namely protective glasses, protective industrial shoes, protective helmets, safety glasses, protective clothing for construction purposes, reflective safety vests, protective helmets for use on job sites; computer software for testing, monitoring, and operating land vehicles, electric land vehicles, vehicle engines, electric vehicle engines, machine tools, and parts therefor, for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, lifting, marine propulsion, material handling, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, and vegetation management; computer software to provide data statistical analysis, data analysis, data predictive analysis, and job site office management and job site planning; computer software for selecting delivery location and tracking delivery status of packages, freight, and job site materials; electric wire, electric wire harnesses for automobiles, depth gauges, angle gauges and electric current switches; electronic computer display screens; electric power connectors, electrical terminal boxes and electric control panels; circuit breakers; electrical fuses; leveling rods; power inverters; electrical parts and fittings for land vehicles, machinery, and equipment, namely, radio frequency amplifiers for wireless communications, satellite antennas; electric relays; radios; electric cables; electric power converters; audio speakers; safety glasses; eyeglasses; sunglasses; mobile phones and tablets; solar panels for the production of electricity; automotive batteries, electric batteries for vehicles, for construction,

forestry and mining equipment; battery chargers for automotive batteries; battery chargers for electric batteries for vehicles; fuel cells, galvanic cells; photovoltaic cells; battery cables, battery jump starters; charging stations for electric vehicles.

Class 12

(3) Vehicles and apparatus for locomotion by land, air and water, namely track-type tractors and industrial tractors for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, lifting, marine, material handling, material scrapping, mining, mulching, oil and gas distribution, exploration and production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, waste management, air and space, quarry, aggregate and cement, vegetation management, transportation, and government and defense, and parts, fittings and components for all the aforesaid goods; land motor vehicles incorporating loading, compacting, pipe laying, grading, digging, hauling, transporting, cutting and drilling apparatus, namely buckets, forks, grapples, compactors, winches, booms, and blades; electric vehicles, namely three, four and six wheel electric vehicles and crawler-tracked electric motor vehicles, and parts, fittings and components for all the aforesaid goods; engines for land vehicles, and parts, fittings and components for all the aforesaid goods; trucks, and parts, fittings and components for all the aforesaid goods; fork lift trucks, and parts, fittings and components for all the aforesaid goods; dumper trucks, and parts, fittings and components for all the aforesaid goods; tractors, and parts, fittings and components for all the aforesaid goods.

Services

Class 37

Repair, installation, servicing, and maintenance of vehicles, engines, heavy equipment and heavy machinery for use in agriculture, compaction, construction, cleaning, civil defence, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, mechanical lifting services for the construction industry, marine propulsion, bulk material handling, bulk material scrapping, mining, mulching, oil and gas distribution, oil and gas exploration and oil and gas production; repair, installation, servicing, and maintenance of vehicles, engines, heavy equipment and heavy machinery for use in quarrying, paving, pipelaying, power generation, road building and repair, construction site preparation and remediation, transportation of goods, vegetation management, waste management, aerospace exploration; heavy machinery installation; rental of equipment, namely heavy machinery and machine tools for use in compaction, construction, cleaning, civil defence, demolition, earth conditioning, earth contouring, earth moving, landscaping, mechanical lifting of goods, marine propulsion, bulk material handling, bulk material scrapping, mining, mulching, oil and gas distribution, oil and gas exploration and oil and gas production; rental of equipment, namely heavy machinery and machine tools for use in quarrying, paving, pipelaying, road building and repair, operation of construction sites and remediation, heavy equipment transportation, waste management, aerospace exploration; remanufacture of vehicles to the order and/or specification of others; vehicle battery charging; charging of electric vehicles; charging of batteries and power storage devices for land vehicles, electric machines, electric vehicles and generators, and rental of equipment therefor for use in the fields of construction and mining.

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of the word "CAT" in white letters on a black background, with a yellow triangle below the letter "A", and a partial, black hexagon design outlined in blue on the left side of the word "CAT".

Goods

Class 07

(1) Machines and electrically operated machines, namely backhoe loaders, skid steer loaders, multi terrain loaders, integrated tool carriers, wheel loaders, track excavators, wheeled excavators, front shovels, material handlers namely conveyors and stacking machines, pipe layers, track loaders, landfill compactors, soil compactors, wheel dozers, motor graders, wheel tractor-scrapers, track skidders, wheeled skidders, track feller bunchers, wheeled feller bunchers, forwarders, track harvesters, knuckleboom loaders, vibratory soil compactors, soil compactors, vibratory asphalt compactors, pneumatic compactors, asphalt pavers, track asphalt pavers, screeds, cold planers, road reclaimers, windrow elevators, soil stabilizers, underground mining loaders, material waste handlers namely waste separator machines, waste sorting machines, and waste material conveying machines, earth augers, bale accumulators, blades for moving earth and loose objects, electric brooms, brush cutters, grapple buckets, tractor-towed mowers, bale forks, drill hammers, hydraulic hammers, harvester heads, mulchers, sewage pulverizers, hay rakes, rippers, motor saws, power operated shears, defacers, axial flow blowers, centrifugal blowers, tractor-towed plows, stump grinders, power tillers, trenchers, winches, for use in the industries of agriculture,

earth compaction, construction, civil defense, building and road demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, mining exploration and extraction, mulching, distribution of oil and gas, oil and gas exploration and oil and gas production, and parts, fittings and components for all the aforesaid goods; machines and electrically operated machines, namely vibratory soil compactors, soil compactors, vibratory asphalt compactors, pneumatic compactors, asphalt pavers, track asphalt pavers, screeds, cold planers, road reclaimers, windrow elevators, soil stabilizers, rock and stone crushers, for use in the industries of quarrying services, paving, pipelaying, electrical power generation, road construction and road repair, preparation of construction sites, remediation of construction sites, heavy equipment transportation, vegetation management, waste management, aerospace space exploration, and parts, fittings and components for all the aforesaid goods; machine tools, power operated tools, namely drills, hammer drills, hammer drivers, impact drills, impact drivers, multi-tools, saws, grinders, polishers, sanders, and parts, fittings and components for all the aforesaid goods; machine motors and engines, namely electrically operated machine motors and engines, except for land vehicles; machine coupling and transmission components, except for land vehicles; electricity generators, electric power generators, generators for land vehicles; alternators for mining machines; alternators for machines for use in the construction industry, and parts, fittings and components for all the aforesaid goods; electric construction machines, namely excavators, loaders being earth moving machines, and parts, fittings and components for all the aforesaid goods.

Class 09

(2) Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signaling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments, namely navigation apparatus for vehicles in the form of on-board computers, navigational systems for traffic and vehicle security and safety for autonomous vehicles, satellite navigation devices, satellite navigation systems; apparatus and instruments for conducting, switching, transforming, accumulating, regulating, or controlling the distribution or use of electricity namely, electric current switches and electric transfer switches, electric power connectors, electric relays, electrical conductor cables, electric couplings, electric cables, electric actuators and parts and fittings for all of the aforesaid goods; apparatus and instruments for recording, transmitting, reproducing or processing sound, images or data, namely digital audio tape recorders and digital versatile disc recorders, cameras, digital cameras, rearview cameras for vehicles; computers and computer peripheral devices, namely mouse, joystick, computer monitors, computer touch screens, computer display screens; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; fire extinguishers; protective and safety equipment, namely protective glasses, protective industrial shoes, protective and safety equipment, namely protective glasses, protective industrial shoes, protective helmets, safety glasses, protective clothing for construction purposes, reflective safety vests, protective helmets for use on job sites; computer software for testing, monitoring, and operating land vehicles, electric land vehicles, vehicle engines, electric vehicle engines, machine tools, and parts therefor, for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, lifting, marine propulsion, material handling, mining, mulching, oil and gas distribution, oil and gas exploration, oil and gas production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, tunnel boring, and vegetation management; computer software to provide data statistical analysis, data analysis, data predictive analysis, and job site office management and job site planning; computer software for selecting delivery location and tracking delivery status of packages, freight, and job site materials; electric wire, electric wire harnesses for automobiles, depth gauges, angle gauges and electric current switches; electronic computer display screens;

electric power connectors, electrical terminal boxes and electric control panels; circuit breakers; electrical fuses; leveling rods; power inverters; electrical parts and fittings for land vehicles, machinery, and equipment, namely, radio frequency amplifiers for wireless communications, satellite antennas; electric relays; radios; electric cables; electric power converters; audio speakers; safety glasses; eyeglasses; sunglasses; mobile phones and tablets; solar panels for the production of electricity; automotive batteries, electric batteries for vehicles, for construction, forestry and mining equipment; battery chargers for automotive batteries; battery chargers for electric batteries for vehicles; fuel cells, galvanic cells; photovoltaic cells; battery cables, battery jump starters; charging stations for electric vehicles.

Class 12

(3) Vehicles and apparatus for locomotion by land, air and water, namely track-type tractors and industrial tractors for use in agriculture, compaction, construction, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, lifting, marine, material handling, material scrapping, mining, mulching, oil and gas distribution, exploration and production, paving, pipelaying, power generation, road building and repair, site preparation and remediation, waste management, air and space, quarry, aggregate and cement, vegetation management, transportation, and government and defense, and parts, fittings and components for all the aforesaid goods; land motor vehicles incorporating loading, compacting, pipe laying, grading, digging, hauling, transporting, cutting and drilling apparatus, namely buckets, forks, grapples, compactors, winches, booms, and blades; electric vehicles, namely three, four and six wheel electric vehicles and crawler-tracked electric motor vehicles, and parts, fittings and components for all the aforesaid goods; engines for land vehicles, and parts, fittings and components for all the aforesaid goods; trucks, and parts, fittings and components for all the aforesaid goods; fork lift trucks, and parts, fittings and components for all the aforesaid goods; dumper trucks, and parts, fittings and components for all the aforesaid goods; tractors, and parts, fittings and components for all the aforesaid goods.

Services

Class 37

Repair, installation, servicing, and maintenance of vehicles, engines, heavy equipment and heavy machinery for use in agriculture, compaction, construction, cleaning, civil defence, demolition, earth conditioning, earth contouring, earth moving, forestry, landscaping, mechanical lifting services for the construction industry, marine propulsion, bulk material handling, bulk material scrapping, mining, mulching, oil and gas distribution, oil and gas exploration and oil and gas production; repair, installation, servicing, and maintenance of vehicles, engines, heavy equipment and heavy machinery for use in quarrying, paving, pipelaying, power generation, road building and repair, construction site preparation and remediation, transportation of goods, vegetation management, waste management, aerospace exploration; heavy machinery installation; rental of equipment, namely heavy machinery and machine tools for use in compaction, construction, cleaning, civil defence, demolition, earth conditioning, earth contouring, earth moving, landscaping, mechanical lifting of goods, marine propulsion, bulk material handling, bulk material scrapping, mining, mulching, oil and gas distribution, oil and gas exploration and oil and gas production; rental of equipment, namely heavy machinery and machine tools for use in quarrying, paving, pipelaying, road building and repair, operation of construction sites and remediation, heavy equipment transportation, waste management, aerospace exploration; remanufacture of vehicles to the order and/or specification of others; vehicle battery charging; charging of electric vehicles; charging of batteries and power storage devices for land vehicles, electric machines, electric vehicles and generators, and rental of equipment therefor for use in the fields of construction and mining.

Colour Claim

Colour is claimed as a feature of the trademark. The trademark consists of the following colours: red, orange, dark orange, yellow-orange, and dark grey. The mark consists of a circular design composed of four segmented portions forming a stylized, incomplete circle. The segments are arranged in a clockwise direction and appear in the following colours: The upper left segment is red. The upper right segment is yellow-orange. The lower right segment is orange. The lower left segment is dark orange. Beneath the circular design appears the stylized word "COSOL" in dark grey. The mark appears on a white background, which is not claimed as a feature of the trademark and does not form part of the mark.

Goods

Class 09

Data processing software for use in collecting, organizing, analyzing, transforming, and managing asset management data; software for processing, integrating, and optimizing data within asset management systems; software for facilitating data-driven decision-making in asset management processes; software for supporting data-related aspects of hosting and operating asset management systems; software for generating reports, insights, and analytics to assist in asset management consulting services and advisory functions; application software for use in managing asset management processes, hosting and operating asset management systems, managing

asset management data and providing asset management consulting services and advice; computer software for use in managing asset management processes, hosting and operating asset management systems, managing asset management data and providing asset management consulting services and advice; computer software for business purposes for use in managing asset management processes, hosting and operating asset management systems, managing asset management data and providing asset management consulting services and advice; computer software programs for database management; electronic publications, namely, instruction manuals, information brochures, teaching materials in the field of managing asset management processes, hosting and operating asset management systems, managing asset management data and providing asset management consulting services and advice; computer software applications for use in managing asset management processes, hosting and operating asset management systems, managing asset management data and providing asset management consulting services and advice; computer software platforms, recorded or downloadable, for managing asset management processes, hosting and operating asset management systems, managing asset management data and providing asset management consulting services and advice;

Services

Class 35

(1) Computerised data processing, namely, collecting, validating, organizing, analyzing, transforming, and managing asset management data; computerised data processing for integrating, optimizing, and analyzing data within asset management systems; computerised data processing for generating reports, insights, and analytics to support asset management decision-making and consulting services; Data processing, namely, collecting, validating, organizing, analyzing, transforming, and managing business and operational data for asset management; data processing for integrating, optimizing, and structuring data within enterprise asset management systems; data processing for generating business intelligence, reports, and analytics to support asset lifecycle decision-making and consulting services; Advisory services relating to data processing, namely, providing consultation on the collection, validation, organization, analysis, transformation, and management of business and operational data for asset management; advisory services on optimizing data workflows, integrating data within enterprise asset management systems, and utilizing data analytics for business intelligence and decision-making; Business consultancy services relating to data processing, namely, providing strategic advice on the collection, validation, organization, analysis, transformation, and management of business and operational data for asset management; consultancy on optimizing data workflows, integrating data within enterprise asset management systems, and leveraging data analytics for business intelligence and decision-making; Data processing for businesses, namely, collecting, validating, organizing, analyzing, transforming, and managing business and operational data for asset management; data processing for integrating and optimizing enterprise asset management systems; data processing for generating business intelligence, reports, and analytics to support operational decision-making; Data processing for the collection of data for business purposes, namely, collecting, validating, organizing, analyzing, transforming, and managing business and operational data; data processing for structuring and integrating data within enterprise asset management systems; data processing for generating business intelligence, reports, and analytics to support business decision-making and operational efficiencies; Data processing verification, namely, validating, auditing, and ensuring the accuracy, consistency, and integrity of business and operational data; verifying data quality, completeness, and compliance within enterprise asset management systems; data verification services for improving decision-making, reporting accuracy, and operational efficiency; Electronic data processing, namely, collecting, validating,

organizing, analyzing, transforming, and managing business and operational data using computer systems; electronic data processing for structuring and integrating data within enterprise asset management systems; electronic data processing for generating business intelligence, reports, and analytics to support decision-making and operational efficiencies; Online data processing services, namely, collecting, validating, organizing, analyzing, transforming, and managing business and operational data via cloud-based platforms; online data processing for structuring and integrating data within enterprise asset management systems; online data processing for generating business intelligence, reports, and analytics to support decision-making and operational efficiencies; Provision of business data, namely, supplying, aggregating, and delivering business and operational data for asset management; provision of structured and analyzed business data for enterprise asset management systems; provision of business intelligence, reports, and analytics to support decision-making and operational efficiencies; Business consultancy relating to the administration of information technology, namely, providing strategic advice on the management, implementation, and optimization of IT systems for enterprise operations; consultancy on IT governance, infrastructure management, and digital transformation strategies; advisory services on integrating and managing enterprise asset management software and IT systems; Compilation of business information, namely, collecting, organizing, and structuring business and operational data for asset management and enterprise decision-making; compiling business intelligence, reports, and analytics for optimizing asset performance and business operations; data aggregation services for enterprise asset management systems; systemization of information into computer databases; Efficiency or process auditing, namely, examining, reviewing, and assessing business operations, workflows, and asset management processes to optimize performance and productivity; conducting audits of enterprise asset management systems to identify inefficiencies, improve resource utilization, and enhance operational effectiveness; business project management; Outsourcing services (business assistance), namely, providing third-party support for business operations, asset management processes, and enterprise data management; outsourcing of data processing, IT system administration, and business process optimization; business assistance in managing and integrating enterprise asset management solutions advisory services relating to business risk management; company data information services; Computerised business information services, namely, providing business intelligence, analytics, and reporting through electronic data processing; collecting, organizing, analyzing, and delivering business and operational data for enterprise asset management; providing digital solutions for monitoring, optimizing, and managing business performance through computerised information systems; business consultancy services relating to the supply of quality management systems; business efficiency expert services; administration of asset registers (for others); maintenance of registers (for others); business management and administration services supporting utilisation of a global computer network; preparation of business reports; Business data analysis services, namely, collecting, processing, and analyzing business and operational data to optimize asset management and enterprise decision-making; providing business intelligence, predictive analytics, and performance reporting for improving operational efficiency; data-driven insights for monitoring and enhancing enterprise asset management strategies

Class 38

(2) Communication services for the electronic transmission of data, namely, providing secure and reliable data transmission over computer networks and cloud-based platforms; facilitating real-time and batch data transfer between enterprise asset management systems; electronic transmission of business and operational data for remote monitoring, analytics, and decision-making in asset management; Communication services for the transmission of information by electronic means, namely, providing secure and reliable electronic transmission of business and operational data

over computer networks and cloud-based platforms; facilitating data exchange between enterprise asset management systems; real-time and batch transmission of information for remote monitoring, reporting, and analytics in asset management; Electronic transmission, uploading, posting, and displaying of asset management data, operational information, business intelligence reports, analytics, pictures, images, audio, and video via online forums; facilitating real-time and on-demand sharing of enterprise asset management insights, performance metrics, predictive analytics, and operational data on cloud-based and web-based platforms; Electronic transmission of business, operational, technical, and analytical documents, asset management records, financial reports, enterprise system documentation, regulatory compliance files, and business intelligence data via cloud-based platforms, secure computer networks, and telecommunication systems; providing real-time and scheduled transmission of structured and unstructured digital information to support enterprise resource planning, asset performance management, regulatory reporting, and business decision-making; Electronic transmission of business data, operational data, financial data, analytical data, technical data, asset management records, enterprise system information, predictive analytics, regulatory compliance data, business intelligence data, and digital reports via cloud-based platforms, secure computer networks, and telecommunication systems; providing real-time and batch transmission of structured and unstructured data for enterprise resource planning, asset lifecycle management, performance optimization, regulatory reporting, and business decision-making; Electronic transmission of images, photographs, graphics, visual data, technical schematics, and digital renderings via cloud-based platforms, secure computer networks, and telecommunication systems; providing real-time and scheduled transmission of visual content for asset management, enterprise operations, data visualization, regulatory reporting, and business decision-making; Electronic transmission of business, operational, financial, technical, and analytical information, asset management records, enterprise system data, predictive analytics, regulatory compliance data, business intelligence reports, and digital content via cloud-based platforms, secure computer networks, and telecommunication systems; providing real-time and scheduled transmission of structured and unstructured information for enterprise resource planning, asset performance management, regulatory reporting, and business decision-making; Electronic transmission of business information, operational data, financial records, technical documentation, regulatory compliance data, predictive analytics, enterprise system reports, and business intelligence via cloud-based platforms, secure computer networks, and telecommunication systems; providing real-time and scheduled transmission of structured and unstructured information for enterprise resource planning, asset performance management, regulatory reporting, and business decision-making; Transmission of business information, operational data, financial records, technical documentation, regulatory compliance data, predictive analytics, enterprise system reports, and business intelligence by electronic means via cloud-based platforms, secure computer networks, and telecommunication systems; providing real-time and scheduled transmission of structured and unstructured information for enterprise resource planning, asset performance management, regulatory reporting, and business decision-making Computerised data communications, namely, the secure transmission of business data, operational data, financial records, technical documentation, regulatory compliance data, predictive analytics, enterprise system reports, and business intelligence via cloud-based platforms, secure computer networks, and telecommunication systems; providing real-time and scheduled exchange of structured and unstructured digital information to support enterprise resource planning, asset performance management, regulatory reporting, and business decision-making;

Class 42

(3) Advisory services relating to computer software; Computer security services, namely, design and development of secure computer hardware, software, and systems for enterprise data protection, asset management, cybersecurity risk mitigation, regulatory compliance, and secure digital communications; development of encryption technologies, access control mechanisms, intrusion detection systems, and cybersecurity frameworks to safeguard business intelligence, operational data, and enterprise IT infrastructure; Computer security services, namely, programming, software installation, repair, and maintenance for securing enterprise IT systems, protecting digital assets, and ensuring compliance with cybersecurity standards; development, deployment, and upkeep of security software, firewalls, intrusion detection systems, encryption technologies, and access control mechanisms to safeguard business intelligence, operational data, and enterprise infrastructure; computer software design; computer software engineering; computer software development; Hosting of software as a service (SaaS), namely, providing cloud-based hosting, deployment, and management of enterprise software applications for asset management, business intelligence, data analytics, regulatory compliance, and operational optimization; enabling secure remote access, real-time data processing, and integration with enterprise resource planning (ERP) and enterprise asset management (EAM) systems; Information technology (IT) services, namely, design and development of computer hardware, software, and peripherals; providing technical consultancy in the field of enterprise IT infrastructure, cloud computing, cybersecurity, system integration, and data management; advising on IT strategies, system architecture, and technology implementation for asset management, business operations, and enterprise digital transformation; Provision of online non-downloadable web-based software for asset management, enterprise resource planning, business intelligence, data analytics, regulatory compliance, and operational optimization; enabling secure remote access, real-time data processing, system integration, and digital collaboration through cloud-based platforms and web-based interfaces; Software as a Service (SaaS) featuring online non-downloadable software for asset management, enterprise resource planning, business intelligence, data analytics, regulatory compliance, cybersecurity, and operational optimization; providing cloud-based software for secure remote access, real-time data processing, system integration, and enterprise digital transformation; development of computer platforms; Platform as a Service (PaaS) featuring cloud-based platforms for developing, deploying, managing, and integrating enterprise applications related to asset management, enterprise resource planning, business intelligence, data analytics, regulatory compliance, cybersecurity, and operational optimization; providing a scalable and secure environment for hosting software applications, managing databases, processing business data, and enabling digital transformation through web-based and cloud-based services; software engineering services for data processing; Compilation of data-processing programs, namely, designing, structuring, and organizing software applications for processing business, operational, financial, technical, and analytical data; developing and integrating data-processing algorithms, workflows, and automation tools for enterprise asset management, business intelligence, predictive analytics, and regulatory compliance; computer programming services for data processing; Development of systems for the processing of data, namely, designing, programming, and implementing software and hardware solutions for collecting, organizing, analyzing, and managing business, operational, financial, technical, and analytical data; developing cloud-based, AI-driven, and automated data processing systems for enterprise asset management, business intelligence, predictive analytics, regulatory compliance, and decision support; research relating to data processing; information technology services provided on an outsourcing basis, namely, design, development, management, and maintenance of enterprise IT systems, cloud computing infrastructure, cybersecurity solutions, software applications, and data processing platforms; providing outsourced IT support, system integration, digital transformation consulting, and technology implementation for asset management, business

intelligence, regulatory compliance, and operational efficiency; data encryption services; Electronic data storage, namely, secure storage, backup, and archiving of business, operational, financial, technical, and analytical data on cloud-based platforms, secure computer networks, and enterprise data centers; providing scalable and encrypted storage solutions for enterprise asset management, business intelligence, regulatory compliance, and digital transformation; user authentication services using single sign-on technology for online software applications; computer security services in the nature of providing authentication, issuance, validation and revocation of digital certificates; authentication, issuance and validation of digital certificates; database design; Computer support services, namely, programming, software installation, repair, and maintenance of enterprise software applications, cloud computing platforms, cybersecurity solutions, and IT infrastructure; providing technical support, troubleshooting, and system updates for business intelligence software, data analytics platforms, asset management systems, and enterprise resource planning (ERP) solutions; Computer support services, namely, software advisory and information services related to the selection, implementation, optimization, and integration of enterprise software solutions; providing guidance on software functionality, system compatibility, cybersecurity best practices, cloud computing adoption, and enterprise resource planning (ERP) software; offering technical consulting for asset management platforms, data analytics systems, and business intelligence applications; technical support services, namely, troubleshooting of computer software problems; creating and designing website-based indexes of information for others (information technology services); authentication services for electronic documents and e-mail; Design of information systems, namely, developing, configuring, and implementing enterprise IT architectures, data management platforms, cloud computing solutions, and business intelligence systems; designing custom information technology solutions for enterprise resource planning (ERP), asset management, cybersecurity, and regulatory compliance; integrating software, databases, and network infrastructure for optimized data processing, storage, and retrieval; providing virtual computer systems through cloud computing; Development of systems for the transmission of data, namely, designing, programming, and implementing secure and scalable digital communication infrastructures, cloud-based data exchange platforms, and enterprise network solutions; developing protocols, encryption methods, and real-time data streaming technologies for business intelligence, asset management, cybersecurity, regulatory compliance, and enterprise resource planning (ERP) systems; disaster recovery services for data communications systems; monitoring of computer systems by remote access; Preparation of technical reports, namely, researching, analyzing, and documenting findings related to enterprise IT infrastructure, cybersecurity, asset management systems, regulatory compliance, business intelligence, data analytics, and software performance; generating reports for system optimization, risk assessments, operational efficiency, and technology implementation strategies; Technical data analysis services, namely, collecting, processing, and interpreting business, operational, financial, and engineering data to optimize asset management, enterprise resource planning (ERP), business intelligence, and regulatory compliance; providing predictive analytics, machine learning-driven insights, and performance benchmarking for enterprise systems and digital transformation strategies;

DRIVING F&I PERFORMANCE

Trademark Type

Standard Characters

Goods

Class 01

(1) stain repellents for fabrics, leathers, rubbers, vinyls, metals and glass; fabric stain repellents

Class 09

(2) Electronic modules installed in automobiles to help protect against rust formation (by delivering an alternating current and using non-cathodic capacitive coupling technology); computer software, for use by automotive dealers, that performs the function of scanning the dealer's computer records to help identify potential sales to previous customers; downloadable electronic publications in the nature of brochures regarding advice as to the environmental benefits of using nitrogen tire-inflation for vehicles;

Class 12

(3) pumps for inflating vehicle tires; Nitrogen tire inflation equipment and products for vehicles, namely, wall-mountable inflation pumps, and portable inflation pumps;

Services

Class 35

(1) Retail distributorship services featuring automobile rust preventive products, metal cleaning and protective products, paint protection products, fabric and vinyl/leather protective compounds, nitrogen tire inflation equipment and products, tire valve caps, and tire protective compounds; promoting public awareness for environmentally-conscious behavior and reduction of greenhouse gases, pollutants and carbon emissions into the environment and/or ecosystem by motor vehicle operators; business marketing services and business marketing consulting services in the field of promoting and encouraging environmentally conscious behavior and reduction of greenhouse gases, pollutants and carbon emissions into the environment and/or ecosystem by motor vehicle operators; business management consulting relating to the set up of a carbon-offset programs and brokerage of carbon dioxide and other greenhouse gas emission credits, allowances or offsets; business consulting services in the field of management and operation of automotive dealerships; business assistance, management and information services in the field of automotive maintenance

and repair services; temporary personnel services; Operation of a distributorship dealing in the distribution of rust preventive products, metal cleaning and protective products, paint protection products, fabric and vinyl/leather protective compounds, nitrogen tire inflation equipment and products, tire valve caps, and tire protective compounds;

Class 36

(2) automobile financing services; automobile lease financing; brokerage of carbon offsets; providing extended warranties on automobiles; providing information in the field of automobile financing; providing vehicle insurance rate quotes; vehicle insurance services; vehicle insurance underwriting; providing extended warranties on tires and rims for vehicles; providing prepaid preventive maintenance service plans for automobile tires and rims for vehicles; carbon-offset programs, namely, brokerage of carbon dioxide and other greenhouse gas emission credits, allowances or offsets on behalf of offset producers; financial consultation services relating to the brokerage services of others in the field of carbon dioxide and other greenhouse gas emission credits, allowances or offsets on behalf of offset producers;

Class 37

(3) Rustproofing services; Application of protective coatings and coating compounds to leather, glass, paint, rubber, vinyl and fabric; Application of protective coatings and coating compounds to metal, leather, glass, paint, rubber, vinyl and fabric surfaces of vehicles; applying coatings and compounds to metal vehicle surfaces, namely, leather, glass, paint, rubber, vinyl and fabric, to protect against bacteria, mould, sun damage, colour degradation and degradation by wear-and-tear; applying rustproofing materials to motor vehicles of all kinds and applying stainproofing materials to the interior and vinyl tops of motor vehicles of all kinds; Rendering technical assistance to automotive dealers for providing rust prevention and vehicle protection services; maintenance programs for tires and rims; advisory and consulting services in the field of coatings and paints for automotive repairs and refinishing;

Class 42

(4) computer systems integration services; Cloud computing and online non-downloadable software services for automotive dealers featuring software to facilitate menu-based selling, software to create sales and financial reports, software to create remittance summaries, software to create legal waivers, software to create contracts relating to automotive insurance and automotive financing, software to facilitate selling automotive protection, warranty and insurance products, and software to create customer disclosures; Computer programming services namely, including integrating software programs, for use in the automotive industry, that create reports and contracts, with each other and with other software containing databases of information such that the reports and contracts can be more easily populated; computer systems integration services, namely, integrating software relating to automotive insurance and automotive financing with dealer's dealer-management software and with other systems and databases; Providing temporary use of non-downloadable online computer software for accessing a database of automotive industry market information to allow automotive dealers to generate various payment plan options to assist customers in choosing and contracting various protection, warranty and insurance products related to their vehicle; Providing non-downloadable computer software for the management and electronic delivery of insurance documents and insurance claims information; Providing online non-downloadable computer software for processing insurance payments, claims and policies;
