Services

Class 35

(1) Advertising and promotional services, namely, promoting the goods and services of others online and in online virtual environments; conducting trade show exhibitions and commercial exhibitions in the fields of medical research, pharmaceuticals, industrial chemicals, life sciences, consumer electronics, blockchain technology, non-fungible tokens, virtual currencies, virtual reality and augmented reality gaming activities in showrooms online and in online virtual environments; providing business information and business consultancy in the field of blockchain technology, non-fungible tokens [NFT], virtual currencies, virtual reality and augmented reality activities; providing business information and business consultancy online and in online virtual environments relating to choice, use and application of chemical preparations, pharmaceutical preparations, laboratory instruments and apparatuses, medical products, experimental and prototype products concerning liquid and gaseous chemicals, chemical compositions, chemical products, high purity gases and preparations for use in the electronics, semiconductor and microelectromechanical industries; online retail store services rendered in a virtual environment for physical goods and virtual goods in the nature of downloadable image files in the fields of industrial and agricultural chemicals, chemical preparations, chemical substances and biological preparations for use in the manufacture of paints, varnishes, lacquers, colorants, dyes, pigments, inks, pharmaceutical and veterinary preparations, metal containers for storage and transport, empty metal ampoules and vials for storing and delivering liquid and gaseous chemicals, transportable structures and transportable buildings of metal, namely, fair stands, industrial machines for use in the production, manufacturing, packaging and processing of pharmaceuticals, industrial chemicals, semiconductors, scientific research and laboratory equipment, light emitting diodes, solar cell panels, semiconductor components, liquid crystal displays, laboratory assay test kits, luminous and mechanical advertising signboards, surgical instruments, medical instruments for MRI imaging, dental instruments and veterinary instruments, apparatus for lighting, heating, steam generating, ventilating, water supply and sanitary purposes, namely, sanitary installations comprising water supply and sanitation equipment, namely, water control valves for faucets, reverse osmosis water purification units, ultraviolet light (UV) water purification device, water desalination units and water, liquid, gas and air sterilizers, paper, printed matter, namely, books, manuals, leaflets, pamphlets, brochures and magazines, pictures, cardboard, greetings cards and postcards, newsletters and printed periodicals, photographs, paper stationery, advertising signs of cardboard and paper, temporary building structures and transportable buildings not of metal, namely, fair stands, empty ampoules, containers and vials made of plastic, for storing and delivering liquid and gaseous chemicals.

Class 36

(2) Financial services, namely, providing a virtual currency for use by members of an on-line community; financial exchange and transfer of virtual currencies and crypto-currencies; managing virtual real estates, in particular industrial buildings, laboratories, and conference facilities in a virtual environment.

Class 41

(3) Entertainment services, namely, providing on-line, non-downloadable virtual content featuring industrial and agricultural chemicals, chemical preparations, chemical substances and biological preparations for use in the manufacture of paints, varnishes, lacquers, colorants, dyes, pigments, inks, pharmaceutical and veterinary preparations, metal containers for storage and transport, empty metal ampoules and vials for storing and delivering liquid and gaseous chemicals, industrial machines for use in the production, manufacturing, packaging and processing of pharmaceuticals, industrial chemicals, and semiconductors, scientific research and laboratory equipment, light emitting diodes, solar cell panels, semiconductor components, liquid crystal displays, laboratory assay test kits, luminous and mechanical advertising signboards, surgical instruments, medical instruments for MRI imaging, dental instruments and veterinary instruments, apparatus for lighting, heating, steam generating, ventilating, water supply and sanitary purposes, namely, sanitary installations comprising water supply and sanitation equipment, namely, water control valves for faucets, reverse osmosis water purification units, ultraviolet light (UV) water purification device, water desalination units and water, liquid, gas and air sterilizers, paper, printed matter, namely, books, manuals, leaflets, pamphlets, brochures and magazines, pictures, cardboard, greetings cards and postcards, newsletters and printed periodicals, photographs, paper stationery, signs of cardboard and paper, temporary building structures and transportable buildings not of metal, namely, fair stands, empty ampoules, containers and vials made of plastic, for storing and delivering liquid and gaseous chemicals, each of the aforesaid for use online and in online virtual environments; virtual reality and augmented reality game services provided online from a global computer network and through various wireless networks, namely, wireless communications networks and the Internet and wireless electronic communication devices; entertainment services, namely, providing virtual environments in which users can interact for online computer gaming; arranging, conducting and organizing of conferences, meetings, seminars, workshops, symposiums, computer-based simulation trainings, all in the fields of pharmaceuticals, industrial chemicals, life sciences, consumer electronics and education, each of the aforesaid online and in online virtual environments.

Class 42

(4) Design and development of virtual reality and augmented reality computer software; providing online non-downloadable computer software programs for creating, managing, authenticating, trading and selling digital collectibles in the nature of images in the field of industrial and agricultural chemicals, chemical preparations, chemical substances and biological preparations for use in the manufacture of paints, varnishes, lacquers, colorants, dyes, pigments, inks, pharmaceuticals and medicines, metal containers for storage and transport, empty metal ampoules and vials for storing and delivering liquid and gaseous chemicals, industrial machines for use in the production, manufacturing, packaging and processing of pharmaceuticals, industrial chemicals, semiconductors, scientific research and laboratory equipment, light emitting diodes, solar cell panels, semiconductor components, liquid crystal displays for computer monitors, digital cameras, mobile phones and televisions, laboratory assay test kits, luminous and mechanical advertising signboards, surgical instruments, medical instruments for MRI imaging, dental instruments and veterinary instruments, apparatus for lighting, heating, steam generating, ventilating, water supply and sanitary purposes, namely, sanitary installations comprising water

supply and sanitation equipment, namely, water control valves for faucets, reverse osmosis water purification units, ultraviolet light (UV) water purification device, water desalination units and water, liquid, gas and air sterilizers, paper, printed matter, namely, books, manuals, leaflets, pamphlets, brochures and magazines, pictures, cardboard, greetings cards and postcards, newsletters and printed periodicals, photographs, paper stationery, advertising signs of cardboard and paper, temporary building structures and transportable building not of metal, namely, fair stands, empty ampoules, containers and vials made of plastic, for storing and delivering liquid and gaseous chemicals, each of the aforesaid for use online and in online virtual environments; providing online non-downloadable computer software that allows users to access to online environments, namely, virtual reality online environments, and augmented reality virtual environments for conducting, arranging and organizing conferences; providing online non-downloadable virtual reality and augmented reality software for conducting conferences, meetings, seminars, workshops, symposiums, computer-based simulation trainings, all in the fields of medical research, pharmaceuticals, life sciences, consumer electronics, and education; providing online non-downloadable software and mobile application software providing a virtual marketplace for virtual and physical goods and services; providing online non-downloadable computer software for database management featuring digital assets authenticated by non-fungible tokens [NFT], namely, smart contracts, digital files created with blockchain based software technology, digital collectible items, digital artwork, and digital multimedia image files; providing online non-downloadable computer software for blockchain data storage, blockchain-based financial transactions, and for accessing, reading, and tracking information in the field of user identity and credentials authentication on a blockchain; product testing, design and development of new products for others, namely, product quality auditing, product quality evaluation, product development, research and development, research and analysis, and product troubleshooting by way of technical supervision and inspection concerning industrial chemicals, pharmaceutical preparations, laboratory instruments and apparatus, medical devices, liquid and gaseous chemicals for use in the electronics, semiconductor, and microelectromechanical industries, chemical compositions for use in the electronics, semiconductor, and microelectromechanical industries, ampoules, containers and vials made of glass, metal and plastic for storing and delivering chemicals to a process tool for use in the electronics, semiconductor, and microelectromechanical industries, empty containers and vials for laboratory experiments, high purity gases for use in the electronics, semiconductor, and microelectromechanical industries, each of the aforesaid provided online and in online virtual environments.

Class 09

Downloadable computer software programs for creating, managing, authenticating, trading and selling digital collectibles in the nature of images in the field of industrial and agricultural chemicals, chemical preparations, chemical substances and biological preparations for use in the manufacture of paints, varnishes, lacquers, colorants, dyes, pigments, inks, pharmaceuticals, and medicines, metal containers for storage and transport, empty metal ampoules and vials for storing and delivering liquid and gaseous chemicals, industrial machines for use in the production, manufacturing, packaging and processing of pharmaceuticals, chemicals, and semiconductors, scientific research and laboratory equipment, light emitting diodes, solar cell panels, semiconductor components, liquid crystal displays for computer monitors, digital cameras, mobile phones and televisions, laboratory assay test kits, luminous and mechanical advertising signboards, surgical instruments, medical instruments for MRI imaging, dental instruments and veterinary instruments, apparatus for lighting, heating, steam generating, ventilating, water supply and sanitary purposes, namely, sanitary installations comprising water supply and sanitation equipment, namely, water control valves for faucets, reverse osmosis water purification units, ultraviolet light (UV) water purification device, water filtering units for industrial use, water conditioning units, desalination units and water, liquid, gas and air sterilizers, paper, printed matter, namely, books, manuals, leaflets, pamphlets, brochures and magazines, pictures, cardboard, greetings cards and postcards, newsletters and printed periodicals, photographs, paper stationery, advertising signs of cardboard and paper, temporary building structures and transportable buildings not of metal, namely, fair stands, empty ampoules, containers and vials made of plastic, for storing and delivering liquid and gaseous chemicals, each of the aforesaid for use online and in online virtual environments; downloadable software for providing computer and video game users access to online environments, virtual reality online environments, and augmented reality virtual environments; downloadable software for providing access to online environments, namely, virtual reality and augmented reality online environments for conducting, arranging and organizing conferences, meetings, seminars, workshops, symposiums, computer-based simulation trainings, all in the fields of medical research, pharmaceuticals, industrial chemicals, life sciences, consumer

electronics and education; downloadable software and mobile application software providing a virtual marketplace for virtual and physical goods and services; downloadable computer software for use in displaying, trading and authenticating digitized assets by non-fungible tokens [NFT], namely, smart contracts, digital files created with blockchain based software technology, digital collectible items, digital artwork, and digital multimedia image files containing artworks; downloadable computer software for use in implementing blockchain technology, namely, downloadable computer software for blockchain data storage, blockchain-based financial transactions, and data authentication via blockchain.

Services

Class 35

(1) Advertising and promotional services, namely, promoting the goods and services of others online and in online virtual environments; conducting trade show exhibitions and commercial exhibitions in the fields of medical research, pharmaceuticals, industrial chemicals, life sciences, consumer electronics, blockchain technology, non-fungible tokens, virtual currencies, virtual reality and augmented reality gaming activities in showrooms online and in online virtual environments; providing business information and business consultancy in the field of blockchain technology, non-fungible tokens [NFT], virtual currencies, virtual reality and augmented reality activities; providing business information and business consultancy online and in online virtual environments relating to choice, use and application of chemical preparations, pharmaceutical preparations, laboratory instruments and apparatuses, medical products, experimental and prototype products concerning liquid and gaseous chemicals, chemical compositions, chemical products, high purity gases and preparations for use in the electronics, semiconductor and microelectromechanical industries; online retail store services rendered in a virtual environment for physical goods and virtual goods in the nature of downloadable image files in the fields of industrial and agricultural chemicals, chemical preparations, chemical substances and biological preparations for use in the manufacture of paints, varnishes, lacquers, colorants, dyes, pigments, inks, pharmaceutical and veterinary preparations, metal containers for storage and transport, empty metal ampoules and vials for storing and delivering liquid and gaseous chemicals, transportable structures and transportable buildings of metal, namely, fair stands, industrial machines for use in the production, manufacturing, packaging and processing of pharmaceuticals, industrial chemicals, semiconductors, scientific research and laboratory equipment, light emitting diodes, solar cell panels, semiconductor components, liquid crystal displays, laboratory assay test kits, luminous and mechanical advertising signboards, surgical instruments, medical instruments for MRI imaging, dental instruments and veterinary instruments, apparatus for lighting, heating, steam generating, ventilating, water supply and sanitary purposes, namely, sanitary installations comprising water supply and sanitation equipment, namely, water control valves for faucets, reverse osmosis water purification units, ultraviolet light (UV) water purification device, water desalination units and water, liquid, gas and air sterilizers, paper, printed matter, namely, books, manuals, leaflets, pamphlets, brochures and magazines, pictures, cardboard, greetings cards and postcards, newsletters and printed periodicals, photographs, paper stationery, advertising signs of cardboard and paper, temporary building structures and transportable buildings not of metal, namely, fair stands, empty ampoules, containers and vials made of plastic, for storing and delivering liquid and gaseous chemicals.

Class 36

(2) Financial services, namely, providing a virtual currency for use by members of an on-line community; financial exchange and transfer of virtual currencies and crypto-currencies; managing virtual real estates, in particular industrial buildings, laboratories, and conference facilities in a virtual environment.

Class 41

(3) Entertainment services, namely, providing on-line, non-downloadable virtual content featuring industrial and agricultural chemicals, chemical preparations, chemical substances and biological preparations for use in the manufacture of paints, varnishes, lacquers, colorants, dyes, pigments, inks, pharmaceutical and veterinary preparations, metal containers for storage and transport, empty metal ampoules and vials for storing and delivering liquid and gaseous chemicals, industrial machines for use in the production, manufacturing, packaging and processing of pharmaceuticals, industrial chemicals, and semiconductors, scientific research and laboratory equipment, light emitting diodes, solar cell panels, semiconductor components, liquid crystal displays, laboratory assay test kits, luminous and mechanical advertising signboards, surgical instruments, medical instruments for MRI imaging, dental instruments and veterinary instruments, apparatus for lighting, heating, steam generating, ventilating, water supply and sanitary purposes, namely, sanitary installations comprising water supply and sanitation equipment, namely, water control valves for faucets, reverse osmosis water purification units, ultraviolet light (UV) water purification device, water desalination units and water, liquid, gas and air sterilizers, paper, printed matter, namely, books, manuals, leaflets, pamphlets, brochures and magazines, pictures, cardboard, greetings cards and postcards, newsletters and printed periodicals, photographs, paper stationery, signs of cardboard and paper, temporary building structures and transportable buildings not of metal, namely, fair stands, empty ampoules, containers and vials made of plastic, for storing and delivering liquid and gaseous chemicals, each of the aforesaid for use online and in online virtual environments; virtual reality and augmented reality game services provided online from a global computer network and through various wireless networks, namely, wireless communications networks and the Internet and wireless electronic communication devices; entertainment services, namely, providing virtual environments in which users can interact for online computer gaming; arranging, conducting and organizing of conferences, meetings, seminars, workshops, symposiums, computer-based simulation trainings, all in the fields of pharmaceuticals, industrial chemicals, life sciences, consumer electronics and education, each of the aforesaid online and in online virtual environments.

Class 42

(4) Design and development of virtual reality and augmented reality computer software; providing online non-downloadable computer software programs for creating, managing, authenticating, trading and selling digital collectibles in the nature of images in the field of industrial and agricultural chemicals, chemical preparations, chemical substances and biological preparations for use in the manufacture of paints, varnishes, lacquers, colorants, dyes, pigments, inks, pharmaceuticals and medicines, metal containers for storage and transport, empty metal ampoules and vials for storing and delivering liquid and gaseous chemicals, industrial machines for use in the production, manufacturing, packaging and processing of pharmaceuticals, industrial chemicals, semiconductors, scientific research and laboratory equipment, light emitting diodes, solar cell panels, semiconductor components, liquid crystal displays for computer monitors, digital cameras, mobile phones and televisions, laboratory assay test kits, luminous and mechanical advertising signboards, surgical instruments, medical instruments for MRI imaging, dental instruments and veterinary instruments, apparatus for lighting, heating, steam generating, ventilating, water supply and sanitary purposes, namely, sanitary installations comprising water

supply and sanitation equipment, namely, water control valves for faucets, reverse osmosis water purification units, ultraviolet light (UV) water purification device, water desalination units and water, liquid, gas and air sterilizers, paper, printed matter, namely, books, manuals, leaflets, pamphlets, brochures and magazines, pictures, cardboard, greetings cards and postcards, newsletters and printed periodicals, photographs, paper stationery, advertising signs of cardboard and paper, temporary building structures and transportable building not of metal, namely, fair stands, empty ampoules, containers and vials made of plastic, for storing and delivering liquid and gaseous chemicals, each of the aforesaid for use online and in online virtual environments; providing online non-downloadable computer software that allows users to access to online environments, namely, virtual reality online environments, and augmented reality virtual environments for conducting, arranging and organizing conferences; providing online non-downloadable virtual reality and augmented reality software for conducting conferences, meetings, seminars, workshops, symposiums, computer-based simulation trainings, all in the fields of medical research, pharmaceuticals, life sciences, consumer electronics, and education; providing online non-downloadable software and mobile application software providing a virtual marketplace for virtual and physical goods and services; providing online non-downloadable computer software for database management featuring digital assets authenticated by non-fungible tokens [NFT], namely, smart contracts, digital files created with blockchain based software technology, digital collectible items, digital artwork, and digital multimedia image files; providing online non-downloadable computer software for blockchain data storage, blockchain-based financial transactions, and for accessing, reading, and tracking information in the field of user identity and credentials authentication on a blockchain; product testing, design and development of new products for others, namely, product quality auditing, product quality evaluation, product development, research and development, research and analysis, and product troubleshooting by way of technical supervision and inspection concerning industrial chemicals, pharmaceutical preparations, laboratory instruments and apparatus, medical devices, liquid and gaseous chemicals for use in the electronics, semiconductor, and microelectromechanical industries, chemical compositions for use in the electronics, semiconductor, and microelectromechanical industries, ampoules, containers and vials made of glass, metal and plastic for storing and delivering chemicals to a process tool for use in the electronics, semiconductor, and microelectromechanical industries, empty containers and vials for laboratory experiments, high purity gases for use in the electronics, semiconductor, and microelectromechanical industries, each of the aforesaid provided online and in online virtual environments.

ROLLON

Trademark Description

The trademark (figurative) includes the fanciful wording without meaning "ROLLON".

Goods

Class 06

(1) Building and construction materials and elements of metal, namely guide rails of metal, guide rails of metal for linear motion, guide rails of metal for curved motion, telescopic guide rails of metal for linear motion, telescopic guide rails of metal for curved motion; metal hardware being non-powered actuators for doors, windows, display cases, drawers, furniture; metal profiles for use in manufacture, namely, C-profiles, fixed bearing profiles, double T-profiles, U-profiles and T-profiles; ironmongery in the nature of small items of metal hardware, namely, metal nuts, metal washers, metal fixture plates

Class 07

(2) Guides for machines being medical machines, industrial automation, material handling, industrial machinery, packaging machines, medical equipment, machine tools, namely, rail guides for linear motion, rail guides for curved motion, telescopic rail guides for linear motion, telescopic rail guides for curved motion; pneumatic or hydraulic linear actuators, other than for land vehicles, rack and pinion driven linear actuators, linear actuators with linear motors; fine adjustment drives for machines, namely, servo-drives for motors; toothed belt drives and linear adjusting drives, namely, hydrostatic drives other than for land vehicles; ball screw drives, namely, electric screwdrivers; roller bearings for machines; linear ball bearings for use in machines, namely for linear actuators.

Class 09

(3) Electric linear actuators, rack and pinion driven electric linear actuators, toothed belt driven electric linear actuators, ball screw driven electric linear actuators, electric linear actuators with linear motors.

Class 12

(4) Motion guides for land vehicles seats, motion guides for seats for railway cars; motion guides for land vehicles doors, motion guides for doors for railway cars; pneumatic or hydraulic linear actuators for land vehicles.

Services**Class 37**

(1) Installation, maintenance and repair of guide rails of metal for linear motion, guide rails of metal for curved motion, telescopic guide rails of metal for linear motion, telescopic guide rails of metal for curved motion, guide rails for machines, guide rails for machines for linear motion, guide rails for machines for curved motion, telescopic guide rails for machines for linear motion, telescopic guide rails for machines for curved motion for medical machines, industrial automation, material handling, industrial machinery, packaging machines, medical equipment, machine tools, pneumatic or hydraulic linear actuators, other than for land vehicles, electric linear actuators, pneumatic or hydraulic linear actuators for land vehicles.

Class 41

(2) Industrial training in the use and operation of guide rails of metal for linear motion, guide rails of metal for curved motion, telescopic guide rails of metal for linear motion, telescopic guide rails of metal for curved motion, guide rails for machines, guide rails for machines for linear motion, guide rails for machines for curved motion, telescopic guide rails for machines for linear motion, telescopic guide rails for machines for curved motion for medical machines, industrial automation, material handling, industrial machinery, packaging machines, medical equipment, machine tools, pneumatic or hydraulic linear actuators, other than for land vehicles, electric linear actuators, pneumatic or hydraulic linear actuators for land vehicles.

Class 42

(3) Mechanical engineering services for others in the field of industrial automation; design, development and testing for others of guide rails of metal for linear motion, guide rails of metal for curved motion, telescopic guide rails of metal for linear motion, telescopic guide rails of metal for curved motion, guide rails for machines, guide rails for machines for linear motion, guide rails for machines for curved motion, telescopic guide rails for machines for linear motion, telescopic guide rails for machines for curved motion pneumatic or hydraulic linear actuators, other than for land vehicles for medical machines, industrial automation, material handling, industrial machinery, packaging machines, medical equipment, machine tools, electric linear actuators, pneumatic or hydraulic linear actuators for land vehicles.

Goods

Class 03

(1) All-purpose cleaning preparations; paint disposal and treatment solutions, namely, paint removing compositions;

Class 05

(2) All-purpose disinfectants;

Class 06

(3) Paper towel dispensers of metal; metal poles for attaching protective plastic sheets to act as a temporary barrier wall system to keep dust out of protected areas; paper towel dispensers of metal for household use;

Class 07

(4) Floor tape applicator, namely, tape dispensing machines for industrial use;

Class 08

(5) Hand-operated tools, namely, cardboard cutter, paperboard cutter, fiberboard cutter; hand-operated tools, namely, cardboard knife; hand-operated tools, namely, paperboard knife; hand-operated tools, namely, fiberboard knife; blade or pointed hand tools, namely, fixed blade knives; hand-operated tools, namely, knives for cutting cardboard, paperboard and fiberboard; knife blades for hand tools, namely, fixed blade knives; staining pad;

Class 09

(6) Dust protective goggles; work gloves for protection against accidents; safety goggles; dust masks and protective industrial face masks for the prevention of accident and injury; clothing for protection against chemicals being painter's apparel, namely, overalls, jackets, spray suits, painters' hoods, coveralls, shoe and boot guards, spray socks, painters' mitts, spray painters' hoods, gloves, aprons, shirts; clear, water resistant pouches for protection of smartphones; clear, water resistant pouches having an adhesive backing for protection of smartphones;

Class 11

(7) Drinking water filters;

Class 12

(8) Car covers;

Class 16

(9) Paperboard containing embedded creases that can be folded at different heights; paper or paperboard for surface protection of walls, floors, stairs and countertops; paper or paperboard used for surface protection; raw, coated or treated paper or paperboard for the construction industry, moving industry and entertainment industry; paper or paperboard for temporary surface protection of walls, floors, stairs and countertops; laminated paperboard for surface protection of walls and floors and countertops; non-metal paper temporary corner protectors for cabinets, counters, doors, and furniture; paperboard that includes fire retardant for surface protection of walls, floors, stairs and countertops; fire-resistant paperboard containing embedded creases that can be folded at different heights; fire-resistant paperboard for surface protection of walls and floors that includes an adhesive strip; vapor-permeable paperboard; paperboard with an adhesive strip used for surface protection; paperboard with an adhesive strip and also contains embedded creases that can be folded at different heights; paper products, namely, contractor paper; kraft paper; construction paper; butcher paper; painting sundries, namely, staining pads, staining cloth applicators; sponges for painting; rags used as paint or stain applicators; paint mitt; paint strainers; rolls of construction material, namely, paperboard; paper products, namely, banner tapes in the nature of printed paper signs; painting and staining applicators in the nature of sponges, pads and staining cloths; paint trays, paint tray liners, paint roller frames; extension poles for paint applicators; water resistant protective pouches specially adapted for holding printed floor plan and documents; clear, water resistant protective pouches made in whole or substantially in part of plastic specially adapted for holding printed floor plans and documents, and for carrying personal items; clear, water resistant protective pouches made in whole or substantially in part of plastic with an adhesive backing specially adapted for holding printed floor plans and documents, and for carrying personal items;

Class 17

(10) Adhesive anti-slip tape for household flooring applications; adhesive tape for industrial and commercial use for use in flooring applications; reinforced fiber mesh adhesive tape for industrial and commercial use not for wrapping or packaging; masking tape; adhesive tape for industrial and commercial use; perimeter marking tape; cloth tape; double sided adhesive surface cloth tape; double-sided adhesive tape for industrial purposes; double-sided masking tape; drywall mesh tape; self-adhesive fiberglass tape; duct tape; filament tape; strapping tape; flatback tape; painter tape; polyethylene tape; seam tape; scrim reinforced adhesive tape; plastic sheeting for protecting walls, windows, floors, countertops; polymer-based sheeting for protecting walls, windows, floors, countertops; fiber reinforced polymer-based sheeting for protecting walls, windows, floors, countertops; corrugated plastic sheeting used as a protective barrier against paint for walls, windows, floors, countertops; unfitted plastic corrugated sheeting for protecting walls, windows, floors, countertops; plastic film for protecting walls, windows, floors, countertops, vents, heating and air ducts, furniture, appliances, bathtubs, toilets, mirrors, light fixtures, hearth, bookcases, audio equipment, audio and visual equipment entertainment equipment, carpeting, wood, stone, tile, ceramic; unfitted plastic film used as a protective barrier against paint for walls, windows, floors, countertops, vents, heating and air ducts, furniture, appliances, bathtubs, toilets, mirrors, light fixtures, hearth, bookcases, audio equipment, audio and visual equipment entertainment equipment, carpeting, wood, stone, tile, ceramic; self-adhesive plastic film for protecting walls, windows, floors, countertops, vents, heating and air ducts, furniture, appliances, bathtubs, toilets,

mirrors, light fixtures, hearth, bookcases, audio equipment, audio and visual equipment entertainment equipment, carpeting, wood, stone, tile, ceramic; unfitted self-adhesive plastic film used as a protective barrier against paint for walls, windows, floors, countertops, vents, heating and air ducts, furniture, appliances, bathtubs, toilets, mirrors, light fixtures, hearth, bookcases, audio equipment, audio and visual equipment entertainment equipment, carpeting, wood, stone, tile, ceramic; polymer-based film for protecting walls, windows, floors, countertops, vents, heating and air ducts, furniture, appliances, bathtubs, toilets, mirrors, light fixtures, hearth, bookcases, audio equipment, audio and visual equipment entertainment equipment, carpeting, wood, stone, tile, ceramic; unfitted polymer-based film used as a protective barrier against paint for walls, windows, floors, countertops, vents, heating and air ducts, furniture, appliances, bathtubs, toilets, mirrors, light fixtures, hearth, bookcases, audio equipment, audio and visual equipment entertainment equipment, carpeting, wood, stone, tile, ceramic; adhesive tape and strips for industrial and commercial use; sheets of adhesive plastic film used to cover and protect objects and surfaces; plastic sheets and films for construction purposes, namely, covering and protecting the exterior and interior surfaces of walls, floors, windows, and surfaces; adhesive anti-slip surface tape for flooring applications in building and construction sites; protective plastic sheets for scaffolding, floors, and building surfaces; floor marking tape applicator; plastic film applicator containing plastic film for flooring for industrial use; plastic masking film for use in residential, industrial, and commercial use painting; paint shields, namely, sheets of self-adhesive plastic with pre-applied masking tape used to cover and protect objects while painting; low-density polyethylene sheeting for use in the protection of floors, decks, countertops, cabinets, and walls for use in the marine industry; acoustic, air and moisture insulation for buildings;

Class 19

(11) Fiberboard; fiberboard containing embedded creases that can be folded at different heights; fiberboard for surface protection of walls, floors, stairs and countertops; fiberboard used for surface protection; fiberboard with an adhesive strip used for surface protection; fiberboard with an adhesive strip and also contains embedded creases that can be folded at different heights; vapor-permeable fiberboard; raw, coated and treated fiberboard for the construction industry, moving industry and entertainment industry; fiberboard for temporary surface protection of walls, floors, steps and countertops; fiberboard that includes fire retardant for surface protection of walls, floors, steps and countertops; fire-resistant fiberboard containing embedded creases that can be folded at different heights; fiberboard that includes fire retardant and which contains embedded creases that can be folded at different heights; fire-resistant fiberboard for surface protection of walls, floors, steps and countertops that includes an adhesive strip; fiberboard that includes fire retardant for surface protection of walls, floors, steps and countertops that includes an adhesive strip; reinforced fiber mesh adhesive tape not for wrapping or packaging in the nature of building seam tape; building seam tape featuring an applicator; non-metal door jamb protectors in the nature of non-metal fitted covers for door jambs; framework, not of metal, for buildings, namely, wooden door frames, wooden window frames, plastic door frames, and plastic window frames; transportable buildings, not of metal, namely, cabins made of wood, cabins made of plastic, garden sheds made of wood, and garden sheds made of plastic; brackets, not of metal, for building, namely, wooden brackets for buildings and vinyl brackets for buildings; movable non-metal partitions for building; non-metal door frames; gypsum wallboards; plastic wallboards; wall panels not of metal; prefabricated non-metal walls; sheets of construction panels made from chipboard; building construction materials in the nature of building poles of plastic for use in supporting sheeting for temporary walls;

Class 20

(12) Bumper corner guards for furniture; non-metal dispenser of plastic film covers; non-metal dispenser of plastic film covers for footwear; non-metal dispenser of plastic film covers for protecting surfaces; surface sliders in the nature of non-metal furniture sliders;

Class 21

(13) Disposable wipes not impregnated with chemicals; microfiber wipes; fabric wipes; tack cloth; disposable gloves for general use; sponges for household purposes, namely, metal sponges for household use, all-purpose scouring sponges, scrub sponges, and abrasive sponges for household use; paint buckets; plastic buckets for general purpose use; water buckets; paint pails; rinsing pails; rags for cleaning; wire brushes, not being machine parts, for cleaning and preparing metal surfaces for painting; polishing and cleaning cloths for use in the paint industry; tack cloths used to prepare surfaces for painting;

Class 22

(14) Paper drop cloths; plastic drop cloths; plastic sheeting for use as drop cloths; drop cloths consisting primarily of plastic, also featuring slip resistant fabric and non-woven fabric; canvas drop cloths; fabric drop cloths; slip resistant drop cloths made of fabric; drop cloths made primarily of paper having superimposed plastic layers; water-resistant fabric material used for surface protection; water-resistant, breathable, impact and slip-resistant fabric used for surface protection; flexible woven fabric with a polymer or rubber backing used for surface protection of walls, floors, doors, windows, and countertops; flexible polyester woven fabric with a rubber backing used for surface protection of walls, floors, doors, windows, and countertops; flexible absorbent fabric with a polymer or rubber backing used for surface protection of walls, floors, doors, windows, and countertops; felt fabric with rubber backing used for surface protection of walls, floors, doors, windows, and countertops;

Class 24

(15) Shop towels; towels, namely, towels of textile, microfiber towels, and hand towels; cheese cloth; painters' towels;

Class 25

(16) Slip resistant shoe covers for use when wearing shoes; shoe guards, namely, non-woven and elastic shoe covers that are fluid-resistant to protect shoes from liquids; slip resistant shoe booties; painter's apparel, namely, overalls, jackets, spray suits, painters' hoods, coveralls, shoe and boot guards, spray socks, painters' mitts, spray painters' hoods, gloves, aprons, shirts; temporary shoe covers;

Class 26

(17) Double-sided adhesive tape for affixing clothing to the body; zippers; zippers having an adhesive backing; non-metal zippers having an adhesive backing for creating access to plastic enclosures and tarps;

Class 27

(18) Protective floor coverings, namely, protective floor mats; temporary protective surface coverings, namely, protective floor mats; floor mats; synthetic rubber mat for surface protection; hard surface protection floor mat for surface protection; flexible hard surface protection floor mat for surface protection; a floor mat having a tacky surface to remove dust and dirt from footwear and multiple removable polyethylene film sheets having a tacky upper surface; disposable absorbent floor pads in multi-sheet form to protect floor surfaces; protective floor pads in multi-sheet form to protect floor surfaces; protective floor pads with a non-transferring adhesive backing in multi-sheet form to protect floor surfaces;

Scientific, research, navigation, surveying, photographic, cinematographic, audiovisual, optical, weighing, measuring, signalling, detecting, testing, inspecting, life-saving and teaching apparatus and instruments, namely, microscopes, pipettes, flasks, test tubes, cameras, photographic lenses, camera filters, photometers, slide plates, slide projectors, telescopes, eyeglasses and sunglasses, magnifying glasses, video viewers, namely, video monitors and video tape players, flash lamps for photography, television screens, picture enlarger projectors, video tape recorders, loadmeters, namely, ammeters, speed indicators, namely, speedometers, fuel level gauges, temperature gauges; apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling the distribution and use of electricity, namely, electric wires, electric switches, namely, automatic transfer switches, dimmer switches, electric flasher switches, electric light switches and power switches, electric fences; apparatus and instruments for recording, transmitting, reproducing and processing sound, images and data, namely, computers, computer screens, computer keyboards, printers, telephones, telecopiers, televisions; magnetic data carriers, namely, blank magnetic tape, recording discs, namely, blank floppy discs, blank audio compact discs, blank audio digital discs, blank compact discs, blank hard discs, blank laser discs, blank digital audio discs, blank digital versatile discs, pre-recorded floppy disks and CD ROMS containing information in the field of electronic commerce in the field of retail store and wholesale store services, online trading in which seller posts products to be auctioned and bidding is done via the Internet, data management, namely, processing, updating, storing, retrieving and maintenance of data in computer databases, telecommunications, namely, television and radio broadcasting, entertainment, namely, movies, television shows and music videos, education, namely, educational videos in the field of computers, finance, insurance, property development, property management and computer technology information; mechanisms for coin-operated vending machines; cash registers, calculators, data processing equipment, namely, computers and printers for use with computers; computer peripheral devices, namely, external disk drives, printers,

scanners, speakers, microphones and webcams; diving suits, divers' masks, ear plugs for divers, nose clips for divers and swimmers, gloves for divers, breathing apparatus for underwater swimming; computer programs for use in financial management, financial planning, business management, customer relationship management (CRM), inventory management, sales force management, planning and management of personal and business finances and marketing information management, all in the field of e-commerce and business and authenticating the identity of a payer; software for processing electronic payments to and from others; authentication software for verification of online payment and transfer of funds; downloadable computer software for creating electronic product catalogs, responding to requests and placing and fulfilling orders for products, services and business opportunities via local and global computer networks, for use in document management, for business use for financial management, financial planning, business management, customer relationship management (CRM), inventory management, sales force management, planning and management of personal and business finances, and marketing information management, for data mining, for high-speed massive e-commerce data processing, and for data customization, all of the foregoing for use by third parties in connection with an interactive website in the field of e-commerce; computer software in the form of an application for mobile devices and computers, for use in database management, for use as a spreadsheet, for word processing, provided via the Internet; computer software for interactive entertainment, which allows users to customize the viewing, listening, and playing experience by selecting and arranging the display and performance of audio, video and audiovisual elements; instant messaging software; file sharing software for electronically exchanging data, namely, email messages, text messages, photographs, graphics, music, audio books, podcasts, voice messages and video in the nature of movies, music videos, television programs, clips of movies and television programs, video messages and user uploaded video clips via computer, mobile, wireless and telecommunications networks; computer software for electronically exchanging text messages, photographs, music, audio books, podcasts, voice messages, via an application for mobile devices and computers; computer software for processing images, graphics, audio, video, and text; downloadable computer software to facilitate the electronic transmission of information and data, namely, data collected from public opinion polls, customer transaction records, membership records, product inventory records, customer preference, customer credit rating and sellers' credit rating, in the field of electronic commerce, namely, operation and management of online retail stores and wholesale stores, online trading services in which seller posts products to be auctioned and bidding is done via the Internet, user generated documents, voice messages, and photographs namely, email messages, text messages, photographs, graphics, music, audio books, podcasts, voice messages and video in the nature of movies, music videos, television programs, clips of movies and television programs, video messages and user uploaded video clips to mobile phones and computers over the Internet; downloadable computer software which allows users to participate in web-based meetings and classes, with access to data, documents, images and software applications through a web browser; downloadable computer software for accessing, viewing and controlling remote computers and computer networks; downloadable cloud-computing software for deploying virtual machines to a cloud computing platform, managing virtual machines on a cloud computing platform for users' participation in web-based meetings and classes, with access to data, documents, images and software applications through a web browser, for accessing, viewing and controlling remote computers and computer networks for general storage of data, database management and internet security; downloadable cloud-based software for general storage of data, database management, accessing databases and internet security; downloadable computer software for deploying virtual computer systems to a cloud computing platform, managing virtual computer systems on a cloud computing platform for general storage of data, database management, accessing databases and internet security in the field of business

management, e-commerce, retail store and wholesale store services, transportation, accommodation, and travel agency services ; downloadable computer software for accessing, viewing, and controlling remote computers and computer networks; computer applications for streaming audio materials, video materials, videos, music and images; downloadable computer game programs, pictures, motion pictures, movies and music; digital music downloadable from the Internet; downloadable audio, visual, and audiovisual files and recordings, featuring multimedia entertainment programs, namely video files, audio files, films, movies and television programs featuring children's entertainment, family entertainment, drama, action, adventure and fantasy; online downloadable electronic publications in the nature of magazines, articles, brochures, leaflets, datasheets, informational materials, instructional materials in the field of business, e-commerce, information technology, cloud computing, telecommunications, the Internet, business and e-commerce training, business, sales, marketing and financial management; downloadable electronic publications, namely, newspaper and magazine articles, essays and academic papers, and instructional books, charts, diagrams and video files in the fields of telecommunications, namely, television and radio broadcasting, navigating the Internet, training, namely, arranging and conducting of instructional courses, computer training, correspondence courses, conferences, workshops, seminars, webinars, business assistance, namely, facilitating business transactions via an electronic marketplace for the buyers and sellers and goods and services via local and global computer networks, sales methods, sales management, social selling, sales improvement, developing sales promotional campaigns for others, lead generation sales, sales training, and marketing in the field of business management and e-commerce in the field of retail store and wholesale store services; computer software for image, graphics and word processing, semi-conductors; semi-conductor integrated circuits; semi-conductor memory chips; semi-conductor memory controllers; semi-conductor memory integrated circuits; semi-conductor processor chips; semi-conductor processors; microcontrollers; microcontroller units; low power microcontrollers; chips being integrated circuits; computer chips; CPU (central processing unit); RISC-V computer chips and central processing units; computer chips and central processing units with instruction set architecture; notebook computers; laptop computers; portable computers; handheld computers; tablet computers; personal digital assistants; personal media players, namely, portable and handheld audio and video players, namely, MP3 players, MP4 players, CD players and DVD players; mobile telephones; smart phones; digital cameras; batteries and battery chargers for notebook computers, laptop computers, portable computers, personal digital assistants, personal media players, namely, portable and handheld audio and video players, namely, MP3 players, MP4 players, CD players, DVD players mobile telephones, smart phones and digital cameras; computer workstations, comprised of computer, monitor and printer; computer servers; computer and telecommunications networking hardware, namely, computer network adaptors, switches, routers and hubs; computer network adaptors, switches, communication routing apparatus and hubs; wireless and wired modems and communication cards and devices, namely, cable modems, computer fax modem cards, external modems, internal modems, modem cables, modems; cases adapted for laptop computers and computers; computer hardware and computer firmware for controlling large overhead variable message signs on highways, computer firmware for database management, namely, assuring accuracy and stability of data information, namely, customer transaction records, membership records, product inventory records, customer preference, customer credit rating, sellers' credit rating, in the field of electronic commerce in the field of retail store and wholesale store services, online trading and data management, namely, processing, updating, storing, retrieving and maintenance of data in computer databases, computer firmware for programming of function of hardware and network of computers and remote monitoring of function of hardware and network of computers; compact discs containing music; telecommunications apparatus, namely, network telephone, electronic facsimile machines,

handheld computers, personal digital assistants and mobile phones; mouse mats; mobile phone handsets; mobile phone parts and fittings; alarm systems, other than for vehicles, namely, personal security alarms, burglar alarms, fire alarm systems; security cameras; mobile radio and television broadcasting units, namely, receptors, antennas, radios and television sets; television broadcasting equipment, namely, transmitters, amplifiers, television cameras and monitors, camcorders, namely, video camera recorders and video teleprompters; cameras; video cameras; headphones; telephone earpieces; stereo and computer speakers; Global Positioning System (GPS) apparatus and equipment, namely, computer software, transmitters, receivers and hand held units, for automotive, aviation and marine uses and vehicle tracking; computer, electronic and video games programs and software (including software downloadable from the Internet); liquid crystal displays for telecommunications and electronic equipment; set top box; remote control apparatus, namely, remote controls for televisions, remote controls for home audio sets, remote controls for video players, namely, CD players, DVD players and MP4 players; data storage programs, namely, downloadable software used for the storage of electronic data and documents and data on hard discs, compact discs, tapes and optical discs; fire extinguisher; spectacles and sunglasses; outdoor signboards of metal (luminous); encoded or magnetic bank credit, debit, cash and identification cards; automatic teller machines, cash dispensers; electronic book readers; toner cartridges, unfilled, for printers and photocopiers; baby monitors; video baby monitors; lens hoods; encoded key cards; 3D spectacles; memory cards for video game machines; digital media streaming devices, namely, set-top boxes, digital video recorders, MP3 players, MP4 players, computers, laptops, tablets, smart phones; on premise downloadable software that generates a deep learning model for protein function prediction based on a pre-trained model trained with vast amount of protein sequence, structure and function annotation data; computer software that generates a deep-learning model for protein function prediction based on a pre-trained model trained with vast amount of protein sequence, structure and function annotation data.

Services

Class 42

Scientific and technological services and research and design relating to semi-conductor, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, circuit chips, computer chips, CPU (central processing unit), RISC-V computer chips and central processing units, computer chips and central processing units with instruction set architecture; on-line authentication of electronic signatures; industrial analysis and research services in the field of computer hardware and software systems of others; technical project studies in the field of troubleshooting of computer hardware and software problems provided online, by email and by telephone; hosting a website that enables users to collaborate with others by allowing users to access computer software applications and platforms of others, jointly-shared documents of others, task lists of others, and discussion forums of others; design and development of computer hardware and software; research and development relating to semi-conductor, semi-conductor integrated circuits, semi-conductor memory chips, semi-conductor memory controllers, semi-conductor memory integrated circuits, semi-conductor processor chips, semi-conductor processors, microcontrollers, microcontroller units, low power microcontrollers, chips being integrated circuits, computer chips, CPU (central processing unit), RISC-V computer chips and central processing units, computer chips and central processing units with instruction set architecture; software as a service (SaaS) provider, namely, computer software applications for others for facilitating business transactions in the field of electronic commerce software for retail store services, wholesale store services and online trading services in which seller posts products

to be auctioned and bidding is done via the Internet, SaaS provider for technical support services in the form of troubleshooting of computer hardware and software, and troubleshooting of telecommunications, namely, satellite network, wireless computer network, telephone communications network, cable network and cellular network, electronic billing and payment processing services, providing virtual computer systems and virtual computer environments through cloud computing, namely, management of cloud computing systems and applications for others, cloud design and architecture maintenance and software for cloud storage and network management; computer support services [programming and software installation, repair and maintenance services] in connection with transmitting information, data, documents, and images over the Internet; application service provider (ASP) services, namely, hosting computer software applications of others; web portal services, namely, hosting an internet website portal containing an interactive computer database featuring movies programming, previews, trailers, sports, concerts, celebrity and entertainment news and other related information; application service provider (ASP) services for providing software in the fields of web-based conferencing, audio conferencing, electronic messaging, document collaboration, video conferencing, and voice and call processing; providing online non-downloadable software for facilitating the interoperability of multiple software applications; technical support services (programming and software installation, repair and maintenance services) provided online, by email and by telephone; computer support services [programming and software installation, repair and maintenance services] in relation to creating an online community for registered users to participate in discussions, get feedback from their peers, form virtual communities, engage in social networking, and exchange documents; computer technology advice on programming and software installations, repair and maintenance provided to Internet users by means of a support hotline; computer support services [programming and software installation, repair and maintenance services] relating to creating indexes of information, sites and resources on computer networks; providing search engines; design of computers, notebook computers, laptop computers, portable computers and handheld computers; design of personal digital assistants and personal media players; design of mobile telephones and smart phones; design of digital cameras; information technology (IT) services in the field of troubleshooting computer hardware and software problems providing online, by email and by telephone and computer peripherals design and technical consultancy relating to the aforesaid goods; computer support services, namely, programming and software installation, repair and maintenance services in connection with transmitting information, data, documents, and images over the Internet, in relation to design, maintenance and updating of computer system software; computer programming; computer system integration services; computer analysis services; computer programming in relation to the defence against virus; programming, installation, repair and maintenance of computer system software; providing direct connection computer network services between computer users for exchanging data, namely, providing temporary use of online non-downloadable software for the exchange of data; computer software design; computer system design; design and development of webpages; hosting webpages for others; hosting computer application software for searching and retrieving information from databases and computer networks; cloud computing provider services for general storage of data; providing on-line non-downloadable computer software and computer applications for streaming audio materials, video materials, videos, music and images; providing technical information in the field of computer software, computer hardware and computer programming at the specific request of end-users by means of telephone and global computer network; consultancy services in relation to computer software; design and development of search engines; design of computer codes; development of computer codes; coding of messages, namely, writing of computer code, computer code conversion for others, computer programming, coding and decoding; conversion of physical data and documents into electronic media format; material testing and evaluation services, testing of

computer programs, testing of computers, testing of computer installations; information services relating to information technology in the fields of Internet, world wide web and computerized communication network security and the secure transmission of data and information; computer security services (testing and risk assessment of computer programs); computer security services (testing and risk assessment of computer networks); providing quality assurance services in the field of computer and data security; computer technological services in relation to the verification of online business transactions; computer security services relating to providing access control to computers, electronic networks and databases; data security services (firewalls) relating to data transmission and of transactions via computer networks; consultancy in the field of computer security; technological consultancy in the field of computer security relating to securing computer network communications by means of a global computer network; computerized communication network security services; providing information in the fields of Internet, world wide web and computerized communication network security and computer security for the transmission of data and information; consulting services in the fields of Internet, world wide web and computerized communication network security services, information security services, computer security for the transmission of data and information; authentication services for computer security; online authentication of electronic signatures; off-site data backup; electronic storage of data; providing information on computer technology and programming via a website; cartography services; rental of entertainment software; architectural and design services; interior designing of buildings, offices and apartments; consultancy, information and advisory services relating to the aforesaid services; providing temporary use of online non-downloadable single sign-on software that generates a deep learning model for protein function prediction based on a pre-trained model trained with vast amount of protein sequence, structure and function annotation data.

Goods**Class 09**

Computer hardware for telecommunications; telecommunications apparatus and instruments, namely computer hardware for telecommunications; telecommunications apparatus and instruments, namely computer hardware for telecommunications; telecommunications apparatus, namely computer hardware for telecommunications for use with mobile networks; telecommunications devices in the nature of computer hardware; telecommunications equipment in the nature of computer hardware for use with mobile networks; computer hardware for connecting to telecommunications networks; downloadable telecommunications software for connecting to cloud servers; security tokens [encryption devices]; software for ensuring the security of electronic mail and electronic payments; software for providing data and communication security and authentication for network and device security; downloadable and recorded computer software for encryption of digital files; data encryption apparatus, namely external computer hard drives, electronic encryption units; encryption keys [encryption devices]; cloud servers; quantum computers; software for ensuring the security of electronic data; none of the aforesaid goods being data diodes for the purposes of encryption; none of the aforesaid in the fields of banking, lending and loans services, financial advice and investment management.

Services**Class 36**

(1) Financial services, namely, electronic transfer of crypto assets; financial transactions via blockchain, namely, cryptocurrency exchange services featuring blockchain technology; virtual currency services, namely, electronic transfer of virtual currencies; virtual currency transfer and exchange services; secure currency transfer and exchange services; crypto- and digital-currency exchange services; electronic payment services involving electronic processing and subsequent transmission of bill payment data; payment processing services in the field of credit card, tax, insurance payments; secure and encrypted payment processing services in the field of credit card, tax, and insurance payments; automated payment processing services, namely, bill payment services; electronic wallet payment services, namely, bill payment processing services provided

via an electronic wallet; clearing services for payment transactions, namely, Automated Clearing House (ACH) transaction processing services; acceptance of bills of exchange and providing information, ratings, reviews and recommendations relating to financial instruments via a web; information, advice and consultancy relating to all the aforesaid services; none of the aforesaid services involving the use of data diodes for the purposes of encryption; none of the aforesaid in the fields of banking, lending and loans services, financial advice and investment management.

Class 38

(2) Telecommunication services, namely data security services for the communication and securing of data; transmission of encrypted data for security over telecommunications networks; telecommunication services, namely, providing computer network access via fiber optic networks; mobile phone services for data security; providing access to a website providing users with secure remote access to private computer networks; transmission by means of computer terminals, telecommunication networks, wireless communications networks, the Internet, satellites, radio, telegraphs and telephones of encrypted data relating to businesses and individuals; telecommunications consultancy services in the field of data security; providing users with secure remote access between the internet, virtual private computer networks, global computer networks; telecommunication services, namely providing secure remote access via satellite to private computer networks; providing access to databases via telecommunications networks; providing multiple user access to a global computer information network for the transfer and dissemination of a wide range of information; providing access to data security services via fiber optic networks, wireless communication networks and cable networks; providing access to data security services via the internet, intranet and extranet; telecommunications services, namely, personal communication services; providing multiple user access to global computer network for secure transfer of data relating to individuals and businesses; transmission of encrypted communications, namely providing end-to-end security services for messages, file sharing of documents across computer and mobile operating systems; distribution of secure communications, namely providing electronic transmission of secure e-mail; transmission of encrypted communications via quantum optic satellites using an encoded quantum key for providing end-to-end data and communication security; secure transmission of encryption keys, namely, electronic transmission of virtual currency data featuring encryption and decryption via the internet; providing users with secure access to data via the internet, namely, internet access provider services; providing electronic transmission for contactless acceptance of digital bills of exchange and other digital financial instruments via a computer network; providing users with secure electronic access to digital bills of exchange and other digital financial instruments via a computer network; information, advice and consultancy relating to all the aforesaid services; none of the aforesaid services involving the use of data diodes for the purposes of encryption.

Class 42

(3) Telecommunications hardware engineering; telecommunications software engineering; computer programming services for electronic data security; monitoring of computer systems for detecting unauthorized access or data breach; IT security services in the nature of protection and recovery of computer data; providing data security services for computer networks, detecting unauthorized computer access and protection of financial transactions; encryption, decryption and user authentication of information, messages and data using single sign-on technology for online software applications; data encryption and decoding services; data encryption services; cryptography services, namely, data encryption services; cloud computing providing software for database management; cloud hosting provider services; design and development of operating software for cloud computing networks; quantum computing services; computer security threat analysis for protecting data; design and development of electronic data security systems; data

decryption services; design, development and testing of computing methods, algorithms and software; design and development of quantum algorithms; computer hardware engineering; computer software engineering; engineering services in the field of data processing software; providing user authentication services for securing financial transactions using blockchain technology; certification of financial transaction data via blockchain; blockchain as a service, namely, providing user authentication services using blockchain-based software technology for cryptocurrency transactions; software as a service (SaaS) services, namely, software for encryption of cryptocurrency and digital currencies; providing software as a service offering software for accepting and processing of bills of exchange and other financial instruments; information, advice and consultancy relating to all the aforesaid services; none of the aforesaid services involving the use of data diodes for the purposes of encryption; none of the aforesaid in the fields of banking, lending and loans services, financial advice and investment management.

Charging stations for electric vehicles; electric vehicle charging hubs being multiple charging stations for electric vehicles; electric vehicle charging apparatus, instruments and infrastructures being electric vehicle chargers and charging stations for electric vehicles; solar panels; solar panel arrays; solar batteries; solar modules being photovoltaic modules; solar panels; solar wafers; solar cells; solar battery chargers; solar cell panels; photovoltaic solar modules; solar-powered rechargeable batteries; solar panels for electricity generation; solar cells for electricity generation; solar batteries for industrial use; solar panels for production of electricity; solar energy collectors for electricity generation; solar panels for the production of electricity; electric power switch panels; electric control panels; electrical control panels; electric panel connectors; electric operation control panels; electric power distribution panel board units; electronic sensors for measuring solar radiation; inverters used in solar power generation; photovoltaic installations for generating solar electricity; photovoltaic cells for converting solar radiation to electrical energy; Batteries, namely, lead acid batteries, D-cell batteries, lithium-ion batteries, solar batteries, and nickel-cadmium storage batteries; batteries, electric, for vehicles; battery chargers, namely, chargers for general purpose batteries, chargers for electric vehicle batteries, lithium-ion battery chargers, and solar-powered battery chargers; battery testing apparatus being battery testers; accumulators being electrical storage batteries; solar-powered battery chargers; uninterruptible power supply apparatus [battery]; electric batteries for powering electric vehicles; electrical distributors, namely, electric power distribution units; electric control devices for energy management, namely computer hardware and software for controlling energy management systems for electric vehicles; apparatus for generating and conserving energy, power, electricity and heat in the nature of solar power towers, solar panels, solar cells, and solar batteries; fuel cells; electric converters and transformers; parts and fittings for all the aforesaid goods.

Services**Class 35**

(1) Business management, business organization management and administration; office functions services, namely, office administration; business operation of solar car parks; retail services in relation to energy, namely, solar-powered battery chargers and electric power generation equipment; wholesale services in relation to energy, namely, solar-powered battery chargers and electric power generation equipment; purchasing services, namely, procurement of contracts for the purchase and sale of goods; billing; billing services in the field of charging of electric vehicles; business operating management of solar car parks; advisory, consultancy and information services relating to all the aforesaid.

Class 36

(2) Financial management services; real estate management; project financing; financing and funding of solar car parks; financing of product development; consultancy concerning financing of energy projects; leasing of land; advisory, consultancy and information services relating to all the aforesaid.

Class 37

(3) Building construction services of electric vehicles charging stations; charging and recharging services for electric vehicles; vehicle battery charging; solar charging of electric vehicles; installation construction, repair and maintenance of solar panels; installation, construction, repair and maintenance of non-residential solar panel power systems; installation, construction, repair and maintenance of solar car parks and pop-up mini solar car parks; insulation services in the nature of installation of building insulation of electric vehicles charging stations; installation, repair and maintenance of apparatus and instruments for generating or conserving energy, power, solar power, electricity and light, namely, solar panels, solar wafers, solar cells, solar battery chargers, solar cell panels, photovoltaic solar modules, solar-powered rechargeable batteries, solar panels for electricity generation, solar cells for electricity generation, solar batteries for industrial use, solar panels for production of electricity, solar energy collectors for electricity generation, solar panels for the production of electricity; construction services, namely, site grading; supervising and managing building site development; on-site project management in the field of building construction of electric vehicles charging stations; on-site project management of solar car parks; preparation of a site for the installation of a solar car park; construction of a site for a solar car park; advisory, consultancy and information services relating to all the aforesaid.

Class 39

(4) Provision and operation of solar car park installations and facilities; provision and operation of solar park installations and facilities; provision and operation of solar car parks and solar car park facilities; distribution of energy, namely transmission and distribution of electrical and solar energy; distribution of renewable energy, namely transmission and distribution of electrical and solar energy; storage of energy, namely, installation of energy storage platforms for third parties; supply of electricity, namely, public utility services in the form of electricity distribution; leasing of solar car parks; rental of solar car parks and pop-up mini solar car parks; rental of equipment for use in solar car parks and pop-up mini solar car parks; advisory, consultancy and information services relating to all the aforesaid.

Class 42

(5) Scientific and technological research industrial design relating thereto all in the field of renewable energy resources; industrial analysis in the field of renewable energy resources; research and design in the field of electrical engineering; Providing quality control services in the field of electric vehicles charging stations construction industry; Electrical engineering consultancy; industrial design consultancy; technological consultancy for generating solar electricity and converting solar radiation to electrical energy; consultancy in the field of energy saving;

technological consultancy in the field of energy production; design of solar car parks; design services relating to energy and power generation and energy and power production facilities; advisory, information and consultancy services in the fields of energy power supply, electricity, renewable energy and efficient consumption of energy; electric energy and solar energy monitoring services; preparation of reports relating to technical project studies for projects in the field of renewable energy resources; research services relating to alternative energy power generation, solar power, and renewable energy resources; advisory, consultancy and information services relating to all the aforesaid.

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of a brown circular logo outlined in white with the word PRETZELIZED appearing inside the top of the circle and SNACKS appearing inside the bottom of the circle, with the words "PRETZELIZED" and "SNACKS", all of the wording in white capital letters in a sans serif font. A second brown circle outlined in white appears in the middle of the larger circle with the image of an orange pretzel in the middle featuring white on the pretzel to show three-dimensionality. Between the inner and outer circles there are white stylized images of wheat between the first letters of "PRETZELIZED" and "SNACKS" and the last letters of "PRETZELIZED" and "SNACKS".

Goods

Class 29

(1) Potato chips; Vegetable chips; Nut-based snack foods; Potato-based snack foods; Seed-based snack foods; Vegetable-based snack food.

Class 30

(2) Cheese-flavored corn snacks; Cheese flavored snacks, namely, cheese curls; Cheese flavored snacks, namely, puffed cheese balls; Cheese flavored puffed corn snacks; Crackers; Puffed corn snacks; Bagel chips; Cereal-based snack food; Corn chips; Corn-based chips; Corn-based snack foods; Flour-based chips; Flourbased snack foods; Grain-based chips; Grain-based snack foods; Pita chips; Rice chips; Rice crackers; Ricebased snack food; Seasoned crackers; Snack mix consisting primarily of crackers; Snack mix consisting primarily of popped popcorn; Tortilla chips; Wheat-based snack foods; Wonton chips.
