Trademark Description

The mark consists of vertical lines design depicting letter "T" in which no lines are touching.

Goods

Class 07

(1) Winches; travel winch; power winch; winch motor.

Class 09

(2) Cameras; underwater cameras; video cameras; digital cameras; apparatus for recording, transmission, processing and reproduction of sound, images or data, namely video recorders; sensors for measuring concentrations of chemicals in water; temperature sensors; pressure sensors; pollutant sensors; digital weather station instruments; sensors to measure water quality; a mesh network of sensors, specifically, temperature, water quality, and pollution sensors, that records, measures, surveys, processes, tracks, and reproduces data, video, images, sounds, and measurements and wirelessly transmits the data, video, images, sounds, and measurements to a computer; sensor and measurement apparatus, namely, computer hardware, downloadable software, sensors for measuring concentrations of chemicals in water, temperature sensors, pressure sensors, pollutant sensors, and sensors to measure water quality all for monitoring, detecting, data collection, storage, reporting, auditing, tracking and predicting farming conditions, environmental factors, conditions relevant to animal growth and reproduction, biodiversity

quantification, carbon emissions, carbon sequestration, decarbonization, carbon offsetting, and the detection and filtration of microplastics; wireless adapters used to link computers to a telecommunications network, namely computer network adapters; electronic navigational and positioning apparatus and instruments, namely satellite navigation devices, satellite navigation systems, and navigational apparatus for vehicles in the form of on-board computers; downloadable software in the nature of a mobile application for use in recording, measuring, surveying, processing, tracking, organizing, optimizing, sorting, playing, receiving and transmitting data, videos, images, sounds, and measurements taken from computer hardware, temperature sensors, water quality sensors, pollution sensors, and video recorders, namely, software for monitoring, analyzing, and tracking water quality for aquaculture and research purposes; downloadable software using artificial intelligence (AI), machine learning, deep learning, and remote sensing for monitoring, analyzing, and tracking water quality, environmental data, and fish health and behavior in the fields of marine research, oceanographic research, carbon emissions research, carbon sequestration research, decarbonization research, carbon offsetting, biodiversity quantification, microplastics research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; downloadable computer software for detecting, analyzing, and providing reports relating to marine research, oceanographic research, carbon emissions, carbon sequestration, decarbonization research, carbon offsetting, biodiversity quantification, microplastics, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; downloadable computer simulation software for modeling bodies of water and marine environments; downloadable software for optimizing maritime ship routes; downloadable software for use in data analytics, data virtualization, predictive business analytics, business intelligence, and machine learning to process and analyze water quality data, environmental data, and fish health and behavior data in the fields of marine research, oceanographic research, carbon emissions research, carbon sequestration research, decarbonization research, carbon offsetting, biodiversity quantification, microplastics research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling.

Class 12

(3) Underwater drones; remotely operated vehicle (ROV) for use underwater for surveying, inspection, marine research, carbon emissions research, carbon sequestration research, decarbonization research, carbon offsetting, biodiversity quantification, microplastics research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling.

Services

Class 42

Design of computer software for use in the fields of marine research, oceanographic research, carbon emissions research, carbon sequestration research, decarbonization research, carbon offsetting, biodiversity quantification, microplastics research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; scientific and technological services, namely, research, analysis, and testing in the fields of marine research, oceanographic research, carbon emissions research, carbon sequestration research, decarbonization research, carbon offsetting, biodiversity quantification, microplastics research, oceanic health, ocean sustainability, aquaculture, fish farming, fish handling; design, installation, updating and maintenance of computer software; computer software consulting services in the field of providing on-line, non-downloadable software and applications; providing on-line non-downloadable cloud computing software using artificial intelligence (AI), machine learning, deep learning for remote sensing for monitoring, analyzing, and tracking water quality, environmental data, and fish health and behavior in the fields of marine research, oceanographic research, carbon emissions research, carbon sequestration research, decarbonization research, carbon offsetting, biodiversity quantification,

microplastics research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; software as a service (SaaS) services featuring software using artificial intelligence (AI), machine learning, deep learning, and remote sensing for monitoring, analyzing, and tracking water quality, environmental data, and fish health and behavior in the fields of marine research, oceanographic research, carbon emissions research, carbon sequestration research, decarbonization research, carbon offsetting, biodiversity quantification, microplastics research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; platform as a service (PaaS) services featuring software using artificial intelligence (AI), machine learning, deep learning, and remote sensing for monitoring, analyzing, and tracking water quality, environmental data, and fish health and behavior in the fields of marine research, oceanographic research, carbon emissions research, carbon sequestration research, decarbonization research, carbon offsetting, biodiversity quantification, microplastics research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; providing on-line non-downloadable software for optimizing maritime ship routes; software as a service (SaaS) services featuring software for optimizing maritime ship routes; platform as a service (PaaS) services featuring software for optimizing maritime ship routes; providing temporary use of online non-downloadable simulation software for modeling bodies of water and marine environments; software as a service (SaaS) services featuring software for modeling bodies of water and marine environments; platform as a service (PaaS) services featuring software for modeling bodies of water and marine environments; providing on-line non-downloadable software for detecting, analyzing, and providing reports on marine research, oceanographic research, carbon emissions, carbon sequestration, decarbonization research, carbon offsetting, biodiversity quantification, microplastics, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; software as a service (SaaS) services featuring software for detecting, analyzing, and providing reports on marine research, oceanographic research, carbon emissions, carbon sequestration, decarbonization research, carbon offsetting, biodiversity quantification, microplastics, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; platform as a service (PaaS) services featuring software for detecting, analyzing, and providing reports on marine research, oceanographic research, carbon emissions, carbon sequestration, decarbonization research, carbon offsetting, biodiversity quantification, microplastics, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; technology research in the field of marine research, oceanographic research, carbon emissions and sequestration research, decarbonization research, carbon offsetting, biodiversity research, microplastics research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; technological planning and consulting services in the fields of marine research, oceanographic research, carbon emissions and sequestration research, decarbonization research, carbon offsetting, biodiversity research, microplastics research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; underwater survey services in the fields of marine research, oceanographic research, carbon emissions and sequestration research, decarbonization research, carbon offsetting, biodiversity research, microplastics research, oceanic health, sustainability, aquaculture, fish farming, and fish handling; providing advice relating to reducing carbon emissions, carbon sequestration, decarbonization, carbon offsetting, biodiversity quantification, and microplastic detection, filtration, and elimination; design of computer-simulated models; computer modeling services, namely providing non-downloadable computer software for use in modeling in the fields of artificial intelligence, deep learning, and machine learning; scientific, engineering, and technology research, development, and consultation services in the fields of marine research, oceanographic research, carbon emissions research, carbon sequestration research, decarbonization research, carbon offsetting, biodiversity quantification, microplastics research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling namely, modeling

and simulating bodies of water and marine environments; technical support services, namely, troubleshooting of computer software problems; computer technical support services, namely, 24/7 computer help desk services and help desk services for IT infrastructure, operating systems, database systems, and web applications; providing online non-downloadable software for use in data analytics, data virtualization, predictive business analytics, business intelligence, and machine learning to process and analyze water quality data, environmental data, and fish health and behavior data in the fields of marine research, oceanographic research, carbon emissions research, carbon sequestration research, decarbonization research, carbon offsetting, biodiversity quantification, microplastics research, oceanic health, ocean sustainability, aquaculture, fish farming, and fish handling; marine surveying services and data analysis in connection therewith; computer systems analysis.

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of the following elements: an incomplete circle with blue (PANTONE* 19-3933 TPX) upper and left parts, and a red (PANTONE* 19-1757 TPX) lower right part. The term FUSALP is black (PANTONE* 19-4006 TPX) and appears near the centre of the circle. A stylized letter F appears in black (PANTONE* 19-4006 TPX) above the term and overlapping the top of the circle on a stylized bird design with a red tail (PANTONE* 19-1757 TPX) and a blue head (PANTONE* 19-3933 TPX); all on a white background (PANTONE* 11-0601 TPX). *PANTONE is a registered trademark.

Goods

Class 09

(1) Eyewear namely eyeglasses, sunglasses, snow goggles, eyeglass cases, leather eyeglass cases, sports eyewear, namely glacier sunglasses, ski goggles, sports glasses; protective helmets for sports; eyeglass cases; glacier sunglasses; ski goggles; sunglasses; sports glasses; eyeglasses; snow goggles; leather eyeglass cases; leather cases for telephones; diving masks; diving goggles; diving suits; diving equipment, namely diving masks, diving goggles, diving suits.

Class 18

(2) Luggage; leather cases for keys; trunks and suitcases; attaché cases; purses, namely handbags; bags, namely leather travel bags; sports bags; travel bags; travel bags [leatherwork items]; backpacks; parasols.

Class 24

(3) Bath sheets; bath towels; beach towels.

Class 25

(4) Sports clothing; ski anoraks; anoraks [parkas]; after-ski boots; sports footwear; leather hats; hats made of thermal textile materials; hats for children; articles of clothing, footwear and hats for babies and toddlers; windbreakers; headbands [clothing]; blousons; hosiery; ski hats; boots; ankle boots; mufflers; ski hoods; caps; hats; socks; soft slippers; mountaineering shoes; hiking shoes; ski shoes; after-ski shoes; sports shoes; shirts; blouses; tights; ski suits; wind suits; snowsuits; earmuffs [apparel]; sashes; scarves; tapered pants; gloves [apparel]; vests; sports vests; skirts; leggings [pants]; coats; mitres being hats; pants; ski pants; snowboard pants; sports pants; slippers; parkas; balaclavas; pullovers; dresses; bags specially adapted for ski shoes; ski bibs; sports shorts; shorts; sports shoes; underwear; T-shirts; jackets; sports jackets; skiwear; basketball shoes; trench coats; wind suits, ski suits; cap peaks; neck bands, namely neck warmers, scarves; fur hats; bathing suits; knit pullovers and tops; belts [apparel]; bathrobes; swimming outfits, namely swimming caps; beach wraps; beachwear; sundresses; beach dresses; beach hats; beach shoes; flip-flops; sandals; bathing caps.

Class 28

(5) Sports masks.

Trademark Description

The trademark consists of a layered design, with two black horizontal lines in the background; In the foreground, there is a triangle divided into three smaller colored triangles: red, orange and blue; The black word "strateg" in capital letters is displayed in front of the triangle, with the letter "a" against a white background; The remaining letters are displayed without a background.

Colour Claim

Colour is claimed as a feature of the trademark. The colour(s) black, white, blue, red, and orange is /are claimed as a feature of the mark. The mark consists of the stylized wording "STRATEG", with the letters "STR" and "TEG" shaded in black and the letter "A" shaded in black and outlined in black and white. Behind this wording is placed a design of a triangle divided into three smaller triangular-shaped sections, one section in blue, another in red, and another in orange. The triangle is outlined in black, as is each of the individual sections comprising the triangle. The center of the triangle is shaded in white. Two black horizontal lines are also shown, each line placed behind the triangle design, and the top line placed above the wording in the mark and the bottom line placed below the wording in the mark.

Colour Claim

Colour is claimed as a feature of the trademark. The words "circular" and "materials", apart from the dots above the "i"s, are a dark shade of cyan-blue (PMS 7693). The C Design features a colour gradient that transitions top to bottom from a lighter shade of cyan-blue (PMS 7688) at the top through a medium dark shade of cyan blue (PMS 7691) at the bottom. The dots above the "i"s in each of the words "circular" and "materials" are a lighter shade of cyan-blue (PMS 7688).

Services

Class 35

(1) Promoting public awareness of the benefits of recycling blue box materials namely post-consumer discarded paper, cardboard, glass, rigid and flexible plastics and metal; public advocacy to promote awareness of benefits of recycling blue box materials namely post-consumer discarded paper, cardboard, glass, rigid and flexible plastics and metal; advertising services to promote public awareness and influence consumer behaviour concerning recycling blue box materials namely post-consumer discarded paper, cardboard, glass, rigid and flexible plastics and metal; association services to support producers of consumer packaging and paper in meeting recycling regulation requirements, including collection, management, processing, promotion, education and reporting; association services for promoting the public interest in recycling blue box materials namely post-consumer discarded paper, cardboard, glass, rigid and flexible plastics and metal and awareness of recycling programs for blue box materials namely post-consumer discarded paper, cardboard, glass, rigid and flexible plastics and metal; managing and administering a program where used packaging and paper materials are collected, recycled and returned to producers for

use as recycled content in new products and packaging; development of recycling collection systems and the rules for its operation on behalf of producers of consumer packaging and paper; data management services for reporting supply and recycling performance to regulators.

Class 39

(2) Collection and transportation of blue box materials namely post-consumer discarded (i) product packaging, such as containers for ready-to-drink beverage products made from metal, glass, paper or rigid plastic, or any combination of those materials, glass containers, metal containers, rigid plastics containers, flexible plastics packaging materials such as plastic bags, plastic film, plastic wrap, plastic pouches, glass, (ii) paper products, namely newspapers, magazines, promotional publications, directories, catalogues, paper used for copyright, writing and printing, and cardboard, (iii) materials used for the containment, protection, handling, delivery, presentation or transportation of products ordinarily disposed of after a single use, including aluminum foil, metal trays, plastic films, plastic wrap, wrapping paper, paper bags, beverage cups, plastic bags, cardboard boxes and envelopes, (iv) products supplied with food or beverage products that facilitate their consumption and are ordinarily disposed of after a single use, such as straws, cutlery and plates, and (v) compostable products and packaging.

Class 40

(3) Recycling of blue box materials namely post-consumer discarded (i) product packaging, such as containers for ready-to-drink beverage products made from metal, glass, paper or rigid plastic, or any combination of those materials, glass containers, metal containers, rigid plastics containers, flexible plastics packaging materials such as plastic bags, plastic film, plastic wrap, plastic pouches, glass, (ii) paper products, namely newspapers, magazines, promotional publications, directories, catalogues, paper used for copyright, writing and printing, and cardboard, (iii) materials used for the containment, protection, handling, delivery, presentation or transportation of products ordinarily disposed of after a single use, including aluminum foil, metal trays, plastic films, plastic wrap, wrapping paper, paper bags, beverage cups, plastic bags, cardboard boxes and envelopes, (iv) products supplied with food or beverage products that facilitate their consumption and are ordinarily disposed of after a single use, such as straws, cutlery and plates, and (v) compostable products and packaging; recycling of consumer packaging namely post-consumer discarded (i) product packaging, such as containers for ready-to-drink beverage products made from metal, glass, paper or rigid plastic, or any combination of those materials, glass containers, metal containers, rigid plastics containers, flexible plastics packaging materials such as plastic bags, plastic film, plastic wrap, plastic pouches, glass, (ii) paper products, namely newspapers, magazines, promotional publications, directories, catalogues, paper used for copyright, writing and printing, and cardboard, (iii) materials used for the containment, protection, handling, delivery, presentation or transportation of products ordinarily disposed of after a single use, including aluminum foil, metal trays, plastic films, plastic wrap, wrapping paper, paper bags, beverage cups, plastic bags, cardboard boxes and envelopes, (iv) products supplied with food or beverage products that facilitate their consumption and are ordinarily disposed of after a single use, such as straws, cutlery and plates, and (v) compostable products and packaging and paper materials; processing of blue box materials namely post-consumer discarded (i) product packaging, such as containers for ready-to-drink beverage products made from metal, glass, paper or rigid plastic, or any combination of those materials, glass containers, metal containers, rigid plastics containers, flexible plastics packaging materials such as plastic bags, plastic film, plastic wrap, plastic pouches, glass, (ii) paper products, namely newspapers, magazines, promotional publications, directories, catalogues, paper used for copyright, writing and printing, and cardboard, (iii) materials used for the containment, protection, handling, delivery, presentation or transportation of products ordinarily disposed of after a single use, including aluminum foil, metal trays, plastic films, plastic

wrap, wrapping paper, paper bags, beverage cups, plastic bags, cardboard boxes and envelopes, (iv) products supplied with food or beverage products that facilitate their consumption and are ordinarily disposed of after a single use, such as straws, cutlery and plates, and (v) compostable products and packaging.

Class 41

(4) Education and training in the field of recycling blue box materials namely post-consumer discarded paper, cardboard, glass, rigid and flexible plastics and metal; educational demonstrations in the field of recycling blue box materials namely post-consumer discarded paper, cardboard, glass, rigid and flexible plastics and metal.

Class 09

Computer hardware; content libraries, namely, downloadable electronic data files for use in storing content to be retrieved and distributed within documents; downloadable software for installation in the permanent storage of a computer, for creating and organizing tables of authorities for legal briefs and other documents; downloadable computer software for storing, analyzing, and preparing legal documents; downloadable computer software for document and email management; downloadable computer software that allows users to share legal and commercial documents and emails; downloadable computer software for document and email version management, and preventing version proliferation of the same document in the document management store; downloadable computer software for improving third party computer systems for document management and respective computer user manuals in electronic format; downloadable computer software for change management in documents; document lifecycle management software, namely, downloadable computer software for creating and editing tables of authority; downloadable computer software for drafting business files namely, commercial and legal documents; downloadable plug-in software for use in storing, retrieving, and distributing content within documents and within word processing software; downloadable computer software for collaborative documents creation and editing; downloadable computer software for improving the features and functionality of computer software for others designed for creating, editing, printing, publishing, collecting, storing, and protecting of audiovisual content through use of spreadsheets software, word processing software, graphical user interfaces software, and interactive graphical user interfaces software; downloadable computer software application for automated word processing and automated text editing; downloadable computer software for the checking of cross references and defined terms and clauses in a document, namely, by creating a visible dialogue between defined terms contained in a document and the glossary and displaying any defined terms that are not used in a document, as well as highlighting and offering corrections for any cross references that refer to a clause not contained in a document or changed in a document; downloadable computer software for document management and user manuals therefor; downloadable computer software for managing business processes associated with the shipment

of packages; downloadable computer software for generating shipping manifests; downloadable computer software for tracking shipments; downloadable computer software for integrating shipping processes with electronic mail, groupware, and customer relationship management systems and databases; downloadable computer software for integrating shipping processes with cost allocation and cost recovery systems and databases; downloadable computer software for business accounting; downloadable computer software for processing vendor invoices and user manuals supplied as a unit with aforementioned computer software; downloadable computer software for document comparison to compare similarities or differences between versions of the same document or different documents, for editing documents and comparing edited documents, and for sharing of documents among users and user manuals supplied as a unit therewith; downloadable computer software for content security leak prevention and risk assessment namely, downloadable computer security software for network vulnerability assessment and downloadable computer software for data security; operating and user instructions for computer software stored on digital storage media; downloadable computer software for document management in the fields of law, life sciences, and business management; data processing equipment and computers namely, printers, scanners, plotters, computers, computer hardware for data processing, card punching and sorting machines for data processing; downloadable computer software to remove data relating to data, namely, to remove, store, or hide structural metadata, descriptive metadata, technical metadata, process metadata, business metadata, internal metadata, and administrative metadata on portable digital medium or in memory of a portable device; downloadable computer software for processing and classification into categories of the unstructured natural language bit of time entries for business service providers; downloadable computer software for business service providers for the analysis of the time spent on activities, including consultancy activities, declarable and non-declarable hours, costs and expenses, and the use thereof to draw up cost estimates and perform profitability and productivity analysis for others; downloadable computer software for collaborative work on business documents and creating, comparing, cleaning, and converting digital files across the entire content lifecycle; downloadable computer software for drafting and ensuring content quality standards in business files namely, commercial and legal documents; downloadable plug-in software for use in proofreading text, applying rules of grammar and punctuation to text, checking the spelling of text, editing text, and providing reports that contain descriptions and explanations of errors and improvements; downloadable plug-in software for use in tracking changes in files, namely, documents, spreadsheets, presentations, emails, images, and web content; downloadable plug-in software for use in scrubbing extracting metadata from digital files; downloadable computer interactive software for transmitting, analyzing, and evaluating data in the field of intellectual property and generating reports; downloadable computer software for transmitting, analyzing, and evaluating data in the field of intellectual property and generating reports via the internet; downloadable computer software to extract and store metadata from computer and internet servers, laptops, and desktop computers; downloadable computer software for document comparison and computer user manuals in electronic format.

Services

Class 35

(1) Business data analysis in the field of financial management and legal services; business research and business information services in the field of economic forecasting and analysis and legal services; compilation, systematization, updating, maintenance and management of business data in computer databases; compilation and analysis of business data for law firms; compiling and analyzing statistics for business purposes; cost price analysis; financial statement preparation and analysis for businesses; market research and business analysis and consultancy thereon; price comparison services; providing commercial information in the field of legal services; business

administration; business management; advisory services relating to business analysis and business research services; data collection and processing for others in the field of legal services; providing analysis of commercial data in the field of legal services; compilation, systematization, updating, maintenance and management of electronic data in computer databases; consultancy services in regard to business data analysis; statistical analysis services for business purposes; financial statement preparation and analysis for businesses; providing office functions for others namely, business administration consultancy, secretarial services, receptionist services, photocopying services, invoicing services

Class 36

(2) Financial analysis services via computer networks and the internet; preparation and financial analysis of financial reports; preparing financial reports for others.

Class 41

(3) Conducting training courses on the use of downloadable computer software for document management in the fields of law, life sciences, and business management; conducting training courses on the use of computer software for collaborative work on business documents and creating, comparing, cleaning, and converting digital files across the entire content lifecycle.

Class 42

(4) Application service provider (ASP) services for hosting the computer software applications of others; application service provider (ASP) services featuring software for managing electronic data storage for use in reviewing and summarizing business documents, personal documents and corporate documents; computer programming and software design to remove data relating to data, namely, to remove, store, or hide structural metadata, descriptive metadata, technical metadata, process metadata, business metadata, internal metadata, and administrative metadata on a server, a laptop computer, a desktop computer, a portable digital medium, or in the memory of a portable device; computer programming for others, computer software design for others, and consulting services in the field of computer software development; computer services, namely, providing temporary use of on-line non-downloadable interactive software for transmitting, analyzing, and evaluating data in the field of intellectual property and generating reports; computer software development; consulting services in the field of software as a service and computer software; design and development of software for data and multimedia content conversion from and to different protocols; design and development of software for processing and distribution of multimedia contents; design and development of computer hardware and software; design and development of software for multimedia data storing and recalling; developing, maintaining, and updating computer software; development of computing platforms for third parties and information, advisory and consultancy services relating to the aforesaid; design services relating to the reproduction of documents; design, development and consulting services in the field of computer software to enhance and add benefits, features, and functionality to other software designed for authoring, editing, printing, publishing, collection, storage, and protection of audiovisual data and information through use of spreadsheets, word processing, graphical interfaces, and interactive interfaces; design and development of software to remove data relating to data, namely, to remove, store, or hide structural metadata, descriptive metadata, technical metadata, process metadata, business metadata, internal metadata, and administrative metadata on a server, a laptop computer, a desktop computer, a portable digital medium, or in the memory of a portable device; digitization of documents; document data transfer from one computer format to another; electronic data storage, namely, archiving business documents, personal documents and corporate documents; hosting online web facilities for others for sharing online content; hosting on-line web facilities for others for managing and sharing on-line content; implementation of software;

installation and maintenance of computer software; industrial analysis and industrial research services in the fields of legal services, life sciences, and business management; providing software as a service, namely, for providing online non-downloadable computer software for document management, online non-downloadable computer software for document comparison to compare similarities or differences between versions of the same document or different documents, and online non-downloadable computer software for editing documents and comparing edited documents, and computer software for sharing of documents among users; technical support in the nature of troubleshooting to diagnose computer software problems; providing quality control consultancy for the computer software development industry; providing online non-downloadable software featuring proprietary algorithms for transmitting, analyzing, and evaluating data in the field of intellectual property and generating reports; providing temporary use of on-line non-downloadable software to store, manage, track, analyze, communicate, collaborate, and report on data, personnel and process workflow in the legal services industry; providing online non-downloadable software for collaborative work on business documents and creating, comparing, cleaning, and converting digital files across the entire content lifecycle; providing on-line non-downloadable computer software for business intelligence and financial analysis via a website; providing online non-downloadable computer software to facilitate team and employment document collaboration via a global computer network; providing an on-line non-downloadable electronic database in the field of time entry based practice management information; providing temporary use of non-downloadable computer software for preparing shipping documents over computer networks, intranets and the internet; providing temporary use of non-downloadable software that allows users to share multimedia content and upload reviews and complaints regarding the multimedia content; providing temporary use of online non-downloadable software for business profit and financial analysis; providing on-line non-downloadable software tools for FCC regulation compliance management via a website; research and consultancy relating to the aforesaid services; scientific and technological services, namely, research and design in the field of artificial intelligence, natural language processing and machine learning; scientific and technological services and research and design relating to software design and development; software authoring; computer software design; software as a service (SaaS), namely, providing on-line non-downloadable computer software for document management, for document comparison to compare similarities or differences between versions of the same document or different documents, for editing documents and comparing edited documents, for sharing of documents among users, and for content security leak prevention and risk assessment; software as a service (SaaS) services featuring software for real-time analysis of the time spent on consultancy and research services provided in the field of customer service and time management; software as a service (SaaS) services featuring software for drafting and ensuring content quality standards in business files; software as a service (SaaS) services featuring software for use in proofreading text, applying rules of grammar and punctuation to text, checking the spelling of text, editing text, and providing reports that contain descriptions and explanations of errors and improvements; software as a service (SaaS) services featuring software for use in tracking changes in files, namely, documents, spreadsheets, presentations, emails, images, and web content; software as a service (SaaS) services featuring software for analysis, in particular in the field of analysis the time spent on activities, including consultancy activities, billable and non-billable hours, costs and expenses; updating of computer programs for third parties; database design and development and design and development of data entry systems for data files.

Oorja

Trademark Type

Standard Characters

Foreign Character Translation

The translation provided by the applicant of the Indian word(s) Oorja is a Sanskrit word that means "energy, power, strength, vitality, vigor, and force." It is derived from the root word urj, which means "to be strong, vigorous, or powerful." It is often used to refer to the vital energy that sustains life, as well as the physical and mental energy that we need to function. It is also associated with the sun, which is a source of light and heat that provides us with energy. In the context of Indian philosophy, Oorja is one of the three gunas, or qualities, of nature.

Colour Claim

Colour is claimed as a feature of the trademark. The colours orange, white and black are claimed as features of the trademark. The mark consists of the slanted text "HOME DEPOT" in white stenciled lettering inside an orange box. Next to this box is an orange partial outline of a rectangle enclosing the stylized word "KIDS" where each letter is in a different color, from left to right, in the color orange, blue, green, and then red, above the word "WORKSHOPS" in black.

(2) arranging and conducting conferences, workshops, and seminars in the fields of marketing, entrepreneurship, and women in business; arranging and providing education, instruction, coaching, workshops, courses, and conferences, all in the fields of personal branding, leadership and professional development, interpersonal communications, team-building, advertising, marketing and distribution of training material in connection therewith; art-based educational program for teaching mindfulness, stress management, and creativity to boost mental health, provided via a website; educational services in the field of financial planning, stock market trading, cryptocurrency trading and financial management; educational services in the fields of business administration, business management, stakeholder engagement, marketing, advertising, human resources and insurance; educational services, namely, courses and workshops in the field of business marketing; educational services, namely, courses and workshops in the field of digital marketing; educational services, namely, courses and workshops in the field of website design; educational services, namely, development and provision of educational courses in the fields of marketing; entertainment in the form of a children's animated show provided over a website; entertainment services, namely, providing non-downloadable animated videos and animated films via a website; entertainment services, namely, providing non-downloadable music videos via a website; entertainment services, namely, providing non-downloadable trailers for movies, television shows and video games via a website; entertainment web television shows offered via a website; film directing, other than advertising films; film production, other than advertising films; holistic assertiveness training provided by way of a website; organization of online contests in the field of curling via an interactive website; providing analysis and commentary in the field of sports via podcasts, television shows, blogs and websites via the internet; providing business news and commentary in the field of building, renovation, and construction via a website; providing education via non-downloadable podcasts in the field of educational courses in the fields of marketing; providing educational information about benefits of medical cannabis and research related to medical cannabis and marijuana via a website; providing educational information and articles in the field of gardening via a website; providing educational information and downloadable training videos via a website featuring an art-based program for teaching mindfulness, stress management, and creativity to boost mental health; providing educational information and information on cultural events in the fields of architecture and design via a website; providing educational information for youth containing topics of instruction in reading and phonics via an interactive website; providing educational information in the field of building automation and building design via a website; providing educational information in the field of building, renovation, and construction via a website; providing educational information in the field of cannabis via a website; providing educational information in the field of French language training via a website; providing educational information in the field of genetic testing for medical purposes via a website; providing educational information in the field of heavy equipment via a website; providing

educational information in the field of indications and effects of particular cannabis strains via a website; providing educational information in the field of licensing for micro-cultivation, micro-processing, and nursery via a website; providing educational information in the field of mortgage brokering through a website; providing educational information in the field of nutrition for medical purposes via a website; providing educational information in the field of real estate investments via a website; providing educational information in the fields of business management via a website; providing educational information in the fields of business marketing via a website; providing educational information in the fields of digital marketing via a website; providing educational information in the fields of search engine optimization via a website; providing educational information in the fields of social media via a website; providing educational information in the fields of website design via a website; providing educational information on French language resources for students and teachers via a website; providing educational information on French language resources for studying via a website; providing educational information via blogs and non-downloadable articles in the fields of breastfeeding, work and motherhood via a website; providing educational information, courses and seminars in the field of immigration via a website; providing entertainment in the nature of film clips via a website; providing entertainment information about video game tournaments and competitions via a website; providing entertainment information in the field of audio podcasts and internet TV streaming media content of others via an interactive online website; providing entertainment information regarding performance and statistics in the field of horse racing via a website; providing entertainment news and educational information in the field of cannabis and cannabis culture via a website; providing entertainment news and educational information in the field of marijuana and marijuana culture via a website; providing entertainment news and information in the field of music via a website; providing entertainment news and information via a website in the field of cheerleading; providing entertainment news and information via a website in the field of skateboarding; providing entertainment news and information via a website in the field of soccer; providing entertainment news and information via a website in the field of sports; providing horse racing information via an interactive website; providing information about community social events and community festivals via a website; providing information about computer games and video games via a website; providing information about fitness via a website; providing information about learning opportunities in the television and motion picture industry via a website; providing information about live musical concerts via a website; providing information about recreational skating events via a website; providing information about the television and motion picture industry via a website; providing information for golfers about golf courses and golf tournaments via a website; providing information in the field of becoming a French as a Second Language (FSL) teacher via a website; providing information in the field of books about diversity and diverse authors via a website ; providing information in the field of community social events through a website; providing information in the field of early childhood education via an interactive website; providing information in the field of education for children and adolescents in the fields of negotiation via a website; providing information in the field of education for children and adolescents in the fields of risk analysis via a website; providing information in the field of education for children and adolescents in the fields of team dynamics via a website; providing information in the field of education for children and adolescents to foster innovation by using collaboration skills via a website; providing information in the field of education for children and adolescents to foster innovation by using critical thinking skills via a website; providing information in the field of education for children and adolescents to foster innovation by using decision making skills via a website; providing information in the field of education for children and adolescents to foster innovation by using problem solving skills via a website; providing information in the field of education in the fields of critical thinking skills via a website; providing information in the field of education in the fields of decision making and collaboration

skills via a website; providing information in the field of education in the fields of problem solving skills via a website; providing information in the field of education in the fields of risk analysis and negotiation via a website; providing information in the field of education in the fields of team dynamics via a website; providing information in the field of exercise via an interactive website; providing information in the field of exercise, fitness and lifestyle wellness via a website; providing information in the field of journaling via a website; providing information in the field of martial arts via a website; providing information in the field of music via a website; providing information in the field of musical entertainment for children via a website; providing information in the field of teaching French as a Second Language (FSL) via a website; providing information in the field of television shows and movies via a website; providing information in the field of trauma via a website; providing information on attending college and university with an emphasis on newly enrolled students via a website; providing information on baseball and baseball instruction via a website; providing information on curling tournaments via an interactive website; providing information on exercise and fitness via a website; providing information on golf and golf instruction via a website; providing information pertaining to award ceremonies in the field of residential construction via a website; providing language training through a website; providing links to concert ticket information via an Internet website portal; providing movie reviews via a website; providing news and information via a website in the fields of sports and horse racing; providing news via a website in the nature of current event reporting in the field of cannabis and cannabis culture; providing news via a website in the nature of current event reporting in the field of marijuana and marijuana culture; providing news, editorials, and opinions concerning current events via a website; providing news, information, analysis, and commentary in the field of e-sports via podcasts, television shows, blogs and websites via the internet; providing news, information, analysis, and commentary in the field of fantasy sports leagues via podcasts, television shows, blogs and websites via the internet; providing news, information, analysis, and commentary in the field of live sports events via podcasts, television shows, blogs and websites via the internet; providing news, information, analysis, and commentary in the field of sports betting via podcasts, television shows, blogs and websites via the internet; providing news, information, analysis, and commentary in the field of virtual sports via podcasts, television shows, blogs and websites via the internet; providing non-downloadable articles in the field of general nutritional health and wellness through a website; providing non-downloadable audio-visual content in the nature of films via a website; providing non-downloadable audio-visual content in the nature of music via a website; providing non-downloadable audio-visual content in the nature of videos via a website; providing non-downloadable commentary in the field of general nutritional health and wellness through a website; providing non-downloadable computer games via a website; providing non-downloadable computer interface themes via a website; providing non-downloadable educational information in the field of general nutritional health and wellness through a website; providing non-downloadable educational information, commentary and articles in the field of clean energy through a website; providing non-downloadable educational information, commentary and articles in the field of fresh fruits and vegetables through a website; providing non-downloadable educational information, commentary and articles in the field of mental and physical health and wellness through a website; providing non-downloadable educational information, commentary and articles in the field of nutrition and cooking through a website; providing non-downloadable educational information, commentary and articles in the field of sustainable agriculture through a website; providing non-downloadable educational information, commentary and articles in the field of sustainable oil and gas energy through a website; providing non-downloadable educational video clips in the field of clean energy through a website; providing non-downloadable educational video clips in the field of general nutritional health and wellness through a website; providing non-downloadable educational video clips in the field of mental and physical health and wellness

through a website; providing non-downloadable educational video clips in the field of nutrition and cooking through a website; providing non-downloadable educational video clips in the field of sustainable agriculture through a website; providing non-downloadable educational videos in the field of concussion treatments and symptom management via a website; providing non-downloadable fiction books and fiction audiobooks via a website; providing non-downloadable journals, emails, newsletters and articles in the field of augmented reality through a website; providing non-downloadable video games via a website; providing non-downloadable videos in the field of home décor and interior design through a website; providing on-line computer games and information about computer games via a website; providing on-line non-downloadable publications in the nature of electronic directories in the field of black-owned businesses and allies of the black community; providing online computer games and information about computer games via a website; providing online computer games through social media websites; providing online electronic publications, not downloadable, in the nature of electronic directories in the field of healthcare marketing; providing online electronic publications, not downloadable, in the nature of electronic newsletters in the field of healthcare marketing; providing online instruction and courses in the field of accounting firm practice management and services via an online website; providing sex-oriented entertainment in the nature of live show performances via a website; providing university registration information via a website; providing user rankings and ratings for events in the field of clothing for entertainment purposes via a website; providing user rankings and ratings for events in the field of fashion for entertainment purposes via a website; providing user rankings and ratings for events in the field of food and beverage tastings for entertainment purposes via a website; providing user rankings and ratings for events in the field of sports competitions for entertainment purposes via a website; providing user rankings and ratings for video game content for entertainment purposes via a website; providing user rankings, ratings, and reviews for movies for entertainment purposes via a website; providing user rankings, ratings, and reviews for music for entertainment purposes via a website; providing user rankings, ratings, and reviews for television for entertainment purposes via a website; providing user rankings, ratings, and reviews for video games and e-sports video gaming for entertainment purposes via a website; providing user rankings, ratings, and reviews for videos for entertainment purposes via a website; providing virtual reality game services via an interactive website and via computer application software; providing word puzzles via a website; providing yoga information via a website; publication of printed directories; publication of printed matter, except for advertising purposes; publishing an online directory in the field of tourism and travel; publishing of market research; publishing of market research-related publications; speech writing for non-advertising purposes; training service relating to the different tire brands on the market, tire sales and the tire installation and replacement technical process; writing of articles for journals other than for advertising or publicity; writing of articles for periodicals other than for advertising or publicity

Class 42

(3) 3D printing design advisory services; 3D printing design consultancy; administration of websites for third parties; advisory and consultancy services in the field of alternative energy generation; advisory and consultancy services in the field of grain processing; advisory services in the field of cloud computing networks and applications; advisory services in the field of deploying cloud computing environments in the field of infrastructure as a service [IaaS]; advisory services in the field of deploying cloud storage environments in the field of infrastructure as a service [IaaS]; advisory services in the field of pharmacology; advisory services in the field of product development and quality improvement of software; advisory services relating to gene therapy research; advisory services relating to industrial engineering; advisory services relating to industrial research in the field of phytotherapy; advisory services relating to interior design;

advisory services relating to material testing; advisory services relating to scientific research in the field of phytotherapy; application service provider (ASP) featuring software for managing electronic data storage for archiving business, corporate, and personal records and documents; application service provider (ASP) services featuring software for use in enterprise content management, enterprise content integration and business records management; application service provider (ASP) services to allow users to perform electronic business transactions via a global computer network; application service provider featuring application programming interface (api) software for analyzing market data; application service provider featuring application programming interface (api) software for gathering market data; architectural consultancy; architectural consultancy services; architectural consultation; architectural design consultancy services; artificial intelligence consultancy; automotive safety testing and consultation, namely, conducting crash tests and providing advice, information and reports; bacteriological consultation, research and testing; biomedical research consulting for third parties; building and maintaining websites; business card design; cell therapy consulting for third parties; civil engineering design consultancy; cloud computing featuring software for use in enterprise content management, enterprise content integration and business records management; cloud computing provider services for general storage of data; computer consultation in the field of computer security; computer hardware and software consulting services; computer network security consultancy; computer programming consultancy; computer security consultancy; computer software advisory services; computer software and computing platform consultancy in the field of gaming, gambling, betting, lottery, and casino games; computer software consultancy; computer software consulting; computer software consulting in the field of biomechanics; computer technology consultancy services; computer technology consultation in the field of machine learning and artificial intelligence; computer technology consulting for the development of computer disaster mitigation strategies in the event of a natural disaster; computer website design; computer website visual design; computing services and computer consultancy in the field of financial services; construction drafting consultancy; construction project engineering consulting; consultancy and information services in the field of computer system integration, data integration, data migration and cloud automation; consultancy and information services relating to computer system integration; consultancy and information services relating to the rental of computer software; consultancy and research in the field of bacteriology; consultancy and research in the field of quantum algorithms; consultancy and research in the field of quantum computing; consultancy and research in the field of quantum engineering; consultancy and research in the field of quantum programming; consultancy in the design and development of computer hardware; consultancy in the design and development of computer software; consultancy in the design and development of fragrances; consultancy in the field of astronomy; consultancy in the field of biochemistry; consultancy in the field of chemistry; consultancy in the field of computer data security; consultancy in the field of computer design and development; consultancy in the field of computer system analysis; consultancy in the field of energy-saving; consultancy in the field of quality control testing of concrete structures; consultancy in the field of quality control testing of refractory materials; consultancy in the field of software design; consultancy in the field of webpage design; consultancy pertaining to pharmacology; consultancy relating to computer database programs; consultancy relating to consumer product safety testing; consultancy relating to inspection of food processing facilities for quality control purposes; consultancy relating to technological services in the field of power and energy supply; consultancy relating to the recovery of computer data; consultancy relating to the updating of computer software; consultancy services by physicians and medical researchers in the field of virtual reality software development for use in medical, healthcare and surgical training; consultancy services in the field of computer software development; consultancy services in the field of electronic point of sale (epos) systems, computer hardware and software; consultancy

services in the field of security for computers and computer networks; consultancy services in the field of set-up and operation of websites and internet portals; consultation and research in the field of aerospace engineering; consultation and research in the field of bacteriology; consultation and research in the field of geology; consultation and research in the field of post traumatic stress disorders; consultation in the field of auxiliary design for combustion engines; consultation in the field of auxiliary design for oil and gas industrial machines; consultation in the field of auxiliary design for power generation engines; consultation in the field of ergonomics; consultation in the field of fuel monitoring and metering for gas turbine and combustion engines; consultation in the field of gas turbine and combustion engine design; consultation in the research and development of hydrogen power and hydrogen powered products; consultation services for designing computer systems, databases and applications; consultation services for developing computer systems, databases and applications; consultation services relating to computer software; consulting in the field of acoustics, sound, noise, and vibration for scientific purposes; consulting in the field of clothing design; consulting in the field of cloud computing networks and applications; consulting in the field of configuration management for computer hardware and software; consulting in the field of deck and patio design; consulting in the field of designing mobile telephones; consulting in the field of designing residential and commercial holiday light displays; consulting in the field of designing video games; consulting in the field of electrical engineering; consulting in the field of graphic arts design; consulting in the field of home automation; consulting in the field of Internet security and information security; consulting in the field of mechanical engineering; consulting in the field of packaging design; consulting in the field of public and private cloud computing networks and applications; consulting in the field of structural engineering; consulting in the field of turbomachinery engineering; consulting in the field of website development based on communications with customers and customer analytics; consulting services for others in the field of design of computer software testing; consulting services in research and development of food products to be consumed during space travel; consulting services in research and development of proteins made by precision fermentation for use in the manufacture of food products; consulting services in the field of cloud computing; consulting services in the field of collection of evidence for forensic purposes; consulting services in the field of computer network management for health insurers, administrators, and payers; consulting services in the field of computer systems testing; consulting services in the field of design and development of fuel cell test stations; consulting services in the field of design and development of fuel cells and integrated fuel cell systems; consulting services in the field of energy usage management; consulting services in the field of environmental assessment and planning; consulting services in the field of genetic engineering; consulting services in the field of geological engineering; consulting services in the field of geology and geophysics; consulting services in the field of hosting computer software applications; consulting services in the field of hydrological research; consulting services in the field of industrial engineering; consulting services in the field of mining engineering; consulting services in the field of mining exploration; consulting services in the field of mining surveying; consulting services in the field of office and workplace automation; consulting services in the field of pharmaceutical research; consulting services in the field of platform as a service (PAAS); consulting services in the field of recombinant DNA technology; consulting services in the field of renewable energy; consulting services in the field of renewable energy projects; consulting services in the field of software as a service (saas); consulting services in the field of theme park attraction design; consulting services in the field of theme park attraction design, providing design services for others in the field of theme parks; consulting services in the fields of database testing, database migration, database quality testing; consulting services in the fields of energy consumption and usage conservation to improve energy efficiency; consulting services in the fields of energy measurement to improve energy efficiency; consulting services in the fields of environmental

compliance and permitting; consulting services in the fields of forensic science; consulting services in the fields of implementation and use of computer hardware and software systems for others; consulting services pertaining to the technology of geological sequestration of carbon dioxide; consulting services, namely providing advice for saving energy and increasing efficiency of aquatic mechanical rooms, residential and commercial swimming pools, water parks and spray parks; consulting, and support services for farming systems, namely, consultation about the operation, maintenance and updating of computer software for farming; consumer product safety testing consultation; conversion of data or documents from physical to electronic media; conversion of images from physical to electronic media; conversion of physical data and documents into electronic media format; cosmetic research consultation; creating and designing website-based indexes of information for others [information technology services]; creating and maintaining websites; creating and maintaining websites for others; creating and maintaining websites for registered users to access educational services provided by schools; creating and maintaining websites for registered users to enroll in schools of others; creating, maintaining and hosting the websites of others; custom fireplace design consulting; customized searching of computer databases and websites; data automation and data collection using software to evaluate, analyze and collect market data in the field of real estate; data automation and data collection using software to evaluate, analyze and collect market data in the field of residential and commercial building management; data security consultancy; data security consulting in the field of using encryption, computer hardware and computer software to ensure that data cannot be accessed by unauthorized parties; design and development of a website content management system; design consulting in the field of fuel cells and hydrogen energy systems; design of homepages and websites; design of smart business cards; design, creation, hosting, maintenance of websites for others; designing and creating websites for others; designing and testing of new fuel cell systems and hydrogen generators for others; designing websites for the advertising purposes of others; designing, creating, maintaining, and hosting crowdfunding, crowd-financing, and fundraising software and websites for others; development of computer software for business web portals; document data transfer and conversion from one media to another; electronic data storage for archiving business records; electronic data storage, namely, archiving business documents, personal documents and corporate documents; electronic digitizing of photographs into a computer readable media; energy efficiency consultation services; engineering and consulting services for the custom design of antimicrobial and antifungal treatments to be applied to automobiles; engineering and consulting services for the custom design of antimicrobial and antifungal treatments to be applied to buildings; engineering and consulting services for the custom design of chemical treatments for textiles and polymers; engineering and consulting services for the custom design of finishing agents for textiles and polymers; engineering consulting services in the field of aerospace engineering; engineering consulting services in the field of oil and gas; ergonomic interior design consultation; fashion design consulting services; food safety testing and consultation; food safety testing and consultation related thereto; food sanitation consultation services; general non-destructive testing, namely testing of in-service materials without using damaging techniques; home staging consultation for the purpose of making homes more appealing to prospective buyers; hosting a website providing computer games and video games; hosting a website providing electronic storage of digital photographs and videos; hosting a website providing streaming of music; hosting a website providing users with secure remote access to private computer networks; hosting a website providing virtual computer environments through cloud computing; hosting a website providing virtual computer systems through cloud computing; hosting a website that provides streaming of non-downloadable music from the internet; hosting an online community website; hosting computer websites; hosting of websites of others to allow users to upload information about gift recipients; hosting of websites relating to

charitable services; hosting of websites to allow users to obtain an offer to purchase residential real estate using interactive technology; hosting of websites to provide non-downloadable mp3 digital music streaming; hosting websites of others on a computer server; hosting websites of others on a virtual private server; hosting websites on the internet; interior decoration consultancy; interior design consultancy; interior design services; interior design, interior design consulting; internet security consultancy; maintenance of websites for others; multimedia and audio-visual software consulting services; operation of a clinical trials database and website regarding cancer research; outdoor design consulting services; platform as a service (PAAS) featuring computer software platforms for allowing users to create, manage and share digital marketing campaigns; platform as a service (PAAS) featuring computer software platforms for businesses to allow their customers to create, manage and share digital crowdfunding campaigns to purchase the businesses' products; platform as a service (PAAS) featuring computer software platforms for corporate fundraising, namely allowing businesses to create, manage and share multiple digital social fundraising campaigns and to market these campaigns to their network of customers; platform as a service (PaaS) offering software platforms and associated technical support to facilitate consumer financing offerings through business relationships; platform as a service (PAAS) offering software platforms for businesses to allow them to aggregate their financial, banking and business data; product design consulting services; professional consulting services and advice about agricultural chemistry; professional consulting services and advice about agricultural crop protection products; programming of software for market research purposes; project management in the field of alternative energy generation; project management in the field of digital transformation for businesses; provider of platform-as-a-service (PaaS) software enabling users to communicate with professionals in the fields of law and business; providing a non-downloadable web-based software application for providing and viewing listings on an online marketplace via a website; providing a platform as a service [PaaS] that allows computer software developers to collaboratively develop software via a website; providing advisory services on the implementation of environmental protection initiatives in the field of sustainable farming; providing consulting in the field of computer technology and software development via a global computer network; providing consulting in the field of computer technology via a global computer network; providing consulting in the field of software development via a global computer network; providing custom network solutions to businesses, namely, design and integration of computer networks for businesses; providing electronic verification of on-line orders of digital content and generating electronic permission codes which then allow users to access said digital content; providing engineering consulting services for the development of energy capture systems; providing engineering consulting services pertaining to carbon dioxide emissions offsets; providing engineering consulting services to reduce net emissions in the field of agriculture; providing engineering consulting services to reduce net emissions in the field of construction; providing engineering consulting services to reduce net emissions in the field of real estate; providing information in the field of aerospace electronics via an interactive website; providing information in the field of architectural construction via a website; providing information in the field of architecture via a website; providing information in the field of astronomy via an interactive website; providing information on clinical studies via an interactive website; providing information via a website on application programming interface financial technology (fintech) software used for connecting users to financial information from financial software providers; providing lighting design information via a website; providing non-downloadable artificial intelligence software for digital audio generation; providing non-downloadable artificial intelligence software for digital image to digital image generation; providing non-downloadable artificial intelligence software for digital video generation; providing non-downloadable artificial intelligence software for text to digital image generation; providing non-downloadable computer software for accessing results of simulated

medical interventions; providing non-downloadable computer software for business data orchestration; providing non-downloadable computer software for creating digital images; providing non-downloadable computer software for the management and electronic delivery of insurance documents and insurance claims information via a website; providing non-downloadable computer software to provide access to and to manage insurance billing via a website; providing non-downloadable software applications for managing, operating and connecting Internet of Things (IoT) enabled heating, ventilating and air conditioning (HVAC) systems of third-parties accessible via a website; providing non-downloadable software applications for managing, operating and connecting Internet of Things (IoT) enabled home entertainment systems of third-parties accessible via a website; providing non-downloadable software applications for managing, operating and connecting Internet of Things (IoT) enabled household appliances of third-parties accessible via a website; providing non-downloadable software that uses artificial intelligence to understand general and pre-defined user queries and formulate responses; providing non-downloadable web-based software application for providing and viewing listings of vehicles and heavy equipment for lease, purchase and auction via a website; providing on-line non-downloadable interactive software for automatically generating reports in the field of detecting and treating behavioural disorders; providing on-line non-downloadable software for generating cryptographic keys for receiving and spending cryptocurrency; providing online non-downloadable computer software for generating and storing quick response barcodes; providing online non-downloadable software for the management of child care businesses; providing online, non-downloadable software for generating multi-dimensional renderings of home building materials to assist with purchasing decisions; providing quality control consultancy for the computer software development industry; providing research and development consulting in the field of negative-emissions technology (net); providing scientific information, advice and consultancy relating to carbon offsetting; providing scientific information, advice and consultancy relating to net zero emissions; providing scientific research information in the fields of clinical trials and post-market trials; providing software as a service (SAAS) offering computer software that enables users to upload and share environmental information on interactive electronic map via a website; providing tailored technical scientific consulting in the field farm cultivation management; providing technical information in the field of heavy equipment via a website; providing technical scientific consulting regarding the application of manures, herbicides, fungicides, pesticides, and insecticides in the field of horticulture and agriculture; providing technological consultancy, research and development services in the field of alternative energy, namely, gasifying and combusting alternative fuels; providing technology consultancy in the field of grain processing; providing technology consultancy in the field of social media; providing temporary use of non-downloadable computer e-commerce software to allow users to perform electronic business transactions via global computer network; providing temporary use of non-downloadable computer software for daily tasks management of educational schools via a website; providing temporary use of non-downloadable computer software for use in allowing users to perform electronic business transactions in the field of real estate; providing temporary use of non-downloadable computer software to manage residential real estate available for lease in the market; providing temporary use of non-downloadable computer software to provide access to residential real estate available for lease in the market; providing temporary use of non-downloadable computer software to provide access to residential real estate available for sale in the market; providing temporary use of non-downloadable software enabling the creation and dissemination of advertisements for third parties in digital marketplaces ; providing temporary use of non-downloadable software featuring coursework in the field of mathematics via a website; providing temporary use of non-downloadable software featuring games in the field of mathematics via a website; providing temporary use of non-downloadable software featuring homework in the field of mathematics via a

website; providing temporary use of non-downloadable software featuring interactive personalized tutorials in the field of mathematics via a website; providing temporary use of non-downloadable software featuring learning assessments in the field of mathematics via a website; providing temporary use of non-downloadable software featuring progress reports in the field of mathematics via a website; providing temporary use of non-downloadable software featuring written instruction in the field of mathematics via a website; providing temporary use of non-downloadable software for analyzing financial data and generating reports; providing temporary use of non-downloadable software for displaying pictures of vinyl flooring, laminate flooring, stone polymer composite flooring, wood flooring via a website; providing temporary use of non-downloadable software for disseminating digital course materials for coursework in the field of mathematics via a website; providing temporary use of non-downloadable software for disseminating digital course materials for games in the field of mathematics via a website; providing temporary use of non-downloadable software for disseminating digital course materials for homework in the field of mathematics via a website; providing temporary use of non-downloadable software for disseminating digital course materials for interactive personalized tutorials in the field of mathematics via a website; providing temporary use of non-downloadable software for disseminating digital course materials for learning assessments in the field of mathematics via a website; providing temporary use of non-downloadable software for disseminating digital course materials for progress reports in the field of mathematics via a website; providing temporary use of non-downloadable software for disseminating digital course materials for written instruction in the field of mathematics via a website; providing temporary use of non-downloadable software for providing financial data, analysis, research, news and information related to financial markets; providing temporary use of non-downloadable software that allows users to upload photographs and videos on a website; providing temporary use of on-line non-downloadable application programming interface software used for connecting businesses to their customers financial software, payroll and point of sale systems; providing temporary use of online educational software containing topics of instruction in business leadership; providing temporary use of online educational software containing topics of instruction in business management; providing temporary use of online educational software containing topics of instruction in marketing; providing temporary use of online non-downloadable software for creating and managing requests for proposals [RFPs] in the field of business performance management; providing temporary use of online non-downloadable software for registered users to participate in discussions with virtual communities and engage in social, business and community networking; providing use of non-downloadable software for use in enabling internet publishing for news, articles, and media; provision of advisory services in the design, development and implementation of information management systems; provision of online software development tools to facilitate electronic business transactions via a global computer network; provision of online software platforms to facilitate electronic business transactions via a global computer network; provision of scientific information, advice and consultancy in relation to carbon offsetting; research and development consulting in the field of carbon capture and storage; research in agronomy and market gardening; research in the field of mental health; research in the fields of clinical trials and post-market trials; research, development, analysis, advisory, consultancy and design services related to technology in the oil and petroleum industry; scientific and advisory services in the field of the development of precision fermentation proteins for use in the manufacturing of food and beverage products; scientific and research consultation in the field of fuels, diesel fuel, biofuel and biodiesel fuel; scientific and technical consulting services in the field of utility meter data analytics using smart grid and advanced metering infrastructure (AMI) systems; scientific consulting in the field of natural disaster mitigation strategies; scientific research consulting in the field of aerospace exploration; scientific research consulting in the field of agricultural fertilization; scientific research consulting in the field of agricultural irrigation; scientific
