Goods

Class 01

(1) Chemicals used in the manufacture of semiconductor chips, light emitting devices, electronics, electrodes, computer peripherals, flat panel displays, light emitting diodes (LED) and LED devices, organic light emitting diodes (OLED) and OLED devices; chemicals used in manufacture of semiconductors for use in patterning at nano scale and near nano scale; chemicals for use in patterning in electronic components, integrated circuits, semiconductor chips, light emitting devices, flat panel displays, organic light emitting diodes (OLED) and OLED devices.

Class 09

(2) Providing downloadable computer software for use in chemical and molecular analysis and the prediction, identification, development and discovery of molecular structures, electronic materials, drugs, medicines and pharmaceuticals.

Services

Class 42

(1) design and development of computer software

(2) Scientific research and development in the fields of electronic materials, molecular biology, chemistry, medicine, pharmacology, physics, quantum mechanics, biotechnology, biochemistry, small molecule drug discovery, organic electronics, biologics drug discovery, and materials science for chemical and molecular analysis and the prediction, identification, development and discovery of molecular structures, electronic materials, drugs, medicines and pharmaceuticals; providing software as a service (SaaS) for use in chemical and molecular analysis and the prediction, identification, development and discovery of molecular structures, electronic materials, drugs, medicines and pharmaceuticals; Providing non-downloadable computer software for use in chemical and molecular analysis and the prediction, identification, development and discovery of molecular structures, electronic materials, drugs, medicines and pharmaceuticals.

Goods

Class 08

(1) Fishing knives; hand-operated bagel slicers; biodegradable cutlery; filleting knives; fish forks; paring knives; hand-operated vegetable choppers; hand-operated fruit slicers; non-electric can openers; carving knives; hunting knives; cleavers; bush axes [hand tools]; secateurs; golf course rakes; hand-operated gardening tools, namely garden knives; hand-operated pruning shears; hand-operated pruning saws; hand-operated garden tools; hand-operated agricultural implements namely, digging forks; rakes; scythes; sickles; hand-operated agricultural implements, namely flails [hammers]; pruning saws; utility knives; bow saws; hacksaws [hand tools]; stands for hand saws; rubber mallets [hand tools]; hand axes; hand-operated fish hook sharpeners; plane irons; planer knives; folding knives; grafting tools, namely knives; fishing line scissors; thrusting axes; sawhorses for hand saws; carpenter's axes; claw hammers; tongs, namely, curling tongs; mountaineering axes [ice axes]; ice hammers for mountaineering; gold pans; non-electric can openers; hand-operated pumps for pumping well water; machetes; mortars and pestles; hand tools, namely pikes; fishing line cutters; ski scrapers; pocket knives with multipurpose functions; dive knives; throwing knives; trimming knives; hand sprayers namely hand-operated sprayers for insecticide; hand-pumped sprayers for applying herbicide; hand-pumped sprayers for misting plants;; fire pokers; axes for firefighters; harpoons for fishing; cases for knives namely culinary, hunting, garden, utility, planer, folding, grating, pocket, dive, throwing and trimming knives; cutlery, kitchen knives and hand-operated cutting tools for kitchen use; snow shovels

Class 09

(2) Virtual reality [VR] golf simulators featuring an automated golf driving range and virtual reality computer software for golf training simulation; 360° video cameras; head mounted holographic displays; body worn monitors, namely baby oxygen monitor, heart rate monitor, sleep monitor; bags adapted for carrying video equipment; digital signage display panels; digital signage monitors; digital video recorders; digital video cameras; monopods for cameras; electric signs of metal, namely electronic LED signs; illuminated signs; luminous signs; mechanical signs; electric and electronic video surveillance systems; satellite dishes; video recorders; film cameras; computer display screens; head mounted displays; camera bipods; network cameras for surveillance purposes; lenses for video cameras; satellite television receivers; satellite dishes for satellite transmissions; portable displays , namely, liquid crystal displays; portable projectors; video surveillance cameras; video surveillance controls , namely, video cameras and liquid crystal displays; illuminated advertising signs; zoom lenses for cameras; surveillance cameras; fisheye lenses for cameras; 360° cameras; covers for camcorders; covers for cameras; bags adapted for carrying photographic equipment; glasses with integrated cameras; range finders for cameras; cases for camcorders; lens hoods [for cameras]; mounts for camera lenses; helmet camera mounts; helmet cameras; infrared cameras; cameras for smartphones; camera strap; light sources for photographic purposes , namely, flash lamps; self-timers for cameras; panoramic heads for cameras; tripods for cameras; viewfinders for cameras; underwater cameras; waterproof cases for camcorders; waterproof cases for cameras; webcams; trail cameras; angle finder; adapter cables for headphones; electric noise suppressors, namely noise cancelling headphones; radios powered by solar energy; mobile radio receivers; mobile radio transmitters; radio receivers and radio transmitters; signal processors for loudspeakers; wearable speakers; MP3 player covers; adapted stands for stereos and audio speakers; audio interfaces; audio amplifier; CB radios; electroacoustic sound amplifiers; cases for headphones; cases for MP3 players; audio equalizers; stands for loudspeakers; headsets; headsets for video games; in ear headphones; wireless headsets for tablet computers; wireless headsets; wireless headphones; wireless speaker boxes; wireless microphones with built-in speakers; noise cancelling headphones; headphone amplifier; loudspeaker cabinets; speaker mounts , namely, mounts adapted for audio speakers; speaker cable, namely audio cables; MP3 players; MPEG audio file players; ear pads for headphones; sound bars; stereo headphones; surround sound processors; portable DAB radios; portable radio cassette players; portable speakers; carrying cases for radios; electric speaker switch; videotape players; smart speakers; portable 3D scanners; heatsinks for computers; microprocessors; optical memories, namely blank compact discs, DVD's, optical discs, digital audio discs; computer hardware for collecting positioning data; computer hardware for compiling positioning data; computer hardware for transmitting positioning data; computer hardware for processing positioning data; image analyzers, namely computer software for processing digital images; X-ray fluorescence analyzers; air quality analyzers; speech recognizers in the nature of an apparatus that recognizes speech for detection of noise; biometric voice recognition systems; electronic desk calculators; cases for PDAs; PDA computers [personal digital assistants] in the form of wristwatches; protective covers for PDAs [personal digital assistants]; antennas for amplifiers, television, 5th generation (5G) networks, cell phones, satellite; electric antenna sockets; electric antenna frequency converter; antenna cable splitters; car antennas; receiving antennas for satellite broadcasting; radio antennas; radio signal antennas; mobile phone batteries; spare batteries for mobile phones; alarm signal transmitter; smartwatches; attachments for attaching radios , namely, radio relay cables; audio transmitter units; DAB radios; short range radios; microphones for communication devices; audio baby monitors; WLAN router, WLAN hotspot, WiFi hotspot; satellite devices , namely, satellite receivers; signal splitter for use with audio and coaxial splitters; circuit boards for telecommunications; coaxial attenuators; coaxial connection gender changers; ; coaxial relay; coaxial switch; coaxial connectors; adapters for connecting media devices, namely AC

adapters for consumer video game apparatus, AC adapters for handheld electronic game apparatus, cable adapters, camera adapters, telephone adapters, USB adapters, video cable adapters; audio cable; flexible flat electric cables; inverting adapters for coaxial cables; coaxial cable; coaxial cable with filters; luminous USB cables; microphone cable; connectors for coaxial cables; USB cables for mobile phones; USB cable; chip card reader; memory expansion cards; flash memory card adapter; RAM (random access memory) cards; USB adapter; cases adapted for audio cassettes; floppy disk cases; electronic devices for identifying animals, namely, radio-frequency identification [RFID] tags and readers; external memories for mobile phones, namely external memories for mobile phones and external hard drives; interactive CDs and CD-ROMs containing interactive multimedia computer games; compact discs pre-recorded with music; pre-recorded DVDs containing music; memory cards for cameras; memory card cases; USB flash drives; universal serial bus [USB] hardware; mounting racks adapted for telecommunications hardware; antenna amplifiers; indicator lights for telecommunications apparatus; wireless computer keyboards; electronic logbooks, namely, electronic writing tablets; audio and video receivers; radar receivers; ; electronic dictionaries; radio frequency identification [RFID] tags; cases for electronic diaries; interactive touch screen terminals; mounting devices for cameras; mounting devices for monitors; security tokens [encryption devices]; smart rings; interfaces for computers, namely keyboards for routing audio, video and digital signals; telematic terminals, namely, wireless Internet devices which provide telematic services, namely GPS tracking, remote diagnostics, remote communication and have a cellular phone function; portable monitors for analyzing ball movement in sports; cell phone carrying cases; parts for antennas, namely radio, television, 5th generation (5G) networks, car, cell phone, dish, satellite and radar antennas; radar antennas; integrated circuit (IC) chips containing pre-recorded music; interface circuits for video cameras; electric connection cables; insulated electric cables; plugs for electric cables; electrical control systems for lighting systems; travel socket power adapters; current limiter; adapters for electrical plugs; adapter plug; electric cables for antennas, namely radio, television, 5th generation (5G) networks, car, cell phone, dish, satellite and radar antennas; universal serial bus [USB] hardware; universal serial bus [USB] modems; electrical adapter cables; electrical junction boxes; fibre optic couplings; electric touch pads; electrical connection sockets; electric adapter cables; electromagnetic switches; satellite navigation devices; ballasts for electric lighting apparatus; ground electric wire; ground clamps, namely, metal grounding clamps for use only as parts and fittings for coaxial cable, and not for non-electric cable or machinery or machine parts; ground connections for electric lines; remote controlled electric sockets; remote operated multiple switches for computers; television junction boxes; radio receivers for remote controls; radio transmitters for remote controls; housings for electric switches; housings for electrical connectors; cell phone conversion adapters for computers; cable adapter; terminal power strips; electric connectors; LED driver; light emitting diodes [LEDs]; photosensitive electric relays; light switch; mechanical contact switches; multiple electric sockets; measuring devices for electric fuses to test electric current; multifunctional electrical touch sensitive switches; organic light emitting diodes [OLED]; photoresistors; photocells; circular cable connector; fuses for automobiles; sensor switch, namely occupancy sensors, namely, electronic devices which detect the presence of occupants and control the lighting system accordingly; safety contact plugs; solar wafers; voltage limiter; starters for electric lights; safety covers for electrical sockets; power strips with surge protection; tactile electric switches; tactile electronic screens; telephone jacks; temperature switch; electrical connection boxes; ballasts for electric lights; ballasts for halogen lights; ballasts for halogen lamps; time code generators; surge protection electric relay; electric cables and wires; accumulators being electrical storage batteries; mobile phone chargers for use in vehicles; electric accumulators for vehicles; battery adapter for solar modules; battery clamps; electric solar cells; wireless charging pads for smartphones; battery chargers for rechargeable devices, namely smartphones, tablet

computers, laptop computers; chargers for smartphones; power banks; quick chargers for mobile devices, namely smartphones, tablet computers, laptop computers; solar battery chargers; portable chargers for smartphones, tablet computers, laptop computers; USB chargers; solar batteries for industrial use; outdoor power relays; voltage-current transformer; electric current control devices; arrays of solar batteries; photovoltaic inverters; photovoltaic solar modules; photodiodes; solar panels; portable solar batteries for generating electricity; audio adapter cables; uninterruptible power supply apparatus; charging stations for electric vehicles; charging stations for electric cars; electrostatic grounding systems and devices namely copper wire, metal rod, valve actuator, electrode stake; instruments and apparatus for controlling electric current, namely, electrical controllers for magnetic bearing control; sensors for determining positions; audio cable tester; avalanche probes with sensors for measuring snow depth; meteorological instruments; astronomical spectrographs; decorative windsocks [wind indicators]; drone detection systems comprised of radar detectors, LIDAR sensors consisting of light detectors and laser rangefinders, optical sensors, proximity sensors, motion sensors, and cameras; digital indicators; particle counters for measuring air quality; electrical control systems for measuring, monitoring and analyzing electricity consumption; light detection and measurement devices [LIDAR]; satellite finder meters; sunshine recorders; temperature strips; wind pressure gauge; windsocks [wind indicators]; video surveillance systems; navigational systems for traffic and vehicle security and safety for autonomous vehicles; diving helmets; nose clips for swimmers; sprinkler systems for fire protection; reflective apparel for the prevention of accidents; video baby monitors; digital weather stations; electronic collars for animal training; electronic interactive whiteboards; electronic training simulators for golf use; television simulators, namely a home security device that produces a light that mimics the light and motion of a television for deterring burglars; lasers having active medium, pump source, optical resonator, for electronic training simulators for golf use; telescopes; training simulators for golf purposes; weather balloons; eyewear pouches; optical infrared device, namely lenses, prisms, windows, mirrors, imaging assemblies; wearable activity trackers; directional compasses; cases for satellite navigation devices; global positioning system (gps) navigation computer hardware for use with bicycles; electronic devices being wireless item locators; infrared telescopic sights for guns; portable global positioning system (gps) device consisting of position sensors; personal tracking devices namely, wireless electronic devices for locating and tracking personal objects, wallets, backpacks and luggage; satellite navigation devices for bicycles; global positioning system [GPS] transmitters; portable global positioning system (gps) navigation computer hardware; audio books; books recorded on discs; digital books downloadable from the internet; pre-recorded CD-I [Compact Disc Interactive] featuring audio, video literature, service information and operating instructions; pre-recorded DVDs featuring audio, video literature, service information and operating instructions; pre-recorded cassettes featuring audio, video literature, service information and operating instructions; pre-recorded DVD's featuring music videos; photographic media, namely, exposed film; downloadable graphics for mobile phones; downloadable emoticons; downloadable podcasts; downloadable road maps; USB computer access control key; pre-recorded computer game software; downloadable computer programs for video games; computer game software for use on mobile and cellular phones; electronic game software for mobile phones; downloadable video game programs; interactive multimedia computer game programs; downloadable interactive entertainment software for use in database management, for use as a spreadsheet, for word processing; computer game programs; virtual reality game software; downloadable computer software for evaluating satellite images; computer software for digital animation and special effects of images; downloadable application software for mobile phones, namely, computer software for use in database management and electronic storage of data; downloadable computer application software for use with portable computing devices, namely, computer software for use in database management and electronic storage of

data; downloadable mobile applications for use with portable computing devices, namely, computer software for use in database management and electronic storage of data; downloadable computer software for creating maps; downloadable software for product development, namely, downloadable computer software for storing research and development information in the fields of computer hardware development; software for collecting training data; computer software for time control; application software for controlling lighting; biometric identification systems, namely biometric fingerprint scanners, biometric hand scanners, biometric retinal scanners, biometric voice recognition systems; fire mapping and analysis software; computer software for global positioning systems [GPS]; software for satellite navigation systems; downloadable computer software for biometric access control systems; downloadable motion control software for autonomous vehicles; downloadable software for the visualization, computation, reporting, extraction, integration and analysis of biomechanical data from motion capture technologies; downloadable mobile application for setting, tracking, and monitoring health and wellness goals of users; voice recognition software; downloadable environmental monitoring software, namely, computer software for environmental monitoring within agricultural and horticultural production; downloadable software for testing computer hardware; digital maps; downloadable emoticons for mobile phones; downloadable artworks; breathing apparatus for diving; goggles for scuba divers; masks for scuba divers; nose clips for divers; ear plugs for divers; snorkels for swimming training; life jackets for divers; diving suits; diving boots; diving weights; diving gloves; decorative magnets; magnetic pens; audio speakers; computer display monitors; antennas and antenna systems being communication apparatus comprising of balun and fiber optic cables

Class 11

(3) Gas lighters, igniters; stick lighters, namely flashlights; pilot lights for igniting gas-heated apparatus, namely, spark igniters for gas appliances; lamps for illuminating number plates; dynamo lights for bicycles; off road light bars for vehicles; outdoor lighting, namely, paver lights; outdoor lighting fixtures; battery powered glow sticks; battery powered electric candles; waterproof lights for ponds; lights for music stands; lighting for use with security systems, namely spotlights, motion sensor lights, flood lights; lights for use in growing plants; LED lights for use in display cabinets and display cases; bicycle lights and lamps; lighting fixtures for buildings; colorful fairy lights for decoration; camping lanterns; Christmas tree lights; ceiling fans with integrated lights; led light strips for decorative purposes; electric lights for decoration; gas lamps; electric outdoor lighting fixtures; electric track lighting units; electric scented candles; electric hand lamps [other than for photographic purposes]; electric lamps for outdoor use; electric lanterns; electrical fiber optic lighting devices; electric torches; bicycle reflectors; led underwater lights for swimming pools; filters for flashlights; electric lighting fixtures; flameless light emitting diode [LED] candles; floodlights; hairdressing lamps [heat lamps], namely infrared lamps; counterweights for pendant lights; high-intensity (HID) light fixtures for buildings; wrist flashlights; electric hand lamps, namely flashlights; helmet lights; map reading lights; LED landscape lights; LED flashlights; electric lanterns for tents; electric lamps with extendable supports; lampshades for light control; Chinese lanterns [paper lanterns]; lanterns [lighting]; reading lamps; lights for luring fish; strip lighting for indoor use; fluorescent lamp tubes for insect killing apparatus; fluorescent light bulbs for architectural lighting; glow sticks for lighting solar powered lamps; solar powered electric torches; mobile light towers; electric night lights [other than candles]; lamp reflectors; luminous tubes for lighting; security lights incorporating motion activated sensors; security lights incorporating infrared light activated sensors; security lights incorporating heat activated sensors; solar cell lighting apparatus; headlamps; street lamps; search lights; electric torches containing rechargeable electric devices; portable electric hand lamps [for lighting]; portable paper lanterns; portable searchlights; rechargeable flashlights; filters for use in lighting; gas heaters; gas space heaters;

electric radiant heaters; halogen heaters; heaters for tents; electric radiant heaters with fans; mobile ventilation apparatus, namely air impellers for ventilation; portable electric heaters; gas-powered cooling devices in the nature of fans for household use; electrostatic filters for water filtration; water filters for ponds; devices for filtering drinking water for household purposes;; electric water purification filters for household purposes; reverse osmosis membrane filters for water treatment; gas heated grills; gas burner; water heaters for ponds; heat guns; kerosene burner; solar water heater; solar thermal collectors for heating; ; camping stove; rotisserie skewers; electric food warmers in the nature of electrically heated warming containers; electric grills; electric outdoor grills; electric tea lights; electric grill; barbecue grills; gas grills; appliances for heating food, namely pots, steamer, slow cookers, hot plates, bain-maries, air fryer, beehive oven; lava stones for barbecue grills; solar powered grills for cooking; portable refrigerators; drinking water filter cartridges; germicidal lamps; portable water treatment plants; ultraviolet water sterilization units for household use; germicidal burners; air purifying lamps with germicidal effect; fire grates; covers adapted for portable fireplaces; portable electric heaters; portable fireplaces; wearable electric fans; electrically heated footmuffs; electrically heated clothing, namely gloves, mittens, socks, pants, shorts, jackets, and vests; pocket warmers; USB powered hand warmers; electrically powered drying apparatus for hand drying; gas powered drying machines for clothes drying; pressure regulators for gas installations; safety valves for gas appliances; sunbeds

Class 18

(4) Elastic bags for clothing, namely, garment bags for travel; cases adapted for collapsible walking sticks; work bags, namely, brief cases; fanny packs and hip pockets; wallets with card holders; bags for campers; cases for keys; luggage tags; tote bags; hunting bags; garment bags for suits, shirts and dresses; leather pouch; all-purpose sports bags; travelling bags; straps for handbags; backpacks; backpacks for mountaineers; backpacks with wheels; backpacks for carrying children; trolley suitcase; shoulder bags; school bags; daypacks; bags for sports clothing; backpacks; knapsack; carrying bags; handles for shopping bags and pouches; carry-all bags; shoulder bags; hiking backpacks; hiking bags; shaped waterproof covers specifically adapted to protect backpacks; waterproof all-purpose carrying bags; tool bags sold empty; golf umbrellas; combinations of walking sticks and umbrellas; umbrella sticks; umbrellas and parasols; mountain sticks; walking stick handles; walking sticks; wading staffs; collapsible walking sticks; electronic collars for pets; fly rugs for horses; feed bags; horse clothing; saddle pads; parasol stands.

Class 20

(5) Beehives; pet crates; pet houses; kennels for household pets; nest boxes; decorative plastic boxes; non-metal aerosol cans sold empty; compost bins, not of metal, for industrial purposes; plastic storage bins; rain barrels, not of metal; portable plastic water packaging containers; plastic water tanks; plastic collapsible storage containers; multi-position display stand made of tubular aluminum and steel; display stands for the sale of goods; rung ladders of wood or plastic; fishing chairs; fishing stool; tables on trestles; inflatable headrests; inflatable furniture; inflatable chairs; trestles for table tops; bamboo furniture; benches for sports fields; camping furniture; camping tables; camp beds; aluminum garden furniture; wooden garden furniture; plastic garden furniture; metal garden furniture; garden furniture in the form of Hollywood swings; garden tables; fishing rod stands; folding tables; folding chairs; folding shelves; kneeler chairs and seat cushion combinations for gardening; kneeling stool; kneeling chairs; metal outdoor furniture and camping furniture; caravan furniture; outdoor furniture; beach chairs; beach loungers, namely lounge chairs; beach loungers, namely lounge chairs with windbreaks; office and garden furniture; works of art made of bamboo; works of art made of plastic; rattan; protective shields made of plastic materials for trees; supports for plants; sawhorses; weather vanes, not of metal; housing and beds for animals; tent pegs, not of metal

Class 24

(6) Felt and non-woven textile fabrics; textile used as linings for clothing; linings for headgear; non-woven fabrics for making umbrellas; non-woven fabrics for making bags; non-woven fabrics for making tents; nylon fabrics other than for insulation; gummed waterproof cloth; non-woven felt; canvas fabrics for shielding, namely hybrid carbon/metal fabric; canvas for embroidery; canvas for tapestry; non-woven fabrics for fly nets of plastic; non-woven fabrics for the manufacture of garden furniture; non-woven fabrics for making chair covers; textile fabrics for clothing; textile fabrics for the manufacture of sportswear; waterproof fabrics for making gloves; waterproof fabrics for making pants; waterproof fabrics for making hats; waterproof fabrics for making jackets; bivouac bags being protective covers for sleeping bags; protective covers for garden furniture; oilcloth [tablecloths]; golf towels; beach towels of textile; plastic flags; sleeping bags; sleeping bags for camping; lining fabrics for sleeping bags; baby sleeping bags; hooded sleeping bags for babies; household linen.

Services

Class 37

(1) Construction of transport infrastructure (roads, tunnels, bridges, rail networks, funiculars); realization of public works, namely equipment work for transport infrastructure (roads, tunnels, rail networks, streetcar, subway, buses, trolley buses, trucks), civil engineering infrastructure and electrical engineering infrastructure, as well as information and advice relating thereto; supervision (management) of construction work, namely construction of canal locks, bridges, ports, roads, water treatment plants, tunnels, railway tracks; construction services related to transport services and transport infrastructure, such as roads, tunnels, bridges, rail networks; repair and maintenance of vehicles, cable cars, cars, streetcars, wagons, chair lifts, funiculars, railway rolling stock and fixed rail equipment, road and railway signalling equipment; installation of supervision and hypervision systems for securing of transport infrastructure; urban design; supervision (management), coordination and steering (project management) of construction and equipment work for transport infrastructure (roads, tunnels, rail networks) and urban design infrastructure; urban, railway and road infrastructure development work, namely equipment for transport infrastructure (roads, tunnels, rail networks, streetcar, subway, buses, trolley buses, trucks); road surfacing; construction of networks for rail transport, streetcars, trains, tunnels, roads; laying and commissioning of power lines, lightning arrester systems; installation and repair of electric road monitoring and signalling apparatus; cleaning of buildings (exterior surfaces); repair and installation of road systems, roadways, roads, parking facilities and road infrastructure; installation of fire alarms; road signalling services provided via messages displayed on digital signalling display panels or through the installation of panels for road signalling and communication between vehicles and infrastructure; installation of traffic management systems, namely traffic lights, of

digital display panels for signalling and communication between vehicles and infrastructure; construction work with a public or private project owner, equipment work for transport infrastructure, namely roads, tunnels, rail networks, funiculars, railways, ports, airports and waterways; installation, maintenance and repair of machines for monitoring and managing traffic related to transport infrastructure, namely roads, tunnels, railway tracks, streetcar, subway, buses, trolley buses, trucks; installation and maintenance of electrical, telephone, computer, optical fibre and lighting networks; electrical equipment work (repair) of transport infrastructure, namely roads, tunnels, railway tracks, streetcar, subway, buses, trolley buses, trucks; burial of power lines, installation and maintenance of high-voltage power lines; installation and repair of electrical apparatus on transport infrastructure, namely roads, tunnels, railway tracks, streetcar, subway, buses, trolley buses, trucks; laying and commissioning of power lines, lightning arrester systems; repair of power lines; supervision (management) of construction and maintenance work on electrical and computer networks; information related to the installation and maintenance of electrical, telephone, computer, optical fibre and lighting networks, and energy generation plants; installation and maintenance of lighting systems; information related to construction and land-use planning, namely information related to urban planning.

Class 42

(2) Scientific and technological services and research and design relating thereto, namely dissemination of scientific information and scientific and technological research in the fields of road and railway traffic management, measurement and analysis of road transport flows, technical project management regarding transport systems, namely public transit for the general public using buses, subway trains, streetcars, trolley buses, trains, none of the aforesaid services being related to marine transport or the transport of goods by electric vehicles; industrial analysis and research services, namely dissemination of scientific information and scientific and technological research in the fields of road and railway traffic management, measurement and analysis of road transport flows, technical project management regarding transport systems, namely public transit for the general public by bus, subway train, streetcar, trolley bus, train, none of the aforesaid services being related to marine transport or the transport of goods by electric vehicles; design and development of computers and software, installation of software; maintenance of software and computers; updating of software; design and development of energy distribution networks; architect services; management of computer projects for transport systems, namely road and railway traffic management, measurement and analysis of road transport flows, electric vehicle charging management, supervision and hypervision of transport infrastructure; services provided by engineers in the field of computers; technical advice, namely engineering expertise related to transport systems and transport infrastructure, related to computers and electronics and related to transport infrastructure safety and security; technical project management, namely management and supervision of engineering projects for the design and construction of transport systems and transport infrastructure; technical testing in the field of the construction of transport systems and transport infrastructure; quality and performance audits in the field of the construction of transport systems and transport infrastructure; creation and supervision of computer systems for project management related to engineering, related to computers and electronics and related to safety for the design and construction of transport systems and transport infrastructure; industrial design; technical project studies in the field of computer systems for the management and control of transport infrastructure and computer systems for the management of charging stations for electric vehicles; expertise, namely engineering work in the field of computer systems for the management and control of transport infrastructure and computer systems for the management of charging stations for electric vehicles; engineering, industrial research and product development for others, namely computer systems for the management and control of transport infrastructure and

computer systems for the management of charging stations for electric vehicles; technical research related to transport infrastructure; materials testing; quality control, namely quality assurance services in the field of computer software and the construction of transport infrastructure; geological surveying; consulting related to energy savings; industrial analysis and research services in the field of transport; analysis services for the organization, implementation of transport networks for people and related technical project studies; research and development work by engineers in the field of transport infrastructure, traffic management, traffic supervision, road signalling, safety devices for road infrastructure, public lighting, roads, road and railway networks, tunnels, public works and civil engineering, electric vehicles, energy distribution; development of assistance interfaces for traffic and road infrastructure management, enabling the supervision of road traffic, the geolocation and tracking of vehicles; development, programming, implementation, maintenance and updating of software enabling the supervision of road traffic, the geolocation and tracking of vehicles, management of road infrastructure; development of computer programs for electrical network stimulation; development of innovations in the field of energy recovery, energy injection, energy distribution network evolution; design of digital access control systems; urban planning consultancy; architectural and planning services related to urban planning; design of lighting systems.

Class 45

(3) Security services, security assessment services and consulting services related to security for road and railway transport systems; security risk analysis, namely computer security risk analysis for data protection, security threat analysis for protecting personal safety; security services for the protection of property and individuals; consulting services related to radiation protection; video monitoring services for the protection of individuals and transport infrastructure; fire detection services (firefighting), namely monitoring of fire alarms in transport infrastructure.

Services

Class 37

(1) Construction of transport infrastructure (roads, tunnels, bridges, rail networks, funiculars); realization of public works, namely equipment work for transport infrastructure (roads, tunnels, rail networks, streetcar, subway, buses, trolley buses, trucks), civil engineering infrastructure and electrical engineering infrastructure, as well as information and advice relating thereto; supervision (management) of construction work, namely construction of canal locks, bridges, ports, roads, water treatment plants, tunnels, railway tracks; construction services related to transport services and transport infrastructure, such as roads, tunnels, bridges, rail networks; repair and maintenance of vehicles, cable cars, cars, streetcars, wagons, chair lifts, funiculars, railway rolling stock and fixed rail equipment, road and railway signalling equipment; installation of supervision and hypervision systems for securing of transport infrastructure; urban design; supervision (management), coordination and steering (project management) of construction and equipment work for transport infrastructure (roads, tunnels, rail networks) and urban design infrastructure; urban, railway and road infrastructure development work, namely equipment for transport infrastructure (roads, tunnels, rail networks, streetcar, subway, buses, trolley buses, trucks); road surfacing; construction of networks for rail transport, streetcars, trains, tunnels, roads; laying and commissioning of power lines, lightning arrester systems; installation and repair of electric road monitoring and signalling apparatus; cleaning of buildings (exterior surfaces); repair and installation of road systems, roadways, roads, parking facilities and road infrastructure; installation of fire alarms; road signalling services provided via messages displayed on digital signalling display panels or through the installation of panels for road signalling and communication between vehicles and infrastructure; installation of traffic management systems, namely traffic lights, of

digital display panels for signalling and communication between vehicles and infrastructure; construction work with a public or private project owner, equipment work for transport infrastructure, namely roads, tunnels, rail networks, funiculars, railways, ports, airports and waterways; installation, maintenance and repair of machines for monitoring and managing traffic related to transport infrastructure, namely roads, tunnels, railway tracks, streetcar, subway, buses, trolley buses, trucks; installation and maintenance of electrical, telephone, computer, optical fibre and lighting networks; electrical equipment work (repair) of transport infrastructure, namely roads, tunnels, railway tracks, streetcar, subway, buses, trolley buses, trucks; burial of power lines, installation and maintenance of high-voltage power lines; installation and repair of electrical apparatus on transport infrastructure, namely roads, tunnels, railway tracks, streetcar, subway, buses, trolley buses, trucks; laying and commissioning of power lines, lightning arrester systems; repair of power lines; supervision (management) of construction and maintenance work on electrical and computer networks; information related to the installation and maintenance of electrical, telephone, computer, optical fibre and lighting networks, and energy generation plants; installation and maintenance of lighting systems; information related to construction and land-use planning, namely information related to urban planning.

Class 42

(2) Scientific and technological services and research and design relating thereto, namely dissemination of scientific information and scientific and technological research in the fields of road and railway traffic management, measurement and analysis of road transport flows, technical project management regarding transport systems, namely public transit for the general public using buses, subway trains, streetcars, trolley buses, trains, none of the aforesaid services being related to marine transport or the transport of goods by electric vehicles; industrial analysis and research services, namely dissemination of scientific information and scientific and technological research in the fields of road and railway traffic management, measurement and analysis of road transport flows, technical project management regarding transport systems, namely public transit for the general public by bus, subway train, streetcar, trolley bus, train, none of the aforesaid services being related to marine transport or the transport of goods by electric vehicles; design and development of computers and software, installation of software; maintenance of software and computers; updating of software; design and development of energy distribution networks; architect services; management of computer projects for transport systems, namely road and railway traffic management, measurement and analysis of road transport flows, electric vehicle charging management, supervision and hypervision of transport infrastructure; services provided by engineers in the field of computers; technical advice, namely engineering expertise related to transport systems and transport infrastructure, related to computers and electronics and related to transport infrastructure safety and security; technical project management, namely management and supervision of engineering projects for the design and construction of transport systems and transport infrastructure; technical testing in the field of the construction of transport systems and transport infrastructure; quality and performance audits in the field of the construction of transport systems and transport infrastructure; creation and supervision of computer systems for project management related to engineering, related to computers and electronics and related to safety for the design and construction of transport systems and transport infrastructure; industrial design; technical project studies in the field of computer systems for the management and control of transport infrastructure and computer systems for the management of charging stations for electric vehicles; expertise, namely engineering work in the field of computer systems for the management and control of transport infrastructure and computer systems for the management of charging stations for electric vehicles; engineering, industrial research and product development for others, namely computer systems for the management and control of transport infrastructure and

computer systems for the management of charging stations for electric vehicles; technical research related to transport infrastructure; materials testing; quality control, namely quality assurance services in the field of computer software and the construction of transport infrastructure; geological surveying; consulting related to energy savings; industrial analysis and research services in the field of transport; analysis services for the organization, implementation of transport networks for people and related technical project studies; research and development work by engineers in the field of transport infrastructure, traffic management, traffic supervision, road signalling, safety devices for road infrastructure, public lighting, roads, road and railway networks, tunnels, public works and civil engineering, electric vehicles, energy distribution; development of assistance interfaces for traffic and road infrastructure management, enabling the supervision of road traffic, the geolocation and tracking of vehicles; development, programming, implementation, maintenance and updating of software enabling the supervision of road traffic, the geolocation and tracking of vehicles, management of road infrastructure; development of computer programs for electrical network stimulation; development of innovations in the field of energy recovery, energy injection, energy distribution network evolution; design of digital access control systems; urban planning consultancy; architectural and planning services related to urban planning; design of lighting systems.

Class 45

(3) Security services, security assessment services and consulting services related to security for road and railway transport systems; security risk analysis, namely computer security risk analysis for data protection, security threat analysis for protecting personal safety; security services for the protection of property and individuals; consulting services related to radiation protection; video monitoring services for the protection of individuals and transport infrastructure; fire detection services (firefighting), namely monitoring of fire alarms in transport infrastructure.

Standard Characters

Goods**Class 01**

(1) Chemicals made of mycelium culture extracts in the form of powder or granule for use as a raw material in the manufacture of foods, beverages, cosmetics, dietary supplements for humans, pharmaceuticals for humans, nutritional supplements for animals, pharmaceuticals for animals, and petfoods; chemicals namely, polysaccharides in the form of powder or granule for use as a raw material in the manufacture of foods, beverages, cosmetics, dietary supplements and pharmaceuticals for humans, nutritional supplements and pharmaceuticals for animals, and petfoods; chemicals mainly made from mycelium culture extracts for manufacturing foods, beverages, cosmetics, dietary supplements for humans, pharmaceuticals for humans, nutritional supplements for animals, pharmaceuticals for animals, and petfoods; chemicals namely polysaccharides for manufacturing foods, beverages, cosmetics, dietary supplements and pharmaceuticals for humans, nutritional supplements and pharmaceuticals for animals, and petfoods; mycelium culture extracts for use as a raw material in the manufacture of dietary supplement for humans; polysaccharide for use as a raw material in the manufacture of dietary supplement for humans; mycelium culture extracts for use as a raw material in the manufacture of pharmaceuticals for humans; polysaccharide for use as a raw material in the manufacture of pharmaceuticals for humans; mycelium culture extracts for use as a raw material in the manufacture of nutritional supplement for animals; polysaccharide for use as a raw material in the manufacture of nutritional supplement for animals; mycelium culture extracts for use as a raw material in the manufacture of pharmaceuticals for animals; polysaccharide for use as a raw material in the manufacture of pharmaceuticals for animals; chemicals, namely glucan; glucan contained in mycelium culture extracts; glucan derived from mycelium culture extracts; glucan for industrial purposes; glucan for scientific purposes, other than for medical or veterinary use; artificial sweeteners [chemical preparations]; flour for use in the manufacture of foods, beverages, cosmetics, dietary supplements, nutritional supplements, animal feeds, and biostimulants for plants; starch for use in the manufacture of foods, beverages, cosmetics, dietary supplements, nutritional supplements, animal feeds, and biostimulants for plants.

Class 05

(2) Polysaccharides in the form of glucan for cancer treatment, reducing side effects of cancer treatments, cancer prevention, inflammation suppression, hepatoprotection, immunostimulation treatment, immunomodulation treatment, and anti-viral treatment all for humans; polysaccharides in the form of glucan for cancer treatment, reducing side effects of cancer treatments, cancer prevention, inflammation suppression, hepatoprotection, immunostimulation treatment, immunomodulation treatment and anti-viral treatment all for animals; mycelium culture extracts for medical or veterinary purposes; food additives in the form of polysaccharides namely glucan for medical and veterinary purposes; vitamin preparations; nutritional additives in the form of polysaccharides namely glucan for medical purposes, medicinal tonics and substitutes therefor; polysaccharide supplements for medical purpose; dietary supplements for humans for general health and wellbeing; nutritional supplements for humans for general health and wellbeing; dietary supplements for humans containing mycelium culture extracts; dietary supplements for humans containing polysaccharides for general health and wellbeing; dietary supplement drink mixes for general health and wellbeing; nutritional supplement drink mixes for general health and wellbeing; dietary supplement drink mixes containing mycelium culture extracts; dietary supplement drink mixes containing polysaccharides for general health and wellbeing; food supplements for medical purposes or healthcare mainly made from mycelium culture extracts, in the form of powder, grain, granule, liquid, paste, cream, tablet, capsule, solid, gel, jelly, wafer, biscuit, candy, chewable tablet, syrup, stick or block; food supplements for medical purposes or healthcare mainly made from polysaccharides, in the form of powder, grain, granule, liquid, paste, cream, tablet, capsule, solid, gel, jelly, wafer, biscuit, candy, chewable tablet, syrup, stick or block for general health and wellbeing; antioxidant pills; dietetic beverages adapted for medical and veterinary use for general health and wellbeing; dietetic foods adapted for medical and veterinary use for general health and wellbeing; dietetic beverages adapted for medical purposes containing mycelium culture extracts; dietetic foods adapted for medical purposes containing mycelium culture extracts; dietetic beverages adapted for medical and veterinary use containing polysaccharides for general health and wellbeing; dietetic foods adapted for medical and veterinary use containing polysaccharides for general health and wellbeing; dietary supplements for animals for general health and wellbeing; dietary supplements for animals containing mycelium culture extracts; dietary supplements for animals containing polysaccharides for general health and wellbeing; dietary supplement drink mixes for animals for general health and wellbeing; dietary supplement drink mixes for animals containing mycelium culture extracts; dietary supplement drink mixes for animals containing glucan; lacteal flour for babies; beverages for babies; food for babies.

Class 29

(3) Mycelium culture extracts for food, namely extracts of mushroom for food; preserved vegetables and fruits; dried vegetables and fruits; preserved mushrooms; dried mushrooms; freeze-dried mushrooms; frozen vegetables; frozen mushrooms; Tofu; fermented soybeans [Natto]; meat-based, seafood-based and vegetable-based preparations for making beef curry stew, pork curry stew, chicken curry stew, seafood curry stew, vegetable curry stew, beef stew, pork stew, chicken stew, seafood stew, vegetable stew and soup mixes; instant or pre-cooked beef curry stew, pork curry stew, chicken curry stew, seafood curry stew, vegetable curry stew, beef stew, pork stew, chicken stew, seafood stew, vegetable stew and soup.

Class 16

(1) Printed instructional, educational, and teaching materials in the field of Virtual-Currency-Miner maintenance; Printed certificates.

Class 18

(2) All purpose sport bags; Travelling bags; Handbag; Back packs; Luggage trunks; Conference folders; Conference portfolios; Leather trimmings for furniture; Leather straps; Umbrellas; Mountaineering sticks; Animal apparel; blankets for animals.

Class 25

(3) Clothing, namely, shirts, t-shirts, long-sleeved shirts, under shirts, polo shirts, denim jeans, pants, jean jackets, cargo pants, shorts, tops, tank tops, sweat shirts, sweat jackets, sweat shorts, sweat pants, sweaters, pullovers, jackets, coats, heavy coats, visors being headwear, headbands, ear muffs, thermal underwear, long underwear, underclothes, caps, hats, knit caps, earmuffs, turbans, scarves; bandanas, belts, neckwear, namely cravats, neckerchiefs, neckties, scarves, ties; bath robes, gloves, boots, rainwear, shoes; boots; sandals; slippers, shoes and sneakers; hosiery, choir robes, sashes for wear, shower caps, sleep masks, hairdressing capes, wedding dress.

Class 26

(4) Pin badges, not of precious metal; embroidered badges for clothing; heat-sealed badges; ornamental novelty badges; brassards; arm bands; lace for edgings; hair bands; charms for purses, charms for shoes, charms for mobile phones; brooches for clothing; hair bows, hair barrettes, hair bands; fastenings for clothing.

Services**Class 41**

Educational services, namely, conducting classes, seminars, conferences, workshops in the fields of customer services for cryptocurrency miners and distribution of training materials in connection therewith; Educational examination services, namely preparing, administering and analyzing examinations in the field of cryptocurrency data mining; Providing educational examination for certification in the field of cryptocurrency data mining.

Goods

Class 07

(1) Alternators for land vehicles; Starter alternators; Motors and engines used in industrial applications; Engines and motors for the generation of electricity; Power tool motors; Electric motors for machines; Electric starter motors; Driving belts for motors, other than for land vehicles; Electric mechanisms for operating vehicle windows; Fuel and air mixture regulators being parts of internal combustion engines; Mechanical lifts for moving, parking and storing land vehicles.

Class 09

(2) Computer software and applications for electric vehicle navigation; Computer software application for electric vehicle chargers; Downloadable software for tracking and managing vehicle maintenance; Computer software used to manage and avoid the risk of operator distraction and fatigue by sending real time alerts to operator in the vehicle; Mobile applications, namely, downloadable mobile application for facilitating charging of electric vehicles, locating electric vehicle charging stations, remote observation, management and operation of electric vehicle charging stations, and authentication and payment of electric vehicle charging stations; Computer operating system programs for wearable electronic devices.

Class 12

(3) Clutches for motor vehicles; Power clutches for land vehicles; Hydraulic clutches for land vehicles; Friction clutches for land vehicles; Jaw clutches for land vehicles; Clutch mechanisms for

land vehicles; Engines for land vehicles; Electric motors for land vehicle; Gear boxes for land vehicles; Brakes for land vehicles.

Colour Claim

Colour is claimed as a feature of the trademark. The colors white, red and green are claimed as a feature of the mark. The mark consists of the stylized words "PURE AND PERFECT MTR SINCE 1924" in white over a red oval with a green border followed by a second white and red checkered border.

Goods

Class 29

(1) rasam mix, rasam powder, rasam paste, madras rasam powder.

Class 30

(2) Instant mixes, namely, rava idli mix, rava dosa mix with and without curds, masala idli mix, gulab jamun mix, kesari almond gulab jamun mix, sambar mix, bisibelebhath mix, rice idli mix with and without curds, dosa mix with and without curds, vada mix, onion vada mix, kharabath mix, badam mix (almond food drink mix), muruku mix, saffron sheera mix (Indian sweet pudding with saffron), pongal mix, upma mix, and ragi dosa mix; masalas, powders and pastes, namely, sambar powder, sambar paste, Madras sambar powder, puliyogare powder, garam masala, pav vegetable

masala, chick peas masala, bisibelebhath masala, biryani/pulao masala, potato sagu masala, vanghibhath powder, bisibelebhath paste, puliyogare paste, hing powder, hing paste, lemon rice powder, lemon rice paste, tomato rice powder, tomato rice paste, spiced chutney powder, spiced chutney paste; soft ice cream mixes, namely, soft ice cream mango, soft ice cream saffron almond, soft ice cream pineapple, soft ice cream butter scotch, soft ice cream vanilla, soft ice cream chocolate, and soft ice cream strawberry; vermicelli, namely, vermicelli idli mix, vermicelli payasam mix; macaroni; papad, namely, red chili papad with mango pulp, plain papad, garlic papad, pepper papad, cumin papad, masala papad, horsegram papad, beaten rice papad for frying, beaten rice papad for roasting, Punjabi masala papad; sweet rice dessert containing saffron, namely, kesaribhath; ready to eat prepared entree consisting primarily of pasta or rice, namely, bisibelebhath; sambar rice, rasam rice, masala rice, tomato rice, lemon rice, dal makhana and balsamic rice.

Goods

Class 07

(1) Wood grinding machines, namely nailing machines, gluing machines for use with plywood, edge-banding machines being plywood finishing machines, extrusion moulding machines; wood planing machines; woodworking machines, namely, wood drilling machines, planing machines being woodworking lathes, compression moulding machines, sanding machines, nailing machines, routing machines, glueing machines being glue guns, electric, edge-banding machines being plywood finishing machines, wood sawing machines; apparatus for machining, namely, machining centers for metalworking, computer numerical control [CNC] machine tools for lathe machines, and machines for processing and shaping wood, glass, and plastic; circle cutting tools for use with machines; circular saws [for woodworking]; disc shaped rotating grinding tools [parts for machines]; edging tools being rotary sanding machines for shaping edges; lathes [machine tools]; machine tools being lathes; machine tools for boring being boring machines for metalworking; machine tools for drilling being drilling machines for metalworking, electric drills; machine tools for grinding being grinding tools for grinding machines; machine tools for parting being machine tools for wood cutting machines; machine tools for sawing being power saws; machine tools for the plastics processing industry; machine tools for woodworking machines; metalworking machine tools; milling tools, namely, machine tools for milling machines; planing tools, namely, machine tools for planing machines for metalworking; precision grooving tools being cutters for milling machines; precision parting tools being metalworking machine tools; reamers being machine tools; routers being power tools; saws being metal sawing machines; saw-tooth setting machines for lumbering and woodworking saws; tools for machine tools, namely, bits for mining machines, electric routers, and power drills; industrial process controllers consisting of pressure switches being parts of machines, and hydraulic valve actuators being parts of machines sold as a unit with manufacturing machines; pressure regulating apparatus, namely pressure switches being parts of machines; mechanical process controllers consisting of pressure switches being parts of machines, and mechanical valves being parts of machines sold as a unit with manufacturing

machines; pneumatic process controllers consisting of pressure switches being parts of machines, and pneumatic valves being parts of machines sold as a unit with manufacturing machines; regulators, namely, valves being parts of machines; valves being parts of machines; industrial robots for processing and shaping wood; industrial robots for shaping glass, metal, plastic material, and wood; industrial robots for working wood and metal; industrial robots for shaping metal; industrial robots for shaping plastic material; industrial robots for shaping wood; industrial robots for use in manufacture of furniture; robots for machine tools for metalworking machines; assembly line conveyor machinery; automated robotic handling apparatus for loading and unloading of goods; automatic conveyor installations; band conveyors; batch sorting machines; belt conveyors; conveyors; guides for metalworking machines; handling machines, automatic manipulators being unmanned transportation conveyors being cargo handling machines; hydraulic conveyors; indoor self-driving robots for industrial use, namely, unmanned transportation conveyors being cargo handling machines; industrial conveyors; industrial robots for use in the handling of workpieces; industrial robots for working wood; lifting attachments incorporating mechanisms for the handling of goods, namely lifting cranes for the transport of goods; loading and unloading machines, namely cranes; machine operated platforms capable of elevation above ground level and used for storage; machines for turning being turning tools for metalworking machine tools; overhead conveyors; pneumatic conveyors; robotic mechanisms being parts of loading-unloading machines and apparatus, namely, lifting cranes for the transport of goods and elevator conveyors; roller conveyors; rotating screw conveyors; screw conveyors; holders for machine tools for metalworking; materials handling machines, namely, high-bay storage machine stackers; workpiece clamping attachments, namely clamping bushings being parts of machines; wood carving machines; assembly machines, namely, conveyor belts and assembling machines for furniture; automotive engine blocks; boring machines for use in woodworking; varnish coating machines; dividing machines; drilling machines, namely, wood drilling machines, drilling machines for metalworking; drive mechanisms for machine tools being hydrostatic chain drives being parts of machines; edge sealing machines for industrial use; edgers in the nature of wood shaping machines; engine mounts being mounts for metalworking machines; plywood finishing machines; plywood gluing machines; grinding machines for metalworking; jointers being woodworking machines; laminators, namely, laminating machines for industrial use; laser engraving machines for woodworking; machines and machine tools for treatment of materials and for manufacturing, namely, metalworking machines and machine tools; machines for machining metals, namely, powered metalworking machines for cutting or shaping or finishing metals; machines, machine tools, and power-operated tools and apparatus, for fastening and joining, namely, metal clamping modules, clamping blocks, clamping cylinders and component parts and accessories therefor; machining centres for metalworking; metal machining centres for metalworking; milling machines; numerically controlled machining stations for boring; packaging machines; painting machines; planing machines for metalworking; pressing machines for industrial purposes, namely, industrial machine presses; sanding machines; sanding machines for woodworking; sealing machines, namely, heat transfer presses; shaping machines for metalworking and compression and injection moulding machines; stacking machines, namely, high-bay storage machine stackers; trimming machines, namely, cutting machines for metalworking, paper trimming machines for commercial or industrial use; turning machines being lathes; veneer manufacturing machines.

Class 09

(2) Electronic sensors, namely, pressure sensors, proximity sensors, temperature sensors, and distance sensors; electronic process controllers, namely, electric control panels, and temperature switches for industrial process control; programmable controllers, namely, programmable electric control panels; sensor controllers, namely for sensors for determining position, velocity,

acceleration, and temperature; smart manufacturing system controls comprised of computer hardware and computer software for industrial process control; infrared sensors; internet of things [IoT] sensors being touchscreen sensors; measuring, detecting, monitoring and controlling devices, namely, motion detectors, power controllers for fuel cells, electronic speed controllers; optical sensors; pressure sensors; proximity sensors; temperature sensors; vibration sensors; business technology software for use in managing and controlling industrial machinery maintenance schedules; downloadable cloud computing operating system software for managing and controlling virtual machines on the computer networks; computer operating system software application for use in implementing the internet of things [IoT]; computer-aided engineering [CAE] software; computer-aided manufacturing [CAM] software; enterprise resource planning [ERP] software; factory automation software, namely, software to integrate manufacturing machine operations, track problems and generate production reports; industrial controls incorporating software, namely, industrial process control software; industrial process control software; industrial software, namely, industrial process control software; manufacturing software, namely, computer software for computer-aided design/computer-aided manufacturing [CAD/CAM]; mechanical engineering software; optical barcode recognition [OBR] software; predictive maintenance software, namely, computer software for use in managing and controlling industrial machinery maintenance schedules in industrial process control; process controlling software, namely, industrial process control software; production support software, namely, computer operating system software for monitoring and controlling factory manufacturing processes; robotic process automation [RPA] software, namely, operating system software for monitoring and controlling communication between computers and automated machine systems; smart manufacturing software, namely, computer operating system software for controlling and configuring the operation of manufacturing machinery; smart manufacturing software, namely, factory automation software for integrating manufacturing machine operations, tracking problems and generating production reports; downloadable and recorded computer operating system software for diagnostics and troubleshooting in the field of industrial robots, metalworking, and wood-working machines.

Services

Class 37

(1) Installation services of assembly machines; installation services of automotive engine blocks; installation services of boring machines for use in woodworking; installation services of coating machines; installation services of dividing machines; installation services of drilling machines; installation services of drive mechanisms for machine tools; installation services of edge sealing machines for industrial use; installation services of edgers [machines]; installation services of engine mounts, other than for land vehicles; installation services of feeding machines; installation services of finishing machines; installation services of gluing machines; installation services of grinding machines; installation services of jointers being woodworking machines; installation services of laminators [machines] other than for office use; installation services of laser engraving machines for woodworking; installation services of machines and machine tools for treatment of materials and for manufacturing; installation services of machines for machining metals; installation services of machines, machine tools, and power-operated tools and apparatus, for fastening and joining; installation services of machining centres; installation services of metal machining centres; installation services of milling machines; installation services of numerically controlled machining stations for boring; installation services of packaging machines; installation services of painting machines; installation services of planing machines; installation services of pressing machines for industrial purposes; installation services of sanding machines; installation services of sanding machines for woodworking; installation services of sealing machines;

installation services of shaping and moulding machines; installation services of sorting machines for industry; installation services of stacking machines; installation services of trimming machines; installation services of turning machines; installation services of veneer manufacturing machines; installation services of wood carving machines; installation services of wood grinding machines; installation services of wood planing machines; installation services of woodworking machines; installation services of apparatus for machining; installation services of circle cutting tools for use with machines; installation services of circular saws [for woodworking]; installation services of disc shaped rotating grinding tools [parts for machines]; installation services of edging tools [machines]; installation services of lathes [machine tools]; installation services of machine tools; installation services of machine tools for boring; installation services of machine tools for drilling; installation services of machine tools for grinding; installation services of machine tools for parting; installation services of machine tools for sawing; installation services of machine tools for the plastics processing industry; installation services of machine tools for woodworking machines; installation services of metalworking machine tools; installation services of milling tools [machines]; installation services of planing tools [machines]; installation services of precision grooving tools [parts of machines]; installation services of precision parting tools [machines]; installation services of reamers [machine tools]; installation services of routers [machines]; installation services of saws [machines]; installation services of saw-tooth setting machines [for lumbering or woodworking saws]; installation services of tools for machine tools; installation services of industrial process controllers [hydraulic]; installation services of pressure regulating apparatus being parts of machines; installation services of process controllers [mechanical]; installation services of process controllers [pneumatic]; installation services of regulators [parts of machines]; installation services of valves [parts of machines]; installation services of industrial robots; installation services of industrial robots for shaping metal; installation services of industrial robots for shaping plastic material; installation services of industrial robots for shaping wood; installation services of industrial robots for use in manufacture; installation services of robots for machine tools; installation services of assembly line conveyor machinery; installation services of automated robotic handling apparatus for loading and unloading of goods; installation services of automatic conveyor installations; installation services of band conveyors; installation services of batch sorting machines; installation services of belt conveyors; installation services of conveyors; installation services of guidance frameworks for machine tools; installation services of handling machines, automatic [manipulators]; installation services of hydraulic conveyors; installation services of indoor self-driving robots for industrial use; installation services of industrial conveyors; installation services of industrial robots for use in the handling of workpieces; installation services of industrial robots for working wood; installation services of lifting attachments incorporating mechanisms for the handling of goods; installation services of loading and unloading machines; installation services of machine operated platforms capable of elevation above ground level and used for storage; installation services of machines for turning; installation services of overhead conveyors; installation services of pneumatic conveyors; installation services of robotic mechanisms for transportation; installation services of roller conveyors; installation services of rotating screw conveyors; installation services of screw conveyors; installation services of holders for machine tools; installation services of materials handling machines; installation services of workpiece clamping attachments [parts of machines]; repair and maintenance of assembly machines; repair and maintenance of automotive engine blocks; repair and maintenance of boring machines for use in woodworking; repair and maintenance of coating machines; repair and maintenance of dividing machines; repair and maintenance of drilling machines; repair and maintenance of drive mechanisms for machine tools; repair and maintenance of edge sealing machines for industrial use; repair and maintenance of edgers [machines]; repair and maintenance of engine mounts, other than for land vehicles; repair and maintenance of feeding machines; repair and maintenance

of finishing machines; repair and maintenance of gluing machines; repair and maintenance of grinding machines; repair and maintenance of jointers being woodworking machines; repair and maintenance of laminators [machines] other than for office use; repair and maintenance of laser engraving machines for woodworking; repair and maintenance of machines and machine tools for treatment of materials and for manufacturing; repair and maintenance of machines for machining metals; repair and maintenance of machines, machine tools, and power-operated tools and apparatus, for fastening and joining; repair and maintenance of machining centres; repair and maintenance of metal machining centres; repair and maintenance of milling machines; repair and maintenance of numerically controlled machining stations for boring; repair and maintenance of packaging machines; repair and maintenance of painting machines; repair and maintenance of planing machines; repair and maintenance of pressing machines for industrial purposes; repair and maintenance of sanding machines; repair and maintenance of sanding machines for woodworking; repair and maintenance of sealing machines; repair and maintenance of shaping and moulding machines; repair and maintenance of sorting machines for industry; repair and maintenance of stacking machines; repair and maintenance of trimming machines; repair and maintenance of turning machines; repair and maintenance of veneer manufacturing machines; repair and maintenance of wood carving machines; repair and maintenance of wood grinding machines; repair and maintenance of wood planing machines; repair and maintenance of woodworking machines; repair and maintenance of apparatus for machining; repair and maintenance of circle cutting tools for use with machines; repair and maintenance of circular saws [for woodworking]; repair and maintenance of disc shaped rotating grinding tools [parts for machines]; repair and maintenance of edging tools [machines]; repair and maintenance of lathes [machine tools]; repair and maintenance of machine tools; repair and maintenance of machine tools for boring; repair and maintenance of machine tools for drilling; repair and maintenance of machine tools for grinding; repair and maintenance of machine tools for parting; repair and maintenance of machine tools for sawing; repair and maintenance of machine tools for the plastics processing industry; repair and maintenance of machine tools for woodworking machines; repair and maintenance of metalworking machine tools; repair and maintenance of milling tools [machines]; repair and maintenance of planing tools [machines]; repair and maintenance of precision grooving tools [parts of machines]; repair and maintenance of precision parting tools [machines]; repair and maintenance of reamers [machine tools]; repair and maintenance of routers [machines]; repair and maintenance of saws [machines]; repair and maintenance of saw-tooth setting machines [for lumbering or woodworking saws]; repair and maintenance of tools for machine tools; repair and maintenance of industrial process controllers [hydraulic]; repair and maintenance of pressure regulating apparatus being parts of machines; repair and maintenance of process controllers [mechanical]; repair and maintenance of process controllers [pneumatic]; repair and maintenance of regulators [parts of machines]; repair and maintenance of valves [parts of machines]; repair and maintenance of industrial robots; repair and maintenance of industrial robots for shaping metal; repair and maintenance of industrial robots for shaping plastic material; repair and maintenance of industrial robots for shaping wood; repair and maintenance of industrial robots for use in manufacture; repair and maintenance of robots for machine tools; repair and maintenance of assembly line conveyor machinery; repair and maintenance of automated robotic handling apparatus for loading and unloading of goods; repair and maintenance of automatic conveyor installations; repair and maintenance of band conveyors; repair and maintenance of batch sorting machines; repair and maintenance of belt conveyors; repair and maintenance of conveyors; repair and maintenance of guidance frameworks for machine tools; repair and maintenance of handling machines, automatic [manipulators]; repair and maintenance of hydraulic conveyors; repair and maintenance of indoor self-driving robots for industrial use; repair and maintenance of industrial conveyors; repair and maintenance of industrial robots for use in the

handling of workpieces; repair and maintenance of industrial robots for working wood; repair and maintenance of lifting attachments incorporating mechanisms for the handling of goods; repair and maintenance of loading and unloading machines; repair and maintenance of machine operated platforms capable of elevation above ground level and used for storage; repair and maintenance of machines for turning; repair and maintenance of overhead conveyors; repair and maintenance of pneumatic conveyors; repair and maintenance of robotic mechanisms for transportation; repair and maintenance of roller conveyors; repair and maintenance of rotating screw conveyors; repair and maintenance of screw conveyors; repair and maintenance of holders for machine tools; repair and maintenance of materials handling machines; repair and maintenance of workpiece clamping attachments [parts of machines].

Class 38

(2) providing access to internet platforms for data transmission; providing access to internet platforms for remote data access services; providing access to global computer networks; provision of access to data or documents stored electronically in central files for remote consultation; data streaming, namely, streaming of audio and video content via the internet, other computer networks, wireless networks and electronic communication networks; electronic network communications, namely, digital sms services via electronic communications networks; telecommunications, namely, email transmission of data and documents via computer terminals; telecommunications by telegrams; telecommunication by telephones; telematics in-vehicle communication services providing wireless vehicle navigation and tracking; transmission of machine performance data for predictive maintenance information via wireless and cable networks.

Class 42

(3) Engineering consultancy services; mechanical engineering services; software installation; software creation; development of computer hardware; computer software consulting; design and development of computer software for supply chain management; technical project planning in the field of woodworking machines and furniture manufacture; technical project planning in the field of industrial and mechanical engineering; computer software development; updating of software; engineering services for the analysis of machinery; research and development services in the field of engineering; design of manufacturing methods; development of computer programs recorded on data media (software) designed for use in construction and automated manufacturing (CAD/CAM); providing quality control for the computer software development industry; quality control testing services for industrial machinery; engineering services relating to machine tool design; engineering services relating to robotics; process monitoring for quality assurance; computer aided industrial analysis services in the field of industrial and mechanical engineering services for others; design and development of computer software for process control; tool design; industrial design services; software design and development; software as a service featuring database management software; creating, maintaining, and updating computer software; development of computer software for computer aided design/computer aided manufacturing [CAD/CAM]; design and development of software for inventory management.

Class 06

(1) Structures of metal, namely, gondola towers and funicular wheelsets for transportation facilities, namely for railways, material lines, air cable railways, magnetic railways, funiculars and cable cars and structural parts and fittings for all the aforesaid goods; containers of metal for storage, transport and packaging and structural parts and fittings for all the aforesaid goods; metal containers for the storage and transportation of goods and structural parts and fittings for all the aforesaid goods; building and construction materials and elements of metal, namely, metal piles and structural parts and fittings for all the aforesaid goods; portable prefabricated cabins of metal and structural parts and fittings for all the aforesaid goods; structures and transportable buildings of metal, namely, sheds and greenhouses and structural parts and fittings for all the aforesaid goods; railway material of metal, namely, metal railway ties, check rails of metal for railways, guard rails of metal for railways, railway turntables and structural parts and fittings for all the aforesaid goods; rails of metal, namely, guard rails of metal for railways, guide rails of metal, dado rails, rail skids for railway tracks and structural parts and fittings for all the aforesaid goods; rail fastenings of metal and structural parts and fittings for all the aforesaid goods; building materials of metal,

namely, awnings of metal, metal boards, metal cladding, metal panels, metal reinforcement materials for building and structural parts and fittings for all the aforesaid goods; wires for use in the manufacture of wire ropes and structural parts and fittings for all the aforesaid goods; telpher cables and structural parts and fittings for all the aforesaid goods; non-electric cables and wires of common metal, chains of metal and structural parts and fittings for all the aforesaid goods; ironmongery of metal for building, namely, hinges and structural parts and fittings for all the aforesaid goods; metal hardware, namely, bolts, screws, nuts, springs, metal hardware for windows and doors and structural parts and fittings for all the aforesaid goods; metal clamps, namely, metal hose clamps, metal pipe clamps, metal wheel clamps and structural parts and fittings for all the aforesaid goods; staples for construction use and structural parts and fittings for all the aforesaid goods; pipes and tubes of metal, namely, branching pipes of metal, drain pipes of metal, metal water pipes and structural parts and fittings for all the aforesaid goods; tubes of metal for drainage and structural parts and fittings for all the aforesaid goods; metal pallets and structural parts and fittings for all the aforesaid goods; all-purpose storage racks of metal and structural parts and fittings for all the aforesaid goods; handling pallets of metal and structural parts and fittings for all the aforesaid goods; bindings of metal, namely, metal screw bindings for cables, metal strip bindings for cables and structural parts and fittings for all the aforesaid goods; cladding panels of metal for construction and building and structural parts and fittings for all the aforesaid goods; tanks of metal, namely, storage tanks of metal, gasoline storage tanks of metal, fluid storage tanks of metal and structural parts and fittings for all the aforesaid goods; closures of metal for containers and structural parts and fittings for all the aforesaid goods; loading pallets of metal and structural parts and fittings for all the aforesaid goods; tension links and structural parts and fittings for all the aforesaid goods; wire stretchers [tension links] and structural parts and fittings for all the aforesaid goods; metal in the form of sheets, strips and coils used in building and construction and structural parts and fittings for all the aforesaid goods; materials of metal for railway construction and structural parts and fittings for all the aforesaid goods; loading gauge rods of metal for railway wagons and structural parts and fittings for all the aforesaid goods; seating platforms of metal, namely, bleachers of metal and structural parts and fittings for all the aforesaid goods; storage sheds of metal and structural parts and fittings for all the aforesaid goods

Class 07

(2) Transporting machines, namely, unmanned transportation conveyors being cargo handling machines and structural parts and fittings for all the aforementioned goods; conveyors and structural parts and fittings for all the aforementioned goods; conveyors and conveyor belts and structural parts and fittings for all the aforementioned goods; conveyor rollers and structural parts and fittings for all the aforementioned goods; conveying chains and structural parts and fittings for all the aforementioned goods; conveyors [machines] and structural parts and fittings for all the aforementioned goods; belt pulleys being parts of machines and structural parts and fittings for all the aforementioned goods; winches and structural parts and fittings for all the aforementioned goods; capstans and structural parts and fittings for all the aforementioned goods; starters for motors and engines and structural parts and fittings for all the aforementioned goods; brake linings for machines and structural parts and fittings for all the aforementioned goods; driving belts for machines and structural parts and fittings for all the aforementioned goods; pneumatic controls for machines, motors and engines, namely, pneumatic valves and structural parts and fittings for all the aforementioned goods; hydraulic control valves for machines, motors and engines and structural parts and fittings for all the aforementioned goods; machine parts, namely, laminated leaf-springs, spring shock absorbers and structural parts and fittings for all the aforementioned goods; bearings being parts of machines and structural parts and fittings for all the aforementioned goods; ball-bearings for turntables and structural parts and fittings for all the aforementioned

goods; ball-bearings for hard drives and structural parts and fittings for all the aforementioned goods; couplings for machines and structural parts and fittings for all the aforementioned goods; machine coupling and transmission components, except for land vehicles and structural parts and fittings for all the aforementioned goods; couplings being parts of machines, other than for land vehicles, namely, drive shaft couplings, flexible couplings, fluid couplings, gear couplings and structural parts and fittings for all the aforementioned goods; cranes [lifting and hoisting apparatus] and structural parts and fittings for all the aforementioned goods; roller bridges and structural parts and fittings for all the aforementioned goods; holding devices for machine tools, namely, lever clamps, screw clamps and structural parts and fittings for all the aforementioned goods; chucks being parts of machines for drills and structural parts and fittings for all the aforementioned goods; electric hoists and structural parts and fittings for all the aforementioned goods; hydraulic lifting gear, namely, hydraulic hoists and structural parts and fittings for all the aforementioned goods; pneumatic hoists and structural parts and fittings for all the aforementioned goods; cowlings being parts of machines and structural parts and fittings for all the aforementioned goods; joints being parts of engines and structural parts and fittings for all the aforementioned goods; lifting installations for the transport of persons and goods, namely, elevator lifts, passenger lifts, air cushion load lifting machines, cargo lifting derricks, hydraulic lift tables, mechanical railed lifting conveyors and structural parts and fittings for all the aforementioned goods; lifts for use with vehicles, namely, mechanical lifts for moving, parking and storing land vehicles and structural parts and fittings for all the aforementioned goods; pneumatically operated lifting jacks [machines] and structural parts and fittings for all the aforementioned goods; service elevators and structural parts and fittings for all the aforementioned goods; moving walkways and structural parts and fittings for all the aforementioned goods; drives for conveyors and structural parts and fittings for all the aforementioned goods; drives for machines, in particular for storage and retrieval units for conveying piece goods, namely, drive pulleys for power transmission belts, chain drives, variable speed drives and structural parts and fittings for all the aforementioned goods; variable speed drives for machines and structural parts and fittings for all the aforementioned goods; power transmission belts for machines and structural parts and fittings for all the aforementioned goods; drive belts for machines, driving belts for motors, other than for land vehicles, turntable drive belts and structural parts and fittings for all the aforementioned goods; chain drives being parts of machines, chain drives for conveyors and structural parts and fittings for all the aforementioned goods; electric driving motors for machines and structural parts and fittings for all the aforementioned goods; drives for elevators and structural parts and fittings for all the aforementioned goods; torque converters and speed governors for machines, motors and engines and structural parts and fittings for all the aforementioned goods; power-operated boat lifts and structural parts and fittings for all the aforementioned goods; electrically operated drain cleaning machines and structural parts and fittings for all the aforementioned goods; unmanned transport conveyors being machines and structural parts and fittings for all the aforementioned goods; material handling machines, namely, palletizers and structural parts and fittings for all the aforementioned goods; pallet transferring machines, namely, pallet jacks and structural parts and fittings for all the aforementioned goods

Class 09

(3) Electrical controls for ropeways and structural parts and fittings for all the aforementioned goods; electronic controllers for ropeways and structural parts and fittings for all the aforementioned goods; downloadable software for steering ropeways and structural parts and fittings for all the aforementioned goods; electric control panels and structural parts and fittings for all the aforementioned goods; remote control apparatus, namely, electrodynamic apparatus for the remote control of railway points and structural parts and fittings for all the aforementioned goods;

remote control starters for vehicles and structural parts and fittings for all the aforementioned goods; voltage monitoring units and structural parts and fittings for all the aforementioned goods; remote controls for opening and closing doors and structural parts and fittings for all the aforementioned goods; door opening and closing detecting sensors, namely, position sensors and structural parts and fittings for all the aforementioned goods; seat controls, namely, operational controls for land vehicle seats and structural parts and fittings for all the aforementioned goods; communications equipment, namely, broadband wireless equipment, namely, telecommunication base station equipment for cellular and fixed networking communications applications and structural parts and fittings for all the aforementioned goods; apparatus for transmission of communications, namely, data transmission cables and structural parts and fittings for all the aforementioned goods; computers for autonomous-driving vehicles and structural parts and fittings for all the aforementioned goods; computer systems for automated vehicle control, namely, motion control software for autonomous vehicles and structural parts and fittings for all the aforementioned goods; computer programs to operate vehicles, namely, downloadable software application for a mobile device or computer that provides users the ability to remotely control features of their motor vehicle and structural parts and fittings for all the aforementioned goods; electronic control systems for automobile brakes, namely automated braking and structural parts and fittings for all the aforementioned goods; autonomous driving control systems for vehicles, namely, driver systems for autonomous vehicles and structural parts and fittings for all the aforementioned goods; computer programs for use in autonomous control of vehicles, namely, computer systems for driverless cars with intelligent driver assistance system and structural parts and fittings for all the aforementioned goods; simulators for the steering and control of vehicles and structural parts and fittings for all the aforementioned goods; vehicle autonomous driving systems featuring interactive displays, namely, interactive infotainment digital displays and structural parts and fittings for all the aforementioned goods; computer software for data security and structural parts and fittings for all the aforementioned goods; safety, security, protection and signalling devices, namely, lock out and tagout safety devices and locks, namely, cable lockouts and structural parts and fittings for all the aforementioned goods; security warning apparatus, namely, security warning bells, emergency warning lights, luminous warning signs, warning flags and structural parts and fittings for all the aforementioned goods

Class 12

(4) Vehicles and conveyances, namely, all-terrain vehicles, electric automotive vehicles, autonomous land vehicles and structural parts and fittings for all the aforesaid goods; transport carriages, namely, railway carriages, train carriages and structural parts and fittings for all the aforesaid goods; aerial conveyors and structural parts and fittings for all the aforesaid goods; carts being motorized land vehicles and structural parts and fittings for all the aforesaid goods; self-driving transport vehicles, namely, self-driving material handling trucks and structural parts and fittings for all the aforesaid goods; driverless transporter vehicles, namely autonomous material handling forklifts trucks and structural parts and fittings for all the aforesaid goods; mine cars and structural parts and fittings for all the aforesaid goods; ski lift installations, namely, ski lifts and structural parts and fittings for all the aforesaid goods; ski lifts and structural parts and fittings for all the aforesaid goods; rail vehicles, namely, light rail vehicles, rail cars, self-driving trains, freight trains, hydrogen fuel trains and structural parts and fittings for all the aforesaid goods; funicular railcars and structural parts and fittings for all the aforesaid goods; cable car cabins and structural parts and fittings for all the aforesaid goods; unmanned conveying vehicles, namely, gondolas, cable cars, structural parts and fittings for all the aforesaid goods; telpher railways, namely, cable cars and structural parts and fittings for all the aforesaid goods; unmanned ground vehicles [UGV] and structural parts and fittings for all the aforesaid goods; unmanned remotely operated ground

vehicles [UGV] and structural parts and fittings for all the aforesaid goods; trolley buses and structural parts and fittings for all the aforesaid goods; driverless cars [autonomous cars] and structural parts and fittings for all the aforesaid goods; cable transport apparatus and installations, namely, chair lifts and ski lifts and structural parts and fittings for all the aforesaid goods; container cars and structural parts and fittings for all the aforesaid goods; cars for cable transport installations and structural parts and fittings for all the aforesaid goods; vehicle seats and structural parts and fittings for all the aforesaid goods; chassis for railway cars and structural parts and fittings for all the aforesaid goods; modular vehicle chassis and structural parts and fittings for all the aforesaid goods; couplings for land vehicles and structural parts and fittings for all the aforesaid goods; couplings and transmission components for land vehicles, namely, transmission belts, transmission chains, transmission cases, mounting plates and structural parts and fittings for all the aforesaid goods; clutch mechanisms for motor cars and structural parts and fittings for all the aforesaid goods; vehicle trailers and truck trailers and structural parts and fittings for all the aforesaid goods; hoods for vehicle engines and structural parts and fittings for all the aforesaid goods; chairlifts and structural parts and fittings for all the aforesaid goods; gears for vehicles, namely, automatic gear boxes for land vehicles, differential gears for land vehicles, drive gears, gear shifts and structural parts and fittings for all the aforesaid goods; anti-dazzle devices for vehicles, namely, anti-glare devices for vehicles, namely, vehicle windows made of anti-glare glass and structural parts and fittings for all the aforesaid goods; brake facings and structural parts and fittings for all the aforesaid goods; brakes for motor vehicles and structural parts and fittings for all the aforesaid goods; braking systems for motor vehicles and parts thereof and structural parts and fittings for all the aforesaid goods; brake shoes for land vehicles and structural parts and fittings for all the aforesaid goods; electronic brakes for vehicles and structural parts and fittings for all the aforesaid goods; pallet transfer trucks and structural parts and fittings for all the aforesaid goods; bodies for vehicles and structural parts and fittings for all the aforesaid goods; lorries and structural parts and fittings for all the aforesaid goods; tipping bodies for lorries and structural parts and fittings for all the aforesaid goods; automatically guided [driverless] material handling trucks and structural parts and fittings for all the aforesaid goods; pickup truck caps and structural parts and fittings for all the aforesaid goods; automotive wheels, gear wheels, railway car wheels, steering wheels and structural parts and fittings for all the aforesaid goods; motor car windows and structural parts and fittings for all the aforesaid goods; shock absorbers for bicycles and structural parts and fittings for all the aforesaid goods; vehicle bumpers and structural parts and fittings for all the aforesaid goods; springs for vehicle suspension systems and structural parts and fittings for all the aforesaid goods; air springs for vehicle suspension components for cushioning driver's seats and cabs and structural parts and fittings for all the aforesaid goods; armrests for automobile seats and structural parts and fittings for all the aforesaid goods; head restraints for vehicles and structural parts and fittings for all the aforesaid goods; crankcases for land vehicle components, other than for engines and structural parts and fittings for all the aforesaid goods; powertrain mechanism comprised of engines and motors for land vehicles and structural parts and fittings for all the aforesaid goods; air turbines for land vehicles, gas turbines for land vehicles, hydraulic turbines for land vehicles, steam turbines for land vehicles and structural parts and fittings for all the aforesaid goods; drive shafts for land vehicles, power take-off shafts for land vehicles, transmission shafts for land vehicles and structural parts and fittings for all the aforesaid goods; undercarriages for vehicles, undercarriages of railway cars and structural parts and fittings for all the aforesaid goods; windshield wipers and structural parts and fittings for all the aforesaid goods; railway carriages and structural parts and fittings for all the aforesaid goods; railway couplings and structural parts and fittings for all the aforesaid goods; vehicle chassis and structural parts and fittings for all the aforesaid goods; funiculars and structural parts and fittings for all the aforesaid goods; cars for cable transport installations and structural parts and fittings for all the aforesaid

goods; travelling trucks and structural parts and fittings for all the aforesaid goods

Class 19

(5) Building and construction materials and elements, not of metal, namely, bitumen building materials, clay for use as a building material, logs used as building material, marble used as building material and structural parts and fittings for all the aforesaid goods

Class 20

(6) clothes racks, coat racks, display racks, tool racks and structural parts and fittings for all the aforesaid goods; shelving units and structural parts and fittings for all the aforesaid goods; storage racks and structural parts and fittings for all the aforesaid goods; easy-chairs and structural parts and fittings for all the aforesaid goods

Services

Class 37

(1) Repair or maintenance of conveyors; vehicle maintenance; overhaul of vehicles; installation of conveyors; maintenance and repair of public transport vehicles; lift and elevator installation, maintenance and repair; maintenance and repair services relating to automatic door equipment; repair or maintenance of railway rolling stock; vehicle maintenance and repair; maintenance and repair of gears; maintenance and repair of chassis parts and bodies for vehicles; installation of parts for vehicles; installation of prefabricated building elements, namely, installation of awnings of metal, metal boards, metal cladding, metal panels, metal reinforcement materials for building; overhaul of machines, namely, engine overhaul; machinery maintenance services, namely, maintenance services for ropeways, freight trains, lifts, rail cars, gondolas, cable cars, vehicle trailers and elevators; renovation of machinery, namely, renovation of ropeways, freight trains, lifts, rail cars, gondolas, cable cars, vehicle trailers and elevators; repair of machines, namely, repair of ropeways, freight trains, lifts, rail cars, gondolas, cable cars, vehicle trailers and elevators; building construction services; installation of machinery, namely, installation of ropeways, freight trains, lifts, rail cars, gondolas, cable cars, vehicle trailers and elevators

Class 39

(2) Transport, namely, freight transportation by rail, light rail transit services for the general public, passenger rail transport, passenger transport by light rail, railway transportation of goods, transport of goods and passengers by rail, tram and truck, transport of goods by motor vehicle; transportation logistics services, namely, arranging the transportation of goods for others; freight forwarding services; passenger transport, namely, passenger rail transport, passenger train transport, passenger transport by light rail, transportation of passengers by land, transportation of passengers by motor vehicle; cable-car transport; luggage storage

Class 41

(3) conducting training programs in the field of driver safety; provision of training programs in the field of driver safety; organisation of business seminars; arranging and conducting of conferences, congresses and symposiums in the field of business management and in the field of product development management; tour guide training services relating to tourist destinations for cultural, entertainment, sports and educational purposes; entertainment services at family parks for cultural, entertainment, sports or educational purposes in the nature of an amusement park ride, games, in the nature of magic shows, in the nature of a bounce house; entertainment services, namely, providing entertainment information relating to tourism destinations for cultural, entertainment, sports or educational purposes

Class 42

(4) Technical engineering in the field of railway and ropeway transport; conducting technical project studies in the field of railway and ropeway transport; technical project planning in the field of railway and ropeway transport; industrial testing, namely, quality control testing services for industrial machinery; technical design in the field of ropeways; technical research in the field of ropeways; preparation of reports relating to technical project studies for construction projects; engineering services, namely, transportation engineering in the field of planning of transportation facilities; engineering consultancy services in the field of transportation facilities; engineering research in the field of transportation facilities; technological engineering analysis in the field of transportation facilities; mechanical engineering; technical project planning in the field of engineering, namely, technical project planning in the field of transportation facilities; engineering services for the design of structures, namely, building engineering services; engineering services for the design of machinery, namely, engineering services for the design of ropeways, freight trains, lifts, rail cars, gondolas, cable cars, vehicle trailers and elevators; engineering services for the analysis of machinery, namely, engineering services for the analysis of ropeways, freight trains, lifts, rail cars, gondolas, cable cars, vehicle trailers and elevators; technological and industrial research services for ropeways, freight trains, lifts, rail cars, gondolas, cable cars, vehicle trailers and elevators; software development; technical planning of family parks, namely, theme parks, water parks; rental of computer hardware and computer software; drafting services, namely, design and planning in the field of buildings and building construction; technical drawing, namely, civil engineering drawing services; design and graphic art design in the field of tourist facilities and infrastructure

Colour Claim

Colour is claimed as a feature of the trademark. The mark consists of a gray stylized banner surrounding a black rectangle with the wording "KYKNOS" in stylized white font. Below this and within the gray banner is a black circle with gray lines stylized to appear as waves. Inside the circle is a white swan with black shading and outlines, a black eye, and a red beak. The wording "EST." appears to the left of this design in black font, and the number "1915" appears to the right, also in black font. The colors gray, black, white, and red are claimed as features of the mark. Any additional white in the mark represents background only and is not claimed as a feature.

Disclaimer

The right to the exclusive use of the words EST. 1915. is disclaimed apart from the trademark.

Foreign Character Translation

The translation provided by the applicant of the word(s) KYKNOS is SWANS.

Goods

Class 01

(1) Wear resistant surface coatings and thin films of organic and chemical materials (and substances) for use in manufacturing processes and in scientific and industrial research, for further application under vacuum on various substrates such as cemented carbide, cermets, and cubic boron nitride, namely, chemical coating preparations for use with industrial machinery in the fields of materials technology being industrial material engineering, mining, construction and metal working industry.

Class 06

(2) Hard metal compositions, namely, common metals, unwrought and semi-worked for use in the further manufacturing of tools for the machining of metal and parts and accessories of such tools.

Class 07

(3) Power operated metal working machine tools; tool holders for power operated metal working machines; inserts for power operated metal working machine tools; machine antivibration tools,

namely, holders, dampers, boring bars, and adapters all being parts of metalworking machines; parts and fittings for all the aforementioned goods; machine parts, namely, blades and blade holders, bearings, as parts of machines; automatic vending machines; automated dispensing machines for metalworking machine tools and metal cutting tools.

Class 09

(4) Computerized electric controllers for use in monitoring power-operated machine tools; computer programs, and computer software all for the calculation of cutting data for machine tools; electric control panels for remote control apparatus of power-operated machine tools, computer aided manufacturing (CAM) software for controlling of machine tools for general use; computerized electric integrated control systems being computers for metal working machines and machine tools therefore; computer database management software for calculation of data collected in connection with machine working machines and tools; computer operating system software for increased machine working tool productivity, logistics, accessibility and identification; computer operating system software for machining of materials such as materials of metal and non-metallic materials such as composite materials; downloadable computer software, namely, computer software for use with controlling metal cutting machines; downloadable computer software for process optimization for use in planning, tracking and controlling manufacturing facility operations; downloadable computer software for controlling metal cutting machines; downloadable computer operating system software for nesting and programming CNC metal cutting machines; computer programs recorded on magnetic media compact discs for use in providing industrial engineering design and engineering drafting services; computer operating programs for use in machine tool industry; computer hardware and related computer operating system software for controlling power-operated automation equipment; downloadable electronic publications in the nature of handbooks, manuals, instructional manuals and teaching materials all in the field of metal-cutting tools and tooling systems for metalworking machines; downloadable computer software for blockchain technology, namely, blockchain-based inventory management; downloadable computer software for payment and exchange transactions involving cryptocurrencies, namely, for managing and verifying cryptocurrency transactions on a blockchain; downloadable digital multimedia image files containing artwork, text, audio, and video recordings relating to the fields of industrial goods and human interest topics of general interest all authenticated by non-fungible tokens (NFTs); downloadable virtual goods, namely, metalworking machine tools and inserts, metalworking machines, inventory management machines, industrial robots, electronic controls, electric control panels, calculating devices, calculators, computers, measurement machinery being computer hardware and electronic publications in the nature of books, handbooks, newsletters, and manuals all for use in online virtual world.

Class 10

(5) Surgical, medical, dental and veterinary apparatus and instruments, in particular precision tools for bone surgery and dentistry, including drills, burrs, twist drills, step drills, pilot drills, planishing burrs, pins for artificial teeth, root canal enlargers, root canal pins for artificial teeth, taps, reamers and nails for dental use; all the aforesaid goods included in this class.

Services

Class 35

(1) Provision of wholesale and retail sale services, including such services, namely, being provided online, related to the fields of metalworking machine tools and inserts, metalworking machines, inventory management machines, industrial robots, electric control panels, calculating devices calculators, computers and measurement machinery being computer hardware; provision and operation of an online marketplace for buyers and sellers of metalworking machine tools and

inserts, metalworking machines, inventory management machines, industrial robots, electric control panels, calculating devices calculators, computers and measurement machinery being computer hardware; business management consultancy and advisory services; inventory control; database management; updating and maintenance of data in computer databases; commercial and industrial business management assistance; advisory services for business management; business management and organization consultancy; provision of commercial and business support management services relating to the sale of products for use within the metal working industries; provision of e-commerce services for products for use within the metal working industries, namely, the provision and operation of an online marketplace for buyers and sellers of the aforesaid goods and services in the field of metal working industry; e-commerce services, being business management services relating to e-commerce in the aforementioned industries; online ordering services, namely providing an online marketplace for buyers and sellers of goods and service; business sales administration; provision of customer support services and information being customer relationship management related to products for use within the metal working industries; information, advisory, support and consultancy services relating to the aforesaid; provision of an online marketplace for buyers and sellers of downloadable digital collectibles authenticated by non-fungible tokens (NFTs); retail store services featuring virtual goods, namely, metalworking machine tools and inserts, metalworking machines, inventory management machines, industrial robots, electronic controls being electric control panels, calculating devices calculators, computers, measurement machinery being computer hardware and electronic publications in the nature of books, handbooks, newsletters, and manuals all for use in online virtual worlds.

Class 36

(2) Financial management services; insurance and financial management information and consultancy services; insurance services, namely, underwriting extended warranty contracts; financing of loans, lease purchase financing and loan services; credit, lease and loan services; insurance services; information, advisory, support and consultancy services relating to the aforesaid; financial issuance of tokens of value, namely, electronic transfer of crypto assets; currency exchange services; currency trading; electronic banking via a global computer network; electronic funds transfer.

Class 37

(3) Repair, maintenance, assembly and installation services in the field of metal working industries; rebuild, refurbishment, upgrade of products within the metal working industries; rental and hire of metal working machine tools and inserts; rental of metalworking machine tools; repair of metalworking machine tools; information, advisory, support and consultancy services relating to the aforesaid.

Class 40

(4) Treatment of materials in the nature of common metals and their alloys; coating, treatment and regrinding of metal surfaces, tools and machines namely, heat and chemical treatment of metals and their alloys, chemical vapour deposition coating on substrates and metals, and re-grinding treatment of metal, machines, and machine tools; metal casting and metal tempering services; custom manufacture of metal working products and machines; assembly of products for others namely, custom manufacture of metalworking machines and machine tools; treatment of materials in the nature of common metals and their alloys by mechanical and chemical processing; providing material treatment information in the field of metalworking; recycling of steel and other materials and products metal and waste; regrinding and physical vapour deposition recoating services of metalworking machine tools and machines; custom manufacture of power-operated automation

equipment for metalworking; custom manufacturing of parts and components made from common metals and their alloys; information, advisory, support and consultancy services relating to the aforesaid.

Class 41

(5) Education services, namely, conducting classes, seminars, conferences, workshops, and field trips in the fields of materials technology being industrial material engineering, metalworking machine tools, mining, construction and metalworking industry; providing of training in the fields of materials technology being industrial material engineering, metalworking machine tools, mining, construction and metalworking industry; education and training, including, namely, online and virtual training, in the technical fields of materials technology being industrial material engineering, metalworking machine tools, mining, construction and metalworking industry; education and training, including online training, relating to product development, manufacturing and inspection; training services, including online and virtual training services, provided in relation to the metal working industries; training services, including online and virtual training services, provided in relation to products for use within the metal working industries; practical training, including, namely, online and virtual training, in the fields of industrial engineering and design; training services, namely, online and virtual training services, in the fields of industrial engineering and design provided via simulators; training services, including online and virtual training services, related to use of software, hardware, equipment and tools for the metal working industries; providing, rental and leasing of educational materials, publications, materials and apparatus in relation to the metal working industries; information, advisory and consultancy services relating to the aforesaid; entertainment services, namely, providing on-line, non-downloadable files of virtual goods, namely, metalworking machine tools and inserts, metalworking machines, inventory management machines, industrial robots, electronic controls being electric control panels, calculating devices calculators, computers, measurement machinery being computer hardware and electronic publications in the nature of books, handbooks, newsletters, manuals and artwork for use in virtual environments created for entertainment purposes; providing on-line digital publications, namely, digital art authenticated by non-fungible tokens (NFTs).

Class 42

(6) Scientific and technological services and research and design relating thereto, namely, industrial design services in the field of metalworking machine tools, and industrial engineering design of solutions for mining and construction industries; industrial analysis, industrial research and industrial design services all in the fields of metalworking machines and machine tools, industrial metal cutting machinery, and metal powders for use with 3D printing; quality control and authentication services, namely, testing, analysis, and evaluation of the goods of others to assure compliance with industry standards; design and development of computer hardware and software; scientific and technological services, namely, research and design in the field of tools and tooling systems for industrial metal cutting, equipment and tools; industrial research in the field of tools and tooling systems for industrial metal cutting; computer hardware and software design; computer software development; testing, analysis, and evaluation of the goods of others to assure compliance with industry standards; consulting services in the field of design and development of mechanical and civil engineering processes; consumer product safety testing consultation; geometrical measurement services of products and objects in the field of metalworking, construction, and mining industries; services for monitoring industrial processes remotely, namely, remote monitoring services of industrial machinery of others for quality control; chemical research and analysis; Software as a Service (SaaS) and Platform as a Service (PaaS) services featuring computer database management software platforms for a tool library; operational support services, namely, research, analysis and configuration of computer systems and computer software for use

with metalworking machine tools and inserts, metalworking machines, inventory management machines, industrial robots, electronic controls being electric control panels, calculating devices calculators, computers and measurement machinery being computer hardware for improved performance and results; services for monitoring industrial processes, namely, monitoring of computer systems to detect breakdowns for quality control; consulting services in the field of cloud computing; technological computer technology consulting services, namely, providing services related to geometrical inspection, measurement, and analysis of industrial, medical, and aerospace components parts and components; hosting of web site services; Software as a Service (SaaS) and Platform as a Service (PaaS) services featuring database management software for use in the calculation of data for metalworking machine tools; providing temporary use of online non-downloadable operating system software, Software as a Service (SaaS) and Platform as a Service (PaaS) services featuring operating system software for provided in relation to the controlling of metal cutting machines; providing temporary use of online non-downloadable operating system software, Software as a Service (SaaS) and Platform as a Service (PaaS) services featuring operating system software for provided in relation to the nesting and programming of CNC metal cutting machines; providing temporary use of online non-downloadable computer software, Software as a Service (SaaS) and Platform as a Service (PaaS) services all featuring computer software for the provision of industrial engineering design and engineering drafting services; providing temporary use of online non-downloadable computer software, Software as a Service (SaaS) and Platform as a Service (PaaS) services featuring computer software for operating and controlling provided in relation to the metalworking machine tool industry; providing temporary use of online non-downloadable software, Software as a Service (SaaS) and Platform as a Service (PaaS) services provided in relation to products for use within the metal working industries; providing automatic updates to applications and software as a service (SaaS); updating of computer software for others; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; performance monitoring services in the field of the metal working industries; information, advisory, support and consultancy services relating to the aforesaid; services for minting [creation] non-fungible tokens [NFTs] using blockchain technology; software as a service featuring virtual products and marketplaces, namely, software as a services (SaaS) featuring software for providing a virtual marketplace; custom engineering services (design) of products within the metal working industries.

Class 45

(7) Licensing of computer programs; software licensing of wireless communication systems; licensing of intellectual property; licensing of computer software; licensing of databases; licensing of technology, namely, licensing of computer programs and software.

Colour Claim

Colour is claimed as a feature of the trademark. The colors orange, light gray and dark gray are claimed as a feature of the mark. The mark consists of a circular shape formed by three curving light grey lines and a curving orange line; inside the circle is the word "CIRCULEN" in large dark grey font above the word "REVIVE" in smaller orange font, which is in turn above the wording "BY LYONDELLBASELL" in smaller dark grey font. The color white in the mark indicates background and is not claimed as a feature of the mark.

Goods

Class 01

(1) Polymer and polymer compositions used in the manufacture of industrial goods, namely, olefin polymers, olefin copolymers and compositions thereof, for industrial use.

Class 17

(2) Olefin polymers and copolymers being semi-processed products, compositions of olefin polymers and copolymers being semi-processed products for industrial use.

Goods

Class 09

Downloadable software for receiving and accessing non-fungible tokens [NFTs] or other digital tokens based on blockchain technology; downloadable digital graphics; downloadable digital collectibles being image and video files authenticated by non-fungible tokens [NFTs]; downloadable virtual goods, namely, computer programs featuring clothing and accessories for use in online worlds; downloadable computer software featuring interactive characters, avatars and skins; downloadable virtual goods, namely, virtual goods, namely, virtual handbags, textiles, clothing, headgear, footwear, eyewear, all displayed or used online and in virtual environments; video games and downloadable video game software; downloadable digital materials, namely, audio-visual content, videos, films, multimedia files featuring music, and animation, all delivered via global computer networks and wireless networks.

Services

Class 35

(1) Retail services and wholesale services in connection with clothing, footwear, headgear, bags, purses, wallets, umbrellas, watches, jewellery, eyewear and sunglasses, cases and covers holders for portable electronic devices, printed matter, furniture, crockery, toys, perfume, toiletries and cosmetics, soft furnishings, bed clothes and blankets, pet products; online retail services related to fashion, clothing and related accessories; retail store services and online retail store services in connection with virtual merchandise namely clothing, footwear, headgear, bags, purses, wallets, umbrellas, watches, jewellery, eyewear and sunglasses, cases and covers holders for portable electronic devices, printed matter, furniture, crockery, toys, perfume, toiletries and cosmetics, soft furnishings, bed clothes and blankets, pet products; sales demonstration for others.

Class 41

(2) Providing online information about fashion shows, digital games; providing online non-downloadable game software; entertainment services, namely, providing online electronic games and provision of non-downloadable computer games and video games, computer application user interface themes, enhancements, audio-visual content in the nature of music, films and videos via a website; hosting a website providing computer games and video games.

Class 42

(3) Providing online information about environmental sustainability.

SANDVIK COROMANT

Trademark Type

Standard Characters

Goods

Class 01

(1) Wear resistant surface coatings and thin films of organic and chemical materials (and substances) for use in manufacturing processes and in scientific and industrial research, for further application under vacuum on various substrates such as cemented carbide, cermets, and cubic boron nitride, namely, chemical coating preparations for use with industrial machinery in the fields of materials technology being industrial material engineering, mining, construction and metal working industry.

Class 06

(2) Hard metal compositions, namely, common metals, unwrought and semi-worked for use in the further manufacturing of tools for the machining of metal and parts and accessories of such tools.

Class 07

(3) Power operated metal working machine tools; tool holders for power operated metal working machines; inserts for power operated metal working machine tools; machine antivibration tools, namely, holders, dampers, boring bars, and adapters all being parts of metalworking machines; parts and fittings for all the aforementioned goods; machine parts, namely, blades and blade holders, bearings, as parts of machines; automatic vending machines; automated dispensing machines for metalworking machine tools and metal cutting tools.

Class 09

(4) Computerized electric controllers for use in monitoring power-operated machine tools; computer programs, and computer software all for the calculation of cutting data for machine tools; electric control panels for remote control apparatus of power-operated machine tools, computer aided manufacturing (CAM) software for controlling of machine tools for general use; computerized electric integrated control systems being computers for metal working machines and machine tools therefore; computer database management software for calculation of data collected in connection with machine working machines and tools; computer operating system software for increased machine working tool productivity, logistics, accessibility and identification; computer operating system software for machining of materials such as materials of metal and non-metallic materials

such as composite materials; downloadable computer software, namely, computer software for use with controlling metal cutting machines; downloadable computer software for process optimization for use in planning, tracking and controlling manufacturing facility operations; downloadable computer software for controlling metal cutting machines; downloadable computer operating system software for nesting and programming CNC metal cutting machines; computer programs recorded on magnetic media compact discs for use in providing industrial engineering design and engineering drafting services; computer operating programs for use in machine tool industry; computer hardware and related computer operating system software for controlling power-operated automation equipment; downloadable electronic publications in the nature of handbooks, manuals, instructional manuals and teaching materials all in the field of metal-cutting tools and tooling systems for metalworking machines; downloadable computer software for blockchain technology, namely, blockchain-based inventory management; downloadable computer software for payment and exchange transactions involving cryptocurrencies, namely, for managing and verifying cryptocurrency transactions on a blockchain; downloadable digital multimedia image files containing artwork, text, audio, and video recordings relating to the fields of industrial goods and human interest topics of general interest all authenticated by non-fungible tokens (NFTs); downloadable virtual goods, namely, metalworking machine tools and inserts, metalworking machines, inventory management machines, industrial robots, electronic controls, electric control panels, calculating devices, calculators, computers, measurement machinery being computer hardware and electronic publications in the nature of books, handbooks, newsletters, and manuals all for use in online virtual world.

Class 10

(5) Surgical, medical, dental and veterinary apparatus and instruments, in particular precision tools for bone surgery and dentistry, including drills, burrs, twist drills, step drills, pilot drills, planishing burrs, pins for artificial teeth, root canal enlargers, root canal pins for artificial teeth, taps, reamers and nails for dental use; all the aforesaid goods included in this class.

Services

Class 35

(1) Provision of wholesale and retail sale services, including such services, namely, being provided online, related to the fields of metalworking machine tools and inserts, metalworking machines, inventory management machines, industrial robots, electric control panels, calculating devices calculators, computers and measurement machinery being computer hardware; provision and operation of an online marketplace for buyers and sellers of metalworking machine tools and inserts, metalworking machines, inventory management machines, industrial robots, electric control panels, calculating devices calculators, computers and measurement machinery being computer hardware; business management consultancy and advisory services; inventory control; database management; updating and maintenance of data in computer databases; commercial and industrial business management assistance; advisory services for business management; business management and organization consultancy; provision of commercial and business support management services relating to the sale of products for use within the metal working industries; provision of e-commerce services for products for use within the metal working industries, namely, the provision and operation of an online marketplace for buyers and sellers of the aforesaid goods and services in the field of metal working industry; e-commerce services, being business management services relating to e-commerce in the aforementioned industries; online ordering services, namely providing an online marketplace for buyers and sellers of goods and service; business sales administration; provision of customer support services and information being customer relationship management related to products for use within the metal working

industries; information, advisory, support and consultancy services relating to the aforesaid; provision of an online marketplace for buyers and sellers of downloadable digital collectibles authenticated by non-fungible tokens (NFTs); retail store services featuring virtual goods, namely, metalworking machine tools and inserts, metalworking machines, inventory management machines, industrial robots, electronic controls being electric control panels, calculating devices calculators, computers, measurement machinery being computer hardware and electronic publications in the nature of books, handbooks, newsletters, and manuals all for use in online virtual worlds.

Class 36

(2) Financial management services; insurance and financial management information and consultancy services; insurance services, namely, underwriting extended warranty contracts; financing of loans, lease purchase financing and loan services; credit, lease and loan services; insurance services; information, advisory, support and consultancy services relating to the aforesaid; financial issuance of tokens of value, namely, electronic transfer of crypto assets; currency exchange services; currency trading; electronic banking via a global computer network; electronic funds transfer.

Class 37

(3) Repair, maintenance, assembly and installation services in the field of metal working industries; rebuild, refurbishment, upgrade of products within the metal working industries; rental and hire of metal working machine tools and inserts; rental of metalworking machine tools; repair of metalworking machine tools; information, advisory, support and consultancy services relating to the aforesaid.

Class 40

(4) Treatment of materials in the nature of common metals and their alloys; coating, treatment and regrounding of metal surfaces, tools and machines namely, heat and chemical treatment of metals and their alloys, chemical vapour deposition coating on substrates and metals, and re-grinding treatment of metal, machines, and machine tools; metal casting and metal tempering services; custom manufacture of metal working products and machines; assembly of products for others namely, custom manufacture of metalworking machines and machine tools; treatment of materials in the nature of common metals and their alloys by mechanical and chemical processing; providing material treatment information in the field of metalworking; recycling of steel and other materials and products metal and waste; regrounding and physical vapour deposition recoating services of metalworking machine tools and machines; custom manufacture of power-operated automation equipment for metalworking; custom manufacturing of parts and components made from common metals and their alloys; information, advisory, support and consultancy services relating to the aforesaid.

Class 41

(5) Education services, namely, conducting classes, seminars, conferences, workshops, and field trips in the fields of materials technology being industrial material engineering, metalworking machine tools, mining, construction and metalworking industry; providing of training in the fields of materials technology being industrial material engineering, metalworking machine tools, mining, construction and metalworking industry; education and training, including, namely, online and virtual training, in the technical fields of materials technology being industrial material engineering, metalworking machine tools, mining, construction and metalworking industry; education and training, including online training, relating to product development, manufacturing and inspection; training services, including online and virtual training services, provided in relation to the metal working industries; training services, including online and virtual training services, provided in

relation to products for use within the metal working industries; practical training, including, namely, online and virtual training, in the fields of industrial engineering and design; training services, namely, online and virtual training services, in the fields of industrial engineering and design provided via simulators; training services, including online and virtual training services, related to use of software, hardware, equipment and tools for the metal working industries; providing, rental and leasing of educational materials, publications, materials and apparatus in relation to the metal working industries; information, advisory and consultancy services relating to the aforesaid; entertainment services, namely, providing on-line, non-downloadable files of virtual goods, namely, metalworking machine tools and inserts, metalworking machines, inventory management machines, industrial robots, electronic controls being electric control panels, calculating devices calculators, computers, measurement machinery being computer hardware and electronic publications in the nature of books, handbooks, newsletters, manuals and artwork for use in virtual environments created for entertainment purposes; providing on-line digital publications, namely, digital art authenticated by non-fungible tokens (NFTs).

Class 42

(6) Scientific and technological services and research and design relating thereto, namely, industrial design services in the field of metalworking machine tools, and industrial engineering design of solutions for mining and construction industries; industrial analysis, industrial research and industrial design services all in the fields of metalworking machines and machine tools, industrial metal cutting machinery, and metal powders for use with 3D printing; quality control and authentication services, namely, testing, analysis, and evaluation of the goods of others to assure compliance with industry standards; design and development of computer hardware and software; scientific and technological services, namely, research and design in the field of tools and tooling systems for industrial metal cutting, equipment and tools; industrial research in the field of tools and tooling systems for industrial metal cutting; computer hardware and software design; computer software development; testing, analysis, and evaluation of the goods of others to assure compliance with industry standards; consulting services in the field of design and development of mechanical and civil engineering processes; consumer product safety testing consultation; geometrical measurement services of products and objects in the field of metalworking, construction, and mining industries; services for monitoring industrial processes remotely, namely, remote monitoring services of industrial machinery of others for quality control; chemical research and analysis; Software as a Service (SaaS) and Platform as a Service (PaaS) services featuring computer database management software platforms for a tool library; operational support services, namely, research, analysis and configuration of computer systems and computer software for use with metalworking machine tools and inserts, metalworking machines, inventory management machines, industrial robots, electronic controls being electric control panels, calculating devices calculators, computers and measurement machinery being computer hardware for improved performance and results; services for monitoring industrial processes, namely, monitoring of computer systems to detect breakdowns for quality control; consulting services in the field of cloud computing; technological computer technology consulting services, namely, providing services related to geometrical inspection, measurement, and analysis of industrial, medical, and aerospace components parts and components; hosting of web site services; Software as a Service (SaaS) and Platform as a Service (PaaS) services featuring database management software for use in the calculation of data for metalworking machine tools; providing temporary use of online non-downloadable operating system software, Software as a Service (SaaS) and Platform as a Service (PaaS) services featuring operating system software for provided in relation to the controlling of metal cutting machines; providing temporary use of online non-downloadable operating system software, Software as a Service (SaaS) and Platform as a Service (PaaS)

services featuring operating system software for provided in relation to the nesting and programming of CNC metal cutting machines; providing temporary use of online non-downloadable computer software, Software as a Service (SaaS) and Platform as a Service (PaaS) services all featuring computer software for the provision of industrial engineering design and engineering drafting services; providing temporary use of online non-downloadable computer software, Software as a Service (SaaS) and Platform as a Service (PaaS) services featuring computer software for operating and controlling provided in relation to the metalworking machine tool industry; providing temporary use of online non-downloadable software, Software as a Service (SaaS) and Platform as a Service (PaaS) services provided in relation to products for use within the metal working industries; providing automatic updates to applications and software as a service (SaaS); updating of computer software for others; updating and maintaining cloud-based computer software through on-line updates, enhancements and patches; performance monitoring services in the field of the metal working industries; information, advisory, support and consultancy services relating to the aforesaid; services for minting [creation] non-fungible tokens [NFTs] using blockchain technology; software as a service featuring virtual products and marketplaces, namely, software as a services (SaaS) featuring software for providing a virtual marketplace; custom engineering services (design) of products within the metal working industries.

Class 45

(7) Licensing of computer programs; software licensing of wireless communication systems; licensing of intellectual property; licensing of computer software; licensing of databases; licensing of technology, namely, licensing of computer programs and software.

Trademark Description

The trademark consists of three Chinese characters in horizontal arrangement.

Foreign Character Translation

The translation provided by the applicant of the Chinese word(s) is "tail", "cloth" and "bean".

Foreign Character Transliteration

The transliteration provided by the applicant of the Chinese character(s) is "ba", "bu", and "dou".

Goods

Class 03

(1) Shampoos; cakes of toilet soap; non-medicated hand-washing paste; bath lotions; aromatic essential oils; cosmetics; sunscreen preparations; talcum powder; toothpaste.

Class 05

(2) Solutions for contact lenses; contact lens cleaning preparations; sanitary knickers; menstruation tampons; sanitary napkins; sanitary pads; diapers for incontinence; babies' nappies; babies' diaper-pants; disposable diapers for incontinence; disposable baby diapers; disposable sanitizing wipes; breast-nursing pads; maternity kit, namely, sanitary napkins, medicated diaper rash lotions and medicated diaper rash creams for the body, skin, face and hands.

Class 10

(3) Ear thermometers for medical use; sanitary masks; babies' bottles; breast pumps; teething rings; dummies for babies; feeding bottle teats; baby feeding dummies; gum massagers for babies; childbirth mattresses; maternity belts.

Class 18

(4) School satchels; sling bags for carrying infants; slings for carrying infants; pouch baby carriers; travelling bags; sports bags; baby carrying bags; randsels, namely, Japanese school satchels; backpacks for carrying infants; reins for guiding children; umbrellas; mountaineering sticks.

Class 20

(5) Outdoor furniture; nursery furniture; living room furniture; bedroom furniture; coat hangers; beds; sofas; infant walkers; mirrors; works of art made of bamboo; works of art made of wood; inflatable publicity mascots; cushions; office furniture; chairs; bolsters; mats for infant playpens.

Class 24

(6) Place mats of textile material; towels made of textile materials; non-woven textile fabrics; silk artwork, namely, wall hangings of silk; printers' blankets of textile; linen for household purposes; towels of textile; table napkins of textile; handkerchiefs of textile; face towels of textile; bath towels; bed covers; quilts; bed linen; pillowcases; bed blankets; diaper changing cloths for babies; sleeping bags for babies; baby buntings; cot bumpers; pillow covers; woolen blankets; quilt covers; bedsheets; picnic blankets; door curtains; bedsheets of leather.

Class 25

(7) Sweaters; pullovers; shirts; sports clothing; business clothing; casual clothing; baby clothing; trousers; coats; waistcoats; top coats; waterproof shoes; waterproof jackets; waterproof pants; skirts; sports jerseys; tee-shirts; ponchos; underwear; vests; pajamas; underpants; dress shields for clothing; windbreakers; children's clothing; clothing layettes; babies' pants; babies' bibs, not of paper; bathing suits; bathing caps; bathing trunks; raincoats; dance costumes; shoes; boots; football shoes; slippers; sandals; sports shoes; climbing footwear; rain boots; inner soles; hats; hosiery; pantyhose; gloves; scarfs; bow ties; girdles; sleep masks.

Class 28

(8) Swings; puppets; shuttlecocks; toy balloons; toy building blocks; dominoes; toy pistols; plush toys; jigsaw puzzles; radio-controlled toy cars; smart robot toys; smart plush toys; toy dough; novelty toy items in the nature of laser-controlled toy cars; dice; playing cards; chess games; balls for games; toy whistles; flippers for swimming; elbow guards for athletic use; knee guards for athletic use; protective padding for playing sports; in-line roller skates; ornaments for Christmas trees, except lights, candles and confectionery; Christmas trees of synthetic material; candle holders for Christmas trees.

Trademark Description

The combined color mark Slots City is applied; the mark consists of the word element Slots City in yellow color in a stylized font; each word is capitalized in the Latin alphabet. The lower part of the first letter S is located horizontally under the entire Slots City word element, imitating an underline with a ribbon. The second element - five yellow stars - is located in the middle below the Slots City word element.

Colour Claim

Colour is claimed as a feature of the trademark. The word Slots City, the curved underline beneath the text, and the five stars below the underline are all in yellow.

Colour Claim

Colour is claimed as a feature of the trademark. The design has a dark purple frame, the outline of which appears in lighter shades of purple. The words 'BARAKAH meadows' appear within the frame in white-coloured text. There is an image of a green leaf next to the word 'BARAKAH'. A green banner incorporating the white-coloured words 'GRASS FED.HALAL' appears below the term 'meadows'. There is a dark green circle above the term 'BARAKAH', the outline of which appears in light green. The green circle surrounds Arabic wording in white-coloured text.

Foreign Character Translation

The translation provided by the applicant of the Arabic word(s) Barakah is blessing. The translation provided by the applicant of the Arabic character(s) is halal.

Foreign Character Transliteration

The transliteration provided by the applicant of the Arabic character(s) is halal.

Visual Representation

A stylized, cursive script trademark consisting of the letters 'Obba' in a fluid, handwritten style. The 'O' is large and loops around the 'b', which is also stylized. The 'a' is smaller and follows the 'b'. The overall impression is that of a signature or a brand name written in a calligraphic hand.

Goods

Class 01

(1) chemical additives for drilling fluids; chemical additives for greases; chemical additives for industrial greases; chemical additives for oil well drilling fluid; chemical additives for oil well drilling fluids; chemicals for facilitating geothermal heating and cooling, namely ground source heat pumps and water source heat pumps; drilling fluids; drilling fluids for oil and gas wells; drilling muds for use in oil-well drilling; mud dispersants; proppants for use in oil well and gas well hydraulic fracturing operations; soil test strips

Class 02

(2) anti-corrosion greases; anti-corrosive greases

Class 06

(3) alloy steel; alloy steel in rod, bar and block form; cable clamps of metal; cable clips of metal; casings of metal; casings of metal for oilwells; common metals and their alloys including stainless steel; end caps of metal for pipes; fittings of metal for pipes; fittings of metal for railings; galvanized steel clip with molded rubber used to attach drywall to walls or ceilings; galvanized steel sheets; hose clamps of metal; hose clips of metal; hose fittings of metal; junctions of metal for pipes including those from alloy steel and titanium; junctions of metal for pipes, including those made from alloy steel and titanium; low copper carbon-steel scraps; metal cable wire; metal drill pipes for use in well boring; metal expanding sleeves for affixing screws; metal fittings for flexible pipes; metal hose clamps; metal hoses and metal tubes for machinery; metal padlocks; metal pipe fittings; metallic connections for metal pipes, tubes and casings in the oil and gas industry; oil and gas casing and tubing of metal; padlocks of metal; pipe clamps of metal; pipe fittings of metal; reinforcing materials of metal for soil; rods of metal for brazing and welding, including those made

from alloy steel and titanium; stainless steel; stainless steel water pipes; stainless steels; steel rods; steel tubing for HVAC, automotive, oil and gas, fluid power, power generation and recreational vehicle industries; taps for casks of metal

Class 07

(4) bit holders; bits for electric drills; bits for power drills; center drill bits being parts of machines; centrifugal pumps; check valves; core drilling bits; diffusion pumps; drill bits for power drills; drill bits for rock drilling; gear cutters for use as a machine tool; geothermal electric generators; grinding machines for the treatment of ceramics and metal; grouting machines; hand-held pneumatic cutters, namely bolt cutters, wire cutters, milling cutters and glass cutters; hoisting drums; industrial machines for cleaning sand; mud dredging machines; oil well bridge plugs; oil well cleaning machines; polishing system for use in single-head machines comprising grinding and polishing discs for stone profiling and edges; polycrystalline diamond compact (PDC) drill bits for drilling machines; power drill accessories, namely, non-electrical adapters for use in joining extensions and power drill bits; power drill bit extensions; power drill bits; power tool accessories, namely, impact sockets, drivers, screw extractors, and drill bits; pump seals; push rods for engines; push rods for motors and engines; rock drilling bits; rotary drill bits; rotary sanding machines; suction pumps; swivel joint as a component feature of machines for cleaning surfaces using high pressure water; taps being machine tools; taps for use with machine tools; tool bits for metalworking machines; tool bits for milling machines; wood, metal and plastic drill bits for industrial machines

Class 08

(5) auger bits for use with hand-operated tools; bit braces; bit drivers for hand tools; bits for hand drills; bits for hand tools; bolt cutters; crimping iron hand tools; crimping pliers; drill bits for hand drills; drill bits for hand-operated implements; drill bits for hand-operated tools; floats for grout, mortar or cement being hand tools; grinding wheel; grout floats; hand taps; hand tool augers; hand tools being edgers for grout; hand tools, namely, manually-operated grinding wheels; hand-operated pipe cutters; pipe wrenches; rotary tool bits; spears for use in fishing; welding rod holders in the nature of hand-operated clamp tools

Class 09

(6) environmental test chamber, namely, temperature simulation equipment; extruding machine for soil testing; industrial magnets; magnetic compasses for surveying; magnets for industrial purposes; oil and gas well downhole survey and measurement equipment; sleeves for electric cables

Class 11

(7) taps for pipes and pipelines

Class 17

(8) air hoses; air hoses for pneumatic tools; artificial resins in the form of tubes for use in manufacture; hoses for pneumatic tools

Class 19

(9) cementitious grouts for hydraulic cement-based systems; cementitious ready mixed concrete for hydraulic cement-based systems; concrete; concrete drainage structures, namely, storm manholes; concrete manhole covers; concrete wall caps; grout; grouting compounds; grouting mortars containing synthetic resins for rock bolt installation; grouting mortars containing synthetic resins for use in building construction; manhole covers, not of metal; modular plastic decking to serve as a ground cover; polyethylene pipes used in geothermal heating and cooling systems; pvc

conduit pipes for building; PVC rigid pipes for construction purposes; ready-to-use concrete; sand;
silica sand
