Trademarks Journal

2025-12-17 — Vol. 72 No. 3712

Trademarks Journal

Vol. 72 No. 3712

General Information

The *Trademarks Journal* (the “*Journal*”) is published on the website of the Canadian Intellectual Property Office (<http://cipo.gc.ca>). The *Journal* lists trademark applications advertised under subsection 37(1) of the *Trademarks Act* (the “*Act*”), public notices of prohibited marks under section 9 of the *Act*, statements of the Minister in respect of geographical indications under subsection 11.12(2) of the *Act*, as well as erratums to previous volumes.

Electronic *Trademarks Journal*

The *Journal* is available in PDF format and can be downloaded free of charge and viewed and printed with Adobe Acrobat Reader. The *Journal* is also available in a printable HTML format as an alternate official version that contains a search function to narrow and customize the content. The electronic form of the *Journal* is the official version.

Official Languages

The *Journal* is available in English and French. The details displayed for each application are based on the language of the application. If the language of the application is English, the goods, services, or other text and description appearing in the English version of the *Journal* are in the language filed by the applicant. If the language of the application is French, the goods, services, or other text and description appearing in the English version of the *Journal* have been translated. Any registration resulting from the application will be restricted to these goods or services as described in the language of the application.

Filing Dates

The filing date of each trademark application (including those to extend the statement of goods or services of an existing registration) is shown in the YYYY-MM-DD format.

Nice Classification

Where applicable and required, the *Journal* lists the goods or services of each application grouped according to the classes of the Nice Classification, each group being preceded by the number of the class of the Nice Classification to which that group of goods or services belongs and presented in the order of the classes of the Nice Classification.

Opposition

Any person who has a valid ground of opposition (see section 38 of the *Act* for the grounds of opposition) to any application for registration of a trademark or to any application for registration of a trademark extending the statement of goods or services advertised in this *Journal* may file a statement of opposition with the Registrar of Trademarks within two months from the date of issue of this publication. The prescribed fee must accompany the statement of opposition.

Word

Goods

Class 09

Telecommunications equipment namely television set top receivers and decoders, personal video recorders, personal video recorder expanders, multi-room personal video recorders, audio and video cables and audio and video cable connectors, television and receiver remote controls, antennas for television, routers, servers; modems for Internet, phone and cable television; Internet-protocol television, cable, fibre optic and satellite decoders and receivers; WiFi extenders; tablets, handheld computers, phones; downloadable applications for use in mobile devices, mobile phones, smart phones, cell phones, tablet computers, handheld computers, computers, and other portable computer devices to allow users to access Internet-protocol television; Downloadable applications for home automation and software for remotely controlling and monitoring electrical lighting controllers, dimmers and switches, thermostats, carbon monoxide, smoke, and motion detectors, door locks, garage doors, home appliances, home alarms and home motion sensors, security cameras, window blinds and shades, hot water heaters, keyless locks, HVAC, and software for remotely controlling televisions, audio speakers, computer monitors, computer gaming systems, DVD players, portable media players.

Services

Class 37

(1) Installation of cable television, Internet and phone services.

Class 38

(2) Telecommunication services namely the carrying, transmitting and broadcasting of audio and visual digital cable television programming; dissemination of television programming via cable, wireless communications, the Internet and internet-protocol television; Internet service provider services; electronic transmission of television programming via cable, wireless communications; Telephone services namely local, long distance and international digital telephone services; telephony and voice over Internet Protocol communication services provided via modem, coaxial cable, fiber optic cable, routers and servers; Telecommunication services, namely, providing wireless and wireline telephone services, voice telecommunication services, local telephone

service, long distance telecommunication services, Internet access services, advanced calling features, call waiting, call identification, call forwarding, and message waiting features, transmission of voice, and graphics, by means of wireless networks, internet protocol communications services, electronic mail and text messaging services and electronic voice messaging services; dissemination of television programming via cable, wireless communications, the Internet and internet-protocol television. Wireless distribution, transmission and re-transmission by satellite of television, radio and cable signals provided by third parties; Real-time and non real-time streaming of television and radio programs and television channels and the provision of Internet access to the public via the media of television, computer, telephone, mobile phone and tablet.

Class 41

(3) Entertainment services, namely providing a wide variety of television networks, specialty television channels, pay television channels, video on demand television programs, pay per view television programs to the public by means of radio waves, coaxial cable, fibre optic cable and internet-protocol television. Entertainment services, namely the provision of digital television services, high-definition television services, pay-per-view television services and internet-protocol television by means of satellite; distribution of television programs.

Class 42

(4) Computer services, namely, providing an online portal and a mobile application for customers to remotely manage, administer, modify and control home security. Computer software installation for home automation systems for operating wireless and wired controllers that control electronic home security devices, lighting, and security devices and equipment.

Class 45

(5) Monitoring of home security systems.

Class 06

(1) Fittings of metal for attaching of fluid separators, oil mist separators, reservoirs, filters, valves and control blocks and of gas, liquid and electric conduits; fittings of metal for gas and liquid apparatus, for fluid and oil mist separators and for gas or liquid conduits of metal; metal fasteners, namely, bolts, screws and rivets; pipe clips of metal; clips of metal for tubes; cable clips of metal; hose clips of metal; metal hose couplings for use with flexible metal hoses and metal pipe connections; connecting branches in the nature of metal supports for couplings for liquid and gas conduits and screw couplings, and adapters and sealing caps; metal storage tanks, namely, hydraulic tanks; metal housings and parts therefor, in particular in the form of separator housings, storage housings, filter housings and valve blocks for gas and liquid circuits.

Class 07

(2) Fluid technology, gas technology, lubrication technology and separation technology systems and components in each case being machines and parts of machines in the nature of fuel filters, oil filters, hydraulic accumulators, valves, fluid couplings, pistons, machines for the centrifugal separation of fluids, conveying machines, hydraulic motors, cylinders for industrial machinery,

variable speed drives for machines, machines for the centrifugal separation of fluids, hydraulic actuators, gas filters for engines, gas filters for motors, machine couplings and transmission components for use in the automotive industry, for mobile hydraulics, the semiconductor industry, the food industry, aeronautics and space travel, medicine, pharmacy, oil and gas transport technology, environmental engineering, laboratory and testing technology, household systems and sanitation technology; fluid technology, gas technology, lubrication technology and separation technology systems and components in each case being machines and parts of machines in the nature of fuel filters, oil filters, hydraulic accumulators, valves, fluid couplings, pistons, machines for the centrifugal separation of fluids, conveying machines, hydraulic motors, cylinders for industrial machinery, variable speed drives for machines, machines for the centrifugal separation of fluids, hydraulic actuators, gas filters for engines, gas filters for motors, machine couplings and transmission components for use in mining and in the field of steelworks, power plants, wind power installations, machine tools, transfer presses and plastic injection moulding machines, for lubricating oil installations for turbines, in particular gas, steam and water turbines; hydropneumatic fluid and gas storage tanks of metal being parts of machines; hydraulic accumulators being parts of machines, including piston accumulators, bladder accumulators, diaphragm accumulators, bellows accumulators, spring-loaded accumulators for use in the field of offshore drilling and deep sea mining applications; hydraulic accumulator installations consisting of hydraulic accumulators being parts of machines, including piston accumulators, bladder accumulators, diaphragm accumulators, hydraulic bellows accumulators, spring-loaded accumulators for use in the fields of offshore drilling and deep-sea mining applications; parts of machines, namely, hydraulic, hydro-pneumatic and reflective sound, vibration and pressure dampers; parts of machines, namely, resonators for industrial machinery; parts of machines, namely, silencers for fluid noise damping; separators, including oil mist separators; recovery devices for lubricating oils, namely, lubricating dispensing machines for industrial use; oil filters, being parts of machines, for filtration and separation technologies, usable for all technical, chemical, biological, and process engineering applications; air filters being parts of machines for motors and engines for filtration and separation technologies, usable for all technical, chemical, biological, and process engineering applications; water filtering units being parts of machines for industrial use, for filtration and separation technologies, usable for all technical, chemical, biological, and process engineering applications; hydraulic fluid filters being parts of machines for motors and engines, for filtration and separation technologies, usable for all technical, chemical, biological, and process engineering applications; coalescers in the nature of coalescing filters being parts of machines for separating liquid water from natural gas; high-pressure, medium-pressure and low-pressure air filters being parts of machines for motors and engines; high-pressure, medium-pressure and low-pressure oil filters being parts of machines; high-pressure, medium-pressure and low-pressure water filtering units being parts of machines for industrial use; high-pressure, medium-pressure and low-pressure hydraulic fluid filters being parts of machines for motors and engines; pipe filters in the nature of gas and liquid filters being parts of machines for removing contaminants from fluids flowing through pipelines; gas filters being parts of machines for protecting seal gas systems from contaminants in the field of natural gas treatment and processing; cyclone filters in the nature of centrifugal separators being parts of machines; filling filters in the nature of fluid filters being parts of machines for industrial use for the filtration, purification and removal of contaminants in fluids before the fluids are filled into containers; ventilation filters in the nature of air filters being parts of machines for removing dust, smoke and allergens from the air; main-flow filters in the nature of fluid filters being parts of machines for industrial use for the filtration, purification and removal of contaminants in fluids flowing through the main pipeline of a fluid system; partial-flow filters in the nature of fluid filters being parts of machines for industrial use for the filtration, purification and removal of contaminants in portions of the fluids flowing through a fluid system; multistage filters in

the nature of fluid filters being parts of machines for industrial use for the filtration, purification and removal of contaminants through multiple sequential layers of filters that each target specific types of contaminants; return flow filters in the nature of fluid filters being parts of machines for industrial use for the filtration, purification and removal of contaminants in the return pipeline of a fluid system, where fluid is directed back to a fluid reservoir after being used in the fluid system; suction filters in the nature of fluid filters being parts of machines for industrial use for the filtration, purification and removal of contaminants in the suction pipeline of a fluid system, before the fluid enters a pump in the fluid system; tank-installed filters in the nature of air and fluid filters being parts of machines for industrial use for protecting fluid storage tanks by removing contaminants in the fluid, regulating the flow of air and dehumidifying incoming air to prevent water from contaminating the fluid; rotating drum filters in the nature of liquid and gas filters being parts of machines for industrial use for separating solids from liquids and gases; strip winding filters in the nature of liquid and gas filters being parts of machines for industrial use for the filtration, purification and removal of contaminants through a strip of woven fabric; perforated plate filters in the nature of liquid and gas filters being parts of machines for industrial use for separating larger contaminants from liquids and gases through a metal or plastic plate with small holes that allow liquids or gases to pass through while trapping larger particles; screen filters in the nature of fluid filters, being parts of machines for industrial use for separating solid particles from fluids through a screen; offline filters in the nature of oil filters and fuel filters being parts of machines; offline filters in the nature of water filters being parts of machines for cleaning and maintaining the quality of water in a water treatment system when the water treatment system is not actively in operation; inline filters in the nature of fluid filters being parts of machines for industrial use for the filtration of contaminants when the fluid system is actively in operation; spin-on filters in the nature of fluid filters being parts of machines for industrial use for the filtration of contaminants whereby the filter can be easily screwed on and off the filtration housing of a fluid system; plastic melt filters in the nature of filters for molten plastic being parts of machines for use in the plastic processing industry to remove contaminants from molten plastic; membrane filters for use as parts of machines; fluid filter units being parts of machines for industrial use comprising drainage devices for the removal of contaminants collected from the filter; perforated sheet filter elements for gases and liquids in the nature of metal and plastic sheets being parts of machines with small holes that allow liquids or gases to pass through while trapping larger particles to filter out contaminants; screen filter elements for gases and liquids in the nature of screens made of wire, fabric and synthetic plastic being parts of machines for industrial use for separating solid particles from fluids through the screens; gap-type tube filter elements in the nature of filtration components being parts of machines comprising tubes with gaps between the material used for filtration that allow fluid to pass through while trapping larger particles to filter out larger contaminants; rheological filter elements in the nature of filtration components being parts of machines for optimizing the flow and filtration of fluids based on the viscosity of the fluids; flow filter elements in the nature of filtration components being parts of machines comprising a mesh for filtration fluids of contaminants as they pass through a fluid system; filter candles in the nature of filtration components being parts of machines comprising a metal tube for removing contaminants from liquids and gases; filter cartridges being parts of machines for industrial use for the filtration, purification, and removal of contaminants from liquids and gases; filter housings in the nature of containers being parts of machines for industrial use for housing filter cartridges, filter candles and filter screens for the filtration, purification, and removal of contaminants from liquids and gases; filter discs in the nature of filtration components being parts of machines comprising a metal disc for removing contaminants from liquids and gases; filter mats in the nature of flexible metal and plastic sheets being parts of machines with small holes that allow liquids or gases to pass through while trapping smaller particles to filter out contaminants; filter pots in the nature of pot-shaped containers being

parts of machines for industrial use for housing filter cartridges, filter candles and filter screens for the filtration, purification, and removal of contaminants for liquids and gases; filter cloths formed of textile fabric being parts of machines for industrial use for the filtration, purification, and removal of contaminants from liquids and gases; filter cloths formed of glass, carbon fibers, synthetic fibers, plastic, organic paper, metal, stainless steel, cotton fibers and chemical fibers being parts of machines for industrial use for the filtration, purification, and removal of contaminants from liquids and gases; filter bags being parts of machines for industrial use for the filtration, purification, and removal of contaminants from liquids and gases; filter belts made of synthetic fibers being parts of machines for industrial use for moving liquid through a filter press to allow liquids to pass through while retaining solid particles on the surface of the belts; filter packs for liquid and gas media in the nature of filtration components being parts of machines for industrial use for the filtration, purification and removal of contaminants through multiple sequential layers of filters that each target specific types of contaminants; filters made of woven fabrics as parts of machines; machines for the centrifugal separation of liquids; centrifugal separators; cooling and heating devices, namely, heat exchangers being parts of machines for stationary and mobile applications for exchanging heat between liquid and gaseous media; machine parts, namely, shut-off valves, stop valves, switch-over devices and valves, in particular for hydraulic and pneumatic propellants and media; inflow pressure balances in the nature of pressure regulating valves being parts of machines for balancing the pressure of fluids entering into a fluid system; circulating pressure balances in the nature of pressure regulating valves being parts of machines for balancing the pressure of fluids in circulating fluids systems where fluids are continuously pumped into the system through a loop; valves being parts of machines featuring control valves, priority valves, shuttle valves, seat valves, slide valves, throttle valves, diaphragms valves, directional control valves, non-return valves, pressure regulating valves, pressure control valves, pressure limiting valves, vent valves; pressure indicator plugs for valves being parts of machines; pressure monitors for pressure regulating valves being parts of machines; control apparatus being parts of machines being hydraulic and pneumatic installations, namely, flow-dividers and hydraulic valve control blocks; hydraulic and pneumatic operating cylinders, being parts of machines; hydraulically and pneumatically operated and driven motors for pumps and industrial machines; hydraulically and pneumatically operated and driven gear boxes for motors and engines; hydraulically and pneumatically operated and driven couplings for machines; hydraulically and pneumatically operated and driven pumps as parts of machines; hydraulically and pneumatically operated and driven compressors for industrial machines; hydraulic and pneumatic drive units consisting of a hydraulic pump, a driven motor and a container of metal or plastic for liquids for land, air and water vehicles and being parts of machines, in particular for process engineering, for general machine construction and for vehicles, in particular for construction equipment, for machine tools, for plastic-manufacturing machines; hydraulic and pneumatic drive units for land, air and water vehicles and being parts of machines, in particular for the driving of tools, for presses, for transport systems, for shipping and aeronautics and space travel, for chemical and reactor technology, for mining and metallurgical plants and for rolling mills, in particular consisting of at least one hydraulic pump, at least one drive motor and at least one container of metal or plastic for liquids; hydraulic motors and engines for pumps, centrifugal separators, and industrial washers and cleaners; control apparatus, in particular electric, electro-mechanical and electro-hydraulic control apparatus being parts of machines in the nature of valves; lubricating apparatus and equipment, lubricating installations and liquid separators, namely, oil mist separators; supply apparatus, namely, distributors for stationary and mobile applications for pneumatic and hydraulic installations and machines; parts of hydraulic and pneumatic machines, namely, mechanically operated clamping apparatus, clamping machines and clamping tools in the nature of clamp arms, clamping blocks, clamping cylinders, and metal clamping modules; motor operated hydraulic pressure and feed pumps, being parts of machines,

adjustable and non-adjustable; hydraulic drive units consisting of a hydraulic pump, a drive motor and a liquid container of metal or plastic for controlling elevators, hydraulic transporters, and hydraulic lift tables; machines for industrial washing and cleaning; electric motors, including frequency-regulated motors; single and multi-stage compressors being parts of machines, motors and engines; blowing machines in the nature of cooling radiators for motors and engines, axial-flow fans for industrial purposes, rotary blowers, and blowing machines for the compression, exhaustion and transport of gases; hydraulic and electro-hydraulic actuators for all types of transmissions, in particular for variable speed motors.

Class 09

(3) Electric actuators

Class 11

(4) Separator and filter devices and filters for heating, steam-generating, refrigerating, drying, ventilating, water supply, water treatment, air-conditioning, and sanitary installations and apparatus, namely, coalescers, high-pressure filters, medium-pressure filters, low-pressure filters, liquid filters, line filters, process line filters, gas filters, gas filters for seal gas systems, cyclone filters and separating filters for removing particulates from air, gas, and liquid streams, filling filters and ventilation filters, full flow filters and bypass filters, multistage filters, return flow filters, suction filters and return flow suction filters, tank-integrated filters, ventilators and dryers, drum filters and strip winding filters, perforated plate filters and screen filters, offline filters and inline filters and spin-on filters, plastic melt filters, membrane filters, filter units together with drains, and replacement parts for the aforesaid goods; air, oil, water, liquid and gas filter component parts not being parts for machines, engines, motors or land vehicles, namely, perforated plate and screen filter elements, gap-type tube filter elements, rheological filter elements, flow filter elements, filter candles, filter cartridges, filter housings, filter discs and disc filter elements, filter mats, filter pots, filter cloths, filter bags, filter strips, filter packets and deep filter elements, woven fabrics for filters; separating devices for separating liquids in relation to oil and water mixtures, namely, separators for the cleaning and purification of liquids; heat exchangers, not being parts of machines for stationary and mobile applications for exchanging heat between liquid and gaseous media; industrial water cooling installation and heating modules therein.

Goods

Class 03

(1) topical skin creams containing derivatives of cannabis

Class 05

(2) cannabis oil for medical purposes; cannabis for medical purposes; topical skin creams containing derivatives of cannabis for medicinal purposes

Class 29

(3) cannabis oil for food, cannabis oil for human consumption, edible oils containing cannabis, edible oils containing cannabis derivatives

Class 30

(4) Cannabis edibles, namely candies, gummy candies and chocolate

Class 31

(5) live cannabis plants

Class 34

(6) dried cannabis; cannabis for recreational use, for smoking; cannabis pre-rolls for recreational use, for smoking; electronic cigarettes containing cannabis oil; cannabis-derived resins and oils for recreational use, for smoking; cannabis distillate; cannabis extracts for recreational use.

Goods

Class 03

(1) Bleaching preparations for laundry use and other substances namely, fabric softeners for laundry use essential oils as fragrances for laundry use, and starch for laundry use; cleaning, namely all purpose cleaning preparations, polishing preparations, namely, polishing creams, polishing paper, polishing rouge, polishing stones, and polishing wax, scouring liquids and abrasive preparations, namely abrasive paste and general use abrasive; soaps for personal use; perfumery, eau de cologne, toilet water, perfumes, fragrances for personal use, essential oils for personal use; cosmetics; make-up products, namely, lipsticks, lip glosses, mascaras, eye shadows, eyeliners, blushes, pressed powders, loose powders, foundations; nail care products, namely, nail polish and nail polish remover; Non-medicated toiletries namely, cosmetic powders, creams and lotions for the face, hands and body; non-medicated skin care products, namely, cosmetic creams and lotions for skin care, moisturizing creams, facial masks and skin firming creams and lotions; cosmetic preparations for baths and showers, namely, bath oil, bath salts, bath beads and bath crystals, talcum powders for toilet use, hair lotions, shampoos; dentifrices; antiperspirants, deodorants for personal use; shaving articles, namely, shaving soaps, shaving gel and shaving cream, after-shave, after-shave lotions and gels; shoe polish and creams; hair dyes; cosmetics for animals.

Class 09

(2) Photographic cameras, cinematographic projectors and optical apparatus and instruments, namely, optical glass, optical lenses, optical sensors, optical scanners, optical amplifiers, and optical transmitters; optical goods such as spectacles, protective spectacles, spectacle glasses, contact lenses, sunglasses; sunglass products, namely, headstraps, sunglass retainers, eyeglass cases and sunglasses cases, spectacles presentation boxes, spectacles chains and spectacles cords, parts for all aforesaid goods; cameras cases; cases and holders for portable computers and mobile phones; blank audio tapes, blank audio cassettes, blank video tapes, video cameras; blank video cassettes, blank compact discs; compact discs featuring music, blank laser discs, pre-recorded digital video disks and magnetic optical discs featuring topics in the fields of fashion, modelling, cosmetics and lifestyles; blank magnetic discs, blank digital versatile discs; pre-recorded optical discs, compact discs, DVDs, featuring topics in the fields of fashion, modelling,

cosmetics and lifestyles; computers; Computer peripheral equipment, namely, computer hardware; recorded computer programs featuring topics in the fields of fashion, modelling, cosmetics and lifestyles; mouse pads; Magnetically encoded computer chip cards featuring topics in the fields of fashion, modelling, cosmetics and lifestyles; Pre-recorded audio visual compact discs featuring topics in the fields of fashion, modelling, cosmetics and lifestyles; Pre-recorded optical compact discs featuring topics in the fields of fashion, modelling, cosmetics and lifestyles; compact disc players, downloadable electronic publications in the nature of books, magazines, newsletters, brochures and catalogues in the fields of fashion, modelling, cosmetics and lifestyles; pocket calculators; video game cartridges; headphones; loudspeakers; Computer hardware for telecommunications, telephones and mobile telephones; telephones, mobile telephones, communication devices, namely, portable computers and cases therefore; Downloadable ring tones; Computer screen savers and downloadable computer desktop screen wallpaper; reading tablets for reading and viewing text, namely, mobile phones, computers, smartphones, computer tablets; images and audio-visual content, namely, downloadable digital content being images, music, videos, and music videos; computer software applications and software applications for installation on telephones, mobile telephones and communications computers and wireless communication devices, being communication software namely, video and audio conferencing software; accessories for telephones, telephone handsets, communication and wireless communication devices, namely, headsets, signal amplifiers, stands adapted for mobile phones, stands adapted for tablet computers, computer speakers, headsets, earbuds, cell phone cases, earbuds cases, stands adapted for cell phones, car mounted units incorporating a loudspeaker to allow a telephone handset to be used hands free, computer keyboards, and wearable activity trackers; bags and cases adapted for holding and carrying telephones, mobile telephone communications computers and wireless communications equipment and accessories being portable computers; electronic and computerized personal organizers; computer software for downloading, publishing, displaying, posting, labelling, blogging, sharing and providing electronic media and information in the fields of fashion shows, modelling for advertising or sales promotion, cosmetics and personal fashion lifestyles via the Internet and computer communication networks; downloadable electronic publications in the field of fashion.

Class 14

(3) Jewellery, namely, bracelets, necklaces, brooches, rings, earrings, charms, tie tacks, hat ornaments of precious metals, badges of precious metals, buckles for watchstraps, pins being jewellery, cufflinks, key rings; precious stones; horological and chronometric instruments, namely, watches, wrist-watches, straps for wrist-watches and watch cases, clocks, chronographs, chronometers, alarm clocks; watches cases; jewellery cases; shoe and hat ornaments of precious metal; precious metals and their alloys.

Class 18

(4) Leather and imitations of leather; Leather, unworked or semi worked; Animal skins; Bags, namely, backpacks, cross-body bags, duffel bags, messenger bags, tote bags; Bags for sports; All-purpose athletic bags; Overnight bags; Book bags; All-purpose carrying bags; Travelling trunks; Rucksacks; Handbags; Suitcases; Luggage; Purses; briefcase-type portfolios; Travelling bags; Kit bags; Textile shopping bags; Beach bags; School bags; Shopping bags with wheels attached; Garment bags for travel; Leather luggage straps; Lockable luggage straps; Clutch bags; Travelling sets [leatherware], namely, leather travelling bags, leather travelling suitcases, travel baggage; Suitcases with wheels; Pocket wallets; Small purses; Coin purses, not of precious metal; Key cases; Credit card holders made of leather; Credit-card holders; Toiletry bags sold empty; Card cases being notecases; Vanity cases, not fitted; Umbrellas and parasols; Walking staffs; Whips; Saddlery; Collars for animals; Harness for animals; Trimmings of leather for furniture.

Class 25

(5) Clothing for men, women and children and infants namely, shirts, golf shirts, t-shirts, polo shirts, knit tops, woven tops, sweatshirts, tank tops, sweaters, hoodies, cardigans, blouses, jerseys, turtlenecks, shorts, sweatpants, warm-up suits, costumes being bathing costumes, carnival costumes, costumes for use in children's dress up play, Halloween costumes, blazers, sportswear, sport coats, trousers, jeans, jumpsuits, skirts, dresses, wedding dresses, suits, overalls, jumpers, vests, jackets, coats, raincoats, parkas, ponchos, swimwear, bikinis, swim trunks, overcoats, rainwear, wind resistant jackets, clothing for dancing namely leotards and ballet suits, sleepwear, pajamas, bathrobes, shower caps, chasubles, underwear, lingerie, boxer shorts, belts for clothing, belts made of leather, ties; headgear namely, hats, wool hats, beanies, caps, visors being headwear, headbands for clothing, ear muffs; scarves, shawls, wristbands, cloth bibs; footwear, namely, athletic footwear, sports footwear, casual footwear, evening footwear and formal footwear, gym shoes, sneakers, socks, stockings, hosiery, shoes, boots, beach shoes, sandals, slippers, pumps being footwear, high-heeled shoes, espadrilles, slip-on shoes; gloves; suspenders; clothing layettes (clothing); sashes for wear; wet suits for water-skiing; wet suits for surfing; Maniples; shower caps; Sleep masks; wedding clothing, namely, namely, wedding dresses, wedding gowns, formal clothing.

Services**Class 35**

(1) Retail store services, and business management assistance on commercial business in connection with perfumery, cosmetics, clothing, footwear, headgear, textile goods, goods made of leather and imitations of leather, bags, eyewear, jewellery, watches, horological and chronometric instruments being watches and clocks, household accessories and articles, namely, textiles for furniture; Business management advisory services relating to franchising; online retail store in the field of clothing, perfumery, household accessories and articles being textiles for furniture, cosmetics, watches, jewellery, eyewear, records being pre-recorded music and movies, compact discs, cassettes, videos, books, art pictures, cards being note cards, collectible cards, post cards and greeting cards calendars, posters, art prints, stickers and cartoon printed books via mail order ; administrative services in respect of the closing of franchise agreements for perfumery, cosmetics, clothing, footwear, headgear, textile goods, goods made of leather and imitations of leather, bags, eyewear, jewellery, watches, horological and chronometric instruments being watches and clocks, household accessories and articles, namely, textiles for furniture; assistance in franchised commercial business management; organization of trade fairs for commercial or advertising purposes, namely, fashion show exhibitions for commercial purposes and modelling for advertising or sales promotion; advertising the goods and services of others; office functions being office administration; Dissemination of advertising for others via the Internet; presentation of goods on communication media, for retail purposes, namely advertising the goods and services of others through all public communication means; commercial administration of the licensing of the goods and services of others; Promoting the goods and services of others, via a global computer network; Advisory services relating to sales promotion for others; organization of runways for promotion, namely organization of fashion shows for promotional purposes; personnel management consultancy; relocation services for businesses; secretarial services; accounting; rental of vending machines; sponsorship search.

Class 41

(2) Gym services; provision of facilities for leisure and recreation activities, namely, rental of indoor recreational facilities for playing sports, sports training, and group recreation events; provision and operation of gym, recreation and sports facilities, namely, providing gymnastic facilities; provision

of teaching facilities for sports and recreational activities, gym activity and instruction classes, namely, provision of on and off site sports facilities for entertainment purposes; leisure centre, health club, fitness centre and gymnasium services; provision of swimming facilities; Rental of indoor recreational facilities for playing sports, sports training, and group recreation events; providing educational training and courses in the field of healthcare being general health and well-being, sports and physical exercise being sports physical training; organizing sports and physical exercise events, namely, providing classes, tutorials and seminars in the field of physical fitness.

Class 43

(3) Services for providing food and drink, namely, bar and restaurant services; catering, catering services and services of a café-restaurant; hotel services; restaurant and bar services; provision of conference, exhibition and meetings facilities; providing banquet and social function facilities for special occasions.

Class 06

(1) component parts for transport trailers, namely, metal deck latches;

Class 07

(2) Grain augers, conveyors and vacuums for use in the handling and transfer of granular products

(3) Power generation equipment, namely, generators, compressors, water and de-watering pumps for land vehicle engines

(4) Tools for construction and forestry equipment, namely, grapples buckets, excavator thumbs, blades grapples, plows, snow wings, rippers being machines for construction, rakes for agriculture and forestry use, hydraulic couplers, safety guarding for machines, excavator lift attachments, asphalt cutters, sheers, end gates, cable reelers, brooms, fork racks, booms, magnets, hammers, mowers, tire handlers, mulchers, and pushes for construction and forestry equipment; namely, excavators, wheel loaders, backhoes, articulated dump trucks, dozers, forestry swing machines, skidders, motor graders, skid steers;

(5) Railway maintenance vehicles and equipment, namely, backhoes

Class 09

(6) construction safety equipment and survey equipment, namely, surveying instruments;

Class 12

(7) Trailers, namely, cargo trailers, garden trailers, flat deck trailers that comprise a flat, step and gooseneck drop, tilt deck trailers, agricultural trailers for equipment and granulars, utility trailers, dump trailers for side, end, and bottom dumping, utility dump trailers, heavy haul trailers, grain transportation trailers, dry bulk trailers, pneumatic dry bulk trailers, hopper trailers, convertible multi-purpose trailers, namely, material handling vehicles for loading and unloading objects and materials, in the nature of side-loaders, side-lifters, swing-lifters and self-loading trailers, aggregate trailers, transport trailers used to transport heavy equipment, logging trailers, aggregate trailers, equipment transport trailers used to transport heavy equipment, logging trailers, forestry trailers,

vacuum tanker trailers, liquid tank trailers, namely, petroleum, chemical, water, crude oil, liquefied compressed gas, sanitary waste, cryogenic and elevated temperature hot products trailers, namely, liquid asphalt and Sulphur

(8) railway maintenance vehicles and equipment, namely, trucks, trailers, skid steer loaders, loaders, namely, crawler loaders, tractor loaders, compact track loaders, compact wheel loaders and wheel loaders used in hirail applications

(9) Specialty truck and conversion equipment, namely, bed and pole trucks, boom picker trucks, steam and pressure and hot oiler trucks, dump, plow and sander trucks, fuel and lube trucks, equipment service and repair trucks, tank trucks, vacuum trucks, winch tractors, highway tractors, logging tractors, tow trucks, cement mixing trucks, emergency service trucks, bulk agricultural trucks, refuse trucks, van bodies, road repair trucks, specialty convertible railroad trucks for maintenance of both trains and tracks, food service trucks and crane trucks

Services

Class 35

(1) retail and wholesale distribution and dealership services in the fields of industrial, construction, forestry and agricultural equipment and machinery;

(2) Retail and wholesale sales of trucks, trailers and specialty truck equipment, namely, mechanic bodies, vacuum excavation equipment, fuel/lube trucks, boom picker trucks, tow trucks, water trucks, municipal snow/sand/gravel trucks, cement mixers and aggregate trucks; retail and wholesale sales of mining equipment, namely, construction-class equipment and implements, underground vehicles, survey/scanning technology, equipment trailers/dollies, mining bits and mining winches

Class 37

(3) rental of industrial and turf equipment, namely, residential mowing equipment, commercial mowing equipment, golf course maintenance equipment;

(4) rental of construction equipment; rental of mining equipment;

(5) Building and facility development services, namely site management services, site maintenance of buildings and commissioning services in the field of buildings projects; building construction services

(6) Buying, selling and trading of heavy transportation, namely, industrial trucks, equipment transport trailers and construction equipment; leasing services, namely, leasing of heavy transportation and construction equipment; rental services, namely, renting of heavy transportation and construction equipment

Class 39

(7) custom design of specialty transportation vehicles, namely, bed and pole trucks, boom picker trucks, steam and pressure and hot oiler trucks, dump, plow and sander trucks, fuel and lube trucks, equipment service and repair trucks, tank trucks, vacuum trucks, winch tractors, highway tractors, logging tractors, tow trucks, cement mixing trucks, emergency service trucks, bulk agricultural trucks, refuse trucks, van bodies, road repair trucks, specialty oilfield trucks, specialty railroad trucks, food service trucks and crane trucks; rental of trucks, trailers and specialty truck equipment

(8) custom design of heavy-duty machine conversions of construction and forestry equipment, namely, articulated dump trucks, backhoes, compact track loaders, crawler dozers, crawler loaders, motor graders, excavators, skid steers, wheel loaders, feller bunchers, forestry swing machines, forwarders, harvesters and skidders;

Class 40

(9) Custom manufacture of specialty transportation vehicles, namely, bed and pole trucks, boom picker trucks, steam and pressure and hot oiler trucks, dump, plow and sander trucks, fuel and lube trucks, equipment service and repair trucks, tank trucks, vacuum trucks, winch tractors, highway tractors, logging tractors, tow trucks, cement mixing trucks, emergency service trucks, bulk agricultural trucks, refuse trucks, van bodies, road repair trucks, specialty oilfield trucks, specialty railroad trucks, food service trucks and crane trucks

(10) custom manufacture of heavy-duty machine conversions of construction and forestry equipment, namely, articulated dump trucks, backhoes, compact track loaders, crawler dozers, crawler loaders, motorgraders, excavators, skid steers, wheel loaders, feller bunchers, forestry swing machines, forwarders, harvesters and skidders;

Class 42

(11) building design services, namely, providing interior design, architectural design, structural engineering and civil engineering services;

(12) power engineering services in the field of renewable energy namely, wind, solar, and hydro;

Class 44

(13) rental of forestry equipment;

Colour Claim

Colour is claimed as a feature of the trademark. The colours white, red and green are claimed as a feature of the mark. The mark consists of the stylized letters "f" and "s" next to the words "ITALIAN RAILWAYS USA" all above the words "A COMPANY OF THE FS GROUP". The stylized lowercase letter "f" is in white with two green quadrilaterals to the left of the letter "f" and one green quadrilateral between the top line of the "f" and the middle line of the "f". Directly to the lower right of the letter "f" is a stylized lowercase letter "s" in red. To the right of the stylized letters "f" and "s" are the words "ITALIAN RAILWAYS USA" in green uppercase letters. Directly below the stylized letters "f" and "s" and the words "ITALIAN RAILWAYS USA" are the words "A COMPANY OF THE FS GROUP" in green uppercase letters.

Colour Claim

Colour is claimed as a feature of the trademark. The colours white, red and green are claimed as a feature of the mark. The mark consists of the stylized letters "f" and "s" next to the words "ITALIAN RAILWAYS USA" all above the words "FERROVIE DELLO STATO ITALIANE GROUP". The stylized lowercase letter "f" is in white with two green quadrilaterals to the left of the letter "f" and one green quadrilateral between the top line of the "f" and the middle line of the "f". Directly to the lower right of the letter "f" is a stylized lowercase letter "s" in red. To the right of the stylized letters "f" and "s" are the words "ITALIAN RAILWAYS USA" in green uppercase letters. Directly below the stylized letters "f" and "s" and the words "ITALIAN RAILWAYS USE" are the words "FERROVIE DELLO STATO ITALIANE GROUP" in green uppercase letters.

Foreign Character Translation

The translation provided by the applicant of the word(s) FERROVIE DELLO STATO ITALIANE is ITALIAN STATE RAILWAYS.

Services

Class 35

(1) Advertising agency services; Business management; Business administration; office functions, namely, secretarial and clerical services; Office functions in the nature of filing documents; Office functions in the nature of filing magnetic-tapes; Office functions in the nature of tracking and tracing of documents, letters, packages, parcels in transit; Provision of advertising space on trains and in railway stations for the goods and services of others; leasing of advertising space on trains; Leasing of advertising space in railway stations for the goods and services of others; Intermediary services relating to the rental of advertising time and space; Distribution of advertising material for others; Dissemination of advertising material for others, namely, leaflets, brochure and printed matter; Distribution of advertising brochures for others; Organization of exhibitions for commercial

or advertising purposes in the field travel; Administration of business consumer loyalty and business consumer incentive programs via an interactive website; Administration of frequent flyer programs; Providing business marketing information for others via a website

Class 07

(1) electric generators; electric power generators; hydrogen dispensing pumps for service stations; hydrogen fuelling pumps for service stations

(2) hybrid electric power generators; electrical generators using hydrogen fuel cells; electric power generators with integrated fuel cell; hybrid fuel cell electric power generators with integrated hydrogen generator; fuel cell electrical power generator with integrated hydrogen storage capacity for use in vehicle fuel management and power conditioning; fuel cell electrical power generator with integrated hydrogen storage capacity for thermal management of generator; polymer electrolyte membrane fuel cell power generator with hydrogen vapor control for humidification of fuel cells; computerized fuel cell electrical power generator for overall power generation monitoring; water electrolyzer machine for use with hydrogen gas generators; hydrogen re-fueling stations; hydrogen and fuel cell power generation subsystem comprised of pump control valves, pressure regulating valves, motor pumps and compressors; integrated fuel cell power generating subsystem comprised of pump control valves, pressure regulating valves, motor pumps and compressors; hydrogen compressors for hydrogen generators; combined hydrogen and fuel cell power generation system comprised of fuel cell stacks, automatic electronic control valves for regulating the flow of liquids and pressure sensors; integrated fuel cell power generating system comprised of fuel cell stacks, automatic electronic control valves for regulating the flow of liquids and pressure sensors; integrated fuel cell power generating systems and subsystems comprising of hydrocarbon reformers and fluid and heat transfer piping therefor;

Class 09

(3) electrical charge controllers; electrolysis apparatus for producing hydrogen and oxygen from water; electrolytic cells; electronic conductors for fuel cells; fuel cell electrodes; fuel cell stacks; fuel cells; voltage detectors; voltage monitor modules

(4) Water electrolytic cells; parts and fittings for fuel cells; hydrogen fuel cells; fuel cell stack parts; modules for fuel cell power generation; parts and fittings for hydrogen electrolyzers; specially adapted parts for hydrogen electrolyzers; water electrolyzers; hydrogen electrolyzers; power controllers for fuel cells; fuel cell power generation modules for automobiles; specially adapted

parts for fuel cell power generation modules for automobiles; hydrogen fuel cell flow detection gauges; computer software for operating fuel cell system stacks; computer software for operating automobile fuel cell batteries; alternating electrical current monitor modules; direct electrical current monitoring modules; monitoring modules for measuring fuel cells for electrical impedance and voltage to ensure electrical efficiency; electrical current detectors for hydrogen generators; gas analyzers for hydrogen generators; hydrogen detection sensors for hydrogen generators; fuel cell DC electronic load testers; fuel cell DC electronic load testers to control the flow, temperature and pressure of anode and cathode gases; automated fuel cell test stations for the testing of DC electronic load; hydrogen generator testers for checking fuel cell and fuel stack power range, namely, test stations for fuel cells; diagnostic computer software for processing and reporting fuel cell current and voltage testing information for use in fuel cell test stations; diagnostic computer software for processing and reporting fuel cell current and voltage testing information for use in automated fuel cell test stations; integrated fuel cell stacks; parts of integrated fuel cell stacks; anodes for use in water electrolyzers; water electrolysis sensors; cathodes for use in water electrolyzers; diaphragm separators for use in water electrolyzers; hydrogen power storage systems consisting of power converter and power storage unit for converting electrical energy to hydrogen gas and for converting hydrogen gas back to electrical energy; electrolytic cells for generating hydrogen and oxygen; portable proton exchange membrane (PEM) fuel cells; portable proton exchange membrane for hydrogen fuel cells; hydrogen reactors for generating hydrogen fuel

Class 11

(5) hydrogen generation plants for industrial purposes; hydrogen generators; separators for the cleaning and purification of gases; Heat exchangers as part of integrated fuel cell power generating systems and subsystems; heat exchangers as part of integrated fuel cell power generating systems and subsystems; hydrogen generator specially adapted parts; power plants for generating hydrogen and oxygen from water and renewable electricity, namely, hydrogen power plants; hydrogen power plants; hydrogen purifiers; separators for the cleaning and purification of hydrogen; hydrogen generator circulation frames, namely, circulation frames for generators as parts of hydrogen generators; end walls and boxes as parts of hydrogen generators; rectifying demister distillation columns for hydrogen generators; gas liquid separators; rectifying demisters for hydrogen rectification plants;

Services

Class 37

(1) hydrogen gas fueling stations for vehicles

(2) installation and maintenance of hydrogen fuel cells for vehicles; installing, servicing and repairing of fuel cell systems; installing, servicing and repairing of hydrogen generators; construction of hydrogen generation installations for generating power; maintenance and installation of hydrogen refueling stations for vehicles; hydrogen gas pumping services; hydrogen gas fueling services;

Class 39

(3) distribution of electrical energy and natural gas to residential and commercial users; transport of hydrogen fuel by pipeline

(4) hydrogen electricity storage services; hydrogen gas storage services; distribution of hydrogen gas to residential and commercial users; technical operation of hydrogen refueling stations

Class 40

(5) rental of hydrogen electricity generators; custom manufacturing of industrial and commercial hydrogen systems; custom manufacturing of fuel cell systems and hydrogen generators; hydrogen

power generation services; manufacturing of fuel cell systems and hydrogen generators for others; manufacture of hydrogen fuel cells for vehicles for others;

(6) electricity generation; generation of power; rental of electrical transformers; rental of electricity generators

Class 42

(7) technological consulting services in the field of alternative energy generation

(8) project management in the field of alternative energy generation; engineering services in the field of electrical power and natural gas production; consulting services in the field of design and development of fuel cell test stations; consulting services in the field of design and development of fuel cells and integrated fuel cell systems; consultation in the research and development of hydrogen power and hydrogen powered products; research and development of hydrogen power and hydrogen powered products; testing of new products of others in the field of hydrogen power and hydrogen powered products; designing industrial and commercial hydrogen systems; quality assurance testing of fuel cell and hydrogen products of others; designing and testing of new fuel cell systems and hydrogen generators for others; designing and verifying the functionality alternative energy generation systems; design consulting in the field of fuel cells and hydrogen energy systems; engineering in the field of fuel cells and hydrogen energy systems; project design development in the field of fuel cells and hydrogen energy systems; engineering project management services in the field of fuel cells and hydrogen energy systems; providing information in the design and development of fuel cells and hydrogen energy systems; advisory and consultancy services in the field of alternative energy generation;

Electronic devices for controlling energy generation, namely, thyristors, semiconductors, and thermostats; Apparatus for measuring thermal energy, namely, calorimeters, thermometers, thermal sensors; Electronic control units for managing and optimizing energy production, namely, electric control panels, electric current control devices, and electrical charge controllers; Apparatus for monitoring electrical energy consumption, namely, energy meters for tracking and monitoring energy usage; electric power distribution units in the nature of battery-based energy storage systems; Computer software for processing, visualizing, monitoring, and analyzing energy generation data, energy distribution data, energy generation machinery performance data, internet traffic data, location data, computer hardware performance data, mobile device performance data, networked hardware data, financial data, and energy usage data in the field of renewable energy; Recorded software for managing the distribution of electrical energy and for the management of electrical energy generation infrastructure, in the field of renewable energy generation; Recorded energy generation infrastructure database management software and energy generation distribution database management software; Recorded graphical user interface software; Downloadable computer software for industrial process control; Downloadable application software for monitoring and controlling energy storage systems in the field of renewable energy; Downloadable application software for monitoring and controlling energy generation systems in the field of renewable energy; Downloadable application software for monitoring and controlling energy generation systems, namely, for solar energy systems, wind energy systems, hydropower energy systems, and geothermal energy systems; Downloadable application software for monitoring and controlling energy storage systems, namely, for solar energy systems, wind energy systems, hydropower energy systems, and geothermal energy systems; computer operating system

interface software; Industrial automation software for monitoring and managing energy storage systems in the field of renewable energy; Industrial automation software for monitoring and managing energy generation systems in the field of renewable energy; Industrial automation software for monitoring and managing energy storage systems, for solar energy systems, wind energy systems, hydropower energy systems, and geothermal energy systems; Industrial automation software for monitoring and managing energy generation systems, for solar energy systems, wind energy systems, hydropower energy systems, and geothermal energy systems; Downloadable mobile applications for monitoring and controlling distributed energy resources and distributed energy assets, namely, electricity generation, energy storage, electrical loads and other controllable energy assets to either a local distribution system or to a host facility within the local distribution system or to an interconnected bulk power system that is part of decentralized distributed energy grid; Downloadable mobile software for energy usage tracking in the field of renewable energy; Downloadable mobile software for energy usage tracking for use in connection with solar energy systems, wind energy systems, hydropower energy systems, and geothermal energy systems; Downloadable mobile software for controlling energy usage and tracking energy usage via a smart device in the field of renewable energy; Downloadable mobile software for controlling energy usage and tracking energy usage via a smart device for use in connection with solar energy systems, wind energy systems, hydropower energy systems, and geothermal energy systems; Downloadable software applications for mobile devices used in energy generation monitoring in the field of renewable energy; Downloadable software applications for mobile devices used in energy storage monitoring in the field of renewable energy; Downloadable software applications for mobile devices used in energy storage monitoring for use in connection with solar energy systems, wind energy systems, hydropower energy systems, and geothermal energy systems; Downloadable software applications for mobile devices used in energy generation monitoring for use in connection with solar energy systems, wind energy systems, hydropower energy systems, and geothermal energy systems; computer application software used for running cloud computing based applications; Downloadable cloud-based software for managing and optimizing energy production in the field of renewable energy; cloud-based software for managing and optimizing energy production accessed through a web browser in the field of renewable energy; cloud-based software for managing and optimizing energy production accessed through a mobile software application in the field of renewable energy; Cloud servers.

Services

Class 35

(1) Advertising, marketing and promotional services in the nature of promotional activities namely, developing promotional, marketing and advertising campaigns for others in the fields of energy production, energy technological consulting, energy infrastructure, and energy distribution companies; Advertising marketing and promotional services for promoting public awareness of the benefits of clean energy production and initiatives; Retail services for computer software. Recording data relating to energy consumption in buildings for others for account auditing purposes.

Class 40

(2) Production of electrical energy, namely electricity for industrial and commercial use; Production of electrical energy generated from renewable sources, namely, wind and solar power.

Class 42

(3) Computer software development; software programming and implementation; software as a service(SAAS) provider for hosting software for use by others for use in the management of renewable energy systems; rental of non-downloadable software for managing renewable energy

systems; providing software as a services (SAAS) featuring downloadable software for managing renewable energy systems; IT consultancy and advisory services, namely consultancy and advisory of computer technology support services in the nature of help desk services and diagnosing computer hardware and software problems; computer technology consultancy and advisory services; providing information in the fields of energy management and energy management software; design and development of software for energy management systems; development, installation, and configuration of software for energy control systems; computer software design; design of software for energy management; software consulting services in the field of energy management; development of computer hardware and software; development of computer hardware; design and development of computer hardware and software; computer software technical support services; technical support services relating to computer software and computer software applications; programming of energy management software; advisory services relating to energy efficiency; consultancy in the field of energy-saving; development of energy and power management systems; professional consultancy relating to energy efficiency in buildings; engineering consulting services in the field of renewable energy; design and development of regenerative energy generation systems; providing technical advice relating to energy-saving measures; technological analysis services, namely analysis of the energy and power supply needs of others; consultancy relating to technological services in the field of power and energy supply.

Class 01

(1) Laboratory assays for research purposes; biological and chemical diagnostic reagents for in vitro use in biochemistry, clinical chemistry and microbiology for medical and veterinary laboratory research purposes; biochemical reagents for detecting and analyzing molecules in protein or nucleotide arrays; biochemical catalysts for use in industry, science and research; biochemicals namely, monoclonal antibodies for in vitro scientific or research use; biochemicals, namely, polynucleotides for in vitro and in vivo scientific and research purposes; laboratory assay kits comprising chemicals for scientific purposes; laboratory assay test kits for the expression, amplification, purification and analysis of biological chemical samples for laboratory and research use; active chemical ingredients for use in the manufacture of biotechnological pharmaceuticals; chemicals additives for use in the biochemical and chemical industry in the manufacture of pharmaceuticals; protein in raw material form for scientific and medical research for the manufacture of pharmaceuticals; diagnostic reagents for in vitro use in biochemistry, clinical chemistry and microbiology for scientific and research use; diagnostic reagents for use in scientific apparatus for in vitro use in clinical chemistry and biochemical analysis; chemicals additives for use in industry and science in the manufacture of pharmaceuticals; biochemical catalysts for use in industry and science

Class 05

(2) Clinical diagnostic reagents for medical purposes; clinical diagnostic reagents for veterinary purposes; diagnostic kits comprised of medical diagnostic reagents and assays for testing of bodily fluids for use in disease detection; drug testing kits comprised of medical diagnostic reagents and assays for testing body fluids; drug testing kits comprised of medical diagnostic reagents and assays that test for the presence of DNA, RNA, proteins, drugs, foods, pathogens and toxins; drug testing kits comprised of medical diagnostic reagents and assays that test for the presence of cancer; drug testing kits comprised of medical diagnostic reagents and assays that test for the presence of dental diseases; medical diagnostic reagents; medical diagnostic reagents and assays

for testing of body fluids; veterinary diagnostic reagents; disinfectants for sterilization for medical purposes, food safety and environmental monitoring; veterinary diagnostic reagents; medical diagnostic reagents; pharmaceuticals for the treatment of cancer

Class 09

(3) Bio-chip sensors for research and scientific purposes; laboratory chemical reactors for medical research; medical laboratory research instruments for analysis of DNA, RNA, protein and chemicals and pathogens; scientific apparatus and instruments for measuring relative DNA, RNA and protein and parts and fittings therefor; computer software for scientific analysis of genetic sequences; scientific apparatus, namely, spectrophotometer for measuring relative DNA, RNA and protein; laboratory baths, burets, calipers, centrifuges, flasks, glassware, incubators, ovens, photochemical reactors, pipettes, racks, robots, scales, balances, slides, stirrers, storage tubes, swabs, test tubes, thermometers, and trays for scientific research in laboratories, in the fields of medical and clinical diagnostic, food safety and environmental monitoring

Class 10

(4) Medical diagnostic instruments that test for the presence of DNA, RNA, proteins, drugs, foods, pathogens and toxins; medical diagnostic instruments for the analysis of body fluids; proteomic sample preparation instruments for medical diagnostic uses; medical instruments for general examination, dental instruments; veterinary instruments

Services

Class 42

(1) Consulting services for others in the field of design, planning, and implementation project management of scientific research, analysis, and testing in the field of chemistry, genetics, biology and biochemistry; laboratory research services in the field of chemistry, genetics, biology and biochemistry; research services in the field of forensic science, namely, analysis, detection and isolation of biological substances in forensic samples; research and development and consultation related thereto in the field of chemistry, genetics, biology and biochemistry; scientific research and development of new products for others; biological research laboratory services; medical research laboratory services; scientific and technological services and research and design relating thereto, in the fields of medical or clinical diagnostic, food safety and environmental monitoring; Industrial analysis and research services in the field of chemistry, genetics, biology and biochemistry; design and development of computer hardware and software in the fields of medical or clinical diagnostic, food safety and environmental monitoring

Class 44

(2) Medical diagnostic services for human diseases; medical diagnosis of human diseases, namely, genetic, infectious, neurological, cardiovascular, cancerous, inflammatory, reproductive and developmental diseases; medical diagnosis of ovary cancer, liver cancer, stomach cancer, pancreas cancer, esophagus cancer, colorectum cancer, lung cancer or breast cancer; medical diagnostic testing, monitoring and reporting services; medical clinic services; veterinary services; medical information retrieval services related to food safety and environmental monitoring

Colour Claim

Colour is claimed as a feature of the trademark. The trademark consists of a stylized thumbs-up design outlined in gold. The background of the design is white, with gold Chinese characters, gold-outlined clouds, a gold-outlined building, and a gold-outlined stylized ginseng root. A red maple leaf appears near the top of the design. There is a white band going diagonally across the trademark from bottom left to top right, covering the bottom half of the maple leaf, leaving only 8 tips visible. The two side portions of the trademark are in red. The bottom portion of the trademark is red and outlined in gold. The word "CANADA" appears in gold within the bottom red portion.

Disclaimer

The right to the exclusive use of the eleven point maple leaf is disclaimed apart from the trademark.

Foreign Character Translation

The translation provided by the applicant of the Chinese word(s) Wu You Zheng and Xi Yang Shen Jiu is a name and "American Ginseng Spirits", respectively

Foreign Character Transliteration

The transliteration provided by the applicant of the Chinese character(s) is Wu You Zheng and Xi Yang Shen Jiu.

Goods

Class 06

(1) Common metals and their alloys; building materials of metal namely, construction elements made of metal in the nature of building support props of metal and ceiling supports of metal; transportable buildings of metal namely, metal containers for the storage and transportation of goods; materials of metal for lifts namely, metal beams, pontoons and structural supports therefor used to support decking; non-electric cables and wires of common metal; anchors; hydraulic, pneumatic, mobile and movable working platforms, namely, metal scaffolding and prefabricated metal platforms; construction platforms; reinforcing bar namely, steel rebars and rods used for strengthening and reinforcing concrete structures; scaffolding; lift supports namely, metal racks for load lifting machines; materials of metal for scaffolds; masts; materials of metal for lift devices namely, steel belts, metal braking clamps, wire rope clamps, metal cable clamps, metal chain hoists, metal ropes, steel wire ropes, sheet metal linings and sheet metal lifting clamps for elevators, lifts and cranes; pre-fabricated houses of metal; materials of metal for railway tracks; lifting chains; cables for cable cars; ironmongery, namely, iron and steel, cast iron for use in hydraulics and buildings; guard rails of metal; anvils; ladders of metal; steel balls; metal hardware for elevators and lifts

Class 07

(2) Machines and machine tools within the building and construction sector, namely, motors and engines for the generation of electric power, reinforcing steel shears, pug mills (machines), construction cranes, mining anchor tensioning machines, scrap shears (machines), power operated angle grinders; elevating apparatus, namely, elevating work platforms; lifts, namely,

aerial work lifts, hydraulic lift tables, passenger lifts for use in construction, pit lifts for use in mining, boat lifts for use in offshore construction and truck lifts; building hoists, namely, hydraulic, mechanical and pneumatic hoists; passenger lifts; elevator chains [parts of machines]; elevator belts; cranes [lifting and hoisting apparatus]; machine wheels for industrial machinery; driving devices for machines, namely, chain drives being parts of machines, drive pulleys, drive shaft couplings for machines, drives for elevators, driving belts for machines, driving belts for motors, other than for land vehicles and variable speed drives for machines; electric motors for machines; electric and pneumatic hoists (winches), hydraulic lifting apparatus, namely, hydraulic hoists and hydraulic loading dock levelers; elevating work platforms and motors and engines for generation of electric power; pneumatic lift tables and motors for elevators and lifts; cranes [lifting and hoisting apparatus]; pneumatic balancing arms for lifting, namely, pneumatic control valves for load lifting machines; compressor cleaning machines; building maintenance machines, namely, electric window cleaning machines, machines for cleaning surfaces using high-pressure water, high pressure washers and high-pressure pumps; machine systems for façade maintenance, namely, building maintenance systems comprised of power-operated lifting and moving equipment, namely, forklifts, cranes, hydraulic hoists and beam trolleys for attaching hoists; emergency equipment, namely, emergency power generators; winches; lines for elevators and lifts, namely, wire hoists; V-belts, namely, transmission belts for machines; clutches for industrial machinery; ball-bearings for building support columns; elevator gears; transmission gears for machines; machine coupling and transmission components (except for land vehicles); belts for machines; roller bearings for machines; anti-friction pads for machines; moving staircases [escalators]; mobile elevating work platforms; worm gears for machines; conveyors; gantries; crane wheels; braking devices, namely, brake linings and band brakes for elevating work platforms; braking devices, namely, brake linings and band brakes for elevator lifts and aerial work lifts; operating devices, namely, drivers for elevators and elevating work platforms

Class 09

(3) Electrical and electronic apparatus and instruments for the building and construction sector, namely, electronic controllers for steering and maneuvering hydraulic and pneumatic lifts and elevating work platforms for use in construction and building; electronic speed controllers; electric accumulators for construction machines, balancing apparatus, namely, steelyard; connections for electric lines; electric cable and wire, electric cable connectors, ducts for electric cables; electrical wire installations for the remote control of industrial machinery; remote control transmitters and receivers; voltage regulators for electric power; software for lifting and elevator systems, namely, embedded software in controllers for monitoring elevator performance and functions, lighting control software for use in commercial and industrial facilities, downloadable software application that applies artificial intelligence programming for use in automation of machines for building construction; protective and safety equipment, namely, protective helmets for use on the job site, reflective safety vests, safety footwear for protection against accident or injury, safety glasses, safety goggles, safety harnesses, safety helmets, lanyards for safety purposes for fall protection, safety ropes for fall protection, safety restraints being fall protection equipment for fall restraint and fall arrest, other than sports equipment, gloves for protection against accidents, life nets; luminous safety beacons, safety devices, namely, crane load sensors for use in preventing overloading or turning over of construction cranes; signaling devices, namely, signaling panels, luminous or mechanical, rescue laser signaling flares; electronic access control systems for interlocking doors; facilities management software to control building environment, access and security systems; electronic access control system for buildings comprising touch pads and security doors, electronic door alarms, electronic door locks and remote controls for opening and closing doors; fall arrest equipment for fall restraint and fall arrest; safety nets of metal for protection against accidents

Services**Class 35**

(1) Business management; business administration; business appraisals; commercial assistance in business management and industrial management assistance; business management assistance; economic forecasting; business information management; retail store services in the construction industry featuring building platforms, lifts and elevators, building maintenance equipment, façade access and safety equipment; retail store services featuring spare parts for the construction industry, featuring building platforms, elevators and lifting and hoisting devices, namely, cranes, and façade access machinery and equipment, namely, forklifts, cranes, hydraulic hoists and beam trolleys for attaching hoists

Class 37

(2) Civil engineering [construction] consultancy; building construction services; building, construction and installation of buildings, elevators, lifts, scaffolding, elevating work platforms, mobile elevating work platforms, construction cranes, hoist cranes, hoists, lifting devices namely, lift chains being parts of machines, motors and engines for generation of electric power, building maintenance apparatus namely, electric window cleaning machines, machines for cleaning surfaces using high-pressure water, high pressure washers and high-pressure pumps, facade access, and safety devices for building maintenance, namely building maintenance systems comprised of power-operated lifting and moving equipment, namely, forklifts, cranes and hydraulic hoists and beam trolleys for attaching hoists, conveyors; repair and maintenance of elevators, scaffolding, elevating work platforms, mobile elevating work platforms, construction cranes, lifts, hoist cranes, hoists, lifting devices, namely, lift chains being parts of machines, motors and engines for generation of electric power, building maintenance apparatus namely, electric window cleaning machines, machines for cleaning surfaces using high-pressure water, high pressure washers and high-pressure pumps, facade access, and safety devices for building maintenance, namely building maintenance systems comprised of power-operated lifting and moving equipment, namely, forklifts, cranes and hydraulic hoists and beam trolleys for attaching hoists, conveyors; rental (leasing) of construction equipment, lifts, hoists, scaffolding, elevating work platforms, mobile elevating work platforms, cranes [lifting and hoisting apparatus], hoists, motors and engines for generation of electric power, maintenance equipment for buildings namely, electric window cleaning machines, machines for cleaning surfaces using high-pressure water, high pressure washers and high-pressure pumps, facade access, safety devices for building maintenance, namely building maintenance systems comprised of power-operated lifting and moving equipment, namely, forklifts, cranes, hydraulic hoists and beam trolleys for attaching hoists, conveyors

Class 41

(3) Teaching, namely, educational instruction and training in the fields of building maintenance, building construction and the use of construction machinery.

Class 42

(4) Technical consultancy in the construction field, namely the design of scaffolding, elevating working platforms, construction platforms, elevating mobile work platforms, construction cranes, hoist cranes, hoists, lift apparatus, namely, aerial work lifts and elevator lifts, construction lifts, conveyors; technical consultancy services relating to civil engineering; civil engineering consultancy; construction project engineering services; engineering consultancy services in the field of designing and engineering paneling systems for buildings; information services relating to quality assessment, quality control and quality standards in the construction industry; engineering project management in the field of building construction, civil engineering design relating to building construction; building surveying.
