About this report

This report, which is tabled under section 20 of the *Service Fees Act*,[i] the *Low-Materiality Fees Regulations*,[ii] and subsection 4.2.9 of the Treasury Board *Directive on Charging and Special Financial Authorities*,[iii] contains information about the fees which the Privy Council Office (PCO) had the authority to charge in fiscal year 2025–26.
The report covers fees that are subject to the *Service Fees Act*.

For reporting purposes, fees are categorized by fee-setting mechanism. There are three mechanisms:

1. Act, regulation or fees notice
   The authority to set these fees is delegated to a department, minister or Governor in Council pursuant to an act of Parliament.

2. Contract
   Ministers have the inherent authority to enter into contracts, which are usually negotiated between the minister and an individual or organization, and which cover fees and other terms and conditions. In some cases, that authority may also be provided by an act of Parliament.

3. Market rate or auction
   The authority to set these fees comes from an act of Parliament or a regulation, and the minister, department or Governor in Council has no control in determining the fee amount.

For fees set by act, regulation or fees notice, the report provides totals for fee groupings, as well as detailed information for each fee. PCO did not have fees set by contract, market rate, or auction.

Fees charged by the PCO under the *Access to Information Act* are not subject to the *Service Fees Act* and are not included in this report. Information on PCO's access to information fees can be found in our annual report[iv] to Parliament on the administration of the *Access to Information Act*, once the report is published.

Remissions
