

IRCC’s **Settlement Program** provides services that enable permanent residents (PR), including refugees and protected persons, to contribute to the economic, social, and cultural development needs of Canada.

IRCC’s **Resettlement Program** (RAP) provides immediate essential services and financial support for government-assisted refugees (GAR) upon their arrival in Canada. Privately sponsored refugees (PSR) and blended visa office-referred (BVOR) refugees are eligible for limited RAP services at ports of entry.

(Re)Settlement services are funded through contribution agreements and delivered by third-party service provider organizations (SPOs).
