The woman on the left is wearing a green long-sleeved shirt and glasses, and the woman on the right is wearing a light blue t-shirt and jeans. They are surrounded by cardboard boxes and furniture, suggesting they have just moved in. The woman on the right is holding a set of keys.

Progress on the National Housing Strategy

DECEMBER 2025

Canada's National Housing Strategy (NHS) sets a long-term vision that focuses on improving housing outcomes for those in greatest need.

Launched in 2017, the NHS is currently a 10+ year, \$115+ billion plan to give more people in Canada a place to call home.

The NHS consists of complementary housing programs and initiatives that aim to address needs across the housing continuum, prioritizing Canada's most vulnerable populations.

Progress on the programs and initiatives under the Strategy are updated quarterly or as available.

Building on the achievements of the National Housing Strategy, the Government of Canada introduced *Solving the Housing Crisis: Canada's Housing Plan*ⁱ in April 2024. Canada's Housing Plan sets out an ambitious plan to tackle the most urgent challenges facing our housing system today, broadening and intensifying the Government of Canada's efforts to build more homes, make it easier to rent and own a home, and help Canadians who can't afford a home.

Federal NHS Initiatives

Key Highlights

Since the launch of the NHS, \$49.45 billion has been committed through Federal NHS Initiatives to support:

- The creation, repair and acquisition of 348,240 units (171,839 new units, repairs to 176,401 units)^{1,2}
 - 333,355 units are currently under construction or have been repaired/built.
- The continuing availability of 46,017 community housing units (FCHI Phase II) where operating agreements expired, through direct support for 11,943 low-income community housing units.

¹ Some units may be double counted if they were supported with funding from multiple NHS initiatives. Efforts are ongoing to resolve any double counting in aggregate reporting.

² The number of repaired units also includes 1,623 units acquired under the Affordable Housing Innovation Fund.

¹ Totals for the Affordable Housing Fund and the Affordable Housing Innovation Fund are higher than the regional breakdown, as the regional breakdown for these programs excludes \$116.66 million for 11,315 units in portfolios that have buildings in more than one region.

How progress is tracked

In this report, the progress is tracked at four different phases:

1. **Conditional Commitment** is when funding is earmarked to support the building or repair of units for which formal project agreement is still subject to final approvals and conditions (Letter of Intent is signed). As conditional commitments are subject to final approval, funding and units reported may fluctuate each quarter.
2. **Financial Commitment** is when a formal agreement is duly executed, and a binding agreement is reached to provide credit under pre-specified terms and conditions (Letter of Agreement is signed).
3. **Construction/Repair Underway** is when units are in the process of being built or repaired. For FLI, which provides funding to transfer surplus federal lands and buildings to support the development of housing, this includes units under development. FLI projects are considered under development once land transfer has occurred.
4. **Completed** is when units are built or repaired.

Construction Timelines

Construction takes time – it can take years for planning, permitting, site preparation and design for a project to come to fruition. The completion of a new construction or renovated multi-unit housing project can take up to 3 years after the funding is provided.

Funding under the National Housing Strategy can be delivered over several years – extending the time to complete a housing project. See the [Road Map for Building a New Homeⁱ](#) for more details.

Human Rights-Based Approach to Housing

Initiative	Launch Date	Description	Progress to Date
<u>National Housing Strategy Act</u> ⁱ	N/A	The Act recognizes the right to adequate housing as a fundamental human right affirmed in international law. The Act requires the federal government to maintain a national housing strategy to further housing policy, taking into account key principles of a human rights-based approach to housing, and report to Parliament every three years on the progress towards the strategy’s goals and outcomes.	Tabled in Parliament on April 8, 2019, as part of Bill C-97, and received Royal Assent on June 21, 2019. The <i>National Housing Strategy Act</i> came into force on July 9, 2019.
<u>National Housing Council</u> ⁱⁱ	November 22, 2020	The Council, with diverse representation, will further housing policy by providing advice to the responsible Minister on, among other things, the effectiveness of the National Housing Strategy with the aim of improving housing outcomes and to further the progressive realization of the right to adequate housing.	<p>The Council continues to meet quarterly. Its most recent meeting was held on December 11, 2025, where the Council discussed accomplishments from 2025, including publication of the Neha Review Panel final report “<i>We are human. We deserve a place to live. It’s that simple.</i>” and the Council’s reports “<i>Measuring What Matters</i>” and “<i>Scaling-up the Non-Market Housing Sector</i>”.</p> <p>At this meeting members approved a work plan for the coming year which would provide timely advice on the renewal of the National Housing Strategy through a sequenced series of letters to the Minister.</p> <p>On November 24 the Neha Review Panel submitted their report with recommendations to the Minister, concluding that Canada is not fulfilling all the conditions to realize the right to housing in an inclusive, gender-responsive, and human rights-based manner.</p>

Data, Innovation & Research

\$550 million is being invested in new data collection tools, demonstration projects, Housing Supply Challenge and solutions labs, and efforts to spur more housing-related research, within and external to government, to help diversify information sources and perspectives.

A total of ten Data, Innovation and Research initiatives were launched since 2018 to better understand housing needs, conditions and markets, and to fill data gaps and inform decision-makers.

Innovation

Initiative	Launch Date	Funding Available	Target	Progress to Date
<u>Solutions Labs</u> ⁱ	May 21, 2018	\$25.9 million from 2018/19 to 2026/27	Provides housing stakeholders with funding to help solve complex and persistent housing problems and foster innovation in the housing sector. Support experts and housing stakeholders to incubate and scale potential solutions to housing affordability pressures.	\$25.3 million to support 98 solutions labs fostering innovation in the housing sector.
<u>NHS Demonstrations Initiative</u> ⁱⁱ	May 21, 2018	\$12.5 million over 10 years from 2018/19 to 2026/27	Support demonstrations of forward-looking, innovative technologies, practices and strategies that explore the future of housing in Canada.	\$12.3 million to support 60 demonstration projects.
<u>Housing Supply Challenge</u> ⁱⁱⁱ	October 23, 2020	\$300 million over 5 years from 2020/21 to 2024/25	The Housing Supply Challenge (HSC) invites citizens, stakeholders, and experts from across Canada to propose innovative solutions to the barriers that limit the housing supply. The Housing Supply Challenge will result in new ideas and solutions that will help more people find an affordable place to call home.	Each round had dozens of submitted solutions and prototypes funded: In Round 1: Data Driven, a total of 136 solutions were submitted, of which 21 were shortlisted and 14 prototypes were ultimately selected for funding (sharing a pool of \$22.5 million for implementation). In Round 2: Getting Started, a total of 167 solutions were submitted, of which 29 were shortlisted and 14 prototypes were ultimately selected for funding (sharing a pool of \$38 million for implementation). In Round 3: Northern Access, a total of 187 solutions were submitted, of which 33 were shortlisted and 15 solutions were selected for funding (sharing a pool of \$72 million for implementation). In Round 4: Building for the Future, a total of 252 solutions were submitted, of which 26 were shortlisted and 16

Initiative	Launch Date	Funding Available	Target	Progress to Date
<u>Housing Research Scholarship Program</u> ⁱ	Spring 2018	\$3.65 million over 10 years	Funding for postdoctoral fellows, PhD and Master’s students to help build housing expertise in Canada.	\$2.39 million in Scholarships awarded for 35 postdoctoral fellowships, 5 PhD students and 10 Master’s students, to conduct research in support of the NHS. The 2025 competition is currently underway with results expected in Spring 2026.
<u>Housing Research Award Program</u> ⁱⁱ	April 2018	\$500,000 over 10 years	Promote and extend impactful housing research.	To date, the program has given out 21 awards and 4 travel bursaries for a total of \$320,000. The 2025 competition is currently underway with results expected in January 2026.
<u>Collaborative Housing Research Network</u> ⁱⁱⁱ	July 12, 2018	\$13.9 million over 10 years	Canada-wide collaboration of academics and community partners in research to inform housing policy decision-making.	\$640,000 awarded to 8 Partnership Development Grants (\$80,000 each) to help lay the foundation of the Network. Research Network created by supporting 6 multi-year team grants. Investment for first 5 years was \$7.9 million. In February 2025, the original six teams or networks funded under this initiative were approved for grant renewal funding for an additional 3-year period totalling \$5.2 million. A funding announcement on the renewal of the Network took place in June 2025.

Federal/Provincial/Territorial NHS Investments

On April 9, 2018, a new [Federal/Provincial/Territorial \(FPT\) Housing Partnership Frameworkⁱ](#) was endorsed by all FPT Ministers responsible for housing (except Quebec), setting the foundation for NHS initiatives cost-matched and delivered by provinces and territories.

The Government has [bilateral agreementsⁱⁱ](#) with all 13 Provinces and Territories representing over \$15.8 billion in joint funding over 10 years (2018/19-2027/28) to protect, renew and expand community housing, and support provincial priorities related to housing repair, construction and affordability.

- **Alberta:** joint investment of \$1.2 billion
- **British Columbia:** joint investment of \$1.6 billion
- **Manitoba:** joint investment of almost \$641.2 million
- **New Brunswick:** joint investment of \$423.8 million
- **Newfoundland and Labrador:** joint investment of \$366.9 million
- **Northwest Territories:** joint investment of \$158.6 million
- **Nova Scotia:** joint investment of \$543.6 million
- **Nunavut:** joint investment of \$367.7 million
- **Ontario:** joint investment of \$6.0 billion
- **Prince Edward Island:** joint investment of \$58.1 million
- **Quebec:** joint investment of \$3.7 billion
- **Saskatchewan:** joint investment of \$610.1 million
- **Yukon:** joint investment of \$90.8 million

How progress is tracked

Progress is tracked once reporting on progress related to funding commitments from provinces and territories has been received and processed.

Federal/Provincial and Territorial NHS Initiatives

Canada Community Housing Initiative: provides predictable, long-term funding to protect, regenerate and expand social and community housing, including social housing under legacy programs for urban Indigenous households in need.

PT Priorities Housing Initiative: supports regional needs and priorities, such as increasing the affordable housing supply, maintaining existing stock, and providing financial support to vulnerable Canadians.

Canada Housing Benefit: provides affordability support directly to households in need through programs co-developed with each PT to reflect their unique context and circumstances.

Northern Funding: helps address the unique needs and challenges faced in the North with additional funding for each of the three territories to enhance the other initiatives.

Joint Funding Commitments

Initiative	Total Funding Allocation until 2027/28	Federal Funding Committed ³	P/T Funding Committed ³
Canada Community Housing Initiative	\$8.6 billion	\$1.849 billion	\$2.159 billion
PT Priorities Housing Initiative	\$2.2 billion	\$949.0 million	\$1.372 billion
Canada Housing Benefit ¹	\$4.7 billion	\$936.1 million	\$1.147 billion
Northern Funding ²	\$300 million	\$210.0 million	N/A

As of September 30, 2025

¹ Includes funding for Survivors of Gender-Based Violence, where amended agreement was announced, or NHS Bilateral Agreement Action Plan was published.

² Northern Funding does not require Territorial cost-matching.

³ Funding Committed is based on claims submitted by Provinces and Territories as of September 30, 2025. P/T funding is only updated in Quarter 1 and 3 reporting. These are active claims and subject to change if claim revisions are submitted by Provinces and Territories.

Provinces and Territories Progress to Date against National Housing Strategy Targets¹

Indicator	PTs reported progress ²	Target by 2027/28
Units continue to be offered in social housing ³	309,938	330,000
<i>Of which there is no net loss of Urban Native Housing Units for low-income households⁴</i>	<i>4,720</i>	<i>7,000</i>
15% Expansion of rent assisted units ⁵	27,806	50,000
At least 20% of existing social housing units repaired ⁵	151,814	60,000
<i>Of which are retained Urban Native Housing Units in good condition⁴</i>	<i>3,543</i>	<i>7,000</i>
Number of Households Assisted through Canada Housing Benefit	330,102	300,000

As of March 31, 2025

¹ Figures provided reflect a shift to reporting using Provincial and Territorial Progress Reports which provide the unique number of units supported. Quebec has not signed onto the new Federal-Provincial-Territorial (FPT) Housing Partnership Framework. Unique number of units included for Quebec are obtained by commitments claimed through Canada-Quebec Agreement and Société d'habitation du Québec (SHQ)'s Annual Report.

² Reflects progress reported as of March 31, 2025, except in the case of Newfoundland and Labrador and Ontario (September 30, 2024). CMHC is working with these provinces to include the latest data on progress towards meeting targets under the National Housing Strategy bilateral agreements. We expect the data will be available shortly. Progress is subject to revision as information becomes available.

³ The Provinces and Territories' bilateral agreements and Canada-Quebec Agreement set the target for the "Units continue to be offered in social housing" and "No net loss of Urban Native Housing units for low-income households".

⁴ Progress toward these targets does not include results from Quebec. The Canada-Quebec Agreement does not require an annual update on this data; however, requires Quebec report on these targets by March 2028.

⁵ Quebec does not have defined targets for these indicators. Unique number of units included for Quebec are obtained by commitments claimed through Canada – Quebec Agreement and Société d'habitation du Québec (SHQ)'s Annual Report.

Provincial and Territorial Action Plan 2027/28 Targets

CMHC and each Province and Territory mutually agree on targets established in an Action Plan published by the Province or Territory, which are linked in the FPT Investments section.

Province/ Territory	Units continue to be offered in Social Housing ²	No net loss of Urban Native Housing units for low- income households ²	At least 20% of existing Social Housing Units repaired	Retained Urban Native Housing Units are repaired to good condition	15% Expansion of Rent Assisted Units	Number of Households Assisted through CHB

Total	324,610	6,033	55,163	6,013	38,160	335,633

¹ Quebec has not signed onto the new Federal-Provincial-Territorial (FPT) Housing Partnership Framework, which establishes the basis for NHS initiatives. The targets presented are therefore those that are applicable to Quebec.

² The Provinces and Territories' bilateral agreements and Canada-Quebec Agreement set the target for the "Units continue to be offered in social housing" and "No net loss of Urban Native Housing units for low-income households".

³ The baseline of social housing units in the Bilateral Agreements for Nunavut, Prince Edward Island and Yukon, do not include Urban Native Social Housing units; therefore, related targets are not applicable.

Provincial and Territorial Level Progress to Date¹

Based on the agreed upon process for publishing the Provincial and Territorial National Housing Strategy progress reporting data, the content of this section will be updated during the publication of the third quarter NHS results (September 30, 2026). As a result, the figures in this section may be different than those reported above under Provinces and Territories Progress to Date against National Housing Strategy Targets.

Alberta¹

Alberta remains on track to meet its National Housing Strategy targets and goals under the province's *Stronger Foundations* strategy which will support an additional 25,000 households by 2031. To date, Alberta has committed to build 1,801 units under the NHS with hundreds more already committed that will be reported to CMHC. A significant increase in reported progress is expected as Alberta completes an internal review of reporting processes. Alberta is also committed to working to collect appropriate data on Survivors of Gender-Based Violence to address reporting data gaps in time for the 2025-26 progress report, which will support future program evaluation.

As of March 31, 2025

British Columbia¹

As of March 31, 2025, the BC Priorities Housing Initiative program contributed to the addition of 1,866 affordable rental housing units and supported 2,089 adaptations through the Rebate Accessible Home Adaptations program. The CCHI program helped maintain 28,967 units of Social Housing Agreement and added 2,654 new Rent Assist units.

A total of 1,483 social housing units were repaired through provincial cost-matching contributions under the Capital Renewal Funding program for Non-Profits.

The CHB program has supported 53,712 unique clients, including direct recipients, rent subsidies to non-profit societies, one-time top-up recipients, and provincial cost-matching recipients of the Rental Assistance Program and Shelter Aid For Elderly Renters programs.

Units continue to be offered in Social Housing ²	No net loss of Urban Native Housing units for low-income households ²	At least 20% of existing Social Housing Units repaired	Retained Urban Native Housing Units are repaired to good condition	15% Expansion of Rent Assisted Units	Number of Households Assisted through CHB

² The Provinces and Territories' bilateral agreements and Canada-Quebec Agreement set the target for the "Units continue to be offered in social housing" and "No net loss of Urban Native Housing units for low-income households."

Manitoba¹

Joint investments under the Canada Mortgage and Housing Corporation - Manitoba bilateral agreement under the National Housing Strategy (NHS) have placed Manitoba in a strong position to meet or exceed its targets at or before agreement expiry. Manitoba exceeded its repair targets within the first three-years of this agreement. In 2024-25, Manitoba committed \$50,569,000, including \$6,317,000 in federal funding, toward new units of social and affordable housing under the NHS. Manitoba has also made great progress on the preservation of existing social and affordable housing, and the repair of Urban Indigenous housing in the province.

Newfoundland and Labrador^{1,2}

Over the course of the 2024-25 fiscal year, the Newfoundland and Labrador Housing Corporation (NLHC) continued to meet its affordable housing goals. With the ongoing support of CMHC, NLHC expanded its social housing stock by 45 units and repaired 110 of its existing social housing units during this reporting period. Additionally, NLHC continues to work with its housing partners in both the private and community sectors, as evidenced through initiatives such as the Newfoundland and Labrador Community Housing Growth Fund which could deliver up to 100 new affordable housing units across the province.

Nova Scotia¹

Nova Scotia (NS) is on track to meet or exceed all 9-year targets. Due to high demand, NS increased investments in the Canada-NS Housing Benefit, allowing the province to assist 11,635 households, exceeding the target of 6,074. Despite significant increases in construction costs, NS invested more in new supply and remains on track to meet its 9-year expansion target of 1,591 units. NS also funded the repair and renewal of 4,487 units, surpassing the 3,000-unit target and demonstrating the province’s commitment to maintaining social housing units. NS invested to ensure 111 URN Indigenous units remain affordable and are repaired to good condition.

Ontario^{1,2}

Ontario continues to work closely with the federal government under the National Housing Strategy (NHS) and through provincially delivered initiatives to address the urgent need for more affordable housing, while implementing innovative approaches to reduce and prevent homelessness.

Through Ontario's recently approved final 3-year NHS Action Plan (2025-26 to 2027-28), Ontario is on track to achieve all of its NHS targets by the end of the current NHS in 2027-28, including the creation of more than 19,660 new rent-assisted units. Ontario is making significant progress against the year-end 2024-25 target, which will be reported on through the subsequent round of NHS reporting updates on Housing, Infrastructure and Communities Canada’s (HICC) ‘Canada’s National Housing Strategy’ website.

Saskatchewan¹

Saskatchewan is currently meeting or exceeding most of the targets and outcomes set under the National Housing Strategy (NHS) bilateral agreement. While progress on the Canada Housing Benefit has not fully met the target to date, the Saskatchewan Housing Benefit program has seen an increase in uptake of more than 57 per cent since the 2023-24 fiscal year, and more households are being connected to the benefit to better afford their housing costs. Saskatchewan will continue to improve housing affordability, and maintain, improve, renew, and expand community housing with NHS investments to serve those in the greatest housing need.

National Housing Strategy Overall

Key Highlights

- Overall, under the National Housing Strategy, \$76.13 billion has been committed as of December 31, 2025.

This will:

- support reducing or eliminating housing need for 741,907 households.^{1,2}
- support the creation of 195,826 new housing units and 328,522 repaired housing units.^{1,3}
- protect 359,433 Community Housing units.^{1,2}
- assist 330,102 households through the Canada Housing Benefit.
- assist 25,510 households under the First-Time Home Buyer Incentive.
- assist 815,190 renters under the One-time top-up to the Canada Housing Benefit.

Women and Their Children

- As of December 31, 2025, the NHS has committed an estimated \$23.16 billion towards meeting the housing needs of women and their children, which includes funding for the construction, repair and support of 321,955 housing units.⁴
 - Of the \$23.16 billion, at least \$3.49 billion is targeting the needs of women and their children, and at least \$19.67 billion is supporting the needs of women and their children.
 - This represents 33.7% of all NHS funding committed.⁵
 - Since the numbers above are a percentage of NHS investments and available information will increase with time, the percentage is expected to fluctuate each quarter.

Indigenous and Northern Housing

Improving Housing Conditions (First Nation, Inuit & Métis Housing)

Meeting the housing needs of Indigenous communities is a priority under Canada’s National Housing Strategy. Projects serving the needs of Indigenous peoples and families are prioritized for funding under many National Housing Strategy programs. There is also programming and funding exclusively for Indigenous and Northern housing.

- **\$420 million through the Indigenous Shelter and Transitional Housing Initiative** to build a minimum of 38 new shelters and 50 new transitional homes for Indigenous women, children and 2SLGBTQI+ people escaping gender-based violence.
 - **\$395.74 million** has been conditionally or financially committed toward the construction of 38 new shelters and 42 new transitional homes.
- **\$25 million through the Affordable Housing Fund** to repair 560 units in the existing urban Indigenous community housing stock.
 - \$24.96 million has been conditionally or financially committed toward the repair of 572 units.
- **\$13.1 million through the Affordable Housing Fund for 2 emergency shelters** in the territories. This is part of the \$44.8 million 2020 Shelter Initiative for Indigenous women and children escaping family violence. This initiative is supporting the construction of 12 Indigenous shelters across Canada. There will be:
 - 2 in the territories funded through the Affordable Housing Fund.
 - 10 in First Nations communities in the provinces, funded through the On-Reserve Shelter Enhancement Program.
- **\$100 million through the Affordable Housing Fund** to support the construction and repair of Housing in the Northwest Territories and Yukon.
 - All \$100 million of the dedicated funding, and an additional \$30.65 million in Affordable Housing Fund funding has been conditionally or financially committed to support the development of 383 new units.
- **\$200 million through the Canada Community Housing Initiative, delivered by Provinces and Territories under the NHS Bilateral Agreements** to support 7,000 units in the existing urban Indigenous community housing stock so they continue to be made available to low-income households.
 - Provinces and territories have maintained 4,720¹ and ensured 3,543¹ urban Indigenous housing units are in good condition, also listed above under Federal/Provincial/Territorial NHS investments. Provinces and territories may support these units with NHS Bilateral Agreement funding initiatives outside of the \$200 million allocated through the Canada Community Housing Initiative.
- **\$300 million through Northern Funding**, as part of the \$606.6 million federal-territorial joint investment delivered by Territories under the NHS Bilateral Agreements. Progress to date is listed above, under Federal/Provincial/Territorial NHS Investments. Progress to date includes units supported with NHS Bilateral Agreement Initiatives which includes the \$300 million set aside for Northern Funding.

- **\$1.2 billion through Reaching Home: Canada’s Homelessness Strategy** to address Indigenous homelessness predominantly in urban centers. This includes:
 - \$890.1 million through an Indigenous Homelessness stream to support community-based responses to Indigenous homelessness and to continue to address local priorities.
 - \$286.94 million to be invested in Distinctions-based Approaches determined in collaboration with Indigenous partners.
 - Additionally, \$88 million is allocated through the Territorial Homelessness Stream.
- **Legacy funding to support First Nations housing on reserve.**
 - Between April 2018 and December 2025, \$942.77 million has been invested to support 4,431 newly constructed homes under the Section 95 On-Reserve program.
 - As of December 31, 2025, 21,927 units continue to be subsidized.

¹Data reflects progress reported and based on joint funding as of March 31, 2025, except in the cases of Newfoundland and Labrador and Ontario (September 30, 2024). CMHC is working with these provinces to include the latest data on progress towards meeting targets under the National Housing Strategy bilateral agreements. We expect data will be available shortly. Progress is subject to revision as information becomes available. Progress toward these targets does not include results from Quebec. The Canada-QC Agreement requires Quebec report on these targets by March 2028.

Funding through NHS Programs of General Application

Federal Supply Initiatives

\$5.94 billion has been conditionally or financially committed through the federal supply initiatives. This includes the Affordable Housing Fund commitments for urban Indigenous housing, emergency Indigenous shelters and housing in the territories listed above. Federal supply initiative commitments will support:

- 35,197 units through Indigenous and Northern housing projects. This includes 1,040 projects in the territories, where 50% of the population is Indigenous.
 - 23,955 units are for new construction and 11,242 units are for repair or renewal.
- Commitments made to date will support:
 - 17,697 units on reserve
 - 3,828 units in the territories
 - 11,960 Indigenous units in urban areas
 - 1,712 Indigenous units in rural or remote areas

In addition to the funding and units outlined above, the Affordable Housing Fund has made conditional and financial commitments toward 79 new units and 10,127 repaired units for Indigenous occupants within projects that serve multiple population groups.

Federal Initiatives Supporting the Community Housing Sector

\$10.62 million has been conditionally or financially committed through the federal initiatives to support Indigenous housing in the community housing sector:

- \$7.60 million through the Federal Community Housing Initiative to support the affordability of 377 rental assistance units for Indigenous peoples
- \$3.02 million through the Community Housing Transformation Centre to support 59 Indigenous and Northern housing projects.

Housing Accelerator Fund

\$134.6 million has been committed to accelerate permits for 2,189 units in 73 Indigenous and Northern communities.

Data, Innovation and Research

The following investments have been made to support research, data and innovation to improve Indigenous and Northern housing outcomes: ¹

- \$7.64 million toward 47 Research and Data Initiative projects
- \$107.95 million toward 48 Housing Supply Challenge projects

As of December 31, 2025

¹ Changes to reporting on Data, Innovation, and Research were implemented in September 2024, reporting prior to this included Indigenous and Northern focused project, which had a broader scope. Since September 2024, Data, Innovation and Research captures projects led by Indigenous proponents and/or projects located in the North.

National Housing Strategy Support to Affordable and Community Housing

National Housing Strategy Support to Affordable and Community Housing

NHS initiatives are designed to meet the housing needs of Canadians. These initiatives provide support to the entirety of the housing continuum, an approach that builds upon and complements the historical federal support for community (social) housing that serves Canadians in deepest housing need.

This new approach significantly increases support to the community housing sector through new supply programs such as the Affordable Housing Fund, the Federal Lands Initiative, the Affordable Rental Housing Innovation Fund, and the Co-operative Housing Development Program, as well as through the Rapid Housing Initiative which has now sunset.

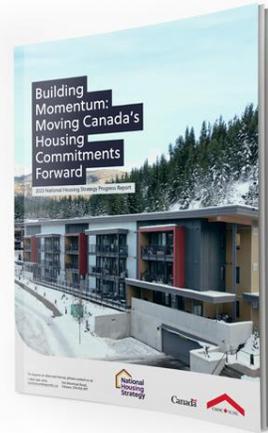

The approach also includes direct support to tenants and through housing providers to help reduce affordability pressures. This builds on support for legacy social housing agreements which were predominantly signed with housing providers between the 1950s and early 1990s, and includes new funding. New funding is being made available under the Federal and Canada Community Housing Initiatives to providers whose legacy agreements are expiring to ensure that they have the necessary support to continue offering community housing to Canadians.

In addition to these initiatives, the NHS is also creating new purpose-built market rental housing through the Apartment Construction Loan Program, building supply and providing more housing options along the housing continuum.

The NHS provides assistance to households in need through affordable and community housing, figures for this will be available shortly as we work with Provinces and Territories to provide an update.
