# A BIBLIOGRAPHY OF PHYSICAL-CHEMICAL OCEANOGRAPHY

by
H. B. Hachey and A. L. Mooers

Atlantic Oceanographic Group,
St. Andrews, N. B.,
June 1st, 1949.

ATLANTIC OCEANOGRAPHIC GROUP

St. Andrews, N.B.

# A Bibliography of Physical-Chemical Oceanography.

(This bibliography, prepared by the staff of the Atlantic Oceanographic Group contains relevant publications of interest to investigators in physical-chemical oceanographic problems of the Western North Atlantic.)

Adam, K. T. (see U. S. Hydrographic Manual)

Agassiz, A. A contribution to American thalassography. Three cruises of the U.S. Coast and Geodetic Survey Steamer "Blake" in the Gulf of Mexico, in the Caribbean Sea, and along the Atlantic coast of the United States, from 1877 to 1880. Bull. Mus. Comp. Zool., Volume I, Cambridge, Mass., 1888.

The Gulf Stream. Reprint Smithsonian Report 1891, pp. 189-206, Washington, D. C.

Agassiz, Louis Report of deep sea dredgings during the cruise of the U.S.C. Steamer "Bibb". Mus. Comp. Zool. Bull., Vol. 1, No. 13, pp. 368-369, Cambridge, Mass., 1869.

List of dredging stations occupied during the year 1880 by U.S. Coast survey steamer "Blake". Bull. Mus. Comp. Zool, Vol. VIII,1880-1881, pp. 95-98, Cambridge, Mass., 1881.

Allingham, W. A manual of marine meteorology. 1-203, C. Griffen and Co., London, 1927.

Anderson, D.Q. Distribution of organic matter in marine sediments and its availability to further decomposition. W.H.O.I. Collected Reprints, No. 238, Woods Hole, 1939.

Anderson, F. Tables of hourly direction and velocity of the currents and time of slack water in the Bay of Fundy and its approaches. Can. Dept. of Marine and Fish., pp. 1-15, Ottawa, 1928.

The currents in the St. Lawrence Estuary. Ste. Anne des Monts to Father Point. Canadian Hydrographic Service, Ottawa, 1934.

Armstrong, J. C. The maintenance of instability in the surface waters of the ocean. Ann. N.Y. Acad. Sci., 48 (8), 801-810, New York, 1947.

Arthur, Robert S. Refraction of water waves by islands and shoals with circular bottom contours. Trans. Amer. Geophys. Union, Vol. 27, No. II, pp. 168-177, Washington, 1946.

Atkins, W.R.G. The hydrogen ion concentration of sea water in its biological relations. Jour. Mar. Biol. Ass., U.K., New Series, Vol. XII, No. 4, pp. 717-771, Plymouth, 1922.

The silica content of some natural waters and of culture media. Jour. Mar. Biol. Assoc., N.S., Vol. XIII, I, Plymouth, 1923.

The phosphate content of fresh and salt waters in its relationship to the growth of the algal plankton. Jour. Mar. Biol. Assoc., Vol. 13, pp. 119-150, Plymouth, 1923-25.

Seasonal changes in the phosphate content of sea water in relation to the growth of algal plankton during 1923-24. Jour. Mar. Biol. Assoc., Vol.13, pp. 700-720, Plymouth, 1923-25.

The phosphate content of sea water. III. Jour. Mar. Biol. Assoc., Vol. 14, pp. 447-468, Plymouth, 1926.

Seasonal changes in the silica content of natural waters in relation to the phytoplankton. Jour. Mar. Biol. Assoc., N. S., No. 14, pp. 88-99, Plymouth, 1926.

Atkins, W.R.T. and H. H. Poole The photochemical and photoelectric measurement of submarine illumination. Jour. Mar. Biol. Assoc. Vol. XVI, No. II, pp. 509-514, Plymouth, 1930

The photoelectric measurement of the penetration of light of various wave-lengths into the sea and the physiological bearing of the results. Phil. Trans. Roy. Soc. Lond. Ser. B., 222:129, London, 1932.

Ault, J. P. Oceanographic investigations on the next cruise of the Carnegie. Bull. Nat. Res. Coun., No. 61, p. 198, Washington, D.C. 1927.

Ocean Surveys: Problems and Developments. Jour. Wash. Acad. Sci., XVIII, pp. 109-123, Washington, 1928.

The purpose and progress of ocean surveys. Scientific Monthly, pp. 160-177, New York, 1928.

Preliminary values of the annual changes of the magnetic elements in the North Atlantic ocean, as determined from the "Carnegie" results 1909-1928. Terrestrial Magnetism and Atmospherical Electricity XXXIV, 1, pp. 31-35, Washington, 1929.

The "Carnegie"'s cruise in the North Atlantic. Pts. I, II, III, Pull Carn. Instit., Washington, 1929.

Baggesgaad-Rasmussen and J. and J.P. Jacobsen — Contribution to the hydrography of the waters around Greenland in the year 1925. Medd. fra Komm. Haverundersoglser Ser. Hyd. Band II. No. 10, Copenhagen, 1930.

Bagnold, R.A. — Motion of waves in shallow water. Interaction between waves and sand bottom. Proc. Roy. Soc., Ser. A, v.187, pp. 1-151, London, 1946.

Bailey, L. W. — The geological features of the St. Croix river and Passamaquoddy Bay. Contr. Can. Biol. 1915-16, pp. 109-112, Ottawa, 1917.

Baird, A. W. — Manual of tidal observations and their reduction by harmonic analysis. London, 1886.

Ball, E.G. and C. C. Stock — The pH of sea water as measured with the glass electrode. Biol. Bull. 73, pp. 221, Woods Hole, 1937.

Barber, N. F. and others — A frequency analysis for the study of ocean waves. Nature, v.158, pp. 329-332, London, 1946.

Barnes, C. A. and others — International ice observation and ice patrol service in the North Atlantic Ocean, season of 1946. U.S. Coast Guard Bull., No. 32, Washington, 1947.

Barnes, H. T. — Theory and use of thermit heat units in relieving ice conditions. Jour. N.E. Water Works Assoc., Vol. XL, No. 3, Boston, 1926.

Thermiting ice bergs. Science and Invention, XVI, 186, pp. 494-5, New York, 1929.

Bates, Charles C. — A procedure of rapidly forecasting ocean swell. Bull. Amer. Meteor. Soc., Vol. 28, No. 5, Lancaster, Pa., 1947.

Bates, C.C. and R. H. Fleming — Oceanography in the Hydrographic Office. Military Engineer for August, v. 39, pp. 338-344, Washington, 1947.

Bartlett, R.A. — Sea water Temperatures of the schooner "Morrissey", 1934. Pilot Chart of N.A. Ocean, April. U.S. Hydr. Office, Washington, 1935, 1936.

Bayne, P. M. — Observations on a trip to the head of the Bay of Fundy. Orig. Mss. No. 240, Atlantic Biological Station, St. Andrews, (unpubl.)

Beaugé, L. — Rapports de mission sur le banc de Terre-Neuve et au Groenland (Comp. 1927,1928,1929, 1930) Rev. de trav. de l'Off. de Pêches Mar., t.1. f. 1,2,3, 1928; t. II, f. 1,2,4, 1929; t.III, f. 1, 1930; t. IV, f. 1,3, 1931; t. V. f. 1, 1932; t. VI, f. 1, 1933, Paris.

Éléments d'étude dynamique de la circulation océanique. Rev. Trav. l'Office Scient. et Tech. des Pêches Marit. Tome IX - Fac. 3, Paris, 1936.

Beaugé, L. — Manual des Pêches Martimes Françaises. La Grande Memoires de L'office des Pêches Mar. (Sér. Spéc.) No. 11 Fas. 3, pp. 48-67, Paris, 1936.

Relevés hydrographique exécutés au cours de la 3e croisièrs (1 Sept. - 8 Nov., 1934). Rev. Tra. de l'office Scient. et Tech. des pêches Mar. Tome X, Fasc. 2, pp. 180-231, Paris, 1937.

Manuel Technique et Pratique des Grandes Pêches Maritimes. Soc. d'Éditions Géographiques, Maritimes et Coloniales, Paris, 1946.

Beaugé, L. and Ed. LeDanois — Remarques sur les conditions hydrologiques des bancs de Terre-Neuve. Rev. trav. de l' Office des Pêches Maritimes. Tome IV, Fasc. 2, Paris, 1931.

Beebe, W. — One half mile down in the bathysphere. Bull. N.Y. Zool. Soc., 35, pp. 143-172, New York, 1932.

Oceanographic work at Bermuda of the N. Y. Zoological Society. Science, 80: 495, Lancaster, Pa., 1934.

Bell, R. — Report on an exploration of the east coast of Hudson's bay. Geol. Surv. of Can. 877-78 (C) 1-37, Ottawa, 1879.

Benson, H.K. — Measuring of the sea water pollution. Paper Trade Jour. XC, 14, New York, 1930.

Bessels, E. — Scientific Results of U.S. Arctic Exped. Steamer "Polaris", Vol. I, Phys. Observ., Washington, 1876.

Bencker, H. — Etude des tables de marées publicés par les diversés nations. Rev. Hydrographique., VI, 1, pp. 131-154, Monaco, 1929.

Bigelow H. B. — The shoal water deposits of the Bermuda Bank. Proc. Am. Acad. Arts and Science 40, pp. 559-591, Boston, 1905.

Cruise of the U. S. Fisheries schooner "Grampus" in the Gulf Stream during July, 1908. Bull. Mus. Comp. Zool Vol. LII, No. 12, Cambridge, 1909.

Oceanographic cruises of the U. S. Fisheries schooner "Grampus", 1912-13. Science, New series, Vol. 38, pp. 599-601, New York, 1913.

Explorations in the Gulf of Maine, July and August, 1912, by the U. S. Fisheries schooner "Grampus". Oceanography and notes on plankton. Har. Coll. Mus. Comp. Zool., Bull. 58 (2), pp. 31-147, Cambridge, 1914.

Oceanography and plankton of Massachusetts Bay and adjacent waters. Nov. 1912-May, 1913. Bull. Mus. Comp. Zool. 58(10) Cambridge, 1914.

Explorations of the coast water between Nova Scotia and Chesapeake Bay, July and Aug. 1913. Bull. Mus. Comp. Zool. 59 (4), Cambridge, 1915.

Bigelow, H. B. — Exploration of the U. S. Coast and Geodetic Survey steamer "Bache" in the Western Atlantic, Jan.-Mar., 1914, Report of the U. S. Commissioner of Fisheries. App. V (62 pp.), Washington, 1915.

Explorations of the coast waters between Cape Cod and Halifax in 1914 and 1915 by the U.S. Fisheries schooner "Grampus" Oceanography and plankton. Bull. Mus. Comp. Zool., Vol. 61, 1917a. Cambridge, Mass.

Exploration of the coastal waters off the northeastern United States in 1916 by the U. S. Fisheries schooner "Grampus". Bull. Mus. Comp. Zool. Vol. 65 No. 5, Cambridge, 1922.

Oceanographic reconnaissance of the northern sector of the Labrador current. Science, 65 (1691), pp. 551-552, 1927.

Dynamic oceanography of the Gulf of Maine. Bull. Nat. Res. Council, No. 61, pp. 206., Washington, 1927.

Physical oceanography of the Gulf of Maine. U. S. Dept. Comm., Bur. Fish. Bull. No. 40, (2), Doc. 969, 511-1027, Washington, 1928.

Exploration of the waters of the Gulf of Maine. Geograph. Review, Vol. 18 (2), 1928.

A developing view-point in oceanography. Science 71(1830), 84-89,Lancaster, 1930.

"Oceanography". Haughton Mifflin Boston,1931.

Studies of the waters on the continental shelf Cape Cod to Chesapeake Bay I. Cycles of Temperature, 1933. Papers in Phy. Ocean. and Meteor. 2, No. 4, Cambridge, 1933.

Bigelow, H. B. and W. R. Edmondson — Wind waves at sea; Breakers and Surf. U.S. Hydrographic Office Pub. No. 602, Washington, 1947.

Bigelow, H. B. and Mary Sears — Studies of the waters of the continental shelf. Cape Cod to Chesapeake Bay II. Salinity Papers in Phys. Oceanogr. and Meteorol. Vol. IV, No. 1, Cambridge, 1935.

Studies of the waters of the continental shelf Cape Cod to Chesapeake Bay III. A volumetric study of the zooplankton. W.H.O.I. Coll. Reprints No. 194, Woods Hole, 1939.

Binney, G. — Hudson Bay in 1928. Geographical Journal, XXXIV, 1, 1-27, London, 1929.

Bjerkan, Paul — Results of the Hydrographical observations made by Dr. Johan Hjort in the Canadian Atlantic waters during 1915. Can. Fish. Exped., 1914-15 (1919) Dept. Naval Service, Ottawa, 1919.

Bjerknes, V. — Dynamic meteorology and hydrography. Carn. Inst. Publ. 88, parts 1, 2, Washington 1910-11.

Bjerknes, V. and others — Physikalische Hydrodynamik mit anwendung auf die dynamische meteorologie. Verlag von Julius Springer, Berlin, 1933.

Blanchard, R. — Etudes Canadiennes II. Le sebord sud de l' estuaire du St. Laurent. Univ. de Grenoble, France, 1931.

Blochmann, R. — Die Explosion unter Wasser. Mar. Rundschau, No. 2, pp. 197-227, 1898.

Bohnecke, Gunther — Temperature, Salzgehalt und Dichte au der Oberfläche des Atlantischen Ozeans. Wiss. Ergeb. Deuts. Atlant. Exped. "Meteor", 1925-27, v. 5, Atlans. Berlin, 1936.

Bohnecke, G. and others — Oceanographic Work, 1934-1945. (Germany) Trans. Amer. Geophy. Union, Vol. 29, No. 1, Washington, 1947.

Über die Hydrographischen, Chemischen und Biologischen Verhältnisse an der Meeroberfläche zwischen Island und Grönland. Annalen d' Hydrograph. und Mart. Metero., Heft VII, pp. 233-250, Berlin, 1929.

Bowden, K. F. — Some observations of waves and other fluctuations in a tidal current. Proc. R. Soc., ser. A, v. 192, pp. 403-425, London, 1948.

Bowditch, N. — American practical navigation. U. S. Hydrographic Office, Washington, 1917

Braarud, T. — A note on the phytoplankton of the Gulf of Maine in summer of 1933. W.H.O.I. Coll. Rept. No. 46, Woods Hole, 1934.

Brandt, K. — Die Production in den Leimischen Meeren und das Wirkungsgesltz der Wackstumsfaktoren. Ber. Deuts. Wiss. Komm. Meresforsch, N.F. 1, Leipszig, 1925.

Phosphate und Stickstoff verbin dungen als minimumstoffe für die Production in Meere. Rapp. Cons. Explor. Mer (53) pp. 5-35, Copenhagen, 1925.

Brier, G. W. — Changes in the Northern Hemisphere Sea Level Circulation in the 40-year period 1899-1939. Trans. Amer. Geophys. Union, Vol. 29, No. 6, December, 1948.

Brooks, Charles F. — Ocean Temperatures in long range forecasting. Mon. Weather Rev., Vol. 46, pp. 510-512, Washington, 1918.

Observing water Surface Temperature at Sea. Mon. Wea. Rev., Vol. 54, pp. 241-253, Washington, 1926.

Reliability of different methods of taking sea surface temperatures. Journ. Wash. Acad. Sci., Vol. 18, pp. 525-545, Washington, 1928.

Gulf Stream Studies. Mon. Wea. Rev., LVIII, No. 3, pp. 103-106, Washington, 1930

Daily thermographs across the Straits of Florida Mon. Wea. Rev. 58, 148-154, 1930.

Brooks, C. F. — Surface temperature, density and salinity profiles across the Straits of Florida. Trans. Amer. Gepphys. Union. 10th Ann. Meet., 11th Ann. Meeting, Washington, 1930.

Varying trade winds change Gulf Stream temperatures. Ger. Beit. Geoph., Koppen Band III, Vol. 34, pp. 400-408, Leipzig,1931.

Progress in Gulf Stream Temperature investigations. N at. Res. Counc. Trans. Amer. Geophys. Union, pp. 174-178, Washington, 1931.

Chapter on Oceanography and Meteorology. U.S. Nat. Res. Counc., Bull, No. 85, pp. 457-519, Washington, 1932

Hurricanes into New England. Geographical Review, Vol. XXIX, No. 1, pp. 119-127, New York, 1939.

Brooks, C. F. and W. A. Guennell — Influence of Arctic Ice on the subsequent distribution of pressure over the eastern North America and Western Europe. Prof. Notes and Geophysical Memoirs of the Meteor. Office, V, 41, London, 1928.

Brooks, C. F. and E. M. Fitton — Weekly succession of Gulf Stream temperatures in the Straits of Florida. Mon. Wea. Rev., Vol. 58, pp. 273-280, Washington, 1930.

Brooks, C.F. and H. V. Miller — Gulf Stream temperatures in the straits of Florida. Bull. Amer. Meteor Soc., X, pp. 107-110, Washington, 1929.

Brooks, Edward M. — Transport and convergences of the north Atlantic drift current computed from the average January pressure distribution. Sears Found. Mar. Res., Jour. Mar. Res., Vol. 2, No. 2, pp. 163-167, New Haven, 1939.

Brujewicz, S.W. and V. S. Krasnova — Salt and temperature corrections for the estimation of phosphates in sea water. Bull. 14 of State Ocean. Inst., U.S.S.R., pp. 33-43, Leningrad, 1933.

Brust, H. F. and C. L. Newcombe — Observations of the alkalinity of estuarine waters of the Chesapeake bay near Solomon's Island, Md. Jour. Mar. Res. Sears Found., Vol.III, No. 2, pp. 105-111, New Haven, 1940.

Bryan, G. S. — Oceanographic activities of the Hydrographic Office and the U. S. Navy during 1938. Nat. Res. Counc. Trans. Amer. Geophys. Union, Part III, Washington, 1939.

Buch, K. — Methodesches über die Bestimmung von Stickstofverbindungen im wasser "Merentutkimuslaitoksen" Julkaisu, Havs. Skrift, No. 18:21, Helsinfors, 1923.

Die verwendung von Stickstoff und Sauerstoff änalysen in der Meeresforschung. J. du Conseil 4, pp. 162-191, Copenhagen, 1929.

On the determination of pH in sea water at different temperatures. Jour. du Conseil, 4, p. 267, Copenhagen, 1929.

Buck, K. — Über die Bestimmungen von Stickstoffverdungen und phosphates in meerwasser. Rapp. et Proc. Verb. Int. Coun. Pour l'Explor. de la mer, Vol. 53, lla. Copenhagen, 1929.

Untersuchungen über gelöste phosphate und stickstoffverbindung in den Nordatlantischen meeresgebieten.. Mer. Kim. Julkaisu, Havs/or skningainstitutets Skrift. N: 086, Helsinfors, 1932.

The carbon-dioxide system of the sea and the atmosphere and its equilibrium. Assoc. Ocean. Phys. Proces-Verb. No. 2, pp. 147-149 Liverpool, 1937.

Buch, K and others — Über das Kohlensäuresystem in Meerewasser. Rapp. et Proc. Verb. Vol. LXXIX, pp. 1-70, Copenhagen, 1932.

Buchan, Alex. — Specific gravities and oceanic circulation. Trans. Roy. Soc. Edirburgh, Vol. XXXVIII, Part II, pp. 317-342, Edinburgh, 1896.

Buchanan-Wollaston, H. J. — Note on a self recording current metre. Rapp. et Proc. Verb. des Reun. du. Cons. Perm. Inter. pour l'explor. de la mer. LXIV, pp. 32-34, Copenhagen, 1930.

Bucher, W. H. — Submarine valleys and related geologic problems of the North Atlantic. Bull. Geol. Soc. Amer., 51: pp. 489-512, New York, 1940.

Burwash, L. T. — Across Arctic Canada, 1925-26. Geographical Journ. LXXIV, 6, pp. 553-568, London, 1929.

Canada — Department of Marine and Fisheries Div. of Hydrography. Atlantic coast and Inland Waters, District Hudson Bay and Strait, 1929, 1930 (Ottawa).

Department of Mines and Resources. Hydrographic and Map Service. Monthly sea and air temperatures on the official North Atlantic tracks from Canadian and U. S. ports to Liverpool. Ottawa, 1942, 1946.

Catalogue of Nautical Charts, Sailing Directions. Tidal Information, Ottawa, 1943,

Fisheries Research Board of Canada and Nova Scotia Economic Survey Committee. Hydrographic observations, Northumberland strait coast of Nova Scotia. Ottawa, 1931 and 1940.

Carruthers, J. N. — Aims and methods in the study of currents. Cons. Explor. Mer, Rapp. 64, pp.23-32, Copenhagen, 1930.

A suggested totalizing anemometer for oceanographers. Hydrographic review, Vol. XII, No. 1, Monaco, 1935.

A "Vertical Log" current metre. J. Cons. 10 (2), pp. 151-168, Copenhagen, 1935.

Practical proposals for a continuous programme of thick-layer current measuring in all weathers with remarks on other related matters. Journ. Cons. Inter. pour l'explor. de la mer., Vol. XV, No. 1, Copenhagen, 1947.

Realism in current measuring in the upper layers of the sea. Intern. Hydrog. Review, Vol. XXIV, Monaco, 1947.

Carpenter, C. — Report on the physical investigations carried out by H.M.C.S."Valorous" during her return voyage from Disko Island in August, 1875, Proc. Roy. Soc. Vol. 25, London, 1875.

Carter, N. M and others — The reporting of data in oceanographical chemistry. Fish. Res. Bd. Can., Mss. Rept. No. 220 (Unpubl.)

Carter, N. M. and J. P. Tully — A graphical method for the conversion of chlorinity per litre to chlorinity per kilogram in Sea water analysis. Jour. Conseil. (12) 1, 36-39, Copenhagen, 1937.

Charcot, J. B. — La mer du Groenland. 210 pp. Brouwer and Co., Paris, 1929.

Church, Phil E — Progress in the investigation of surface-temperatures of the western North Atlantic. Amer. Geophys. Union, Trans. 13th Ann. Meet. pp. 244-248, Washington, 1932.

Surface temperatures of the Gulf Stream and its bordering waters. Amer. Geog. Soc. of N. Y. Geographical Review 22(2) pp. 286-293, New York, 1932.

Church, Phil E.

Canadian work on surface temperatures of western North Atlantic. Bull. Amer. Meteor. Soc., Vol. 13, No. 2, Lancaster, Pa., 1932.

Surface temperatures on the New York to Cape São Roque Steamship route. W.H.O.I. Coll. Reprints, No. 49, W.H.O.I., 1934.

Temperatures of the western North Atlantic from thermograph records. W.H.O.I. Coll. Reprints, No. 121, Woods Hole, 1937.

Clark, A. H.

The circulation of the abyssal waters of the oceans, as indicated by the geographical and bathymetrical distribution of crinoids. Bull. Inst. Oceanog. No. 285, Monaco, 1914.

Clarke, Geo. L.

Observations on the penetration of daylight into mid-Atlantic and coastal waters. Mar. Biol. Lab., Biol. Bull. (65) 2, pp. 317-337, Woods Hole, 1933.

Light penetration in western North Atlantic and its application to biological problems. Coll. Reprints, W.H.O.I. No. 101, Woods Hole, 1936.

Light penetration in the Carribbean sea and in the Gulf of Mexico. Sears. Found. Mar. Res. Jour. Mar. Res., Vol. 1, (2) pp. 85-94, New Haven, 1937.

Seasonal changes in the intensity of submarine illumination off Woods Hole. W.H.O.I. Coll. Reprints, No. 166, Woods Hole, 1938.

Observations on transparency in the south western section of the North Atlantic Ocean. W.H.O.I. Coll. Reprints, No. 306, Woods Hole, 1941

Variation in the transparency of three areas of the Atlantic throughout the year. Ecology, Vol. 20, No. 4, pp. 529-543, Lancaster, 1939.

Clarke, G. L. and H. R. James

Laboratory analysis of the selective absorption of light by sea water. Journ. Opt. Soc. Amer. 29:43, Rochester, N. Y. 1939.

Clarke. G. L. and R. H. Oster

The penetration of the blue and red components of daylight into Atlantic coastal waters and its relation to photoplankton metabolism. Mar. Biol. Lab. Biol. Bull. 67(1) pp. 59-75, Woods Hole, 1934.

Coker, R. E.

This great and wide sea. 325 pp. Univ. of N. Caroline Press, Raleigh, 1947.

Colbert. L. O.

Oceanographic activities of the Coast and Geodetic Survey. Trans. Amer. Geophys Union, Part III, pp. 410-412, Washington 1939;
Part II Ann. Meet. pp. 340-343, 1940;
Vol. 27, No. 1v, pp. 567-570, 1946
Vol. 29, No. 4, pp. 583-585, 1948.

Cole, L. A. — Tidal bench marks, State of Massachusetts. U.S. Coast and Geodetic Survey, Special Publication No. 155, Washington, 1929.

Cole, R. H. and J. S. Coles — Propagation of spherical shock waves in water. Phys. Rev., Vol. 71, pp.128-129, New York, 1947.

Colman, John — The Woods Hole Oceanographic Institution Sonic Soundings and an account of a winter cruise to the Somers Islands. W.H.O.I. Coll. Reprints Contr. 20, Woods Hole, 1934.

Cooper, L.H.M. — On the ratio of nitrogen to phosphorus in the sea. Journ. Mar. Biol. Assoc of U. K. Vol. XXII, pp. 177-182, 1937.

Salt error in determinations of phosphate in sea water. Jour. Mar. Biol. Assoc. U.K., Vol. 23 (1), pp. 171-178, Plymouth, 1939.

Internal waves and upwelling of oceanic waters from mid-depths onto a continental shelf. Nature, Vol. 159, pp. 579-580, London, 1947.

Copeland, G.G. — The temperature and densities and allied subjects of Passamaquoddy Bay and its environs. Contr. Canad. Biol. 1906-1910 (18) pp. 281-294, 1912.

Coulson, C. A. — Waves: a mathematical account of the common types of wave motion. pp. 159, New York, 1947.

Courteaud, P. — Chez les Atlantes, Soc. d'Éditions Geographique , Maritimes et Coloniales. I, pp. 284, Paris, 1923.

Cowles, R. P. — A biological study of the off-shore waters of Chesapeake Bay. U. S. Bur. Fish Bull. Vol. XLVI, Fish. Doc. 1091, pp. 277-381, Washington, 1930.

Cowles, R. P. and C. E. Brambel — Photo electric determinations of phosphorus and arsenic in the same sample of estuarine water. Inter. Rev. d. ges. Hydrobiol. und Hydrog. Band 36, pp. 325-335, Leipzig, 1938.

Craigie, E. H. — Hydrographic investigations in the St. Croix river and Passamaquoddy bay in 1914. Suppl. 5th Ann. Rept. Dept. Naval Service, Fisheries br. pp. 151-161, Ottawa, 1916a.
