

Having steady access to nutritious, affordable food, creating jobs, and building a sustainable food supply.

Food production and processing abilities

Food sharing and distribution, storing and handling systems

Retailers, food services and customers

Food Economy

Focusing on resources and activities that produce, distribute, and provide access to nutritious food.

Together with Northerners, Indigenous Peoples, and partners, Nutrition North Canada builds up food economies in northern communities through several key programs.

Subsidy

Lowest the cost of food and other essential items

Harvesters Support Grant

Supports local hunters and harvesters

Community Food Programs Fund

Strengthens community-led food security solutions

Nutrition Education Initiatives

Promotes food education rooted in Indigenous and northern traditions

Food Security Research Grant

Advances research to improve northern food security and food economies
