

Food Ecosystem

Growing, sharing, and eating food while keeping nature healthy.

Food Economy

Having steady access to nutritious, affordable food, creating jobs, and building a sustainable food supply.

Healthy northern
Food Ecosystems means A strong northern
Food Economy

Together with Northerners, Indigenous Peoples, and partners, Nutrition North Canada builds up food economies and bolsters food ecosystems in northern communities through several key programs.

Subsidy

Lowers the cost of food and other essential items

Harvesters Support Grant

Supports local hunters and harvesters

Community Food Programs Fund

Strengthens community-led food security solutions and food economies

Nutrition Education Initiatives

Promotes food education rooted in Indigenous and northern traditions

Food Security Research Grant

Advances research to improve northern food security and healthy food economies
